

# Business - AS

## Associate in Science

Minimum of 62 Credits

Students enrolled in the Business Program develop vital skills in preparation for becoming members of the business community. Students study economics, accounting, statistics, and computer science, in addition to general education. A degree in business prepares students to transfer to a baccalaureate degree program. There they can pursue a bachelor's degree with a major in a specialized area such as accounting, economics, finance, international business, management, or marketing.
