

Academic Workload

At Oklahoma City Community College a normal academic load is 12 to 16 credit hours for a 16-week instructional session.

Enrolling in 16 credits or more during a 16 week instructional session OR enrolling in 8 credits or more during an 8 week instructional session translates into approximately 60 hours of time commitment each week. When a student's academic workload may exceed a full time job, it is strongly recommended that a student accesses the resources available to support academic success. If a student should have questions or would like to speak with an academic advisor to discuss their academic workload, please call 682-7535 or email academicadvisor@occc.edu

In order to avoid delaying your registration processes using Mine Online, be sure to complete and confirm drop course transactions prior to adding course transactions.

Enrollment cannot exceed 24 credit hours during a 16 week instructional session or 12 credit hours in an 8 week instructional session.
