Online Courses

Oklahoma City Community College offers online courses (computer based/Internet) which allow students the freedom from attending regularly scheduled course meeting times while still earning college credit. Online courses are similar to traditional, on campus courses in that they have a regular class schedule, assignment due dates, and the expectation of student interaction. Online courses differ from on campus courses in that the content is delivered to the student primarily in written form and most of the work is done via computer and the Internet. Students will receive course content through OCCC’s Learning Management System (LMS) which can be accessed from the College’s home page. Students will be able to access their course content 48 hours prior to the beginning of the class session. However, students will have access to a course to provide instruction on the computer system within 48 hours of enrollment. This orientation may be required by some instructors as well as an on-campus orientation with the instructor. Some instructors require on campus or proctored exams. Please check the course schedule for the section in which you are enrolling or contact the appropriate division office.
