A Special Thanks from the President...

The state of Oklahoma has 25 state colleges and universities. I consider it an honor that you have selected Oklahoma City Community College for your higher education career. OCCC is one of the fastest growing community colleges in the nation and we have you to thank for that. Innovative programming coupled with our dedicated faculty and staff have put our students to work in some of the most exciting, growing industries in the state. In addition, our articulation agreements with state universities help more and more students graduate with bachelor’s degrees in their chosen field. Your future and viability in the workforce are important to us. On behalf of the faculty and staff, thank you for enrolling at Oklahoma City Community College. You have made an excellent choice. I hope you enjoy your classes and all that we have to offer. I look forward to seeing you on campus.

Sincerely,

[Signature]

IMPORTANT INFORMATION

This publication is not a contract. All information supplied in this publication is accurate at the time of printing; however, changes may occur and will supersede information in this publication. This publication, printed by Printing Inc., is issued by Oklahoma City Community College. A total of 12,000 copies were printed at a cost of $9,168.00.

Oklahoma City Community College, in compliance with Title VI and Title VII of the Civil Rights Act of 1964, Executive Order 11246 as amended, Title IX of the Education Amendments of 1972, the Rehabilitation Act, the Americans with Disabilities Act of 1990, the Civil Rights Act of 1991 and other Federal Laws and regulations, does not discriminate on the basis of race, color, national origin, sex, age, religion, handicap, disability or status as a veteran in any of its policies, practices or procedures. This includes but is not limited to admissions, employment, financial aid and educational services. In addition to the aforementioned federally protected characteristics of race, color, national origin, sex, age, religion, handicap, disability or status as a veteran, Oklahoma City Community College is committed to a diverse and inclusive educational environment, respecting diversity in religious belief, political affiliation, citizenship or alien status, sexual orientation, and marital status.

Oklahoma City Community College is accredited by the Higher Learning Commission and a member of the North Central Association of Colleges and Schools, which is located at 30 North LaSalle Street, Suite 2400, Chicago, Illinois, 60602-2504, (800) 621-7440, www.ncahlc.org.

Oklahoma City Community College is also in compliance with Public law 101-226, the Drug Free Schools and Community Act Amendments of 1989 and the Drug Free Workplace Act of 1988. In support of the spirit and intent of these laws, Oklahoma City Community College maintains an alcohol-, tobacco-, and drug-free campus by prohibiting the use of alcohol and/or illicit drugs by students and employees on College property or as part of any College activity and by prohibiting the use of tobacco inside College buildings.

---

1. Students must pay their tuition and fees by the due date indicated above or at the time of enrollment in order to avoid billing and finance charges. Students will not be dropped for non-payment of tuition and fees but will be automatically billed on a monthly basis for all fees due. Students choosing to pay out their fees on a monthly basis will incur finance charges. A $20 late payment charge will be applied to any payment not received by the 5th of the month. Students will be required to comply with the fee payment schedule in order to enroll or remain enrolled in any future semesters.

2. Students must withdraw from any classes in which they no longer wish to remain enrolled prior to the fee due date in order to avoid billing, finance charges, and the potential posting of failing grades. STUDENTS WILL NOT BE DROPPED FROM CURRENT CLASSES FOR NON-PAYMENT OF CURRENT TuITION AND FEES. Students may withdraw from classes during the official refund period and be refunded for all tuition and fees paid.

History of the College

Oklahoma City Community College traces its beginning to March 20, 1969. At that time, a committee of the South Oklahoma City Chamber of Commerce was organized to circulate petitions asking the Oklahoma State Regents for Higher Education to take action to establish a junior college in the area. As a direct result of the interest and initiative of these citizens, a junior college district was formed, and a board of trustees was appointed a year later.

Extensive planning and ground-breaking for the College took place in 1971. Construction began in January 1972 and South Oklahoma City Junior College opened for classes on September 25, 1972, with an enrollment of 1,049 students.

In the spring of 1974, the College became part of the state system for higher education and a new board of regents was appointed for the school. In 1983 the name of the College was changed to Oklahoma City Community College.

The College has grown to serve more than 22,000 people each year.

Vision

OCCC aspires to be one of the most significant community colleges in the nation—known for the amazing success of our students and for our prominent role in creating our community’s future.

Mission

OCCC provides the people of Oklahoma and our community with broad access to certificates of mastery, associate degrees, community education, and cultural programs of exceptional quality, empowering our students to achieve their educational goals and our community to thrive in an increasingly global society.

College Ends Statements

Our ENDs Statements define our key outcomes that are critical to achieving significance.

1. Access: Our community has broad and equitable access to a valuable college education.
2. Student Preparation: Our students are prepared to succeed in college.
3. Student Success: Our students achieve their individual educational aspirations.
4. Graduate Success: Our graduates succeed at four-year institutions and/or in their careers.
5. Community Development: Our community is enriched economically and socially by our educational and cultural programs.

Location and Facilities

Positioned on the 143-acre site just south of Interstate 240 on South May Avenue, the college is easily accessible from the entire metropolitan Oklahoma City area.

The college’s Division of Business and many administrative offices are located in the three-story Main Building. Most offices that offer services for students are centrally located here including the Bookstore, the Testing Center, the Student Financial Aid Center, the Bursar’s Office, Records and Graduation Services, Recruitment and Admissions, Academic Advising, Student Life, Student Support Services and the Office of the Vice President for Enrollment and Student Services. Also located in the Main Building are the Campus Safety and Security office, the Vice President for Business and Finance, and Vice President for Information Technology.

The Administrative Connector houses the President’s Office. The Arts and Humanities Center contains the offices of the Vice President and Associate Vice President for Academic Affairs, Executive Director of Institutional Advancement, and the Division of Arts and Humanities. This building houses the college’s 300-seat theater, classrooms and laboratories. The newly constructed 50,000-square-foot Visual and Performing Arts Center provides classrooms, labs and studios for art instruction, music, photography and visual arts. The center features a renowned film and video production program with the largest collection of AVID picture and sound editing equipment in the midwest. Film and video students learn on the most current equipment available, including expansion into high definition technology. Future plans include an expansion of the building to include a new performing arts theater.

The Robert P. Todd Science, Engineering and Math Center (SEM Center) consists of sixteen labs, five lab/tutorial centers and 43 faculty offices. A second floor addition added six labs, 11 new classrooms, 30 faculty offices, two large lab centers, and the Science and Mathematics division office. A state-of-the-art botany classroom and greenhouse were also added as part of the second floor project. The 65,500-square-foot SEM Center addition also houses the Center for Learning and Teaching (CLT). Adjacent to the SEM Center, the Transportation Technology Center contains faculty offices and the automotive technology lab.

The College Union houses a variety of meeting and conference rooms, food service facilities, and dining areas. Next to the College Union is the Wellness Center that includes a gymnasium, cardiovascular center, weight room and aerobics rooms. OCCC also features an aquatic center, with the largest competition swimming pool and dive well in the state. Located in this area is the Social Sciences Center housing division offices and classrooms.

The Health Professions Education Center is a facility housing the Division of Health Professions. Recognized as a leader in health technologies and pre-health professional programs, the 42,000-square-foot facility has allowed for the expansion of programs in emergency medical sciences, registered nursing, occupational therapy assistant and physical therapist assistant. The division features a simulated hospital area and two of only three human patient simulators in the state.

The Keith Leftwich Memorial Library offers information services and computing resources as well as the Division of Information Technology. The fourth floor contains the offices of Cultural Programs and Cooperative Alliances.

The John Massey Center, at S.W. 119th Street and Interstate 44, houses the college’s Human Resources and Support Services department. Other offices include Finance, Institutional Planning, Institutional Effectiveness, and Corporate Learning.

The newly opened FACE (Family and Community Education) Center is located at 6500 S. Land Ave. This location houses the Community Outreach and Education offices and programs. Additionally, the college’s Child Development Center will soon be relocated to the FACE Center.

Right to Know

Accreditation

The College is a member of the American Association of Community Colleges and is recognized by the federal government to offer education under the veterans and social security laws.
Oklahoma City Community College is authorized by the Oklahoma State Regents for Higher Education to offer certificate, associate in arts, associate in science and associate in applied science programs. The Oklahoma State Regents for Higher Education is located at 655 Research Parkway, Suite 200, Oklahoma City, Oklahoma 73104-3603, Telephone (405) 225-9100.

Consult this college catalog for specific Associate in Applied Science programs, additional accreditations, and contact information. Consult this college catalog for a complete listing of certificate and degree programs offered. Contact the Office of Institutional Effectiveness at (405) 682-7577 for information about accreditation and how a student may receive a copy of accreditation approvals. The college catalog is online from the homepage at www.occc.edu/ Click on publications to access the college catalog and a variety of other College publications.

**Annual Security Report**

The Campus Security Act of 1990 and the Student Right-To-Know Act (PL 101-542) were signed into law by President Bush on November 8, 1990. This federal legislation requires colleges and universities to collect campus crime statistics on specific crimes occurring on college and university campuses. The due date of the first report was September 1, 1992, and a report on campus crime statistics is due each October 1st for reporting incidents occurring during the previous calendar year. This information is published and notifications are sent via email prior to October 1st each year. This email provides a web link for all current students and staff at Oklahoma City Community College to review the annual security report in compliance with the 1990 Campus Security Act and the Student Right-To-Know Act (PL 101-542). Hard copies of the OCCC annual security report are also available at the Department of Safety and Security (1K8) in the Main Building. You may access this report and associated campus security information and services at www.occc.edu/security

**College Graduation and Transfer-Out Rates**

Oklahoma City Community College makes available to any enrolled or prospective student its completion or graduation rate and the transfer-out rate for first time, fulltime, degree seeking students. This information is available upon request from the Office of the Registrar, Main Building, first floor or call (405) 682-7512.

The graduation rate for Oklahoma City Community College is also available on the National Center for Educational Statistics website at nces.ed.gov/collegenavigator.

**Disability Services**

Oklahoma City Community College complies with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. Students with disabilities who seek academic accommodations must make their request by contacting the Office of Student Support Services located on the first floor of the main building near entry 12, or call 682-7520 or visit our web site at www.occc.edu/support. For an accommodation grievance procedure contact the ADA Coordinator at 682-7810. Staff interpreters are available for the enrollment process for deaf students.

**Financial Aid Information**

Information about student financial assistance programs at Oklahoma City Community College is available from the Financial Aid Office (405) 682-7525 and the Recruitment and Admissions Office (405) 682-6222. Both offices are located on the first floor of the Main Building. Information about student financial assistance programs is available in the college catalog and college student handbook. Both of these publications are also available online from the College Homepage at www.occc.edu/ click on publications to access these documents and other College publications. The Financial Aid Office provides a variety of fact sheets available from Financial Aid which address specific topics to help you understand all financial aid application processes, costs of attendance, definitions, and student rights and responsibilities as a recipient of financial assistance. Veterans who are seeking to use their veterans educational benefits should visit the Veterans Services Office co-located with the Financial Aid Office (405) 682-7694. You may visit the Financial Aid and Veterans Services offices online at www.occc.edu/financialaid Visit the Financial Aid office to obtain a copy of Funding Your Education or view it online at www.studentaid.ed.gov . Visit or call the Financial Aid or Veterans Services Office to obtain paper copies of all relevant financial assistance information. All students are strongly encouraged to complete the Free Application for Federal Student Aidm (FASFA) on an annual basis to access educational assistance for which you may qualify to help reduce your cost of attending college.

**Learning About Your Drug, Alcohol, & Tobacco Free Campus**

Oklahoma City Community College makes available to employees and to any enrolled and prospective student information regarding the potential health risks associated with the use or abuse of various categories of drugs, alcohol, and tobacco products in a brochure entitled, “Learning About Your Drug, Alcohol, and Tobacco Free Campus.” This brochure also lists possible consequences of possession or use of these substances on College property or at College sponsored events. Copies of these brochures are made available to students at the Office of Recruiting and Admissions and to employees through an annual distribution within each department.

This information is also published in the student handbook under Section VI. Print copies of the student handbook can be found across campus, or students may access it electronically at www.occc.edu/handbook.html.

**Legal Use and Distribution of Copyrighted Materials**

Oklahoma City Community College respects the copyright and intellectual property rights of others and complies with intellectual property and copyright laws in downloading, uploading and distributing copyrighted materials, including music and video files, and requires users of the College’s network to do the same. The College has implemented written plans to effectively combat the unauthorized distribution of copyrighted materials by users of the College’s network. For information on copyright, alternatives to illegal downloading of copyrighted materials, and criminal, civil, and College penalties for infringement, visit the website at www.occc.edu/ CopyrightFileSharing.

**Personal Counseling**

Student Support Services houses Licensed Professional Counselors to provide a confidential process to assist students in gaining a greater understanding of self and relationships in order to benefit from educational opportunities. The counselor will also provide referrals to appropriate community services as needed to provide individual and group opportunities to address a variety of issues that can interfere with student success. The Office of Student Support Services is located on the first floor of the Main Building near entry 12. For more information contact 682-7520 or visit our web site at www.occc.edu/support.

</table>
I. Recent High School Graduates or GED Recipients

Graduates from an Accredited School

Applicants who (a) are graduates of an accredited high school or have achieved a high school equivalency certificate based on the GED test (GED recipient’s high school class must have graduated), (b) have participated in the American College Testing Program (ACT), the Scholastic Aptitude Testing Program (SAT) or a similar acceptable battery of tests, and (c) meet high school curricular requirements, are eligible for admission to Oklahoma City Community College.

High school curricular requirements:

<table>
<thead>
<tr>
<th>Units</th>
<th>Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>English (grammar, composition, literature)</td>
</tr>
<tr>
<td>3</td>
<td>Lab Science (from biology, chemistry or physics)</td>
</tr>
<tr>
<td>3</td>
<td>Mathematics (from algebra, geometry, trigonometry, math analysis, calculus, or advanced placement statistics)</td>
</tr>
<tr>
<td>2</td>
<td>History and Citizenship Skills (including one unit of American History and two additional from economics, geography, government or non-western culture)</td>
</tr>
</tbody>
</table>

Total Required Units: 15

In addition to the above requirements, the following subjects are recommended for college preparation:

<table>
<thead>
<tr>
<th>Units</th>
<th>Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>Fine Arts-music, art, drama, Speech</td>
</tr>
<tr>
<td>1</td>
<td>Lab Science (as described above)</td>
</tr>
<tr>
<td>1</td>
<td>Mathematics (as described above)</td>
</tr>
</tbody>
</table>

Total Recommended Units: 4

Effective Fall 2010, three lab science courses will be required. Effective Fall 2010, the number of additional units will be reduced to two.

Graduates from Home Study or Unaccredited High Schools

Applicants who are graduates of an unaccredited or home study high school program and who have participated in the ACT or the SAT are eligible for admission if their high school class has graduated. Students admitted under this category must meet high school curricular requirements as specified under the regular admission policy.

II. Adult Students

• Applicants who are 21 years of age or older or who are on active military duty may be admitted upon completion of academic skills assessment by the College (high school degree not required).

• Applicants who are not yet 21, who did not graduate from high school (their high school class has already graduated), and who have participated in the ACT, the SAT or the College assessment test, are eligible for admission. Students admitted under this category must meet high school curricular requirements as specified under the regular admission policy.

III. Transfer Students

Students transferring from another accredited college who are in good standing and have met all curricular requirements are eligible for admission to Oklahoma City Community College. Transfer students who do not meet curricular requirements must make up deficiencies within their first 12 credit hours of college level work. Information on remediating deficiencies is available in the Office of Academic Advising.

Students who have been placed on academic probation or suspension by their previous college or who do not meet Oklahoma City Community College retention standards may be admitted on probation. Official transcripts from all colleges attended must be submitted during the application process.

Students transferring from an unaccredited college may also be admitted. Such transfer credit will generally qualify the student to take Advanced Standing examinations in specific subject areas to validate their knowledge.

Evaluation of Transfer Credit Earned

• All coursework previously completed at a regionally accredited institution of higher education will be accepted as transfer credit, although not all credit will necessarily apply toward program requirements. Courses with grades of “D” may not meet degree or course prerequisite requirements.

• Credit for courses from institutions not using a traditional semester academic calendar will be converted to semester hour credits. Grade points earned at institutions using any method other than the traditional 4.0 system will be converted to the 4.0 system.

• An analysis of transfer credit will be performed for students who are currently enrolled. Students must have official copies of transcripts from all colleges attended on file in the Office of Records and Graduation Services. Once these documents have been submitted, they become a permanent part of the student’s record at Oklahoma City Community College. They will not be returned, reissued, or copied for distribution. Transcripts from other institutions, if needed, must be obtained directly from the institution where they were originally issued.

• It is the student’s responsibility to furnish additional information to the College, if needed, to evaluate transfer credit, i.e., course descriptions, catalogs or syllabi.

IV. International Students

Students who are citizens of countries other than the United States who have completed their secondary education or its equivalent may be eligible for admission to the college. Certain educational, financial, and immigration documents are required, as well as proof of minimum proficiency in English. Students may apply for admission to the fall, spring, and summer semesters. Because of time required for evaluating educational records and processing
immigration forms, these documents, along with the application form, must be submitted before the international student admission deadline. Applications that are not complete by the deadline will not be considered. Application deadlines for each semester are listed in the academic calendar at the front of this catalog. For detailed eligibility and admission information, contact the Office of Recruitment and Admissions at (405) 682-OCCC.

V. Students for Whom English is a Second Language

Students for whom English is a second language are required to present evidence of proficiency in English in one of the following ways prior to admission to credit classes. This requirement ensures that students have a reasonable chance to succeed based upon their ability to comprehend, read, and write the English language.

Standardized Testing

Proficiency in English may be determined by the student’s score on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). A minimum score of 500 on the Institutional paper-based TOEFL (offered at Oklahoma City Community College), a minimum score of 173 on the international computer-based TOEFL or a minimum score of 61 on the TOEFL iBT is required for admission. A minimum score of 6.0 on the IELTS is required for admission.

Intensive English Program (IEP)

Students whose TOEFL scores are below the minimum required for admission but within a range of 460 to 499 on the Institutional TOEFL, 140 to 172 on the International TOEFL, 48 to 60 on the International TOEFL iBT or 5.0 to 5.9 on the IELTS may be eligible for provisional admission. The College offers the Academic Bridge Program for students in this category. The Academic Bridge Program is a full-time schedule of English as a Second Language (ESL) courses at the advanced level. The program is available in the fall and spring semesters. Students who successfully complete the Academic Bridge Program become eligible for full admission to the College without having to retake the TOEFL or IELTS. More information about English as a Second Language (ESL) at Oklahoma City Community College can be found under the “Special Academic Programs” section of this catalog.

High School Performance

Students who have successfully completed the high school core requirements or graduated from high school where English is the primary teaching language in a country where English is the primary language and demonstrates competency through the Remediation and Removal of High School Curricular Deficiencies Policy may be admitted.

Transfer Students

Students who are non-native speakers of English must meet the same standards as new students or have successfully completed a minimum of 24 college level semester hours at a college or university where English is the primary language and that is recognized by professional organizations in the U.S. involved in admissions and international education.

VI. Concurrently Enrolled High School Students

High school juniors and seniors meeting the requirements listed below may be admitted provisionally. Students must meet the required ACT test score in science, math or English to enroll in coursework in the corresponding college subject area. Students must meet the required ACT test score in reading to enroll in any other collegiate course. Please contact the Office of Recruitment and Admissions for the current, required ACT scores.

Graduating Seniors

Graduating seniors who are enrolled at an accredited high school and who have achieved a composite ACT score at or above the 42nd percentile using Oklahoma norms (19 or above) or an equivalent SAT score may be admitted provisionally. Students scoring below a 19 composite on the ACT may use a high school grade point average of 3.0 or above for admission purposes. In accordance with state policy, senior students will have their college tuition waived for up to 6 credit hours per semester of concurrent enrollment. (A student is considered to be a senior during the summer after their junior year.)

Juniors

Juniors who are enrolled at an accredited high school and who have achieved a composite ACT score at or above the 58th percentile using Oklahoma norms (21 or above), or who have achieved a combined verbal and mathematical score on the SAT at or above the 58th percentile using national norms, may be admitted provisionally. Students scoring below a 21 composite on the ACT may use a high school grade point average of 3.5 or above for admissions purposes. (A student is considered to be a junior during the summer after their sophomore year.)

Home Study

Home study students or students from unaccredited high schools who are 17 years of age or older and who have achieved a composite ACT score at or above the 42nd percentile using Oklahoma norms (19 or above) or an equivalent SAT may be admitted provisionally.

Home study students or students from unaccredited high schools who are 16 years of age and who have achieved a composite ACT score at or above the 58th percentile using Oklahoma norms (21 or above), or who have achieved a combined verbal and mathematical score on the SAT at or above the 58th percentile using national norms, may be admitted provisionally.

A concurrently enrolled student may enroll in a combined number of high school and college hours not to exceed a full-time college workload of 19 semester-credit-hours per semester. Students wishing to exceed this limit may petition to the Registrar.

VII. Non-Degree Seeking Students

(9 Hour Maximum)

Students who wish to enroll in courses without intending to pursue a degree may be admitted provisionally and enroll in up to nine credit hours without submitting all official academic credentials. However, credentials and/or assessment testing may be required prior to actual enrollment in order to establish curricular proficiency or the presence of a course prerequisite. Upon completion of nine hours, the student will be required to submit official credentials and meet formal admission or transfer criteria prior to any further enrollment.

VIII. Opportunity Admission

Applicants who have not yet graduated from high school and whose ACT score is at the 99th percentile (Oklahoma norms) may be eligible for admission.

Submission of Academic Credentials

Recent high school graduates are required to submit official and complete high school transcripts and ACT or SAT scores (if either test has been completed). College transfer students are required to submit official and complete college transcripts and other available credentials during the admission process. Failure to list all previously attended colleges or the submission of false information is grounds for denial of admission or immediate suspension.

All credentials submitted become the property of Oklahoma City Community College and a part of the student’s academic record. They will not be returned or released. Students wishing to obtain such documents must contact the original issuing institution.

Evaluation of Academic Preparation

All credentials submitted during the application process will be evaluated during the admission process. Students may be required to take a college assessment test to determine a proficiency level in English, reading, mathematics, and science. This test is not an admissions test but rather a placement instrument used to foster the academic success of students enrolling at Oklahoma City Community College.
Special Admission Procedures: Nursing, Occupational Therapy Assistant, Physical Therapist Assistant, Surgical Technology, Diagnostic Medical Sonography, and Respiratory Care Programs

Certain programs are restricted to a limited number of students and have a special admission and enrollment procedure. These programs currently include: Nursing, Occupational Therapy Assistant, Physical Therapist Assistant, Surgical Technology, Diagnostic Medical Sonography, and Respiratory Care. Each program has a special application (available in the Office of Records and Graduation Services) which lists program requirements, selection criteria, and specific application deadlines. Special applications are available for these programs and must be completed and submitted by the deadlines listed on the individual application form, which can be obtained in the Office of Records and Graduation Services. Only completed applications will be accepted. Applications are accepted for fall and spring program entries into the Traditional Nursing Program, for fall entry into The Nursing Career Ladder Pathway (LPN to RN), and for summer entry into the Baccalaureate to RN Program. Occupational Therapy Assistant, Physical Therapist Assistant, and Surgical Technology programs accept applications for the fall semester only. Diagnostic Medical Sonography is a 15 month program. New students are accepted into the program during the fall and the spring semesters. Respiratory Care applications for the full-time option are accepted for the fall, with applications for the part-time option accepted for fall, spring, and summer semesters.

Classes will be selected from eligible applicants and ranked according to program preference points and GPA according to program requirements. See specific applications for detailed information. Remaining applicants will be placed on an alternate list.

Special admission procedures exist regarding advanced placement, admission of licensed LPN applicants for the nursing program, transfer of credit from other schools and re-enrollment for students previously admitted into the program. Specific information regarding the procedures and eligibility for licensing can be found in the “Curriculum” section of this catalog. For application forms, contact the Office of Records and Graduation Services.

Academic Forgiveness Appeals Committee

This committee reviews student petitions for the Reprieve and the Renewal options of Academic Forgiveness. Students may file appeals or petitions in the Office of Records and Graduation Services.

Non-Credit Classes

Non-credit classes may be used to explore new fields of study, to increase proficiency in a particular profession or for personal enrichment. These courses are primarily designed to meet educational needs in the community which are not met by the formal degree and certificate programs. Non-credit classes do not apply toward an associate degree or certificate programs. Students enrolled exclusively in non-credit classes are not required to apply for regular admission to the college.

Office of Academic Advising

New degree-seeking students are assisted by advisement professionals in the Office of Academic Advising. The student’s previous educational training, experience, college entrance exams, and other relevant test results will be used to assist in placement and the selection of courses. Entry-level abilities in reading, writing, and mathematics are required to enroll in credit courses. Students who do not meet required entry-level skills, certain course prerequisites, or high school curricular requirements will be placed in courses to develop these skills before enrolling in higher-level courses.

It is important for students to meet with an advisement professional to establish an academic plan. Returning students who are familiar with their degree requirements and those not seeking a degree or certificate may self-advice. Students have sole responsibility for following their selected degree program requirements.

Students are also encouraged to work concurrently with their faculty advisor in the academic discipline of their degree choice. A faculty advisor can help ensure that major specific educational objectives are met in an efficient, orderly fashion. If you have questions on course selection, entry-level skills required, or general academic information contact Office of Academic Advising at www.occc.edu/acs/or call (405) 682-7535.

ENROLLMENT

Students who have already been admitted to the College have two options for enrolling in courses:

- Enroll on campus
- Enroll using the OCCC web site at mineonline.occc.edu.

Late Enrollment

At Oklahoma City Community College students may, under certain circumstances, enroll late in classes. Any enrollment which occurs after the first class meeting of a semester is considered to be a late enrollment. Students who must enroll late may contact the Office of Academic Advising for late enrollment conditions, procedures, and timelines.

Enrollment prior to the beginning of classes is essential to afford the student the best chance of success. Students who enroll late are responsible for any coursework missed. It is critical that, prior to the next class meeting, the student contact the instructor to obtain information on the attendance policy and coursework missed.

Residency Requirements

An initial determination, based upon information provided on the student’s application for admission, will be made as to whether a student qualifies for Oklahoma resident status. This determination will be based on the policies of the Oklahoma State Regents for Higher Education. Students who wish to petition for a change in their residence classification must submit an Application for Residence Reclassification along with all appropriate support documentation to the Office of Recruitment and Admissions. For additional residency information and reclassification forms, contact the Office of Recruitment and Admissions.

Auditing a Course

Auditing gives students the opportunity to participate in a course without concern for credits or grades. Students can also re-take a course in which they have already earned credit. To audit a course, a student must meet all eligibility requirements for admission to the institution. A student may audit only those courses in which they have met all prerequisites. Audit enrollment guidelines are as follows:

- A student must indicate during their initial enrollment that they intend to “audit” a course.
- Standard credit hour fees will be assessed for audited courses.
- A grade of “AU” will be posted on the official college transcript for each course audited (see Grading System).

Course Withdrawal/Schedule Adjustment

Students adjusting their schedules or completely withdrawing from all classes during the first two weeks of a sixteen-week class or the first week of a four-, five-, six-, or eight-week class will be charged 100% fees for any classes added and will receive a 100% refund of tuition and fees for any dropped courses. Finance and late charges accrued will not be reduced. To withdraw from a class, a student must complete and submit an add/drop form in the Office of Records and Graduation Services or withdraw on the college website at mineonline.occc.edu. NO REFUNDS WILL BE MADE AFTER THIS
PERIOD EXCEPT AS STIPULATED FOR ENROLLMENT OF TITLE IV RECIPIENTS. See academic calendar for exact withdrawal dates.

All refunds for credit students, including financial aid, will be processed in accordance with preferences selected using your OCCC debit card at www.occcddebitcard.com. Payments made by credit card will be refunded to the credit card.

Students may still withdraw from classes after the add/drop period but will receive no refund and will be billed for any outstanding payment due. Students may withdraw without refund any time prior to the fourth quarter of a semester (through the twelfth week of a sixteen-week semester or the sixth week of an eight-week semester). Officially withdrawing from a course will not negatively affect academic standing with respect to the College’s Academic Retention Policy. However, withdrawals processed after the add/drop period may adversely affect financial aid status. NO REFUNDS WILL BE AWARDED FOR WITHDRAWALS AFTER THE ADD/DROP PERIOD.

EMERGENCY DROP/LATE WITHDRAWAL

Students may petition to withdraw after the add/drop or withdrawal deadline if an emergency situation exists. An emergency is defined as an extraordinary and unforeseen event (such as an illness requiring hospitalization, work transfer to another state) that occurred after the add/drop or withdrawal deadline and/or prevented the student from withdrawing by the deadline. To be considered for an emergency drop/late withdrawal the student must submit a written appeal (forms available in the Office of Records and Graduation Services) along with support documentation to the Office of Records and Graduation Services. The appeal will be reviewed by a committee and the committee’s decision will be final. The appeal must be filed within 90 days of the end of the semester in question.

EDUCATIONAL PROGRAM FEES

Oklahoma Residents:

Resident Tuition ......................................................... $65.15 per credit hour

This is the cost of tuition set forth by the Oklahoma State Regents for Higher Education.

Student Activity Fee ...................................................... $5.15 per credit hour

This fee covers the costs associated with commencement, diplomas, student I.D. cards, parking permits, parking lots, intramural sports, recreation equipment, and the student newspaper. In addition, various student activities are available through the Office of Student Life. The student activity fee funds these activities and all students are encouraged to participate. Activities include musical entertainment, a film series, family events and lecture series. Monthly activity calendars are available in the Office of Student Life, located in the Main Building.

Facility Use Fee ........................................................... $10.30 per credit hour

The funds generated by this fee go toward paying the debt on the Wellness Center, College Union, Aquatic Center and the SEM Center. It also supports the maintenance and upkeep of those facilities, in addition to supplementing the budgets for security staff and parking lots.

Student Technology Fee .............................................. $5.00 per credit hour

Maintenance and system upgrade of the College computers along with current software programs are provided with this fee. All of the various labs and classrooms are being equipped with the necessary technology to assist students in their learning process.

Assessment Fee .......................................................... $1.00 per credit hour

The Oklahoma State Regents for Higher Education require entry level, midlevel, satisfaction and outcomes assessments for students. In addition, this fee supports the cost of the placement tests for entering students.

Library Fee ................................................................. $2.00 per credit hour

This fee covers the cost of maintaining current editions of needed books, along with an up-to-date video and audio section to assist students in their learning process.

Non-Residents of Oklahoma:

Resident Tuition ......................................................... $65.15 per credit hour

Non-Resident Tuition .................................................. $147.60 per credit hour

Student Activity Fee .................................................... $5.15 per credit hour

Facility Use Fee .......................................................... $10.30 per credit hour

Student Technology Fee .............................................. $5.00 per credit hour

Assessment Fee .......................................................... $1.00 per credit hour

Library Fee ................................................................. $2.00 per credit hour

Total ......................................................................... $236.20 per credit hour

Additional Fees and Special Fees

Many services are included in the enrollment fee, the student activity fee and the facility use fee. Exceptions are:

On-campus Exam/Advanced Standing Fee ............... $5.00 per credit hour
Applied Music Lessons Fee ................................. $50.00 per credit hour

Private music lessons for credit are designed for degree-seeking students; these degree-seeking students must pay tuition, educational program fees, and this applied music lessons fee.

Non-Credit Music Lessons Fee ......................... $180.00 per course

Non-credit private music lessons are designed for students who are seeking self-enrichment.

American College Testing (Local/Residual) ........... $35.00
CLEP Examinations .................................................. $70.00

New Student Application/Records Processing Fee .... $25.00
International Student Status Maintenance Fee
Fall/Spring ................................................................. $15.00 per semester
Summer ................................................................. $10.00 per semester

This fee will be charged to international students to cover costs of processing immigration documents and monitoring student enrollments in compliance with Citizenship and Immigration Services (CIS) regulations.

Electronic Media Fee ................................................. $12.00 per credit hour

This fee is charged to online, web-enhanced and telecourse students to offset the cost of offering this type of instruction.

Cooperative Alliance Administrative Fee ........ $8.00 per credit hour

This fee covers recording and transcription costs for Cooperative Alliance Credit. Students eligible to receive Cooperative Alliance Credit are those who are attending Francis Tuttle Technology Center, Moore Norman Technology Center, Mid America Technology Center and Metro Technology Center in a Cooperative Alliance Program. Eligibility is determined by the Guidelines for Approval of Cooperative Agreements Vocational-Technical Schools and Colleges established by the Oklahoma State Regents for Higher Education.

Science Lab Fee ......................................................... $15.00 per course
Child Development Lab Fee ................................. $5.00 per credit hour

Supplemental Fees

Authorization has been given by the Oklahoma State Regents for Higher Education to charge supplemental fees in addition to the educational program fees for courses in two programs:

Remedial (Zero-Level) Courses ....................... $13.00 per credit hour

The Oklahoma State Regents for Higher Education have endorsed an additional fee per credit hour for the developmental educational courses at all Oklahoma colleges and universities.
Fees for Auditing a Course

Students taking credit courses for no grade will pay the same enrollment fees and tuition as regular credit students. Students age 65 and older who audit a course may request to have the enrollment fee waived.

Fees Are Subject to Change

In the event that the Oklahoma State Regents For Higher Education authorize a fee change, students will be assessed accordingly.

Fee Payment

Students at Oklahoma City Community College will be charged tuition and fees for all classes in which they are enrolled as of the fee due date for the semester. Fee due dates are listed in the college class schedule and the college catalog. Students who pay on their date of enrollment or by the fee due date for the semester will pay tuition and fees only. Students who choose to make monthly payments will be assessed a finance charge. Students enrolling after the initial due date must pay in full at the time of enrollment or go to the Bursar’s Office to find out the minimum payment due.

STUDENTS WILL NOT BE CANCELLED FROM CURRENT CLASSES DUE TO NON-PAYMENT OF CURRENT TUITION AND FEES BY THE FEE DUE DATE. Instead, students will be automatically billed on a monthly basis for all tuition and fees due (see below). Students should withdraw from any classes in which they do not wish to be enrolled prior to the due date in order to avoid finance charges. Students will receive a refund only for classes from which they withdrew prior to or during the official refund period. See the academic calendar for exact withdrawal dates.

In compliance with the College’s fee payment policy, students WILL be canceled from any future enrollments if they have not paid in full by the final payment due date for the semester. A Bursar hold will be placed upon records and enrollment activity.

Oklahoma City Community College does use the services of a collection agency for all past due accounts that remain unpaid after the end of the semester. Oklahoma City Community College also participates in the State of Oklahoma’s Warrant Intercept Program, authorized by House Bill No. 1314 of the State of Oklahoma in 1983. The intercept system allows a state agency to take a debtor’s tax refund and apply it to their indebtedness which may result in collection of debt many years in the future.

Fee Payment Options

Students may choose to pay their tuition and fees prior to the beginning of the semester or by making monthly payments.

OPTION 1: Pay Fees by Due Date

Students may pay their tuition and fees prior to the beginning of the semester (see published fee due date) by the published fee due date, or on their date of enrollment, and incur no finance charges. Students enrolling after the beginning of the semester may pay their tuition and fees on their date of enrollment or prior to the next monthly payment date and incur no finance charges.

OPTION 2: Make Monthly Payments*

Students may choose to pay their fees on a monthly basis. Monthly payments will include a 2% finance charge on the outstanding balance. A Late Payment Charge of $20 will be applied to any payment not received by the 5th of each month.

Payment in full will be required by the last monthly billing date for the semester.

In compliance with the College’s fee payment policy, students WILL be canceled from any future enrollments if they have not paid in full by the final payment due date for the semester. A Bursar hold will be placed upon records and enrollment activity.

Oklahoma City Community College also participates in the State of Oklahoma’s Warrant Intercept Program, authorized by House Bill No. 1314 of the State of Oklahoma in 1983. The Intercept Program allows a state agency to take a debtor’s tax refund and apply it to their indebtedness which may result in collection of debt many years in the future.

*Students choosing to pay tuition and fees on a monthly basis are required to comply with the payment schedule in order to enroll, or remain enrolled, in any future semesters.

Books and Supplies

Most courses have required books and supplies. As an estimate, budget $150 per course for books and supplies.

Refunds (Credit Courses)

Schedule Changes / Withdrawals

Students adjusting their schedules or completely withdrawing from all classes during the first two weeks of a 16-week class or the first week of a four-, five-, six- or eight-week class will be charged 100% fees for any courses added and will receive a 100% refund of tuition and fees for any courses dropped.

Finance and late charges accrued will not be reduced. See academic calendar for dates. No refunds will be made after this period except as stipulated for enrollment of Title IV recipients. See academic calendar for exact withdrawal dates.

Complete Withdrawal of Students Who Are Title IV Recipients

Recipients of Federal Title IV student financial assistance funds (Pell Grants, Academic Competitiveness Grants, SEOG, Direct Stafford and Plus Loans) who completely withdraw from the College during a semester may be required to repay a portion of the funds that are determined to be unearned. The calculation of earned vs. unearned funds is based directly on the portion of the semester the student attended before totally withdrawing. This calculation is not related to the College’s tuition refund policy. It is in addition to the College’s refund policy and is required by Federal Title IV regulations.

Non-Credit Recreation and Fitness Classes

Full refunds will be granted to non-credit Recreation and Fitness students who officially withdraw prior to the end of the first class meeting. Students who withdraw after the start of the second class meeting will receive an 80% refund. Students who withdraw after the start of the second class meeting will not qualify for a refund. To officially withdraw, a non-credit student must contact the Office of Recreation and Fitness at (405) 682-7860, or they will be billed for the class.

Non-Credit Community Outreach and Education Classes

Full refunds will be granted to non-credit students who officially withdraw prior to the end of the first class meeting. Students who withdraw after the first class meeting and before the start of the second class meeting will receive an 80% refund. Students who withdraw after the start of the second class meeting will not qualify for a refund. To officially withdraw, a non-credit student must contact the Office of Community Outreach and Education at (405) 682-7859, or they will be billed for the class.

Non-Credit Corporate Learning Classes

Participants enrolled in non-credit Corporate Learning classes, workshops, seminars or other activities offered by Corporate Learning who officially withdraw before the scheduled starting time will receive a 100% refund. To officially withdraw, students must contact Corporate Learning at (405) 682-7562. Participants who fail to officially withdraw will be billed.

Refunds for Schedule Changes or Complete Withdrawals

If you choose to make changes to your schedule or completely withdraw from all your classes during the first two weeks of a 16-week class, OR the first week of a four, six or eight-week class, you will not be charged for your changes and will receive a refund of tuition/fees only. Finance and late charges accrued will not be reduced. See the academic calendar for exact withdrawal dates.

All refunds for credit students, including financial aid, will be processed in accordance with preferences selected using your OCCC debit card at www.occcddebitcard.com. Payments made by credit card will be refunded to the credit card.
No refunds will be made after this period except as stipulated for first-time enrollment of Federal Title IV recipients. If you are receiving student financial assistance funds (Pell Grants, SEOG, Direct Stafford or PLUS Loans) and completely withdraw from the College during a semester, you may be required to repay a portion of the funds that are determined to be “unearned.”

The calculation of earned vs. unearned funds is based directly on the portion of the semester you attended before totally withdrawing. This calculation is not related to the College’s tuition refund policy. It is in addition to the College’s refund policy and is required by Federal Title IV regulations.

Financial Aid Applicants
Students who apply for federal student aid, and are awarded by the published tuition/fee due date and who maintain financial aid eligibility will have their tuition deducted from their financial aid.

Students who are not awarded by the published fee due date and have not paid their tuition will automatically be billed on a monthly basis, and incur finance and late charges consistent with College policy. When federal aid is awarded and applied to their account, finance and late charges will be reduced as appropriate and any remaining balance due may be paid by assistance credited to the student’s account. Credit balances will be processed in accordance with preferences selected using your OCCC debit card at www.occdebtcard.com. Payments made by credit card will be refunded to the credit card. Balances due after financial assistance is applied are the responsibility of the student.

Students who are awarded state, College and/or federal aid insufficient to cover their charges in full are responsible for the remaining balance due after their award(s) are credited to their account. They will be billed monthly and incur appropriate finance and late charges calculated on the remaining balance.

Students must withdraw from any classes in which they no longer wish to remain enrolled prior to the tuition/fees due date in order to avoid billing, finance charges, and the potential posting of failing grades. STUDENTS WILL NOT BE DROPPED FROM CURRENT CLASSES FOR NON-PAYMENT OF CURRENT TUITION/FEES. Students who withdraw from classes during the official refund period will be refunded for tuition/fees they may have paid. All refunds for credit students, including financial aid, will be processed in accordance with preferences selected using your OCCC debit card at www.occdebtcard.com. Payments made by credit card will be refunded to the credit card.

Financial Aid and Veterans Services
Oklahoma City Community College pledges to assist students and families who may need help in meeting the cost of attending college. Formulas for determining a family’s ability to finance college expenses are based on a wide range of factors, focusing primarily on the income and assets of the student’s family, family size, and number of individuals attending college.

The role of Student Financial Support Services (Financial Aid and Veterans Services) is to assist students financially so they can benefit from the advantages of an education at Oklahoma City Community College. Financial aid information and advisement is provided to assist students in identifying resources to effectively meet college expenses. All Students should apply for financial assistance by filing the Free Application for Federal Student Aid (FAFSA) in order to access assistance they may be eligible for.

Financial assistance consists of grants, loans, tuition waivers, scholarships, and work. Assistance offers vary depending on the amount of financial need. In determining need, the College must first consider all financial support expected from the income, assets, and other resources of the student’s family.

Financial assistance is available to degree-seeking students and students seeking certain certificates of mastery from Oklahoma City Community College. Students auditing coursework, taking non-credit classes, enrolling in college classes while still in high school, or merely taking classes, but not pursuing a degree or certificate are not eligible for Federal Title IV Student Financial Assistance Programs.

Basic Eligibility
Eligibility for Federal Title IV Student Financial Assistance is dependent upon federal criteria established for each program. Completing the Free Application for Federal Student Aid (FAFSA) and submitting it to the Federal Central Processing System initiates the determination of your eligibility by analyzing the data your family has provided. The outcome of the analysis is the Expected Family Contribution (EFC), which is a measure of your family’s ability to pay for college. Once the EFC is determined, the student and schools you listed on the FAFSA will receive the results called a Student Aid Report (SAR). Financial Aid Staff can then evaluate your eligibility for various assistance programs. Eligibility criteria include being a U.S. citizen or eligible noncitizen, i.e., a permanent resident, high school diploma, or GED, acceptable scores on a college assessment test, acceptance for admission to college to pursue an eligible program of study (major), enrollment, and academic progress. Eligible programs at Oklahoma City Community College include associate degree and one-year certificate programs (30 credit hours). Certificate programs of at least 16 credit hours may be eligible if all courses in the program apply to the same associate degree program at OCCC. Students applying for and receiving financial assistance must be making satisfactory academic progress as defined by The Financial Aid Office and based on federal regulations. Your academic history at Oklahoma City Community College and other post high school academic and technical programs will be evaluated in determining satisfactory academic progress. You must submit academic transcripts from all schools attended to the College Records Office. Students are expected to read and understand the basic policies and procedures which apply to the application for and receipt of financial assistance including Verification of FAFSA data requirements, Satisfactory Academic Progress, Attendance, Return of Federal Title IV Funds upon complete withdrawal, and rights and responsibilities for students borrowing and repaying Federal Direct Loans.

How to Apply for Financial Assistance
1. Apply for a pin at www.pin.ed.gov. The pin number will allow you to sign your FAFSA electronically and later access your processed FAFSA online. If you are a dependent student, a parent must apply for a pin number as well.

2. Gather required information to fill out your FAFSA. You will need your driver’s license number if you have one, your alien registration number if you are not a U.S. citizen, federal tax information, and records of untaxed income.

3. Apply online at www.fafsa.gov.

4. You should apply as early as possible after January 1st of each calendar year for college attendance the next fall semester. To be eligible for certain federal programs and state grants, it is important to apply early.

5. Follow up on your FAFSA. After your FAFSA is processed you will be sent an email with a link to your SAR (Student Aid Report). If you did not provide an email address, it will be mailed to you. If you do not receive a SAR within three weeks, call the FAFSA helpline at 1-800-433-3243.

6. After you receive your SAR, Financial Aid at OCCC will request any additional information or documentation. Students selected for verification will be notified by email from Financial Aid of specific documents required.

All students who apply for and receive financial assistance must be making satisfactory academic progress as determined by The Financial Aid Office. See this catalog or the Student Handbook for a copy of the College’s Financial Aid Satisfactory Academic Progress Policy. You may obtain a copy from Financial Aid, or visit the Financial Aid Office web page to view the policy at www.occc.edu/financialaid.

To ensure a student’s financial assistance offer will be ready prior to published tuition and fees due dates, all requested documents must be submitted to Financial Aid by the following dates:
Fall Semester ............................................................ The Last Friday in May
Spring Semester .................................................... The Last Friday in October
Summer Semester ................................................... The Last Friday in April

The process of reviewing student applications selected for verification for the academic year usually begins in February. The entire verification process from the time the Financial Aid Office begins the review of applicant data, requests any additional documents, makes any necessary corrections, and awards financial assistance may take several weeks. For more information, call Financial Aid at (405) 682-7525 or access the web page at www.occc.edu/financialaid. Students selected for verification are notified by email.

Special Requirements
To qualify for any Federal Title IV Student Financial Assistance, students must apply each year. Although the Financial Aid Office staff cannot complete your FAFSA for you, we are available to clarify any questions you have. Students are also required to maintain financial aid satisfactory academic progress to retain their eligibility for subsequent award years and must maintain sufficient enrollment to qualify for funds each semester. If you totally withdraw during a semester or were paid for a course you were not attending you may owe a repayment of federal and/or state grant funds to the college.

Financial Assistance Average Costs of Attendance
Financial assistance average costs of attendance figures are reviewed annually and updated as appropriate. Tuition costs are subject to legislative and College adjustments that may occur subsequent to publication of this catalog. General costs figures for academic year 2010-2011 are listed below and are estimated for full-time tuition. (12 credit hours fall and 12 credit hours spring.) Part time average costs of attendance figures are based on 6 credit hours fall and 6 credit hours spring. Exclusively online students should deduct transportation costs from the total. Students who are enrolled for mid-semester or fast track classes only, will have cost of attendance reduced to reflect enrollment less than the standard 16 weeks of attendance.

### Financial Assistance Programs

#### Net Costs

It is important for families and students to know the range of costs associated with college attendance. Direct Costs include tuition and fees, books and supplies at OCCC. Based on direct costs and probable changes for the 2010-11 academic year, a student who enrolls in 12 credit hours each semester (fall/spring) or 24 credit hours a year will incur approximately $2,126 in tuition and fees. Books and supplies costs vary but could be $600 each semester or $1,200 for the academic year. Total direct costs will be about $3,326 for the year. Non-residents of Oklahoma will be charged non-resident tuition as well as resident tuition fees.

A student who files the Free Application for Federal Student Aid (FAFSA) would be eligible for some type of assistance (grant and/loan) to cover direct costs. Many students at OCCC receive a Pell Grant sufficient to cover direct costs. The maximum Pell Grant for a full-time student with the greatest financial need will be $5,550 for 2010-11. Students who do not qualify for sufficient Pell Grant funds may borrow an amount to cover their direct costs. Students who receive a state or OCCC scholarship for tuition charges such as OKC-Go, Oklahoma’s Promise, or High School scholarships will have reduced direct costs.

Indirect Costs are costs a student incurs that are not directly paid to the college but are incurred as a result of being a student. Indirect costs include transportation, room and board, and miscellaneous costs. These costs can be met with financial assistance funds remaining after direct costs are covered. Students who will need help to meet indirect costs will need to accept financial assistance offers to help with these additional expenses.

By filing the FAFSA each year, families and students are able to access a combination of federal, state, and college resources to meet most of their expenses. The net costs to the family to attend OCCC are minimal for those who seek available assistance. All families are strongly encouraged to file the FAFSA to enable the Financial Aid Office to determine their eligibility for most federal and state programs. Students should apply for tuition waivers each semester as a resource to reduce direct cost.

Oklahoma City Community College participates in the following Federal/State Student Financial Assistance Programs:

Federal Pell Grant

Eligibility is based on financial need. The amount a student can receive depends on the cost of attendance determined by the College, whether the student is full-time, part-time, or less than half-time, and the student’s Expected Family Contribution (EFC) number on the Student Aid Report (SAR). Final payment amount each semester is based on credit hours a student has at the close of the semester schedule adjustment period for the 16-week semester. Students are paid once each semester (fall and spring). Students may be eligible for summer Pell. Check with Financial Aid. To renew a Federal Pell Grant, a student must reapply each academic year to have their eligibility assessed. Students who have earned a bachelor’s degree are not eligible for a Federal Pell Grant at Oklahoma City Community College. Students must maintain satisfactory academic progress, not owe a federal grant repayment, or be in default on any student loan.

Some students may also be eligible for a Second Pell Grant in an academic year. Recent changes in Pell Grant regulations now allow for students who are accelerating the completion of a certificate, associate, or bachelor degree by completing more than 24 credit hours in an academic year (fall, spring, and summer). To receive additional Pell Grant funds beyond the original award for the year, a student must be taking at least 6 semester credit hours during any semester and at least 1 of those credit hours must apply toward the students next Pell Grant award.

Additional changes in Pell Grant regulations require colleges to pay a summer Pell Grant for an eligible student from their current year FAFSA (2010-2011) or the next year FAFSA (2011-2012) if on file with the Financial Aid Office. Based on the FAFSA that will yield the higher Pell Grant award for the student for the summer semester, the OCCC Financial Aid Office will pay from the most beneficial year. Not all students are determined eligible for additional Pell Grant funds for the same year. The Financial Aid office will assess student eligibility and notify each student of any remaining or additional Pell Grant award for each year.

Federal Academic Competitiveness Grant (ACG)

This federal grant is available to students who have graduated from high school after January 1, 2005 having completed a rigorous academic program of study as defined in federal regulations. The College Financial Aid Office must document eligibility for the ACG before awarding funds. A student must be a half time student each semester they receive ACG. First year awards may not exceed $750 and second year awards may not exceed $1,300. In addition to rigorous academic program criteria a student must be a Pell Grant recipient in order to receive an ACG. As a Federal Title IV Grant the ACG recipient is subject to the same regulations as Pell Grant, Federal SEOG, Federal Stafford and PLUS loans as well as Federal Work Study. ACG may be reduced or cancelled to avoid over awards of federal funds or to return federal funds when a student withdraws from the College and a share of their federal program funds must be returned. ACG is limited to the first two years of college. To receive a second year ACG the student must have a 3.0 or greater cumulative grade point average (CGPA) and have earned at least 24 credits. Awarded ACG funds are disbursed to the students account to pay any charges owed the College for tuition and other direct costs owed. Credit balances remaining on the students account will be available to the student. Students who are transferring to a four year college or university may be eligible for a similar grant called the SMART Grant. This grant has additional criteria related to specific academic program majors in science, mathematics, and languages. Students should check with the Financial Aid Office at the transfer school if they have been ACG eligible to see if they are eligible for a Federal SMART Grant.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Federal SEOG is a federal grant program limited to students who have exceptional financial need. It must be awarded to Federal Pell Grant recipients who have the lowest Expected Family Contribution (EFC). The amount a student can receive depends on the student’s need, the availability of Federal SEOG funds, and the amount of other assistance the student is receiving. The usual offer to Oklahoma City Community College students is $300 for the academic year. Due to limited funding, not all exceptionally needy students receive SEOG. Funds are awarded on a first come/first serve basis. This program is also limited to students who have not yet earned a bachelor’s degree. Students are paid once each semester (fall, spring, summer). Students must maintain satisfactory academic progress, not owe a federal grant repayment, or be in default on any student loan.

Federal Direct Stafford Student Loan (Subsidized)

This is a low-interest, need-based loan made to the student guaranteed by the U.S. Department of Education. The federal government pays the interest on the loan while the student is enrolled at least half-time or during other deferment periods. The annual interest rate is 4.5%. The student must begin repayment within six months after leaving school or after falling below half-time enrollment status. A minimum enrollment of and attendance in six credit hours throughout the loan period is required. All academic year loans must be released in at least two disbursements. The second disbursement must be after the midpoint of the loan payment period (academic year). If the first disbursement occurs after the midpoint of the loan period, the lender may send the total amount in one disbursement. Information on amounts students may borrow is available from Financial Aid. If you borrow, you must receive entrance counseling about borrowing. You must also receive exit materials when you leave the College or fall below half-time enrollment status. Delivery of loan funds to eligible students who have been awarded and complete all necessary paperwork before the start of a semester is scheduled to begin during the week before each semester. Once a semester is underway, loan refunds are usually available to students within 3 days after the lender disburses the funds to the College. Students may cancel their loan at any time during the process including up to 14 days after loan funds are applied to the
Federal Direct Stafford Student Loan (Unsubsidized)
The Federal Unsubsidized Direct Stafford Loan is a low interest loan that is non-need based. The federal government does not pay the interest on the loan while the student is in school or during other deferment periods. These loans are guaranteed by the U.S. Department of Education. The student must begin repayment of interest within 60 days of final disbursement of funds for the loan period unless the lender agrees to allow interest to accrue. Principal and interest payments must begin within six months after you graduate or fall below half-time enrollment status. A minimum enrollment of and attendance in six credit hours throughout the loan period is required. Information on amounts a student may borrow is available from Financial Aid. The same rules for disbursement, release of funds, and cancellation which apply to the Subsidized Direct Stafford Loan also apply to the Unsubsidized Direct Stafford Loan. The interest rate on these loans is fixed at 6.8%. Students must meet previously described satisfactory academic progress, default and repayment criteria as required by Federal Title IV regulations.

Federal Direct Parent Loan for Undergraduate Students (PLUS)
Federal Direct PLUS are for parent borrowers of dependent students. The Loan provides additional funds for educational expenses and, like Direct Stafford Loans. The annual interest rate for the Loan is 7.9%. Repayment of Federal Direct PLUS begins 60 days after receiving the last disbursement of the loan period or as agreed upon by the borrower and lender. A minimum enrollment of six credit hours is required of the student throughout each loan period. Information on parent borrowing is available from Financial Aid. Parent eligibility for a Direct PLUS is based on the student’s eligibility for Federal Title IV Aid and on the parent meeting certain eligibility criteria. The same rules for disbursement, release of funds, and cancellation which apply to Direct Stafford Loans apply to Direct PLUS. Amounts are based on cost of attendance minus all other resources expected for the student. Parents must not be in default on student loans or owe a repayment to federal grant programs.

Federal Work-Study (FWS) Employment
Funded by the federal government, this program provides jobs for students who are eligible for need-based financial assistance. The amount of the offer dependson the student’s need, the availability of funds for the program, and the amount of assistance the student receives from other programs. Students generally work 10 to 20 hours per week during each semester. Students are paid monthly. Amounts Per Academic Year range from $2,400 to $4,800. If remaining need exists and funds are available, the amount may be increased to allow a student to continue a job. The College provides a limited number of opportunities for students to work community service jobs including reading and math tutoring. Interested students should contact Financial Aid about Federal Work Study and/or community service positions. Federal Work Study students must maintain satisfactory academic progress, not owe a federal grant repayment or be in default on a student loan. Students awarded FWS are mailed a FWS fact sheet with their award letter.

Oklahoma Tuition Aid Grant (OTAG) Program
The source of funds is the Oklahoma State Regents for Higher Education. A student must be an Oklahoma resident, meet financial need criteria and be making financial aid satisfactory academic progress, not be in default or owe a grant repayment. To apply, use the Free Application for Federal Student Aid (FAFSA). Students must be enrolled in a minimum of six credit hours each semester. This is a first-come, first-served, need-based program. Early application is essential. Initial eligibility is determined by the OTAG Program, not Oklahoma City Community College, and varies with the level of enrollment (part-time or full-time). Financial Aid must review and verify all eligibility criteria before final awards are made. Before funds are released, Financial Aid will review your final eligibility including attendance. Part time awards are a maximum of $378 per semester for 6-11 hours of credit. Full time awards are a maximum of $500 a semester for 12 or more hours of credit. Students are paid once a semester. Students awarded OTAG are mailed a fact sheet with their award letter. Students who are not Oklahoma residents should check with their home state education agency to determine if they are eligible for a grant from their home state. A list of state agencies can be obtained from “The Guide to Federal Student Aid”, and is available from the Financial Aid office.

Bureau of Indian Affairs (BIA) Tribal Grants
The source of funding is the BIA and the amounts are determined by each tribe. To apply, a student must complete the Free Application for Federal Student Aid (FAFSA) and appropriate applications provided by their tribe. Students are responsible for contacting their tribal agency to determine eligibility requirements and deadlines. Students should file the FAFSA and contact their tribe as early as possible before a semester. Tribes usually send funds to the College Bursar Office once each semester for disbursement to the student’s account. Once funds are on the account, any credit balance is available to the student as a refund.

Oklahoma Higher Learning Access Program (OHLAP)
Oklahoma's Promise
OHLAP is a financial assistance program offered by the State of Oklahoma. The Oklahoma Higher Learning Access Program pays for tuition costs for qualified students. Individuals may begin participation in this program in the eighth grade, but must do so by the start of the tenth grade. Participants must meet specific program criteria to maintain eligibility while in high school. When the individual begins attending college, the college will bill the State of Oklahoma for actual tuition each semester. Students must maintain their eligibility by meeting Regent’s grade point average requirements. Students who receive additional types of student financial assistance, covering tuition can receive a cash disbursement once OHLAP funds are paid to the College by the State of Oklahoma. OHLAP eligible students should notify Student Financial Aid as early as possible before they begin attendance, preferably when they register for each semester. Submit your class schedule to the Financial Aid Office. OHLAP funds from the state are usually disbursed to the student’s account once each semester. Any credit balance on the account after all charges are paid will be available to the student as a refund. Oklahoma City Community College awards a scholarship to qualified OHLAP students during each semester of eligibility, which pays for mandatory fees: assessment, technology, facility use, student activity. Other fees will be the student’s responsibility.

National Guard Tuition Waiver Program
The Oklahoma National Guard Tuition Waiver Program authorizes the waiver of full tuition charges up to 18 credit hours each semester for students who are members of an Oklahoma National Guard Unit. National Guard members must complete the proper application form from their unit. The Oklahoma National Guard submits a roster of eligible students to OCCC. The National Guard member must be attending a state-supported college or university and have not yet earned a baccalaureate degree. Benefits continue for six years from the date of the first application for the tuition waiver.

Veterans Services
Oklahoma City Community College’s associate degree programs of education and training are approved for payment of benefits by the Veterans Administration. Assistance in completing VA paperwork, and certification of enrollment for VA benefits is available. In addition, special advising and referral services are available to individuals receiving veterans benefits. For additional information on Veterans Services, contact the Veterans Certification Office at (405) 682-7694 or 7695, or visit our web page at www.occc.edu/financialaid/veterans.html. Payment of VA Educational Benefits is made by the VA directly to the student once the College certifies the enrollment and number of credit hours. Payments are normally made on a monthly basis. Students must be actively pursuing a degree program and begin attendance in the courses for which benefits are certified each semester. Veterans under Chapter 33 Benefits will have their tuition/fees paid by the VA directly to the college.

Effective July 1, 2010, the Iraq and Afghanistan Service Grant is available to students whose parent or guardian died as a result of military service in Iraq or Afghanistan after 9/11/2001. Students must be under the age of 24 years old or enrolled in college at the time to be eligible. The award amount will be equal to the maximum Pell Grant for that academic year.
Study Abroad Programs

Students enrolled and attending study abroad courses through Oklahoma City Community College may be eligible for Federal Title IV Student Financial Assistance as long as the course(s) are accepted for credit in the students’ degree program at Oklahoma City Community College. Students should check with Financial Aid to establish their eligibility well in advance of the need for funds to assist with their attendance in a study abroad course. Otherwise funds will not be ready when needed. If a student has received the maximum amount of funds from programs for which they are eligible during the award year, they may not be able to receive funds to cover costs of a study abroad program.

Special Topics

Students, prospective students and/or parents seeking information on the following topics may access the Student Financial Aid web page at www.occc.edu/financialaid to review a variety of student financial assistance fact sheets including these special topics:

- Academic Competitiveness Grant
- Costs of Attendance
- Satisfactory Academic Progress
- Financial Aid policy for awarding Federal Title IV Student Financial Assistance (Packaging)
- Financial Aid policy for payment procedures
- Requirements for return of Federal Title IV Aid for students who totally withdraw, never attend class, or have not successfully completed all courses.
- Eligibility requirements for students wishing to study abroad and receive Federal Title IV Aid
- Deferment and cancellation provisions for student loan borrowers

Satisfactory Academic Progress Standards

Each student applying for Federal Title IV and/or state tuition grant assistance (OTAG) is subject to these general standards for academic progress. The three general standards, in accordance with U.S. Department of Education regulations governing Title IV financial aid programs evaluate qualitative and quantitative criteria and are listed below. A student’s Financial Aid Satisfactory Academic Progress must be evaluated even if they have never received federal or state student aid. The financial aid programs to which these standards apply are Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (SEOG), Federal Academic Competitiveness Grant (ACG), Federal Stafford Loans, Federal Parent Loan, Federal Work Study (FWS), and the Oklahoma Tuition Aid Grant (OTAG). This policy is provided with your award letter to help you understand requirements for maintaining your eligibility for Federal Title IV program funding.

Standards Evaluated: Includes both current and transfer students

Grade point average: Academic progress determined by Registrar’s office each semester. Students not making progress toward graduation as determined by the Registrar will be ACADEMICALLY SUSPENDED and unable to enroll in classes. Grade point average is evaluated each semester and summer term by the Registrar.

Attempted credit hour completion rate: 66% successful completion rate evaluated each semester at OCCC for coursework taken at OCCC that semester.

Maximum hours or semesters to complete a degree or certificate: Over 90 credit hours attempted toward a degree or over 45 credit hours toward a certificate program or student’s with a previously earned associate, bachelors, masters or graduate/professional degree evaluated each semester including all transfer credits currently on the College database.

Grade Point Average (GPA) indicating progress toward a certificate or degree as determined by the College Registrar. Students suspended by the Registrar for any semester are unable to enroll, will be dropped from enrollment and are not eligible to receive financial assistance. Students must appeal ACADEMIC SUSPENSION through the Registrar’s office.

Successful completion rate of at least 66% of credit hours attempted:

Successful completion includes grades of (A, B, C, D, P, S, and CIP).

Attempted credits not considered successful are grades of (F, AW, W, I, NP and U). Attempted credit hours are those that a student is enrolled in at the close of the schedule adjustment period each semester. Remedial courses are counted as attempted credit hours for purposes of calculating completion rate. A grade of I, once it is changed due to course completion, will then be considered in evaluation of progress. Students must notify Financial Aid in writing once the grade is changed. A student may not retake a course more than twice (a total of three times) and continue to receive funding for that course. The only time a student may retake a course is if the grade previously received will not meet requirements to be counted toward the student’s program of study or graduation requirements. Formula: Completion Rate = Credit Hours Successfully Completed divided by Credit Hours Attempted.

A student who has a cumulative course completion rate less than the required 66% at the close of any semester will be placed on FINANCIAL AID NOTICE for the next semester. However, if your semester course completion rate is 66% or greater you will remain SATISFACTORY during the next semester. You will be notified by mail or email. Students placed on FINANCIAL AID NOTICE remain eligible for Federal Title IV assistance.

A student placed on FINANCIAL AID PROBATION who has a cumulative course completion rate less than the required 66% at the close of their next semester of enrollment will be placed on FINANCIAL AID SUSPENSION for their next semester. However, if your semester course completion rate is 66% or greater you will remain on NOTICE during the next semester. You will be notified by mail or email. A student on FINANCIAL AID NOTICE who achieves a 66% or greater completion rate during their next semester of enrollment will be placed on FINANCIAL AID SATISFACTORY STATUS.

A student who is on FINANCIAL AID PROBATION remains eligible for Federal Title IV assistance. A student on FINANCIAL AID PROBATION who does not earn a 66% cumulative course completion rate during the next semester of enrollment will be placed on FINANCIAL AID SUSPENSION. A student on FINANCIAL AID SUSPENSION is not eligible for Federal Title IV assistance. You will be notified by mail or email. However, if your current completion rate is 66% or greater you will remain on PROBATION during the next semester.

Transfer Students: Students who have attended other colleges, universities, or technology centers will have their transfer credits listed on the College database evaluated as part of any review of their eligibility. Students are expected to submit transcripts from previous schools attended as required by College policy. Those who have not met standards of satisfactory academic progress established in this document based on transfer credits and coursework at OCCC will be placed on FINANCIAL AID SUSPENSION and are not eligible for financial assistance. Students may appeal this decision by completing an appropriate appeal form from the Financial Aid Office. You may download appeal forms from the OCCC Financial Aid Office webpage. You will be notified of the results of your appeal by letter from a Financial Aid Advisor.

Maximum Credit Hours Attempted: Completion of an associate degree within 90 credit hours attempted from all schools attended or a certificate within 45 credit hours attempted. Remedial courses are not counted toward the maximum credit hours attempted to earn a degree or certificate; however, grades in college credit courses (transfer and OCCC) are counted toward the maximum number of credit hours attempted with grades (A, B, C, D, S, P,CIP, U, AW, I, or W).

Students transferring to OCCC will have all previous college level coursework taken and on the College database counted as credit hours attempted toward the maximum allowable hours (90 or 45). Official copies of transcripts should be on file in the Registrar’s Office for evaluation as required by College policy.

Students transferring to OCCC and OCCC students who have earned an associate, bachelor, masters, or graduate/professional degree or who have total credit hours attempted which exceed the maximum established for an associatedegree (90) or certificate (45) must appeal for CONTINUED
ELIGIBILITY (CE) and be approved for assistance. You will be mailed the appropriate appeal form. You must state your program of study (major) on the appeal form and submit it to the College Graduation Office for evaluation. The Graduation Office will inform Financial Aid of the number of credit hours remaining for you to complete your program. Each appeal is considered on a case-by-case basis. The student’s complete academic history and their educational plans will be reviewed and evaluated by a Financial Aid Advisor, to arrive at a proper decision. You will be notified by mail or email of the decision.

- Courses not counted in calculating financial aid payment are not counted in evaluating Financial Aid Academic Progress:
- Course credits earned by Advance Placement testing
- Courses taken on audit basis. Students who change to audit status after being paid will be required to repay funds received for the audited course.
- Courses classified as Intensive English (IE) or English as a Second Language (ESL)
- Courses classified as Recreational and Community Service (RCS)

**Regaining Eligibility After Being Placed on Suspension**

1. Students placed on Academic Suspension by the College Registrar for low GPA must appeal through the Registrar’s Office. You must notify Financial Aid of the change in your academic status. Financial Aid will then reevaluate your eligibility for Federal Title IV assistance. You will be notified in writing of the result of your appeal. All satisfactory academic progress criteria will be evaluated not just GPA.

2. Students who have not maintained a course completion rate of 66% and were placed on **FINANCIAL AID SUSPENSION** may appeal for a change of status to **FINANCIAL AID PROBATION** for the next semester.

3. Students who have exceeded the maximum number of credit hours attempted for a degree (90) or certificate (45) or those who have previously earned an associate, bachelor, masters or higher degrees may appeal for a status change to **FINANCIAL AID SATISFACTORY STATUS**.

4. In addition to the Financial Aid Office appeal process, students who have been suspended for a less than 66% completion rate may earn their way off suspension by taking at least six (6) credit hours in one semester or summer term and successfully complete all 6 of those credits without receiving Federal Title IV student financial aid. Students who take more than 6 credit hours in one semester must complete 60% of those credits without receiving financial aid. **EXAMPLE:** 9 hours attempted and 6 hours successfully completed is equal to 66%.

Students who earn their way off **FINANCIAL AID SUSPENSION** or have been reinstated by the Registrar must notify the Financial Aid Office to request a review of their eligibility. Upon review and if approved, a student will be placed on **FINANCIAL AID PROBATION STATUS**. You will be notified in writing by mail or email of the result of your appeal.

The Oklahoma City Community College Financial Aid Office Satisfactory Academic Progress Standards can be found in the college catalog and is in the College Student Handbook. A copy may also be downloaded from the Financial Aid Office web page at www.occc.edu/financialaid. You may contact the Financial Aid Office for clarification of any questions at (405) 682-7525.

**Federal Return of Funds Regulations**

**INTRODUCTION**

Federal regulations for students who receive Federal Title IV financial assistance require the OCCC Financial Aid Office to perform a calculation to determine the dollar amount of “unearned” and “earned” funds for students who officially or unofficially withdraw from a payment period (Fall, Spring, Summer).

Oklahoma City Community College is still required to calculate a refund of tuition and fees by Oklahoma State Regents for Higher Education Policy as stated on the student fee statement, in the class schedule, catalog, and student handbook published by the college. A student who withdraws from a payment period during the published add/drop date receives a full refund of tuition and fees. After the add/drop date there is no refund. The college keeps 100% of tuition and fees.

**How to withdraw from a course at OCCC**

Students may officially drop courses or totally withdraw from the College in person at Registration Services (Main Building first floor) or online at www.occc.edu. If a student needs further assistance, he/she can call 405-682-7512.

**Total Withdraws before 60% of the semester**

If a Federal Title IV financial aid recipient completely withdraws from OCCC before they reach the 60% point of time which they were paid, a calculation has to be completed to determine “unearned” and “earned” funds. The school and the student may be required to return funds to one or more programs in the following order:

1. 1st Unsubsidized Federal Direct Stafford Loan
2. 2nd Subsidized Federal Direct Stafford Loan
3. 3rd Federal Direct Plus Loan
4. 4th Federal Pell Grant
5. 5th Federal Academic Competitiveness Grant
6. 6th Federal SEOG

Calculation of “earned” funds is based on the exact number of calendar days the student attends before the total withdrawal, as determined by the school, and the exact number of calendar days in the payment period (semester). This percentage of time spent in attendance is the percentage of federal funds the student has earned. Other funds received are “unearned”.

If it is determined, after the calculation, that the college must return a portion of Federal Title IV financial assistance which covered the student’s institutional charges, (tuition, fees, and any books and supplies charges the student authorized to be deducted from their Federal Title IV assistance) the student will be billed for the amount the college had to return.

If it is determined, after the calculation, that the student must also return a portion of federal funds, OCCC will return any “unearned” portion owed by the student. The student’s bursar account will be debited for the amount returned by Oklahoma City Community College.

If OCCC and/or the student are required to return any “unearned” Federal Title IV financial aid, the student will be notified of the amount returned and the program the funds were returned to.

Earned federal funds are determined for all recipients of Federal Title IV funds who totally withdraw from school before they reach the 60% point in the period of time for which they were paid. Normally this will be a sixteen week semester and 60% will be through approximately 10 weeks.

After the 60% point in the payment period, no return calculations are required for students who officially withdraw. There is a definite advantage to staying in school in order to “earn” the funds a student received. Check with the Financial Aid Office for the exact date of the 60% point each semester.

**All Failing Grades (Grades with a status of W,F, U and/or I) for the payment period (semester)**

Financial Aid is awarded to students with the expectation that they will attend classes for the entire semester or payment period. Students who cease attending classes but who do not officially withdraw will be considered as having unofficially withdrawn.

When a student fails to earn a passing grade in at least one course during the payment period, OCCC Financial Aid Office must assume that the student has unofficially withdrawn. Students who received Federal Title IV financial assistance and who receive all failing grades will be subject to the Return of Funds policy. These students will be sent a notification and will have ten days to respond to the Financial Aid Office if they attended past the 60% point of the payment period (semester). If notification from the student is received,
the Financial Aid Office will request confirmation from the professor or department. If the professor or the department is unable to document that the student attended past the 60% point of the semester, then a calculation will still be required by the Financial Aid Office. Students will be calculated using the 50% point of the payment period unless the Financial Aid Office receives documentation from a professor or department stating otherwise.

After the calculation is performed, OCCC Financial Aid Office will return any “unearned” Federal Title IV financial aid within 45 days and the student’s bursar account will be debited for the amount returned by OCCC. The student will be notified of the amount returned and the program the funds were returned to.

**EXAMPLE - BASIC CALCULATION**

- Payment period is 113 calendar days. Student stays 54 days and withdraws.
- Student stayed 47.8% of the number of payment period days. 52.2% unearned.
- Student tuition and fees for payment period totals $547.20.
- Federal funds disbursed to the student during payment period
  
  $1,312.00 Subsidized Stafford Loan (SSTE)  
  $1,562.00 Pell Grant
  
  $2,874.00 Total x 47.8% = $1,373.77 earned aid

- Since “earned” aid is less than disbursed aid, funds must be returned.
- $2,874.00 disbursed aid - $1,373.77 “earned aid” = $1500.23
- “unearned aid”
- It is assumed by regulations that Federal Title IV funds paid for college charges (tuition / fees).
- The school pays the lesser of the total unearned aid ($1,500.23) or the “unearned” college charges $547.20 x 52.2% = $285.64.

- Therefore, the College must, by regulation, return $285.64 to the lender since the loan funds are returned before grant funds and the school pays its share first.

- Once the school repays its “unearned” share ($285.64), the remaining unearned share ($1,214.59) must be returned (repaid) by the student.

- Of the remaining loan amount to be paid ($1,026.36) the student by regulation will repay the usual monthly repayment by the terms of the loan promissory note. There is no immediate repayment of loan funds required.

- The remaining amount of the student’s unearned share ($1,214.59 - $1,026.36) is $188.23; however, by regulation, 50% of all Title IV grant aid disbursed plus Title IV grant aid awarded that could have been disbursed is protected. In this example, the Federal Title IV grant aid awarded was $1562 and it was all disbursed.

- Therefore $1562 x 50% = $781 is protected.

**If a Student Fails to Begin Attendance**

If a student fails to begin attendance in one or more courses after receiving Federal Title IV financial assistance, OCCC is required to return some or all of the funds depending on the Federal Title IV financial aid disbursed. Students who are reported as failing to begin attendance will be sent a notification from the Financial Aid Office. The student will have 10 days to respond if they believe the report was made in error and the Financial Aid Office will confirm attendance with the professor or department. If the professor or department is unable to confirm that the student began attendance, OCCC is required to return funds to the respective Federal Title IV programs within 45 days from the date the notice was received.

If OCCC is required to return Title IV financial aid funds for a student who never begins attendance in one or more courses, the student’s bursar account will be debited for the amount returned by OCCC. The student will be notified of the amount returned and the program the funds were returned to. For a student who receives Pell, ACG, FSEOG, and never begin attendance in any course during the payment period, OCCC is required to return all funds disbursed to the respective programs. For a student who receives Direct Loan funds and never begins attendance in any course, OCCC is required to return Direct Loan funds that were credited to the student’s account for the payment period. Additionally, OCCC Financial Aid Office must return the amount of any payment made by the student or on behalf of the student during the payment period (not to exceed the amount of the loan disbursed). If a student begins attendance in some courses, but not all, OCCC Financial Aid Office may be required to send back Pell and Direct Loan funds pending on the student’s enrollment level.

**Post-Withdrawal Disbursement**

If a student who is eligible to receive Federal Title IV financial assistance withdraws from OCCC after beginning attendance, the Financial Aid Office must determine the amount of Title IV grant or loan assistance earned by the student. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a Post-Withdrawal disbursement (PWD). If any of the following conditions have been met below, the aid will be included in the “aid that could have disbursed” section of the calculation to determine if an post-withdrawal disbursement is due:

1. For all programs except PLUS, the U.S. Department of Education processed an Institutional Student Information Record (ISIR) with an official Expected Family Contribution (EFC);
2. For a FSEOG award, OCCC made the award to the student;
3. For a Direct Loan, OCCC certified the loan and student completes a MPN prior to PWD calculation;
4. For ACG, the student was enrolled at least half-time and met other eligibility requirements.

OCCC Financial Aid Office may apply a post-withdrawal disbursement to a student’s bursar account to cover institutional charges and other charges for which the student has submitted appropriate authorization. Any amount not applied to institutional charges must be offered to the student (or parent, in the case of a PLUS loan) as a direct payment. The Financial Aid Office may apply a post-withdrawal disbursement to pay minor prior-year charges (not to exceed $200), as long as the institution has the necessary authorization from the student (or parent, in the case of PLUS proceeds). The Financial Aid Office must offer a post-withdrawal disbursement in writing to the student (or parent, in the case of a PLUS loan) but is not required to make the disbursement if the student does not reply to the offer within fourteen (14) calendar days from the date of the offer. When a loan is offered, the notification contains language reminding the student of the loan obligation should he or she choose to receive it. If the Financial Aid Office receives a late response (after the 14 day deadline) accepting a post-withdrawal disbursement, the Financial Aid Office can choose whether or not to disburse and will notify the student if the decision is to not disburse the funds.

Students who have questions about withdrawing from a course or total withdrawal from the College can call the Financial Aid Office for information about the impact of withdrawing on their future financial assistance eligibility. Please call at (405) 682-7525.

**SCHOLARSHIPS**

Oklahoma City Community College’s scholarship program is funded through private donors, state agencies, endowments, foundations, etc. Students may qualify by demonstrating scholastic ability, leadership, academic promise and/or economic need. Some scholarships may have requirements as specified by the donor or fund source. For more information, visit our web site at www.occc.edu/admissions/fa.html or contact the Office of Recruitment and Admissions at (405) 682-OCCC (6222).

**High School Scholarships**

The Regent’s Scholars Program, a two-year scholarship (tuition and book allowance); the Presidential Scholarship Program, a two-year scholarship (tuition and book allowance); and the Freshman Scholarship, a one-year
scholarship (tuition only) are available for recent high school graduates. Eligibility requirements may vary for these competitive scholarships. For more information and scholarship application forms, contact the Office of Recruitment and Admissions at (405) 682-0CCC (6222), or visit our web site at www.occc.edu/admissions/fa.html.

Career Development Scholarship
The Career Development Scholarship is available to new and current adult students who wish to further their career through education. This scholarship may provide six credit hours of waived tuition or a book allowance in the student store. For more information or scholarship application forms, please contact the Office of Recruitment and Admissions at (405) 682-0CCC (6222), e-mail psti@occc.edu, or visit our web site at www.occc.edu/admissions/fa.html.

Tuition Waiver Scholarships
Tuition Waiver Scholarships are available to new, current, and concurrently enrolled students. Tuition waivers are awarded based on financial need, academic achievement and talent. Interested students may contact Financial Aid for more information. Need-based waivers are generally awarded by Financial Aid while academic and talent waivers are awarded by the various academic departments of the College and by the College administration. Applications are available at Financial Aid based on a deadline date for each semester published in the student newspaper. Students should watch for these notices. For more information, call (405) 682-7525. Prospective and current students must be Oklahoma residents, be enrolled half time as defined by the College Registrar. Continuing students must maintain at least a 2.00 grade point average. Each academic department sets its own GPA requirements for merit and talent waivers. Awards are made semester by semester and applied to the student’s Bursar’s account.

External Scholarships
The Office of Recruitment and Admissions assists students in searching for and applying for externally funded scholarships. Students may register with this office and will be notified as external or private scholarship funds become available. For more information, call the Office of Recruitment and Admissions at (405) 682-0CCC (6222), or visit our web site at www.occc.edu/admissions/fa.html.

Concurrent Enrollment Scholarships
High school seniors who meet institutional requirements for concurrent enrollment (see “Admissions”) are eligible to enroll in up to 6 credit hours per semester without paying tuition. Tuition will be waived at the time of enrollment. For more information contact Recruitment and Admissions at (405) 682-7533.

TESTING AND ASSESSMENT

Test Center
The Test Center provides course-related and assessment testing in a secure and comfortable state of the art environment. Staff members are available to acquaint students with testing procedures and to assure that students are taking the appropriate tests. The Test Center hours of operation offer students convenience and flexibility. For more information, contact Testing and Assessment Services at (405) 682-7531 or go to www.occc.edu/ACS/testingCenter.html.

ACT Testing
Oklahoma City Community College is an ACT Assessment Test Center and administers the test on a regularly scheduled basis with results normally available on the next day. Residual testing is available to students planning to enroll at Oklahoma City Community College. Students considering other colleges must test on a national test date or residually at the school they plan to attend. Residual test scores cannot be transferred from one college to another. Registration packets for national testing and information about residual test schedules are available in the Testing and Assessment Services office. For more information call Testing and Assessment Services (405) 682-7531 or go to www.occc.edu/ACS/act.html.

GED Classes and Testing
Oklahoma City Community College offers Adult Basic Education (ABE)/General Educational Development (GED) classes and GED testing. Individuals interested in taking classes to prepare for the GED test should contact the Office of Community Outreach and Education 682-7873 for enrollment information. Assessment is required prior to enrollment in ABE and GED classes.

Individuals who are ready to take the GED test may contact Testing and Assessment Services to complete an application for the test. Proper photo identification, proof of age, and proof of residency are required to apply for testing. Once the application is completed, it is submitted to the State Department of Education. The individual must pay the testing fee at the Bursar’s Office and follow the testing procedure.

For information on test dates, fees, and test registration, contact Testing and Assessment Services at (405) 682-7531 or go to www.occc.edu/ACS/gedinfo.html.

Test of English as a Foreign Language (TOEFL)
The Test of English as a Foreign Language (TOEFL) is an examination designed to show how well students for whom English is a second language read, write, and understand English. This test may be used to determine admission status to a college. The TOEFL is available under two separate programs: the International Testing Program and the Institutional Testing Program.

Oklahoma City Community College offers only the institutional test, which is designed for students seeking admission to this College. The scores cannot be transferred to another college. If students are unsure about their college plans or would like scores sent to another college, they should take the International Testing Program.

Registration information for the International tests is available at www.toefl.org. (toefl.org)

For registration and fee information for the institutional test and a list of current test dates, contact Testing and Assessment Services at (405) 682-7531 or go to www.occc.edu/ACS/toefl.html.

SERVICES FOR STUDENTS

Bookstore
The Bookstore makes available to students the textbooks and other materials directly related to their courses. A complete selection of supplies and novelties is also available.

Checks may be cashed in the Bookstore for $20 with a current student I.D. card. Also, there is an automated teller machine (ATM) located outside the Bookstore.

A “Book Buy Back” period will be held the last week of classes for fall and spring semesters and the last three days of classes for the summer semester. Typically, limited quantities of current edition textbooks to be used in the next major semester will be bought, provided they are in clean condition and the Bookstore is not overstocked. The Bookstore does not buy old editions, books not selected for the next semester, books in poor condition, overstocked titles, books with software licenses or online passcodes, and learning packets.

The Bookstore reserves the right to: (1) determine the titles to be purchased; (2) determine the quantity to be purchased; and (3) determine the price to be offered.
Career Transitions

Career Transitions (CT), in cooperation with the Oklahoma State Regents for Higher Education (OSRHE), and the Oklahoma Department of Human Services (OKDHS), equips and/or assists OKDHS-referred participants in obtaining life skills and educational training (college certificates and/or associate degrees) that lead toward employment and self-sufficiency. With collaborative support from the community, Oklahoma City Community College departments, local businesses and industries, CT provides participants with short-term educational training, job readiness skills and worksite experience that lead to employment.

CT participants follow an Individualized Education and Employment Plan (IEEP) and attend 35 hours of skills development activity, educational training and work related activities each week. Students participate in educational activities related to their career and employment goal. Core instruction areas include job readiness skills, computer literacy, personal management, and vocational training. The CT Multimedia Classroom and Computer Lab provide individualized tutoring and assistance in exploring each student’s personal interests and training needs. Students can participate in short-term training programs such as Pharmacy Technician Certification and office support which qualifies for work skills. Students are also eligible to participate in and/or complete short-term credit college certificates and/or training leading to an associate degree. Additionally, student training programs are developed to address the special needs of individual employers in the greater Oklahoma City area. Assistance is provided by Career Transitions staff and OCCC Employment and Career Services staff in identifying employment opportunities. After employment, participants are supported through follow-up support activities by CT staff and/or other community partners.

The Career Transitions office is located on the second floor of the Main Building in area 2P8 and 2R8 and can be contacted by telephone at (405) 682-7844, fax (405) 682-7824, or on the web at www.occc.edu/career.

College Union

Students, community organizations, and business groups make use of the facilities and services available in the College Union. Meeting areas and conference rooms are available for large and small groups. The food service operation provides grill service and catering, as well as cafeteria dining. Students are encouraged to use College Union Rooms 4 and 6 for small study groups or informal gatherings.

Community Outreach and Education

Community Outreach and Education, located at the Family and Community Education Center, 6500 S. Land Ave. Oklahoma City, OK, 73159, offers non-credit programming that includes adult continuing education classes, College for Kids, ACT prep workshops and senior friendly classes. Classes meet throughout the Oklahoma City Metro Area. For more information about classes and programs, call (405) 682-7859 or (405) 682-7873 or visit the web site at www.occc.edu/coe.

College for Kids

College for Kids is a dynamic year-round educational program for children. Subject groups include music, drama, science, math, language, arts and crafts, reading and writing.

ACT Prep Workshops

The ACT® test assesses high school students’ general educational development and their ability to complete college-level work. The ACT is a curriculum-based test and universally accepted for college admission. Community Outreach and Education offers ACT preparation workshops that will review terminology, concepts and test-taking tips. Students will also become familiar with the test structure through practice tests.

Adult Continuing Education Classes

Community Outreach and Education is dedicated to the belief that lifelong learning helps adults acquire the knowledge, skills, and values needed to lead productive and satisfying lives. Non-credit classes in the areas of dance, music, Spanish, sign language, and computer literacy are offered free or at a low cost in various community locations throughout the year. These classes are senior friendly. All adults are welcome ages 18 and up.

Adult Learning Center (GED and ESL)

The Oklahoma City Community College Adult Learning Center provides free General Education Development (GED) and English as a Second Language (ESL) classes to community members throughout the Oklahoma City metro area. Classes meet twice a week for six hours. Morning, afternoon and evening classes are available at the following locations: Oklahoma City Community College, Crooked Oak High School, Edmond Central Middle School, Midwest City Library, Edmond Public Library, Southern Nazarene University, Francis Tuttle Rockwell Campus, Francis Tuttle Reno Campus, Exchange Baptist Church, Western Oaks Middle School, Putnam City Even Start, Lakeview Park Church of the Nazarene, Warr Acres Library, Choctaw Library, Del City Community Center, Rose State College, Putnam City Academy, Latino Community Development Agency Capitol Hill Center, Mid-Del Technology Center and Eastern County Technology Center. Students must be at least 16 years old and attend a new student orientation prior to enrollment.

Counseling

Student Support Services houses licensed professional counselors to provide a confidential process to assist students in gaining a greater understanding of self and relationships in order to benefit from educational opportunities. The counselor will also provide referrals to appropriate community services as needed and provide individual and group opportunities to address a variety of issues that can interfere with student success.

For more information contact Student Support Services at (405) 682-7520.

Degree Check/Audit

Students may request a degree audit in the Office of Academic Advising. The degree audit allows the student and the academic advisor to work together to know what coursework remains to be completed to fulfill the requirements for a degree or certificate. A degree audit is also available to students at mineonline.occc.edu.

All degree or certificate-seeking students are encouraged to request a degree audit when they have completed 20 credit hours of work in a declared major (including any intended transfer credit hours). Upon completing 45 credit hours in a declared major, students should apply for graduation by completing a graduation application, which is available in the Office of Records and Graduation Services and on the College’s web site at mineonline.occc.edu. Applications must be received by the end of the third week of a student’s graduating semester.

Drug Education

Drug information and referral services are provided through Student Support Services. New and returning students may pick up a pamphlet containing the following information in Recruitment and Admissions or in Student Support Services. The information is also available online at www.occc.edu/support/LearningSupport.html.

• Standards of conduct that prohibit the unlawful possession, use, or distribution of drugs and alcohol on campus or at campus activities (provided in detail in the Student Handbook).

• Description of the applicable legal sanctions under local, state, and federal law for unlawful possession, use or distribution of illicit drugs and alcohol.

• Description of health risks associated with the use of illicit drugs and the abuse of alcohol.

• Description of drug and alcohol counseling, treatment, and rehabilitation programs available to students in the area.

Information, counseling and referrals to community programs and services are also available. For further information, contact Student Support Services at (405) 682-7520.
Early College Awareness

The goals of the College’s Early College Awareness program are to:

- Increase community awareness of the value of post-secondary education.
- Help inform parents and young people about college and careers.
- Encourage and assist parents and students as they set and plan for education and career goals.

These goals are achieved through the combined and integrated efforts of faculty, staff, and students as well as education, community, and business partners involved in several programs that are described below.

Concurrent Enrollment

High school students who wish to concurrently enroll can receive assistance with the paperwork and process through the Office of Recruitment and Admissions. On-site concurrent enrollment at the high schools is coordinated from the Office of Early College Awareness as well. For more information call (405) 682-7533.

Upward Bound Program

Upward Bound is a grant program funded by the U.S. Department of Education. The goal of Upward Bound is to encourage students in grades 9 through 12 to further their education in a post-secondary institution. The project currently serves youth at Capitol Hill, Douglass, Emerson, Moore, Southeast, U.S. Grant, and Westmoore high schools. The program provides support through personal, financial aid and career counseling, as well as through tutoring participants. Each summer, participants attend a six-week mini-college held at Oklahoma City Community College. Contact Upward Bound staff at (405) 682-1611, extension 7625 for more information.

Pathways Middle College

Pathways Middle College High School on the Oklahoma City Community College campus is an innovative alternative to traditional public schools and the result of a partnership between Oklahoma City Community College and Oklahoma City Public Schools. Students from Oklahoma City middle and high schools are referred by counselors or may seek entrance to the program on their own. This program, the only one of its kind in Oklahoma, is designed for students who have a strong desire to earn a high school diploma and a college degree. Opportunities are provided for students to participate in many College activities and programs. For more information, contact (405) 682-1611, extension 7840.

Retention Alert

Students who are not attending class or who are experiencing poor academic scholarship may be contacted by Student Support Services for an intervention. An intervention may include connecting the student with tutoring services, academic success workshops, counseling services, addressing learning strategies, or other appropriate resources. Students are encouraged to participate in these special programs designed to promote academic success. For more information, contact Student Support Services at (405) 682-7520.

Educational and Career Planning

Individuals who need assistance selecting a college program/major or setting a career goal, can get help in the Office of Academic Advising or in the Office of Student Employment and Career Services. Career assistance is available for students who are just beginning the college experience, as well as those who are experiencing uncertainty after selecting a program/major. For more information, contact the Office of Academic Advising at www.occc.edu/acs or call (405) 682-7535 or the Office of Student Employment and Career Services at www.occc.edu/es or call (405) 682-7519.

Student Employment and Career Services

To assist with the successful transition from the classroom to the workplace, Oklahoma City Community College provides resume and cover letter writing assistance, interview preparation, and job seeking events and services for students and graduates.

Opportunities are available for on and off campus employment. Students and alumni may register on the campus job board at www.collegecentral.com/occe to view jobs and internships. Students register their Access ID as their 7-digit student ID number, and alumni register with the letters AL, then the last 5 digits of their social security number. Assistance in creating resumes and cover letters, as well as interviewing skills development is provided. Fall and spring Job Fair and Health Job Fair events for current students, alumni and community members are also presented. The Office of Student Employment and Career Services is located on the 1st floor of the Main Building, adjacent to Student Life. For more information about any of these services, call (405) 682-7519 or visit www.occe.edu/es.

Health Services

The College provides information about health issues and access to health providers in the Student Support Services office. Resources include information about specific student health insurance companies. For more information, contact (405) 682-7520 or visit the website at www.occe.edu/support/Health.html.

Keith Leftwich Memorial Library

Located just northeast of the Main Building, the Library is open nearly 90 hours a week for use by Oklahoma City Community College students, staff, faculty and members of the community. Students have direct access to library holdings of more than 150,000 items that include books, serials, DVDs, CDs, microfiche, maps, videos and online databases. The Library provides over 80 computers to access the web based online catalog and tens of thousands of online magazine and newspaper full text articles and citations. Login is required for computer use. Students must use their MineOnline/student email user name and password. Guests must show a valid state/federal photo ID at the Circulation Desk for a guest pass. The Library has small-group study rooms for groups of two or more. Adaptive equipment for the visually and hearing impaired is also available.

To check out materials, students use their OCCC student ID cards. Non-students may apply for a courtesy card at the Library’s Circulation Desk. Students may “Ask a Librarian” questions through chat/text/phone or use the numerous online resources and video tutorials by visiting the Library online at www.occe.edu/library.

Learning Labs

Several learning labs are available for your use. You must present your current student I.D. card to use the labs. The following are a list of labs:

**Accounting Lab** - (405) 682-1611, ext. 7286
The Accounting Tutorial Center, located in area 2R1 of the main building, helps students enrolled in accounting courses develop and improve accounting knowledge and skills. Accounting tutors, computer-aided instruction, study guides, and practice sheets are available. Students have access to check figures for homework. Hours of operation are posted at the entrance of the center.

**Biological Science Center** - (405) 682-1611, ext. 7269
The Biological Science Center is an interdisciplinary area designed to accommodate the independent study needs of students in the biological sciences. Free tutoring is available and appointments are required for lab exercises.

**Center for Engineering and Advanced Technology Education (CEATE)** - (405) 682-2305
The Physical Sciences Center is an interdisciplinary area designed to accommodate the independent study needs of students in the physical sciences including chemistry and physics.

**Communications Lab** - (405) 682-1611, ext. 7379
Available for students needing help with basic reading and writing skills and essay construction.
Student Computer Center - (405) 682-1611, ext. 7397
Available for currently enrolled students who need help with any computer course or to receive computer support for other courses.

Math Lab - (405) 682-1611, ext. 7291
Available for students who need help with any math course or solving mathematical problems. Computerized tutorials are also available for your use.

Psychology Lab
The psychology lab offers students assistance in preparation for evaluation of their knowledge of course competencies. The psychology lab is open on a schedule that varies by semester. It is staffed by faculty as they are available, and students serving as supplemental instructors. Ten computer stations with appropriate software packages are also available in the lab. It is located in Room 1H6A of the Social Sciences Center.

World Languages and Cultures Center - (405) 682-1611, ext. 7362
Available for students who need help with foreign languages, English as a Second Language, or other cultures.

Program/Major Selection
Students decide upon a program or major when they are first admitted to the college. After an initial meeting with an academic advisor to clarify their degree selection, the student can request to be assigned a faculty advisor. The faculty advisor will work in conjunction with the Office of Academic Advising to guide the student through program curriculum and toward degree completion. Students wishing to change their program/major should contact an advisor in the Office of Academic Advising.

Certain programs have limited enrollment and a selective admissions process (e.g. Nursing) before being assigned a faculty advisor.

Recreation and Fitness
Recreation and Fitness is responsible for offering a large variety of non-credit classes, special events and activities on and off campus. The goal of Recreation and Fitness is to provide access to recreation, fitness, and aquatic facilities and programs and that will aid in the development of healthy lifestyles and foster a life-long devotion to fitness.

Recreation and Fitness also manages Oklahoma City Community College’s world class Aquatic Center, which hosts a number of national, regional and state swimming and diving events, as well as a variety of national and state aquatic conferences and training programs. The Aquatic Center is home to the Chesapeake Swim Club, and as many as eight local high school swimming and diving teams. The pool was built in 1989 as a host site for the U.S. Olympic Festival, and since then has held some of the world’s finest swimming and diving events.

For information concerning aquatic programs and events, please call the Recreation and Fitness Office at 682-7860.

Recreation
Non-credit recreational offerings include group fitness classes such as spinning, pilates, yoga, and land or water aerobics, swimming, diving, SCUBA and weight training. Oklahoma City Community College hosts a variety of water safety certification programs, and provides non-credit training in first aid, CPR, blood borne pathogens and AED courses, many of which help to meet requirements for entrance into the EMT, Nursing, OT and PT curricula. Recreation and Fitness also offers hundreds of classes and camps for children each year and specializes in offering quality youth sports programs such as basketball, soccer and T-ball. Students with children should look to OCCC to meet all their children’s activity and learning needs outside of school. Our adult basketball and volleyball leagues are open to the community. Open recreational times are available for students with current I.D. at no additional charge for use of the pool, gymnasium and weight room. Community members including families of students may access facilities with the purchase of a day pass, punch card or membership. Each of our facilities is available for rent including poolside birthday parties or group parties. Contact the Recreation office at (405) 682-7860.

Intramurals
A comprehensive intramural sports program is also available to Oklahoma City Community College students. Team sports such as flag football, volleyball, softball, and basketball are offered. Our club soccer team, which plays numerous other state and private colleges, is always seeking new athletes. Call today at (405) 682-1611, extension 7786, to find out when you can play or stop by the Wellness Center to learn more about our intramural activities.

Services for Students with Disabilities
Students who have disabilities, including those with mobility limitations, speech, hearing or sight impairment, learning, or other disabilities covered by the Rehabilitation Act of 1973 or the Americans with Disabilities Act of 1990, may receive reasonable educational accommodations.

To request accommodations, students with disabilities must go directly to the Office of Student Support Services where all disabilities must be verified with supporting documentation.

Student responsibilities may include:

- obtaining psychological/educational testing,
- providing other verifying documents,
- private tutoring (the College does provide learning labs where tutoring is available to all students), and/or
- personal attendant services, i.e. wheelchair attendants.

Contact the Office of Student Support Services for information on documentation needs and services available. Students are advised to make their request well in advance of the beginning of classes (especially advisable if the accommodation requires a textbook in an alternative format). Inquiries about reasonable accommodations for persons with disabilities can be directed to Office of Student Support Services at (405) 682-7520. Students with disabilities wishing to appeal decisions regarding accommodations planned or provided may request an ADA grievance form from the office of the ADA coordinator. Call (405) 682-7850 to request the form or go to www.occc.edu/Support/GrievanceForm.pdf.

Student Activities and Organizations
Various services are available to students through the Office of Student Life. This office provides a variety of student activities, cultural events, leadership programs, service opportunities, and student organizations on campus.

Student Activity fees fund the campus events offered through the Office of Student Life, and all students are encouraged to participate. Campus events include Student Organization Fair, the Halloween Carnival and the Student Leadership Retreat, lectures, and service learning opportunities. An activities calendar, giving specific information about student activities and other campus events, is available in the Office of Student Life, sent to student email accounts monthly, or on the Student Life homepage at www.occc.edu/studentlife.

Student handbooks are also available in various offices on campus including the Office of Student Life. All students are expected to be familiar with the information included in the student handbook. This important document outlines the full array of student services, facilities and activities available on campus. The student handbook describes the Financial Aid satisfactory academic progress policy, campus security information, parking procedures, the student conduct code, and student grievance and appeals procedures.

Clubs and organizations at Oklahoma City Community College range from career-related to special interest groups. The Leadership Council, similar to a student government, includes representatives from the various student organizations and academic areas and serves as a liaison group between the student body and College administration.

Whether a student has an interest in a special area, seeks to develop leadership skills, enjoys meeting people, or just wants to have fun, student activities and organizations on campus help enrich the college experience.
experience. For additional information about any of the following clubs and organizations, please contact the Office of Student Life at (405) 682-7523.

**Clubs and Organizations:**

- Advocates of Peace
- Asian Student Association
- Baptist Collegiate Ministries (BCM)
- Black Student Association (BSA)
- Chi Alpha
- Christians on Campus
- Club Rec
- College Democrats
- College Poets and Writers
- College Republicans
- Computer Arts and Technology Society (CATS)
- Engineering Club
- Future Alumni Network (FAN)
- Gay Straight Alliance (GSA)
- Health Professions Club
- Hispanic Organization to Promote Education (HOPE)
- Honor Society
- International Student Association
- Kappa Delta Sigma
- Latter-Day Saint Student Association
- Military Student Association
- Native American Student Association (NASA)
- Nursing Student Association
- Oklahoma Biotechnology Association
- Phi Theta Kappa (PTK) Honor Society
- Photography Club
- Political Science Association
- Psi Beta Honor Society
- Psychology Sociology Club
- Salam
- Society of Performing Artists
- Student Art Guild
- Student Emergency Medical Technician Association (SEMTA)
- Student Occupational Therapy Association (SOTA)
- Student Physical Therapist Assistant Organization (SPTAO)
- Students in Free Enterprise (SIFE)
- The Leadership Council (TLC)
- Transitions

**Student Publications**

The College publishes several student publications. These include a college newspaper, The Pioneer, available weekly at various locations around campus and online; a literary magazine titled Absolute, for sale at the Bookstore; the activities calendar, available from the Office of Student Life or via the Student Life homepage; and the student handbook, available in the Office of the Vice President for Enrollment and Student Services.

**Student Success Seminars**

Student success seminars provide students with information that will allow greater autonomy in their academic pursuits.

Student success seminars are periodically offered each semester. Topics dealing with domestic violence, handling stress, test-taking strategies, reducing anxiety, effective study strategies, time management, critical thinking, and so forth are presented on a rotating basis. For more information go to www.occc.edu/support or call (405) 682-7520.

**Success in College and Life Course**

Students will be introduced to some of the best practices for success in college and life. General topics include: making connections, time management, major and career exploration, setting educational, financial, and personal goals as well as other topics. It is a required course to be taken during a student’s first semester at OCCC.

**TRiO Programs**

OCCC administers two federally-funded programs designed to prepare students for college entrance and successful completion of a baccalaureate degree. All TRiO Program services are provided at no cost to eligible students.

TRiO SSS provides eligible OCCC students with academic and support services to ensure their successful transfer and/or completion of a baccalaureate degree. Services include peer tutoring, study skills training, time management skills, academic advisement, financial aid and scholarship assistance, and college transfer assistance. Additional services include peer mentoring, personal counseling, cultural awareness, and career exploration. Office: MB, Room 1X7. More information: 682-7865, www.occc.edu/sss.

TRiO Upward Bound is a pre-college program designed to provide support students grades 9 through 12 in their preparation for college entrance. Upward Bound currently serves students at Capitol Hill, U.S. Grant, Southeast, Santa Fe South, Emerson, Westmoore, Southmoore, Moore high schools and Pathways Middle College. Upward Bound provides students with academic and support services through personal, financial aid, and career counseling and academic tutoring. Each summer Upward Bound students attend a six-week mini-college held at Oklahoma City Community College. Office: MB, Room 1T7. More information: 682-1611, ext. 7625, www.occc.edu/upwardbound.

**Transfer Information**

Students who plan to transfer to another college or university after completing their courses or program of study at Oklahoma City Community College should consult regularly with an advisement professional and their faculty advisor for current information on transfer requirements. Students are additionally advised to consult with the college or university where they plan to transfer to ensure that they have up-to-date information on program and degree requirements. Also, several area institutions visit OCCC periodically and provide onsite advisement and information. The OCCC Transfer Center, which is located within Office of Academic Advising, also sponsors campus visits to various universities to provide students the opportunity to obtain information, get connected, and receive a campus tour. The OCCC Transfer Center also offers a transfer guide, filled with helpful information, to aid students in the transfer process. For additional information, contact the OCCC Transfer Center at (405) 682-7567 or go to www.occc.edu/TransferCenter.

**STUDENT INFORMATION**

**Release of Academic Information**

Academic information for each student is on file in the Office of Records and Graduation Services. It will be released to third parties only upon the written request of the student or in compliance with the Family Educational Rights and Privacy Act.

Official transcripts may be obtained on request at no charge. Students may also request and receive letters of good standing, verification of enrollment and other academic documentation. For further information, contact the Office of Records and Graduation Services.

**Change of Name, Address or Telephone Number**

Students who wish to change the name, mailing address, or telephone number may do so by notifying the Office of Records and Graduation Services. Appropriate documentation will be required for any name change. Address changes may also be made on MineOnline, at mineonline.occc.edu. It is the student’s responsibility to inform the College of any change of address. Communication from the College that is mailed to the name and address on record is considered to have been properly delivered.
Notification of Student Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- The right to inspect and review education records within 45 days of the day the College receives a request for access.
- The right to request the amendment of education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
- The right to provide written consent before the College discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is the disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service including using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. Upon request, the College may also disclose education records without consent to officials of another school in which a student seek or intends to enroll.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-5920

DIRECTORY INFORMATION
At its discretion, Oklahoma City Community College may provide “directory information” in accordance with the provisions of the Family Education rights and Privacy Act of 1974 (FERPA). Directory information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. Designated directory information at Oklahoma City Community College includes the following: student’s name, electronic mail address, photograph, major field of study, dates of attendance, grade level, enrollment status (full-time or part-time), participation in officially recognized activities or sports, degrees, honors and awards received, and the previous high school attended. Students may block the public disclosure of directory information by notifying the Office of Registration and Graduation Services in writing.

Please consider very carefully the consequences of a decision to withhold directory information. A non-disclosure block will call for Oklahoma City Community College not to release any or all of this “directory information;” thus, any future requests for such information from non-institutional persons or organizations will be refused.

Oklahoma City Community College will honor your request to withhold directory information but cannot assume responsibility to contact you for subsequent permission to release this information. Regardless of the effect upon you, Oklahoma City Community College assumes no liability as a result of honoring your instructions that such information be withheld.

Although the initial request may be filed at any time, requests for non-disclosure will be honored by the College until removed, in writing, by the student.

Student Consumer Information
Many students seek information about how successful other students have been in the academic program they are entering. Information such as the type of student who typically enrolls at our institution, the number who graduate, and the number who find employment in that field is available through the Office of Institutional Effectiveness online at www.occc.edu/IE/

STUDENT CONDUCT

Student Conduct and Discipline
The College is committed to providing an environment where people can study and learn. To maintain such an environment, procedures have been developed to protect the rights, health, and safety of students, staff and faculty. Information on the student conduct code and the student disciplinary procedures is available in the student handbook and through staff in the Office of the Vice President for Enrollment and Student Services.

Student Grievance Procedures
If a student believes that an action has been taken against him or her by a member of the College staff that misrepresents a College policy or a College procedure and/or violates the student’s rights to education, the student can request that the action be reviewed through the Student Grievance Procedures.

Any student who has a complaint of this nature should consult the student handbook to obtain the procedures to follow for filing a grievance. The first step of the process involves speaking with the faculty or staff person involved in an attempt to directly resolve the situation. If the matter is not resolved at that level, the second step includes making an appointment to speak to the faculty or staffperson’s supervisor. If further assistance is needed, please make an appointmentto speak to the Director of Student Relations at (405) 682-7821. Efforts to resolve the concern should be done quickly because of deadlines specified in the procedure.

Students who have a concern regarding access to facilities, programs, and services at Oklahoma City Community College because of a disability may call (405) 682-7520 (V/TTY) or go to Student Support Services office.

STUDENT SAFETY

Bloodborne Pathogens
Certain college coursework may have the potential of exposing students, to some degree, to bloodborne pathogens. The particular college courses that may present the potential for exposure to bloodborne pathogens have been identified in the course descriptions area of the college catalog. The following is some general information concerning bloodborne pathogens.

Bloodborne pathogens are viruses, bacteria, and other microorganisms that are “borne” (carried) in a person’s bloodstream or body fluids and can cause disease.
If a person is exposed (comes in contact with) to blood or body fluids infected with a bloodborne pathogen, the person may become infected.

OCCC has implemented various means of decreasing the potential exposure to bloodborne pathogens. Some of the ways that potential exposure has been decreased are by engineering controls, safe laboratory work practices, and the required wearing of personal protective devices. Also, OCCC promotes and encourages the practice of “Universal Precautions,” when applicable. Universal Precautions means treating everyone’s blood and certain other body fluids as infectious at all times.

Those students who are enrolled in class coursework that may have a potential of being, to some degree, exposed to bloodborne pathogens may choose to consult their personal physician for advisement concerning the additional protection provided by taking the Hepatitis B Virus (HBV) vaccine. The HBV vaccine provides protection against the Bloodborne Pathogen - Hepatitis B virus.

The HBV vaccine is given in a series of shots (usually three over a six-month period of time). A person must take all three shots for the vaccine to be the most effective. Please note that if a student chooses to take the HBV vaccine series, the cost of the vaccine is the responsibility of the student.

Copies of OCCC’s Bloodborne Pathogen Exposure Control Plan are available in the Office of Risk Management. The exposure control plan provides detailed information on the prevention and control of exposure to bloodborne pathogens.

**Emergencies on Campus**

Any emergency should be handled by dialing College extension 7747 or using the emergency call boxes located in the parking lots for assistance.

**Health Emergencies**

The College’s First Responder system is designed to provide immediate emergency medical care to persons on campus. Should a medical emergency arise, dial College extension 7747, give the location of the emergency and, if possible, the nature of the emergency. The College operator will then dispatch the College First Responders and contact appropriate emergency medical assistance.

**Fire**

Emergency fire exits, manual fire alarm stations and fire extinguishers are provided throughout the campus. These fire safety devices are clearly marked and you should become familiar with their locations. Should a fire occur:

- Activate the manual alarm system. Manual alarm stations are at most exits.
- Dial College extension 7747 and tell the operator the location and severity of the fire.
- Evacuate the building.

**Safety and Security**

The Department of Campus Safety and Security is located on the first floor of the Main Building, Room 1K8, and is staffed continuously during all building operating hours. The Department of Campus Safety and Security has the responsibility to provide a college environment that is both safe and secure. The department officers are First Responder qualified and manage the College’s traffic and parking program, which includes the issuance of citations for parking and traffic violations. Services provided by Campus Safety and Security include motorist assistance and parking lot escorts.

**Emergency Procedures for Persons with Disabilities**

Persons in wheelchairs on the buildings’ upper levels that have no direct exit other than stairs will evacuate to a stairwell marked “safe refuge”. An emergency phone is at each location to contact Safety and Security. Security personnel and/or other emergency agency personnel will provide safe departure from those locations.

Students with a visual impairment should be escorted to the exit or safe refuge. Students with a hearing loss respond to visual alerts and exit if no interpreter is present.

---

**ADDITIONAL COMMUNITY SERVICES**

**Oklahoma City Community College Capitol Hill Center**

Oklahoma City Community College Capitol Hill Center is the one of the few bilingual community technology centers in the state of Oklahoma. It opened in the fall of 2000 with a mission to provide access to education through computers and technology for all individuals living within the Capitol Hill area. The center provides internet access and computer training for community members of all ages. Classes are offered in basic and intermediate computer applications, English as a second language, Internet, PowerPoint, office skills, GED and job readiness. Instruction is offered in Spanish and English with some classes in Korean. The center is located in the Latino Community Development Agency, 420 SW 10th, Oklahoma City.

**Corporate Learning**

Corporate Learning at Oklahoma City Community College recognizes the need for ongoing workforce development to help the business community contend with intense global competition, increasing job complexity and a changing world economy. We partner with employers to offer cost-effective, innovative learning options designed to strengthen organizational effectiveness, promote professional development, enhance technical competencies, improve individual performance, and increase productivity to maximize profitability.

Customized learning programs enable employees to earn college credits and complete associate degrees or certificate of mastery requirements while on the job. Non-credit certifications include:

- AutoCAD
- Developing Green Buildings
- Electronic Medical Records Technician
- eMarketing Essentials
- Paralegal
- Payroll Professional
- Pharmacy Technician
- Social Networking for Business
- Solar Photovoltaic Technician
- Wind Turbine Technician

Customized staff development programs are available as open enrollment or contract. All classes are delivered in an accelerated and flexible format on campus, on site or online. Visit www.occc.edu/corporatelearning for more information or call Corporate Learning at 405-682-7562.

**Online Career Training Courses (Non-credit)**

Corporate Learning offers online career training courses in partnership with Gatlin Education Services. Career-focused online courses are designed to give you the latest in learning, and to provide the skills necessary to acquire professional caliber positions in many in-demand occupations.

Choose from courses in healthcare, business/legal, internet/computers/IT certification (Microsoft Official Curriculum), professional/technical/design, construction and video gaming design and development.

For a complete listing of all titles, please visit our website at www.gatlineducation.com/occc. To register, please call 405-682-7562.

**Online Courses (Non-credit)**

Update your skills or discover a new talent at your own pace with our non-credit online courses offered in partnership with Ed2Go. Our catalog features classes in Information Technology, Business and Personal Enrichment and much more.

For a complete list of courses, please visit www.ed2go.com/okccc.

Getting started is as simple as having internet access, an email address and a web browser. Don’t have a computer? No problem. Come to the OCCC Keith Leftwich Memorial Library and use one of the many computers available, free of charge.
Cultural Programs

(405) 682-7576 • www.occc.edu/cp

OCCC’s Office of Cultural Programs aims to enrich the lives of students, staff, and the community by providing programming which sustains a thriving arts environment. Engagement in the performing and visual arts, community development, and arts education are key elements found at the core of its current programs. Principal among the Office of Cultural Programs’ responsibilities are the coordination and oversight of Arts Festival Oklahoma, the Cultural Arts Series, and development of new programs.

Cultural Arts Series

The Cultural Arts Series (CAS) at OCCC offers eight educational and entertaining concerts by professional touring performing artists each academic year (September – April). Tickets available for purchase are offered at a discount to OCCC students, faculty, staff, alumni association members and senior citizens. Visit www.occc.edu/cas for the latest schedule of events and to purchase tickets.

Arts Festival Oklahoma

Arts Festival Oklahoma is a three-day arts festival held annually each Labor Day weekend on the campus of OCCC. It features the work of over 150 fine artists and crafters, and performances by community performing arts groups and headline entertainment. Admission to the festival is free. Visit www.occc.edu/af for more information.

ACADEMIC INFORMATION

Educational Approach and Grading

Oklahoma City Community College subscribes to a competency-based instructional philosophy. The ultimate goal of the instructional program is to enable each student to attain his or her highest possible level of learning.

Competency-based instruction is characterized by predetermined competencies shared with students in the form of observable and measurable learning objectives for each course. Assessment occurs through test items matched to specific objectives in terms of content and level. Student evaluations are based upon a student’s achievement of predetermined competency levels rather than on a comparison to other students’ performance. Each student is presented a course syllabus containing learning objectives and the procedure for determining final grades in the course.

Grading Systems

Students at Oklahoma City Community College successfully complete courses when they demonstrate that they have accomplished objectives at the levels required for the courses. Student performance is measured against standards set by program faculty. The grades which the students earn reflect the quality of their performances when measured against these standards.

Oklahoma City Community College conforms to the definitions of grading terms and the academic forgiveness provisions set forth by the Oklahoma State Regents for Higher Education.

Definitions and Provisions

At the conclusion of a course, one of the following grades will be listed on the student’s transcript along with the course title.

A—(4.0 Grade Point) Excellent
B—(3.0 Grade Point) Good
C—(2.0 Grade Point) Average
D—(1.0 Grade Point) Below Average
F—(0.0 Grade Point) Failure

NOTE: To satisfy degree requirements, students majoring in certain programs must earn a C or better or B or better in specified courses.

S-(Satisfactory) In a limited number of courses, the grades S and U are used. An S is a neutral mark indicating minimal competencies have been met. An S is also used to indicate credit earned through advanced standing examination. The grade of S is not used in computing grade point averages.

U-(Unsatisfactory) The grade of U indicates that a student did not meet minimum requirements in a course designated for S/U grading. The grade of U is not used in computing grade point averages.

I-(Incomplete) When, in the instructor’s judgment, justifiable circumstances exist, the instructor may issue an I grade. The instructor prepares a contract specifying the work which must be completed, and the date by which it must be completed. The normal I contract period extends through the late registration period for the next major enrollment period, but may be as long as a period of one year. When the student completes the specified work, the instructor will replace the I grade with the appropriate grade: A, B, C, D, F, S, or U. If the instructor has not replaced the I grade within one year, the I grade will remain permanently on the student’s transcript. The I grade is not used in computing grade point averages.

W-(Official Withdrawal) The student has officially withdrawn from the course. The student may withdraw as late as the twelfth week of a sixteen-week semester (or 3/4 of the duration of a shorter course) and automatically receive the grade of W. The W grade is not used in computing grade point averages.

AW-(Administrative Withdrawal) The student has been “involuntarily” withdrawn by the institution during the designated semester for disciplinary, financial, or other administrative reasons. An Administrative Withdrawal for disciplinary or financial reasons requires approval by the Vice President for Enrollment and Student Services. An AW grade is not used in computing grade point averages.

AU-(Audit) The student audited the course. The student receives no credit for the course and the grade of AU is not used in computing grade point averages. Note: A student may request a change in enrollment status from audit to credit through the late enrollment period. A student may change enrollment status from credit to audit through the official withdrawal period.

CUMULATIVE GPA-Includes all course work attempted.

RETENTION GPA-Includes all course work attempted with the exception of hours which have been forgiven through the Repeat, Reprieve, or Renewal provision. Neither activity nor performance courses can be used to raise a retention GPA during a semester in which a student is on probation.

GRADUATION GPA-This GPA is the same as the retention GPA, but excludes physical education activity courses.

Grade Reporting

Grades are posted to the official transcript within five working days of the last day of the semester or term of enrollment. They may be accessed through the College web site at mineonline.occc.edu.

On-campus computers are available for accessing the web site. Students may also request and receive a transcript from the Office of Records and Graduation Services.

Appealing a Grade

It is the student’s responsibility to review his/her academic transcript at the end of each semester to verify grades. An appeal of any final grade must be initiated within 90 days of the end of the semester. APPEALS WILL NOT BE ACCEPTED AFTER THIS DEADLINE.

A student choosing to appeal a final grade should first consult with the course instructor. If an agreed upon solution is not possible, the student may contact the division office for further procedures.

Developmental Education Program

Oklahoma City Community College is an open-admissions institution founded in the spirit of equal educational opportunity for all. A crucial part of our educational opportunity mission is the Developmental Education Program. Should students need it, the program is designed to prepare them for college-level work. Our developmental offerings are Learning Skills (reading and writing), College Prep Math, and English as a Second Language. Each of these courses is designed to bring students’ skill levels up to where they can succeed in college-level work. Placement in these courses is determined by the college placement tests, the Math Assessment and Placement Test (MAP), ACT or SAT tests, and/or the Test of English as a Foreign Language (TOEFL).
Developmental Education Program is an expression of OCCC’s commitment to educational access and collegiate success.

Entry-Level Assessment

The academic background and skill level of any student enrolling in credit courses at Oklahoma City Community College will be assessed, and the student’s placement will be based on the results. Placement will be required in developmental course work (this course work does not apply to a degree program) where a need is indicated. Assessment will include an evaluation of entry-level basic skills and educational readiness as defined below.

Reading and Reasoning (R)*

The ability to read and comprehend at the college entry level and to understand and interpret information to solve problems.

Writing (W)*

The ability to write clear, cohesive paragraphs which conform to norms of standard American English in grammar, syntax and semantics. (Required in courses where entry-level writing skills are needed.)

Mathematics

The ability to perform basic operations with real numbers and polynomials, graph in the Cartesian coordinate system, solve linear and quadratic equations, and model applications using linear and quadratic equations.

These are minimum entry-level skill requirements. If there is a higher level prerequisite skill or course, it would be used for placement. Guidelines and specific requirements are available through the Office of Academic Advising.

*See course descriptions for Reading (R), Writing (W), and Math skills required to enroll. The developmental courses may be found under Learning Skills (LS) and Mathematics (MATH). Tutorial services are also available in the Communications Lab, Math Lab, Biological Sciences Center, Physical Science Center, Computer Science Lab, Accounting Tutorial Center, and on an individual basis.

Academic Integrity

Oklahoma City Community College places the highest value on student learning and academic integrity is critical for that learning to take place. A lack of academic integrity will undermine the learning process leaving students less prepared to face challenges in future classes as well as in the work environment. Therefore Oklahoma City Community College expects all students to meet the highest ethical standards in their academic pursuits. Faculty and staff share in the responsibility to ensure standards are maintained.

Violations of academic integrity are viewed very seriously. Any form of academic dishonesty is subject to disciplinary action by the college. The absence of academic integrity is described as cheating, often defined as “the deception of others about one’s work.” Such acts may include but are not limited to:

- Submitting another’s work as one’s own or allowing another to submit one’s work as though it were his or hers.
- Several people completing an assignment and turning in multiple copies, all represented either implicitly or explicitly as individual work.
- Failing to contribute an equal share in group assignments or projects while claiming equal credit for the work.
- Using a textbook, notes, or technology tools during an examination without permission of the instructor.
- Receiving or giving unauthorized help on assignment or examinations.
- Stealing a problem solution or assessment answers from a professor, a student or other sources.
- Tampering with experimental data to obtain “desired” results, or creating results for experiments not done.
- Creating results for observations or interviews that were not done.
- Submitting substantial portions of the same academic work for credit or honors more than once without permission of the present professor.
- Lying about these or other academic matters.
- Falsifying college records, forms or other documents.
- Accessing computer systems or files without authorization.
- Plagiarizing (Plagiarism is generally defined as the use in one’s writing of specific words, phrases, and/or ideas of another without giving proper credit.)

Any violation of academic integrity by a student that is detected by a college staff member shall be reported by the staff member to the appropriate professor or College administrator.

Should a professor determine that a student violation of academic integrity has occurred, the following actions shall be taken.

- The professor may record a zero for the assignment, require the student to redo the assignment, assign a failing grade in the class, or recommend other appropriate action.
- The professor shall present in writing to the appropriate Dean and to the Associate Vice President for Academic Affairs a description of the specific occurrence, supporting documentation and action taken.
- The Associate Vice President for Academic Affairs shall send the student a certified letter that verifies that a report of the incident and the professor’s actions is on file in the office of the Associate Vice President for Academic Affairs. The student may file an appeal in accordance with the Student Appeal of a Grade Procedure if he/she believes that an erroneous or unfair accusation has been made.
- The Associate Vice President for Academic Affairs may file an official complaint of a Student Conduct Code Violation if a) the incident is an extreme violation or b) if there are repeated instances of violations on file. The Student Conduct Code is published each year in the Student Handbook.

Attendance and Responsibility for Learning

All students receive assistance in identifying and achieving goals. The College’s approach to education emphasizes that students accept responsibility for their learning. Therefore, students are expected to make maximum use of learning opportunities available to them.

Although student attendance is not the primary requisite for learning, academic success is closely related to classroom attendance. For this reason, students are encouraged to attend classes regularly. It is the student’s responsibility to adhere to attendance requirements stated in the syllabus of each course.

Attendance Requirements

Oklahoma City Community College expects students to attend class on a regular and punctual basis. If a student is absent from class, regardless of the cause, it is the responsibility of the student to communicate with the instructor to discuss work missed. The instructor will determine whether or not the student will be permitted to make up work and will decide on the time and nature of the makeup. If a student does not appear at a pre-arranged time for make-up work, he/she forfeits the right to make up the work.

Faculty may institute a class attendance policy, provided the policy is approved by the dean and presented in writing with the course syllabus to the students at the start of the class.

Academic Standards

Oklahoma City Community College wants every student to achieve success. To help retain motivated students and identify those who may need additional
assistance, the College has adopted academic standards based on criteria established by the Oklahoma State Regents for Higher Education.

**Academic Notice**

Students will be placed on academic notice if their cumulative grade point average (GPA) falls below a 2.0 while remaining above retention standards for academic probation or academic suspension.

**Academic Probation**

Students will be placed on academic probation if they fail to meet the following minimum requirements:

<table>
<thead>
<tr>
<th>Credit Hours Attempted Cumulative</th>
<th>GPA Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Zero through 30 semester credit hours</td>
<td>1.7</td>
</tr>
<tr>
<td>Greater than 30 semester credit hours</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Students not maintaining satisfactory progress toward objectives as indicated above will be placed on probation for at least one semester. At the end of that semester, the student must have achieved a semester GPA of 2.0 in regularly graded coursework, not to include activity or performance courses, or meet the minimum institutional retention standards in order to continue as a student.

**Academic Suspension**

Students on academic probation, not meeting the requirements of that probation, will be suspended for the next regular (16-week) semester. After one semester of suspension, a student must be readmitted in the Office of Records and Graduation Services. If upon readmission, academic standards are once again not met, the student will not be allowed to continue until the retention GPA has been raised to institutional standards through coursework completed at another institution. Students wishing to appeal their suspension due to “extraordinary circumstances” should submit a written petition along with support documentation to the Registrar.

**Transfer Probation Students**

Any student transferring to Oklahoma City Community College who is on academic probation or academic suspension at another state institution or who does not meet the Oklahoma City Community College retention standards, will be admitted on probation and will be expected to meet all probation requirements in order to continue as a student.

**Academic Forgiveness**

Oklahoma City Community College offers students an opportunity to recover from previous academic problems which have resulted in a poor academic record. The three provisions for academic forgiveness are: 1) repeated courses, 2) academic reprieve, and 3) academic renewal. Although these options may result in an improved retention and graduation grade point average (GPA), the cumulative GPA will continue to include all coursework attempted, including “forgiven” coursework. Additional information and petition forms are available in the Office of Records and Graduation Services.

*Committee Approval Required

**Repeated Courses**

Students have the option of repeating previously completed coursework within the following guidelines:

1. A student may repeat up to four (4) courses, totaling no more than 18 credit hours, in which grades of “D” or “F” were originally earned, and petition to have only the second grade used in the calculation of the retention/graduation grade point average.
2. Once a petition is submitted, the first four courses of repeated coursework will count in the sequence in which those courses were repeated.
3. In the event such a petition is presented for a course that is repeated more than once, all grades earned with the exception of the first will be used to calculate the retention/graduation grade point average.
4. Repeated grades that are forgiven will continue to appear on the official college transcript, but will be noted with an * as forgiven.
5. Although the repeat provision may be an option for coursework completed prior to the conferral of a degree, a pre-existing graduation GPA will not be adjusted.

**Academic Reprieve**

Students who can demonstrate extraordinary circumstances which contributed to or caused poor performance in a previously completed semester or term may request an academic reprieve through the Office of Records and Graduation Services within the following guidelines:

1. At least three years must have elapsed between the period of time in which the grades being reprieved were earned and the time the reprieve is being requested.
2. The semester in question must be an unsatisfactory semester with a grade point average of less than 2.0.
3. Prior to requesting the reprieve, the student must have earned a minimum of twelve credit hours (excluding activity or performance courses) with a grade point average of 2.0 or higher. During this period, no grade lower than a “C” may have been earned in any regularly-graded coursework.
4. The reprieve request may be either for one semester or term of enrollment or for two consecutive semesters or terms of enrollment. If the student’s request is for two consecutive semesters, the College committee responsible for approval may choose to reprieve only one semester.
5. Any reprieve which is approved and awarded will be for all grades earned and hours attempted within the reprieved semester(s) or term(s). Students who are granted a reprieve will not receive credit for any courses passed during the reprieved semester or term. However, if a student has proven proficiency within a reprieved course as evidenced by a passing grade, the student will not be required to repeat the same course. An additional course must be used to replace the reprieved credit hours.
6. A student may receive only one academic reprieve or one academic renewal during his/her academic career.
7. Semesters or terms reprieved will continue to appear on the official college transcript, but will be noted with an * as forgiven. The transcript legend will further note that reprieved coursework is not used in the calculation of the retention/graduation grade point average but is used in the calculation of the cumulative grade point average.
8. Although the academic reprieve provision may be an option for coursework completed prior to the conferral of a degree, a pre-existing graduation GPA will not be adjusted.

**Academic Renewal**

Students who have had academic trouble in the past and who have been out of higher education for a number of years may recover without penalty and have a fresh start by requesting an academic renewal. Students may apply for a renewal within the following guidelines:

1. At least five years must have elapsed between the last semester being renewed and the time the renewal is being requested.
2. The semester(s) in question must be of an unsatisfactory nature.
3. Prior to requesting Academic Renewal, the student must have earned a minimum of twelve credit hours (excluding activity or performance courses) with a grade point average of 2.0 or higher. During this period, no grade lower than a “C” may have been earned in any regularly-graded course work.
4. The renewal will be for all courses completed before the date specified in any approved renewal. Students who are granted a renewal will not receive credit for any courses passed or for any proficiencies earned during the renewed semesters.
5. A student may receive only one Academic Renewal or one Academic Reprieve during his/her academic career.
6. Semesters or terms reprieved will continue to appear on the official college transcript, but will be noted with an * as forgiven. The transcript legend will further note that reprieved coursework is not used in the calculation of the retention/graduation grade point average but is in the calculation of the cumulative grade point average.

7. Although the Academic Renewal provision may be an option for coursework completed prior to the conferral of a degree, a preexisting graduation GPA will not be adjusted.

Course Re-enrollment
A student may need or want to re-enroll in a previously attempted, completed or audited course. There may be situations when re-enrollment will not be allowed, or will be allowed only after certain conditions are met. In all cases, approval from the Dean of Student Development or their designee will be required before a student is allowed to enroll in the same course beyond the third time.

Students should realize that repeating a course may reduce or eliminate some types of financial aid or veterans benefits.

Honor Rolls
Students qualify for the President’s or the Vice President’s Honor Roll each fall and spring semester by meeting the following criteria:

President’s Honor Roll

Students are eligible to be placed on the President’s Honor Roll in any fall or spring semester in which they have attained a semester grade point average of 4.0 while carrying 12 credit hours or more of college-level courses. Part-time students are also eligible for the President’s Honor Roll if they have maintained a 4.0 GPA during two consecutive semesters while enrolled in six credit hours or more of college-level courses each semester.

Vice President’s Honor Roll

Students are eligible to be placed on the Vice President’s Honor Roll in any fall or spring semester in which they have attained a semester grade point average of at least 3.5 while carrying 12 credit hours or more of college-level courses. Part-time students are also eligible if they have maintained at least a 3.5 GPA during two consecutive semesters while enrolled in six credit hours or more of college-level courses each semester.

Student Outcomes Assessment

Oklahoma City Community College is committed to providing quality educational experiences to all students. Therefore, the College uses information from students, graduates, employers, and faculty to improve programs and services.

In addition, the Oklahoma State Regents for Higher Education view Outcomes Assessment as a vital component of the educational process and are leading Oklahoma’s higher education institutions in joining other states which require the implementation of an outcomes assessment process.

To ensure that adequate information is available, students will be asked to participate in personal interviews, to take program and/or general education assessments, or to complete surveys. For additional information on Student Outcomes Assessment, contact the Office of Institutional Effectiveness.

Course Lengths

Oklahoma City Community College offers courses of varying lengths. Most policies and procedures of the College relate to 16-week courses since that is the standard course length. Policies and procedures will be prorated for courses of non-standard class lengths. Students should realize that, although the number of weeks a class meets can vary, all credit classes must meet a certain total number of hours to fulfill the requirements for their credit value. For example, a 16-week, three-credit course will meet three class-hours each week. A four-week, three-credit course will meet 12 class-hours each week.

This information should be taken into consideration when students are planning their academic workloads.

Academic Workload
At Oklahoma City Community College a normal academic load is 12 to 16 credit hours for a 16-week instructional session.

The following table should provide guidance in determining full time academic load and overload for instructional sessions of various lengths:

<table>
<thead>
<tr>
<th>Weeks of Instruction</th>
<th>Normal Academic Workload</th>
<th>Appropriate Faculty Advisor or Counselor Approval Required</th>
<th>Dean of Student Development Approval Required or their Designee</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 weeks</td>
<td>3-4</td>
<td>5</td>
<td>6</td>
</tr>
<tr>
<td>6 weeks</td>
<td>6-8</td>
<td>9-10</td>
<td>11-12</td>
</tr>
<tr>
<td>8 weeks</td>
<td>6-8</td>
<td>9-10</td>
<td>11-12</td>
</tr>
<tr>
<td>12 weeks</td>
<td>9-12</td>
<td>13-14</td>
<td>15-18</td>
</tr>
<tr>
<td>16 weeks</td>
<td>12-16</td>
<td>17-19</td>
<td>20-24</td>
</tr>
</tbody>
</table>

Approval for enrolling in an academic overload will be based on the student’s ability to perform on an individual basis. Ability is shown through superior performance on a college aptitude test or superior academic achievement in high school or college.

U.S. Military Concurrent Enrollment Programs (SOC, ConAP and SOCNAV)

Oklahoma City Community College is a Service Members Opportunity College (SOC) and participates in both the U.S. Army’s ConAP and the U.S. Navy’s SOCNAY programs. Enlisted U.S. military personnel who have selected Oklahoma City Community College may contact the Office of Recruitment and Admissions for advisement regarding enrollment.

Co-enrollments at Other Colleges

Students who choose to concurrently attend another college while enrolled at Oklahoma City Community College must use the total credit-hour enrollment at both institutions to compute their academic workload (see Academic Workload).

Online Courses

Oklahoma City Community College offers online courses (computer based/Internet) which allow students the freedom from attending regularly scheduled course meeting times while still earning college credit. Online courses are similar to traditional on-campus courses in that they have a regular class schedule, assignment due dates, and the expectation of student interaction. Online courses differ from on-campus courses in that the content is delivered to the student primarily in written form and most of the work is done via computer and the Internet. Students will receive course content through OCCC’s Learning Management System (LMS) which can be accessed from the College’s home page. Students will be able to access their course content 48 hours prior to the beginning of the class session. Students may be required to complete an online orientation and/or attend an on-campus orientation with the instructor. Some instructors require on-campus or proctored exams. Please check the course schedule for the section in which you are enrolling or contact the appropriate division office.

For further information, call the Center for Learning and Teaching at 405.682.7838.

Educational Partnerships

OKC Downtown College

The OKC Downtown College is a consortium of five higher education institutions: Oklahoma City Community College, Oklahoma State University-Oklahoma City, Redlands Community College, Rose State College, and the University of Central Oklahoma. Its purpose is to deliver higher education services to the metropolitan area. Credit and non-credit
classes are offered each semester along with customized training for business and industry. Both daytime and evening classes are available. The OKC Downtown College is located in the Ronald J. Norick Library/Learning Center at 300 Park Avenue in the Downtown Oklahoma City Business District. It is open Monday through Friday. Call (405) 232-3382 for information or visit www.downtowncollege.com.

University of Oklahoma Partnership

Oklahoma City Community College and the University of Oklahoma have forged a partnership to better serve the student whose educational goal is the baccalaureate degree. More and more students are choosing to start their college education by completing an associate degree before transferring to a university. The partnership between Oklahoma City Community College and the University of Oklahoma is designed to provide the transfer student an effective and efficient support system to ensure ease of transfer. The University of Oklahoma offers a number of courses on the Oklahoma City Community College campus. Staff from the University of Oklahoma are hosted by Office of Academic Advising on the Oklahoma City Community College campus where students can receive academic advisement as well as process information for admission to the University. Enrollments for courses offered by the University of Oklahoma on the Oklahoma City Community College campus are also handled at this center. For more information, call Office of Academic Advising at (405) 682-7535.

University of Oklahoma (AFROTC) Partnership

Oklahoma City Community College students have a unique opportunity to join the Air Force Reserve Officer Training Corps (AFROTC) while attending Oklahoma City Community College. A cooperative agreement between Oklahoma City Community College and the University of Oklahoma (OU) exempts Oklahoma City Community College students from paying most fees and insurance at OU. Basically, the only cost to the student is for the AFROTC credit hour(s). AFROTC classes meet on the University of Oklahoma, Norman campus.

AFROTC offers a variety of scholarships in nursing, computer science, engineering and other majors that you could pursue at Oklahoma City Community College. After completing a degree and the AFROTC program, the student will be commissioned as an officer in the United States Air Force and also have a guaranteed job after graduation. In addition, tuition waivers are available to help cover the OU tuition. For more information, contact University of Oklahoma ROTC Dept. 675 at (405) 325-3211 or www.ou.edu/rotc/airforce.

University of Central Oklahoma Partnership

Oklahoma City Community College and the University of Central Oklahoma are partnering to provide more options for our students to complete their degrees in Bachelor of Business Administration in Business Administration—General Business and Bachelor of Science in Education-Elementary Education. The newest option would be to offer these programs on the OCCC campus.

Both institutions are committed to the partnership and the success of the student in pursuit of these degree programs. Both parties will work toward ensuring that the students have the opportunity to complete their degree programs effectively and efficiently.

In addition, special 2+2 articulation agreements allow Oklahoma City Community College students to apply associate degrees in a number of technical and business fields toward bachelor’s degrees in Training and Development, Technology Education, Business and Management at the University of Central Oklahoma.

National Center for Employee Development (NCED) Partnership

Oklahoma City Community College has partnered with the National Center for Employee Development (NCED) to offer specialized degree plans for the United States Postal Service and other NCED customers. NCED students, upon meeting residency requirements, can earn college credits that can be used to complete an associate’s degree and then apply credits toward a bachelor’s degree at the University of Oklahoma through the College of Liberal Studies and Continuing Education. For additional information, call the office of Curriculum and Assessment at (405) 682-1611, ext. 7233; or visit www.occc.edu/NCED.

Southeastern Oklahoma State University Partnership

Oklahoma City Community College and Southeastern Oklahoma State University have entered into a partnership to offer an Associate in Science leading to the Bachelor of Science Degree in Aviation Management with options in Maintenance and Business and Master in Science Degree in Aerospace Administration on the Oklahoma City Community College campus. For additional information, contact Aviation Sciences Institute at Southeastern Oklahoma State University (800) 435-1327, (580) 745-4136, (580) 745-3252, or dconway@jse.edu or the Division of Business at Oklahoma City Community College, (405) 682-7550 or jschwark@occc.edu.

Rose State College Partnership

Oklahoma City Community College and Rose State College cooperate to provide the broadest possible offering of modern language courses without unnecessary duplication. Course curricula and requirements are similar so that cooperative class sections may be made available to students. Oklahoma City Community College students may attend selected classes on the Rose State College campus with credit earned at Oklahoma City Community College. Contact the Division of Arts and Humanities at (405) 682-7558 for schedule information.

Redlands Community College Partnership

Oklahoma City Community College and Redlands Community College in El Reno cooperate to provide pre-agriculture students the opportunity to co-enroll at both institutions. Students can take general education and support classes at Oklahoma City Community College. All major courses are taken at Redlands Community College, which also provides advisement and confers the degree. For more information, call Redlands Community College at (405) 262-2552 or Oklahoma City Community College at (405) 682-7535.

Technology Center Partnerships

Cooperative Alliances with Oklahoma City Community College and four technology centers, Francis Tuttle, Metro Tech, Mid America, and Moore Norman, have opened new doors of opportunity for students. While completing coursework at Francis Tuttle, Metro Tech, Mid America, or Moore Norman Technology Centers students can earn college credit toward an associate degree or certificate of mastery awarded by Oklahoma City Community College. All college credit is awarded by Oklahoma City Community College.

For more information on the specific programs available through cooperative alliances, call the Francis Tuttle Career Services Center at (405) 717-4732, Moore Norman Technology Center at (405) 364-5763, Mid America Technology Center at (405) 527-1101, Metro Tech Technology Center at (405) 595-2241, or Oklahoma City Community College at (405) 682-7822.

Special Academic Programs

Oklahoma City Community College is a comprehensive educational institution. The College offers an extensive variety of educational programs and services to meet diverse individual needs. As a result, wide-ranging educational opportunities are available for students interested in maximizing their chances for success in the job market, for students planning to transfer to a university or four-year college, or for students who want to resume studies which were previously interrupted.

In addition, services are provided to help students succeed at the College. For example, specific courses and labs are available to help students improve learning skills in areas such as reading, writing, and math.

All educational programs and services are available in a variety of formats so students can choose complementary programs of study which fit their own, unique learning styles.

English as a Second Language

Oklahoma City Community College offers English as a Second Language (ESL) courses for students who seek to improve their English. The mission of the English as a Second Language Program is to provide students who are non-native speakers of English with opportunities to acquire the English they need in order to achieve their educational, career, and personal goals. Courses are offered in grammar, listening, speaking, reading, writing, and TOEFL preparation. Non-credit enrollment is available for students who may not yet be eligible for credit enrollment.

Students whose English proficiency scores are within a range of 460 to 499 on the Institutional paper-based TOEFL, 140 to 172 computer-based TOEFL, 48 to 60 on the International TOEFL iBT, or 5.0 to 5.9 on the IELTS may be eligible to enroll in the Academic Bridge Program. The Academic Bridge Program is a full-time schedule of ESL courses at the advanced level. The courses are specifically designed to prepare students for study in an American college or university. The program is available in the fall and spring semesters.

For specific information about admission to the Academic Bridge Program, see the “Criteria for Admission” section of this catalog. For further information about the study of ESL at Oklahoma City Community College, please contact Abra Glenn-Allen Figueroa, ESL Coordinator, at (405) 682-1611, extension 7326, or the Division of Arts and Humanities at (405) 682-1611, extension 7558.

Honors Program

The Honors Program at Oklahoma City Community College challenges and invites full-time and part-time students to develop a deeper understanding of academic material through individually designed honors contracts. Honors contracts present students and instructors with a unique opportunity to create academically insightful projects or processes in potentially any class.

Eligibility

To be eligible for the Honors Program, entering freshmen and students with fewer than 12 college credit hours must have the following: a composite ACT score of at least 22 or a high school grade point average of at least 3.5.

Continuing Oklahoma City Community College students, including transfer students, must have the following: 12 or more completed credit hours and a cumulative college GPA of at least 3.5.

To graduate with honors, students must:

1. Complete a minimum of 15 credit hours earned in honors courses at Oklahoma City Community College earning an A or B in each course.
2. Have a minimum cumulative grade point average of 3.5.
3. Complete at least 75% of all attempted class enrollments at Oklahoma City Community College.

Program benefits for students:

1. One-on-one academic interaction with instructors.
2. Recognized academic distinction.
3. Enhanced scholarship opportunities.
4. Honors stoles awarded to be worn at commencement.
5. Earned “H’s” are placed on student’s transcript.
6. “With Honors” printed on student’s transcript and diploma.
7. Tuition Waiver opportunities for qualified applicants.

Application Process

The application process includes an application form, an essay, and a personal interview with the Coordinator of the Honors Program. Ideally, students should apply to the Honors Program before completing 30 credit hours.

Contact Information

For more information regarding the Oklahoma City Community College Honors Program or to make an appointment to discuss Honors Program opportunities, please contact Nina G. Smith, Professor of English and Honors Program Coordinator. Email: nsmith@occc.edu

Telephone: (405) 682-1611 ext. 7141

Information may also be acquired online by visiting the Honors Program web site at www.occc.edu/honors

ADVANCED STANDING CREDIT

Prior Learning Assessment (PLA)

Oklahoma City Community College supports the concept of lifelong learning and knows that learning takes place in many environments and in many different ways. PLA is one method used to earn advanced standing credit. It is a process that allows adults to identify and demonstrate relevant learning acquired through life and work experience, and to translate that learning into college credit. PLA provides for the identification and confirmation of past learning by systematically evaluating the learning against established academic standards for awarding college credit. Credit is only awarded for actual college level learning, not for experience. The learning must demonstrate a balance between theory and practical application. Faculty who are subject matter experts will evaluate competency.

OCCC has provided for some forms of PLA in the past such as course substitutions or evaluations, CLEP, and on-campus testing/evaluation for credit. For more information on how to obtain PLA, contact Advising & Career Services Office at (405) 682-7535.

GRADUATION REQUIREMENTS

Students wishing to graduate must complete all degree requirements and apply for graduation by completing an application in the Office of Records and Graduation Services. Application deadlines are published in the academic calendar. Graduation occurs at the end of the three major semesters: fall, spring, and summer.
Graduation Application Procedure
Students should apply for graduation after they have accumulated a total of at least forty-five (45) semester hours, including transfer hours, toward their degree or by the end of the third week of their graduating semester.

Students are required to list all colleges and universities previously attended on the application for graduation. It is the student’s responsibility to ensure that official transcripts from all institutions attended are submitted to the Office of Records and Graduation Services prior to the application deadline for the semester in which they plan to graduate (see the Academic Calendar). Failure on the student’s part to submit official transfer transcripts by this date will prevent final graduation approval.

Additional information, such as course descriptions, catalogs or syllabi may also be required in order to evaluate or document transfer credit. These documents along with all requested course substitutions must also be submitted by the student prior to the graduation application deadline.

Students concurrently enrolled at another institution, in program required coursework, will be required to provide verification of enrollment and evidence of satisfactory progress before participation in commencement is approved. They must also provide an official copy of their transcript from that institution within four weeks after the last day of their graduating semester. Failure to do so may affect their graduation status.

Additional information regarding graduation procedures and application deadlines is available in the Office of Records and Graduation Services, and is published in the student handbook and the College newspaper.

Delayed Degrees
Grade changes and/or “I” grade completions must be submitted within two weeks of the end of the semester in which a student expects to graduate. Submission after that time will result in the delayed conferral of the degree. The degree will be officially conferred at the end of the next semester.

Commencement
Each year there is a formal commencement exercise held in May. Graduates from the preceding summer and fall, along with spring candidates, are eligible to participate. Students who will complete degree requirements by the end of the following summer may also request to be allowed to participate. Participants are required to wear a cap and gown, which may be purchased through the Bookstore.

Selection of Catalog
Students who have been actively pursuing their degree requirements may complete the requirements which were stated in the college catalog at the time they declared a major and were accepted into a degree program or of any subsequent college catalog.

Students are considered to be actively pursuing their degree requirements when they have earned a minimum of six credit hours at Oklahoma City Community College during each 12-month period.

Students who have not been actively pursuing their degree must complete the requirements which are stated in the current college catalog at the time they apply for graduation.

Course Substitutions
Degree-seeking students should follow the curriculum pattern for the major academic area they select as it is outlined in the catalog. In special cases, students may be permitted to modify their associate degree program by substituting a course of related subject matter for a required course. To initiate this procedure, students must first have the approval of their advisor. They may then complete a Request for Course Substitution form available in the Office of Records and Graduation Services or in the division office.

Substitution for any required course in a degree plan specified in the college catalog requires approval by the dean of the division offering the degree, and the Registrar.

Residency Requirements for a Degree or Certificate
Certain residency hours are required for a student to earn a degree or certificate from Oklahoma City Community College. Students applying for an associate degree must earn a minimum of 15 credit hours, which are clearly applicable to the degree at this college. Students wishing to earn a certificate are required to earn at least 4 hours of a 15-hour (or less) program, 9 hours of a 16- to 36-hour program or 12 hours of a 37-to 49-hour program at Oklahoma City Community College.

Although credit hours earned as advanced standing are encouraged as a means for meeting degree requirements, they are excluded when calculating resident credit hours.

Options Within a Major
Students may complete one or more options within a major depending upon the selected program of study. An option is a special subgrouping of relevant courses within a major.

While it is possible to earn only one degree in a specific major, students may choose to complete several options within that one major. Diplomas and certificates will reflect the official degree only. Students can verify that they completed work within an option by presenting their transcripts which will show the courses that were completed.

Additional verification of option completion may be obtained from the Office of Records and Graduation Services.

Double Majors
The College offers students the option of pursuing a double major: one degree with two majors, as long as the second major is within the same type of degree sought. Students pursuing an Associate in Arts Degree (A.A.) may elect a second major offered under A.A.; students pursuing an Associate in Science Degree (A.S.) may elect a second major offered under A.S.; students pursuing an Associate in Applied Science Degree (A.A.S.) may elect a second major offered under A.A.S. In addition to meeting the general requirements for the particular associate degree, the student must also meet the specific requirements for each major elected.

Second Associate Degree
A second associate degree may be awarded provided the following requirements are met:

a) Completion of the general and specific requirements for both degrees.

b) Selection of a major different from that studied for the first degree.

c) Presentation of a minimum of 15 credits from Oklahoma City Community College in addition to those presented for the first degree and which are clearly applicable to the second degree sought.

Disclosure of Graduation Rates
Oklahoma City Community College, in compliance with the Student Right-to-Know Act, makes available to any enrolled or prospective student its completion or graduation rate. This information is available upon request in the Office of Records and Graduation Services.

Computer Proficiency Requirement
Oklahoma City Community College recognizes that many businesses, industrial, educational, and personal activities involve the use of computers. Therefore, all Oklahoma City Community College associate degree graduates will demonstrate competency in the use of a computer to perform one or more of the following functions:

- word processing
- spreadsheet use
- database management
- multimedia/graphic design
- programming
A student may satisfy the computer proficiency requirement by:

a. completing the course “Introduction to Computers and Applications” or any other course which requires competency in one or more of the above functions (a list of applicable courses appears below);

b. validation of computer-related academic or work experience; or

c. successful completion of a computer proficiency assessment.

DEGREES AND CERTIFICATES

Programs of Study

Oklahoma City Community College offers two types of associate degree programs: transfer and technical/occupational. In addition, a number of certificates of mastery are offered in technical and occupational fields of study.

University Parallel/Transfer Programs

Oklahoma City Community College offers a broad range of transfer programs for students planning to continue on at a four-year college or university. Students may enroll in freshman and sophomore courses which lead to a baccalaureate degree in practically any field of study. Upon completion of specified degree requirements, the student is awarded an Associate in Arts or Associate in Science. These degrees require the completion of a minimum of 60 semester credit hours. Of the 60 semester credit hours, a minimum of 37 must satisfy the general education core requirements (see Degree Requirements). The remaining approved courses will be related to the student’s major or courses which directly support that major.

Policy Statement on Undergraduate Degree Requirements and Articulation

In accordance with the Oklahoma State Regents for Higher Education Policy Statement on Undergraduate Degree Requirements and Articulation, a student who completes an Associate in Arts or an Associate in Science degree at Oklahoma City Community College “may transfer into a Bachelor of Arts or a Bachelor of Science degree program at any senior institution of the State System and be assured of completing his or her program in sequential fashion.”

The Policy Statement on Undergraduate Degree Requirements and Articulation assures that the general education core (37 credit hours) of the Associate in Arts or Associate in Science degree at Oklahoma City Community College will apply directly toward the lower division general education requirements at any state university in Oklahoma. In addition, students are advised to secure the official catalog of the university to which they plan to transfer. Each university’s official catalog provides pertinent information about admission policies and academic programs. That information is essential to the student’s successful transfer to that university. Students should also consult a faculty advisor in their major at Oklahoma City Community College. With approval, the associate degree program may be modified to meet a student’s needs depending on the intended transfer college or university.

Students are encouraged to visit the “Transfer Center” on the Oklahoma State Regents for Higher Education web site at www.okhighered.org/transferstudents. This site will assist a student in determining which course or courses will transfer to another Oklahoma college or university.

Transfer guides showing course-by-course articulation between Oklahoma City Community College and a number of state universities are available in Office of Academic Advising. By using the appropriate transfer guide, the student can be assured that courses in the student’s major will transfer directly toward the bachelor’s degree.

Oklahoma City Community College has established specific curriculum patterns for transfer programs leading to the Associate in Arts (A.A.) or Associate in Science (A.S.) degrees. The curriculum patterns listed below are presented in the next section of the Catalog.

Associate in Applied Science Graduate Educational Guarantee

Technical Education Guarantee

If an Associate in Applied Science (A.A.S.) graduate is judged by the initial employer to be lacking in either academic or technical job skills identified as exit competencies by Oklahoma City Community College for the specific degree program, the graduate will be provided up to nine credit hours of additional education at and by Oklahoma City Community College.

Special conditions that apply to the guarantee are as follows:

1. The graduate must have earned the A.A.S. degree from Oklahoma City Community College after Fall 1995 in a technical program identified in the current College catalog.
2. The graduate must have completed the A.A.S. degree from Oklahoma City Community College with a majority of the credits for the degree being earned at Oklahoma City Community College. The graduate must have completed the degree within a four-year time span from the date the first coursework applicable to the degree earned was completed through the date degree requirements were completed.
3. The graduate must be employed full-time in an area directly related to the program of concentration as certified by Oklahoma City Community College.
4. Employment must commence within twelve months of graduation.
5. The employer must identify deficiencies and certify in writing, within 90 days of the graduate’s initial employment, that the employee is lacking specific entry-level skills guaranteed by Oklahoma City Community College as part of the degree program.
6. The employer, graduate, dean, and the appropriate faculty will develop a written educational development plan for the needed education.
7. Education provided will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the educational plan.
8. All education must be completed within three semesters from the time the educational plan is agreed upon.
9. The graduate and/or employer is responsible for the cost of books, insurance, uniforms, fees, room and board, tools, and other courserelated expenses other than the enrollment fee.
10. The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.

11. Oklahoma City Community College’s sole responsibility for skill deficiencies shall be limited to nine credit hours of education under the conditions described above.

12. The guarantee process can be initiated by written notification from the employer to Oklahoma City Community College, Vice President for Academic Affairs, 7777 South May Avenue, Oklahoma City, OK 73159.

Certificates of Mastery
Frequently, students want to complete a specified curriculum pattern of fewer than 60 credit hours which will allow them to meet the certification requirements of various state agencies or other external certifying groups. As a result, certificate programs are offered in a number of career areas. To begin a certificate program, students should first contact Office of Academic Advising.

GENERAL DEGREE REQUIREMENTS

The specific curriculum patterns for each associate degree and certificate program are listed in the next section of the college catalog. The following general degree requirements, however, apply to each degree. Some are required by state law. Others address the mission and goals of Oklahoma City Community College. All are necessary in order to graduate.

Life Skills Requirement
Degree seeking students are required to complete a minimum of one credit hour from an approved life skills course list. The primary fulfillment of this requirement is through the Success in College and Life course, SCL-1001.

Students who transfer in nine hours or more of recent (within the past 2 years), successful (2.0 average) college credit, received post high school, must still fulfill the life skills requirement; however they may elect to substitute one of the following courses to meet the life skills requirement:

- BIO 1023 Introductory Nutrition
- CD 1211 Parenting
- PSY 1103 Human Relations
- PSY 1123 Stress Management
- FIN 1013 Personal Finance

Any transfer course substitutions, not listed above, but that may qualify as a life skills course, must be approved by the Dean of Student Development or the Coordinator of Student Learning.

** Wellness Courses: Volleyball, Swim Techniques, Basketball, Weight Training, Total Wellness, Care and Prevention of Athletic Injuries. These Wellness courses cannot be used for the first 60 credits of a student's degree requirements.**

The General Education Core
General education program competencies were approved by the College Executive Council in February 1993 and revised in April 2006.

General education at Oklahoma City Community College is an integral component of each student’s experience. Every student receiving an Associate Degree (AAS., AA. or AS) must complete at least one course from each of the following areas; indicating a general understanding of that area.

I. Human Heritage, Culture, Values and Beliefs
Students will demonstrate an understanding of the ideas, values, and beliefs that have shaped global communities. Specifically, students should be able to demonstrate understanding of basic world geography; demonstrate familiarity with major cultural issues of selected global communities; demonstrate knowledge of significant historical events and figures of selected global communities, and demonstrate an understanding of ethical concerns of selected global communities.

II. Communication and Symbols
A. Students will demonstrate effective writing and public speaking skills.

For writing, students should be able to generate a clear, specific, and arguable thesis or dominant idea; formulate evidence and examples to support the topic idea; construct a logical pattern of paragraph development; and demonstrate consistent use of correct and appropriate spelling, grammar, and word choice.

For public speaking skills, students should be able to demonstrate the effective use of an introduction, body, and conclusion of a formal speech; demonstrate an audience-centered purpose that adapts to the audience, occasion, and time limit of the speech; deliver the speech with effective eye contact relative to the use of presentational aids (when applicable) and the audience; vary the tone of voice appropriate to the content of the speech and context of the audience; and demonstrate appropriate attire, gestures, good posture, and meaningful body movement.

B. Students will demonstrate analytical reasoning and logic skills by using mathematical methods and tools. Specifically, students should be able to identify mathematical properties that apply to a situation; apply those mathematical properties appropriately to the situation in order to reach a conclusion; and evaluate that conclusion for correctness and/or effectiveness and develop alternative solutions if needed.

III. Social, Political, and Economic Institutions
Students will demonstrate an understanding of the function of major social institutions. Specifically, students should be able to analyze how political systems impact society; analyze how economic systems impact society; analyze how religion serves to shape the norms of a society; analyze how education interacts with cultural values and norms; and analyze how shifts in social institutions impact the family.
Students will demonstrate critical thinking by using scientific methodology. Specifically, students should be able to analyze a set of data or qualitative observations using previously learned tools; draw reasoned conclusions based on the results of the analysis; and support conclusions logically and communicate them effectively.

General Education requirements, electives, and courses are listed in the general degree requirement section of the catalog. The courses are divided into two categories; required elements (such as “six hours of Humanities”), and those that can be used as general education electives.

**Associate in Applied Science Degrees**

These programs comply with policies set by the Oklahoma State Regents for Higher Education who set standards of education for awarding the associate degree in technical and occupational programs, as well as those of OCCC.

**General Requirements**

The completion, as a portion of the overall 61 semester-credit hours, of a basic general education core of a minimum of 18 semester-credit-hours of transferable coursework instructed by general education faculty, and which shall include the following:

The number following the course designates which general education area is being achieved with that course.

a. Communications-6 hours

   This must include two courses from one or more of the following three areas: (1) a college-level communications course in general, applied technical writing or (2) a course in English grammar and composition or (3) a college-level oral communication course.

b. U.S. History and U.S. Government-6 hours

   I & III

c. General Education Electives -6 hours

   Technical-Occupational Specialty-27 hours

   Support and Related Courses 0-15 hours

   (to total a minimum of 60 hours)

1 The credit-hour requirement will depend upon the course requirements in general education and the technical-occupational specialty to total a minimum of 60 hours.

**Associate in Arts and Associate in Science Degrees**

Associate in Arts and Associate in Science are university-parallel degrees designed to comply with the policy on articulation approved by the Oklahoma State Regents for Higher Education.

**General Requirements**

- The completion of a minimum of 60 semester credit hours, excluding physical education activity or courses, with a GPA of no less than 2.0 in all coursework attempted excluding any repeated or reprieved courses as detailed in the College’s grading policy. Only courses numbered 1000 and above apply toward degree requirements. Courses identified by “C” (or “B”) within a program curriculum pattern must be completed with a grade of “C” or better (“B” or better) by students majoring in that program.

- The completion, as part of the overall 60 semester credit hours, of major and support courses listed by major in the Curriculum Patterns section of this catalog.

- The completion, as part of the overall 60 semester credit hours, of a basic general education core of a minimum of 37 semester credit hours which shall include the following:

**General Education Requirements (for the AA & AS degrees)**

The number following the course designates which general education area is being achieved with that course.

46
The growing recognition of the importance of quality of life issues in Oklahoma City’s economic development has generated a greater appreciation for the importance of the arts and humanities. The creative aspect of higher education offered by the Division of Arts and Humanities advances the entire curriculum at OCCC. This division offers opportunities for participation in choirs, private music lessons, plays, art shows, writing contests, literary magazine publication, the College newspaper The Pioneer, film projects, as well as other special activities related to the courses and programs listed on this page and throughout the catalog.

Curriculum Programs

- Art - Visual Art (Associate in Arts)
- Broadcasting - Journalism and Broadcasting/Broadcasting Emphasis (Associate in Arts)
- Diversified Studies (Associate in Arts, Associate in Science)
- Film and Video Production Technician (Associate in Arts, Associate in Applied Science, and Certificate of Mastery)
- French - Modern Languages (Associate in Arts)
- General Humanities-Humanities/General Humanities Emphasis (Associate of Arts)
- Graphic Communications - Multimedia Emphasis (Associate in Applied Science)
- Graphic Communications - Print Media Emphasis (Associate in Applied Science)
- Journalism - Journalism and Broadcasting/Journalism Emphasis (Associate in Arts)
- Liberal Studies (Associate in Arts)
- Literature - Humanities/Literature Emphasis (Associate in Arts)
- Music (Associate in Arts)
- Philosophy-Humanities/Philosophy Emphasis (Associate in Arts)
- Photography - Graphic Communications (Associate in Applied Science)
- Pre-Education (Associate in Science)
- Public Relations - Journalism and Broadcasting/Public Relations Emphasis (Associate in Arts)
- Spanish - Modern Languages (Associate in Arts, Certificate of Mastery)
- Speech - Journalism and Broadcasting/Speech Emphasis (Associate in Arts)
- Theatre Arts (Associate in Arts)

# Cooperative Alliance agreements have been established with Francis Tuttle, Moore Norman and Metro Technology Centers.

Faculty and Lab Supervisors

- Randy Anderson, Professor of Graphic Communications
- Doug Blake, Professor of Visual Art
- Michael Boyle, Professor of Music
- Dianne Broyles, Professor of Modern Languages
- Ruth Charnay, Communications and the Arts Department Director
- Jeff Cleek, Professor of English
- Julie Corff, Professor of Speech Communication
- Angela Cotner, Professor of English
- Lori Farr, Professor of Learning Skills
- Gwin Faulconer-Lippert, Professor of Mass Media Communications
- Abra Figueroa, Professor of Modern Languages
- Mike Franco, Professor of English
- Gray Frederickson, Artist in Residence/Studio Coordinator
- Carlotta Hill, Professor of Learning Skills
- Sue Hinton, Professor of Journalism/English
- Jon Inglett, Professor of English
- Kim Jameson, Language Arts Department Director
- Darby Johnsen, Coordinator of Student Learning
- Tonya Kymes, Professor of English
- Jorge Lopez, Professor of Modern Languages
- Marybeth McCauley, Professor of English
- Greg Mellott, Professor of Film and Video Production
- Mary Ann Moore, Professor of Visual Art
- Stephen Morrow, Professor of English
- Brent Noel, Professor of Theatre Arts
- Mary C. Punches, Professor of English
- Michael Punches, Professor of English
- Linda Robinett, Professor of Learning Skills
- Ginnett Rollins, Ph.D., Professor of Modern Languages
- Mark Schneberger, Professor of English
- Nina Smith, Professor of English
- Michael Snyder, Professor of English
- Ron Staton, Professor of Music
- Pamela Stout, Professor of English
- Chris Verschage, Professor of English
- Amy Wilson, Professor of Learning Skills
- Bertha Wise, Professor of English
A variety of educational opportunities for an Associate in Science (A.S.) or an Associate in Applied Science (A.A.S.) degree are available for students interested in the business field. Students may study administrative office technology (general office, legal and medical), accounting, automotive management, aviation management, business, finance (banking and insurance) and management. These programs are accredited by the Association of Collegiate Business Schools and Programs (ACBSP).

Educational opportunities for an Associate in Applied Science are also available in automotive technology and are accredited by the National Automotive Technicians Education Foundation (NATEF).

**Curriculum Programs**

- Automotive Technology - (ATIP) (Associate in Applied Science) #
- Automotive Technologies (Certificate of Mastery) *#
- Automotive Technology - GM Automotive Service Education (ASEP) (Associate in Applied Science)
- Automotive Technology - Non-Structural Repair (Associate in Applied Science) #
- Automotive Technology - Painting and Refinishing (Associate in Applied Science) #
- Automotive Technology - Vehicle Service Management (Associate in Applied Science)
- Aviation Maintenance Technology (Associate in Applied Science) *#
- Aviation Maintenance Technology - General Emphasis (Associate in Science) *#
- Aviation Maintenance Technology - Airframe & Powerplant Technician (Certificate of Mastery) *#
- Business - Accounting Option (Associate in Applied Science)
- Business - Administrative Office Technology - Administrative Office Specialist Option (Associate in Applied Science) #
- Business - Administrative Office Technology - Legal Secretary Option (Associate in Applied Science) #
- Business (Associate in Science)
- Business - Aviation Management Emphasis (Associate in Science)
- Business - Banking and Finance (Certificate of Mastery)
- Business - Business Management Option (Associate in Applied Science)
- Business - Finance/Banking Option (Associate in Applied Science)
- Business - Finance/General Option (Associate in Applied Science)
- Business - General Office Support (Certificate of Mastery)#
- Business - Insurance (Certificate of Mastery)
- Business - Legal Office Procedures (Certificate of Mastery) #
- Business - Management Emphasis (Associate in Science)
- Business - Medical Transcriptionist (Certificate of Mastery) #
- Business - International Business
- Diesel Technology (Associate in Applied Science) *#
- Diesel Technology (Certificate of Mastery) *#
- Electronics - General Emphasis (Associate in Applied Science) *#
- Electronics - Instrumentation and Control Emphasis (Associate in Applied Science) *#
- Manufacturing Technology - Advanced Manufacturing (Associate in Applied Science) *#
- Manufacturing Technology – Precision Machining (Associate in Applied Science) *#

---

**Faculty and Lab Supervisors**

- Lisa Adkins, Professor of Administrative Office Technology
- Gyanendra Baral, Professor of Business/Economics
- Myra Decker, Professor of Accounting/Business
- Jason Ferguson, Professor of Automotive Technology
- Kayla Fessler, Professor of Accounting
- Jenean Jones, Professor of Administrative Office Technology
- Michael Machiorlatti, Professor of Business/Economics
- Charles Myrick, Professor of Business/Economics
- Germain Pichop, Professor of Economics
- Mathew Price, Professor of Business/Economics
- Vijayan Ramachandran, Professor of Business
- Richard Steere, Professor of Automotive Technology
- Ron Summers, Professor of Accounting
- Brad Walker, Professor of Automotive Technology
- Anita Williams, Professor of Business
- Tamala Zolicoffer, Professor of Accounting

* Major courses available only at Career Technology Centers.
# Cooperative Alliance agreements have been established with Francis Tuttle, Moore Norman, Mid America and Metro Technology Centers.
Division of Health Professions

Jo Ann Cobble, Dean
Debby Martinez, Division Assistant
Martie Collin, Division Support Assistant
Jennifer Dodson, Division Secretary
Kristen McMurray, Division Clerical Assistant

The Division of Health Professions at OCCC provides students with a quality education for careers in Emergency Medical Sciences (EMT and Paramedic), Nursing, Occupational Therapy Assistant, and Physical Therapist Assistant. These programs have a unique focus on developing allied health professionals with solid entry-level skills. All programs are nationally accredited and pass rates on credentialing exams remain high. Maintaining cooperative relationships with hospitals and health care providers in the Oklahoma City metropolitan area ensures valuable clinical learning opportunities for students. The division continues to work to meet the needs of the community and the state for a skilled workforce in the health professions.

Curriculum Programs

• Diagnostic Medical Sonography (Associate in Applied Science) *
• Emergency Medical Sciences (Associate in Applied Science)
• Emergency Medical Sciences - Basic Emergency Medical Technician (Certificate of Mastery)
• Emergency Medical Sciences - Paramedic Certificate (Certificate of Mastery)
• Medical Assistant (Associate in Applied Science) *
• Nursing - Baccalaureate to Associate Degree Nurse Accelerated Pathway (Associate in Applied Science)
• Nursing - Career Ladder Pathway (Associate in Applied Science)
• Nursing - Traditional Program (Associate in Applied Science)
• Occupational Therapy Assistant (Associate in Applied Science)
• Orthotic and Prosthetic Technician (Associate in Applied Science) *
• Orthotic Technician (Certificate of Mastery) *
• Physical Therapist Assistant (Associate in Applied Science)
• Prosthetic Technician (Certificate of Mastery) *
• Respiratory Care Therapist (Associate in Applied Science) *
• Surgical Technology (Associate in Applied Science) *

* Major courses available only at Career Technology Centers.

Faculty and Lab Supervisors

Jennifer Ball, Program Director, Professor of Physical Therapist Assistant
Leaugeay Barnes, Program Director, Emergency Medical Sciences
Traci Boren, Professor of Nursing
Sarah Brown, Professor of Nursing
Michaele Cole, Professor of Nursing
Harvey Conner, Professor of Emergency Medical Sciences
Linda Cowan, Professor of Nursing
Vicky Davidson, Professor of Physical Therapist Assistant
Claire Echols, Health Professions Academic Advisor
Jacqueline Frock, Professor of Nursing
Sheri Givens, Human Patient Simulator Coordinator
Jennifer Halpin, Professor of Nursing

Carol Heitkamper, Professor of Nursing
Monica Holland, Professor of Nursing
Mary Holter, Professor of Nursing
Rodney Johnson, HP Lab Assistant
Karen Jordan, Professor of Nursing
Rosemary Klepper, Director of Nursing Program
Tom Kraft, Professor of Occupational Therapy/Director of Occupational Therapy Assistant Program
Judy Martin, Professor of Nursing
Valerie McCartney, Professor of Nursing
Robin McMurry, Professor of Nursing
Deborah Myers, Associate Nursing Program Director
Cindy Neely, Professor of Nursing, Campus Clinical Lab Coordinator
Beverly Schaeffer, Professor of Nursing
Karla Schenk, Professor of Nursing
Brent Stafford, Professor of Emergency Medical Sciences
Shelly Troxel Tevis, Clinical Affiliations Coordinator
Terri Walker, Assistant Nursing Program Director & Professor of Nursing
Stephanie Wallace, Professor of Nursing
Kay Wetmore, Professor of Nursing
Cynthia Williams, Professor of Nursing
Reeca Young, Professor of Occupational Therapy Assistant

Background Check: Due to clinical agency requirements, the Division of Health Professions requires an Oklahoma State Bureau of Investigation (OSBI) background check with both a criminal history search and a sex offender search. A more extensive nationwide Investigative Background Report (IBR) is also required. The student is responsible for payment for both reports. Clinical agency representatives review the reports, without access to identifying information, that have criminal history. The facility alone can accept or deny clinical access to a student. If a student is denied access to clinical sites he/she will be unable to successfully complete the course or the program. Any break in continuous enrollment will require additional OSBI checks and Investigative Background Reports.

Drug Testing: Drug testing is required for all students in the Division of Health Professions. Each student must have a random drug test prior to the first clinical assignment. The fee will be paid with the tuition and other fees in the program. Random drug tests will be done on a predetermined date. Any break in continuous enrollment will require an additional random test.
Division of Information Technology

Tom Ashby, Acting Dean
Heather Erwin, Division Assistant
Tsugi Coleman, Division Secretary

The Division of Information Technology offers certifications and two-year degree programs based on real-world training and qualifications that top employers want to see when hiring. These degrees provide an education that will enable students to immediately enter the workforce or transfer to a four-year institution to continue their education. Oklahoma City Community College plays a leading role in maintaining a strong workforce for the rapidly growing IT industry.

Curriculum Programs

- Computer Science - Computer Networking Support (Certificate of Mastery)
- Computer Science - Computer Programming Emphasis (Associate in Applied Science)
- Computer Science - Computer Science Emphasis Transferring to OU and colleges with Similar Patterns (Associate in Science)
- Computer Science - Computer Science Emphasis Transferring to UCO and colleges with Similar Patterns (Associate in Science)
- Computer Science - Computer Systems Support Emphasis (Associate in Applied Science, Certificate of Mastery)
- Computer Science - Cyber/Information Security (Associate in Science)
- Computer Science - Cyber/Information Security Emphasis (Associate in Applied Science)
- Computer Science - Database Emphasis (Associate in Applied Science)
- Computer Science - Management Information Systems Emphasis (Associate in Science)
- Computer Science - Web Design and Development Emphasis (Associate in Applied Science)
- Computer Science - Web Design Certificate (Certificate of Mastery)
- Computer Science - Web Development Certificate (Certificate of Mastery)
- Computer-Aided Technology - Computer-Aided Design Emphasis (Certificate of Mastery)
- Computer-Aided Technology - Computer Animation Option (Certificate of Mastery)
- Computer-Aided Technology - Geographic Information System (Certificate of Mastery)
- Computer-Aided Technology - Multimedia Emphasis (Certificate of Mastery)
- Database Management (Certificate of Mastery)
- Network Technology (Associate in Applied Science)

* Major courses available only at Career Technology Centers.
# Cooperative Alliance agreements have been established with Francis Tuttle, Moore Norman, Metro Tech and Mid America Technology Centers.

Faculty and Lab Supervisors

Thomas Ashby, Professor of Computer Science, Network/Software Coordinator and Acting Dean
James Bothwell, Professor of Computer Science
Haining Chen, Professor of Computer Science
Gary Dominguez, Student Computer Center Supervisor
Vicki Gibson, Professor of Computer Science and Department Chair of Computer Science
Douglas Gregory, Professor of Computer-Aided Technology
Albert Heitkamper, Professor of Computer Science
John Helton, Professor of Computer-Aided Technology and Department Chair of Computer-Aided Technology
Haifeng Ji, Professor of Computer Science
Sara Mathew, Professor of Computer Science
Anita Philipp, Professor of Computer Science
Michael Reeves, Student Computer Center Evening/Weekend Supervisor
Akram Taghavi-Burris, Professor of Computer-Aided Technology
Mary Williams, Professor of Computer Science
Our society is growing ever more dependent on science, mathematics and engineering to solve its problems. Knowledge of mathematics, engineering and science is power to affect the future.

The Division of Science and Mathematics offers high quality courses in mathematics, the biological and physical sciences, engineering, biotechnology, bioinformatics and nanotechnology. Our students are equipped to join the work force, or transfer to a university or a professional school. All AS degrees offered through the division provide a comprehensive general education background as well as excellent courses in the student’s major field of study. The faculty and staff are dedicated to serving students and providing an atmosphere that assists them in reaching their goals.

**Curriculum Programs**

- Allied Health - Science with Biology Concentration, Pre-Baccalaureate Allied Health Emphasis (Associate in Science)
- Biology - Science with Biology Concentration (Associate in Science)
- Biotechnology (Associate in Applied Science, and Certificate of Mastery)
- Chemistry - Science with Chemistry Concentration (Associate in Science)
- Clinical Research Programs (Associate in Science)
- Engineering - Pre-Engineering (Associate in Science)

Division of Social Sciences

Susan Tabor, Dean
Laurie Thornton, Division Assistant
Mary Barr, Division Secretary

The Division of Social Sciences offers a variety of degree programs that prepare students to transfer to four-year institutions and universities as well as a wide array of general education courses that serve students in programs outside of the division. Listed below are all of the programs offered within this division. Child Development programs have been accredited by the National Association for the Education of Young Children (NAEYC). Please refer to the Course Descriptions and the Course Patterns for more detailed information about particular programs that you are interested in. In addition, please feel free to contact the division office or specific program faculty; we are here to serve you.

Curriculum Programs

- Child Development (Associate in Arts)
- Child Development (Certificate of Mastery)
- History (Associate in Arts)
- Leisure Services Management (Associate in Arts) **
- Political Science/Pre-Law (Associate in Arts)
- Psychology (Associate in Arts)
- Sociology (Associate in Arts)

# Cooperative Alliance agreements have been established with Francis Tuttle.
* Child Development programs have been accredited by the National Association for the Education of Young Children (NAEYC).
** Pending OSRHE approval

Faculty and Lab Supervisors

Jeff Anderson, Professor of Psychology
Melinda Barr, Professor of History
Jeff Carlisle, Professor of History
Chuck Carselowey, Professor of Sociology
Bruce Cook, Professor of Psychology/Behavioral Sciences, Chair
John Ehrhardt, Professor of History
Dana Glencross, Professor of Political Science
Ron Gray, Professor of History
Stephanie Hayes, Professor of Psychology
Randy Hopkins, Professor of Political Science
Peggy Jordan, Professor of Psychology
Yuthika Kim, Professor of Psychology
Dawn Ladiski, Professor of Child Development
Jerry Ludlow, Professor of Sociology
Ray McCullar, Professor of History / History and Geography
Department Chair
Gregory Parks, Professor of Psychology
Cecilia Pittman, Professor of Child Development / Child Development Program Director
Julie Rollins, Professor of Geography
Jennifer M’Lou Smith, Professor of Sociology
Markus Smith, Professor of Political Science / Political Science Department Chair
Nate Vanden Brook - Professor of Political Science
Rick Vollmer, Professor of Political Science
Allied Health - Science with Biology Concentration, Pre-Baccalaureate Allied Health Emphasis

Associate in Science

Minimum of 61 Credit Hours

The Pre-Baccalaureate Allied Health curriculum pattern is a variation of the Biology emphasis in Science. The curriculum provides a framework which prepares students pursuing a transfer program in one of the Allied Health career fields including sonography, radiography, radiation therapy, nuclear medicine, nutritional science, communication science, physical therapy and occupational therapy. It has the flexibility to allow students to transfer to four-year institutions under a variety of degree plans. Because each medical career program has different requirements, and because admission is highly competitive, students should work closely with a Faculty Advisor to make informed choices regarding course selections.

Course ID | Course Name | Credits | Type | Prerequisites
---|---|---|---|---
Suggested Freshman 1st Semester
SCL 1001 | SUCCESS IN COLLEGE AND LIFE | 1 | LIFE SKILLS | NONE
ENGL 1113 | ENGLISH COMPOSITION I | 3 | GEN ED | (R) (W), ADEQUATE READING AND WRITING ASSESSMENT SCORES OR LS 0033 COLLEGE WRITING II, EITHER TAKEN WITHIN THE LAST YEAR, WITH STRONG ENCOURAGEMENT FOR IMMEDIATE CONTINUATION.
MATH 1513 | COLLEGE ALGEBRA | 3 | GEN ED | (R), MATH 0403 OR ADEQUATE MATH PLACEMENT TEST SCORE, EITHER WITHIN THE LAST YEAR.
AHP 1013 | MEDICAL TERMINOLOGY | 3 | MAJOR | (R)
CHEM 1115 | GENERAL CHEMISTRY I | 5 | MAJOR | (R) (W), MATH 1513 OR MATH 1533 OR BOTH MATH 0403 AND HIGH SCHOOL CHEMISTRY OR CHEM 1123. A GRADE OF "C" OR BETTER IS REQUIRED IN ALL PREREQUISITE COURSES.

Freshman 2nd Semester
ENGL 1213 | ENGLISH COMPOSITION II | 3 | GEN ED | (R) (W), ENGL 1103 OR ENGL 1113 TAKEN WITHIN THE LAST YEAR, WITH STRONG ENCOURAGEMENT FOR IMMEDIATE CONTINUATION.
HIST 1483 | U. S. HISTORY TO THE CIVIL WAR | 3 | GEN ED | (R) (W)
HIST 1493 | U. S. HISTORY SINCE THE CIVIL WAR | 3 | GEN ED | (R) (W)
BIO 2125 | MICROBIOLOGY –OR-- | MAJOR | (R) (W) MATH 0203 OR ADEQUATE MATH PLACEMENT TEST SCORE, FOUR CREDITS OF COLLEGE BIOLOGICAL SCIENCE AND ANY COLLEGE-LEVEL CHEMISTRY COURSE
BIO 2215 | GENERAL ZOOLOGY | 5 | MAJOR | (R) (W) MATH 0203 OR ADEQUATE MATH PLACEMENT TEST SCORE, BIO 1113, BIO 114 OR CHEM 115 WITH A "C" OR BETTER, AN OCCC BIOLOGY PLACEMENT TEST SCORE OF 70% OR BETTER, HIGH SCHOOL AP BIOLOGY EXAM SCORE OF 3 OR BETTER, AN ACT SCIENCE SCORE OF 22 OR BETTER.
PHYS 1114 | COLLEGE PHYSICS I –OR-- | MAJOR | (R) (W) MATH 1513 OR HIGHER OR APMM 1223, WITHIN THE LAST TWO YEARS OR BY EVALUATION ♦
CHEM 1215 | GENERAL CHEMISTRY II | 4 - 5 | MAJOR | CHEM 1115 WITH A GRADE OF "C" OR BETTER, MATH 1513 OR MATH 1533 WITH A GRADE OF "C" OR BETTER.

Sophomore 1st Semester
POLSC 1113 | AMERICAN FEDERAL GOVERNMENT | 3 | GEN ED | (R) (W)
CS 1103 | INTRODUCTION TO COMPUTERS AND APPLICATIONS | 3 | SUPPORT | MATH 0103 OR ADEQUATE MATH PLACEMENT TEST SCORE
PSY 1113 | INTRODUCTION TO PSYCHOLOGY | 3 | GEN ED | (R)
BIO 2234 | HUMAN PHYSIOLOGY | 4 | GEN ED | (R) (W) MATH 0203 OR ADEQUATE MATH PLACEMENT TEST SCORE, ONE BIOLOGY AND ONE CHEMISTRY COURSE EACH WITH A LABORATORY INCLUDED
HUM | HUMANITIES ELECTIVE | 3 | GEN ED | (R)

Sophomore 2nd Semester
SOC 1113 | INTRODUCTION TO SOCIOLOGY –OR-- | GEN ED | (R) (W)
PSY 2403 | DEVELOPMENTAL PSYCHOLOGY | 3 | MAJOR | PSY 1113
BIO | BIOLOGICAL SCIENCE | 3 | GEN ED | (R) (W)
HUM | HUMANITIES ELECTIVE | 3 | GEN ED |
FA SUPPORT | FACULTY APPROVED SUPPORT ELECTIVES | 5 - 6 | SUPPORT |

Major Courses: (14 - 15 Credit Hours) Biology: BIO 2234; 3 credit hours in biological science; Physical Science: PHYS 1114 or CHEM 1215; Allied Health: AHP 1013
General Education Courses: (37 Credit Hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Science: BIO 2125 OR BIO 2215; CHEM 115; Humanities: Six credit hours; Social Sciences: PSY 1113; SOC 1113 or PSY 2403; Mathematics: MATH 1513
Life Skills Courses: (1 credit hour) Life Skills: SCL 1001
Support Courses: (8 - 9 Credit Hours) Computer Science: CS 1103:5 - 6 credit hours selected with the approval of Faculty Advisor which match the admission requirements of the receiving university.(Note that many programs require the completion of at least one junior-level course.)
Notes: This program is designed for students planning to continue their education at a four-year college or university. See the general information section of the catalog for information and requirements on the University Parallel/Transfer Programs.
*Course choice depends on the specific program for which the student is applying. See prerequisite course list of the receiving institution.
Criteria available in division office.
Art - Visual Arts

Associate in Arts

Minimum of 61 credits

The mission of the Visual Arts Program is to provide the fundamental knowledge essential to art majors planning careers in a wide range of visual art disciplines. The program has a large number of approved support electives, making it very diverse and flexible, and allowing students to design an art program that fits their personal educational goals. Students who earn an associate degree in Visual Arts are prepared to continue studying at a four-year institution. After graduating, they can become teachers, art critics, museum directors and curators, art gallery directors, painters, sculptors, ceramists, jewelers, art historians and photographers, or work in film/video, fashion design, interior design, animation, art therapy, illustration, print making and graphic/visual communications. Graphic Communications students who wish to transfer to a four-year institution should enroll in the Visual Arts program for an Associate in Arts degree.

# Automotive Technology - Automotive Technology Internship Program

**Associate in Applied Science**

**Minimum of 66 Credits**

Students interested in automotive technology may choose the Automotive Technology Internship Program emphasis. While studying at Oklahoma City Community College, students become familiar with current automotive technology, as well as diagnostic and trouble-shooting techniques.

## Faculty Approved Elective

- **FAAT** FACULTY APPROVED AUTOMOTIVE ELECTIVE 4 MAJOR

---

**Major Courses:** (42 credit hours) Automotive Technology/GM Automotive Service Educational Program Emphasis: AT 1204; AT 1214; AT 1224; AT 1244; AT 2101; AT 2204; AT 2214; AT 2224; AT 2234; Five hours of AT 2001; Four credit hours Faculty Approved Electives.

**General Education Courses:** (18 credit hours) Math: MATH 1503, or MATH 1513, or MATH 2013; English: ENGL 1113; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; English/Communications Elective: ENGL 1213, or ENGL 1223 or ENGL 2213; or COM 1123, or COM 2213; Business Communication: BUS 2033

**Life Skills Courses:** (3 credit hours) AT 1013

**Support Courses:** (3 credit hours) Principles of Management: MGMT 2053

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

♦ Criteria available in division office
## Automotive Technology - GM Automotive Service Educational Program

**Associate in Applied Science**

**Minimum of 66 Credits**

Students interested in automotive technology can choose the Automotive Service Educational Program (ASEP) emphasis. ASEP students are each sponsored by a General Motors dealership. The students develop expertise in the latest technological advances in GM automotive engineering and service procedures. Students are guaranteed employment with their sponsors after graduating. Students are responsible for providing their own hand tools.

# Automotive Technology - Non-Structural Repair

**Associate in Applied Science**

Minimum of 64 credits

This associate degree program is designed to provide students with the skills needed in the auto collision repair industry. Both basic and advanced techniques will be taught. At the conclusion of the degree program, the students will be eligible for careers in civil service or privately owned repair facilities. Students will also be eligible for careers in the insurance industry. This program is part of cooperative agreements with Francis Tuttle and Metro Tech Technology Centers. All major courses are taught at Francis Tuttle and Metro Tech Technology Centers.

♦ Criteria available in division office
Aviation Maintenance Technology

Associate in Applied Science

Minimum of 61 Credits

The Aviation Maintenance Technology program is a cooperative alliance program conducted jointly by Oklahoma City Community College and Metro Tech Technology Center. Federal Aviation Administration certified airframe and powerplant technical occupational courses are offered exclusively at the Metro Tech Aviation Career Center campus. Required general education and support courses are offered at the Oklahoma City Community College campus. Aviation maintenance technicians service, repair and overhaul various aircraft components and systems including electrical and hydraulic systems, airframes, engines and propellers on commercial and private aircraft.

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (15 credit hours) Mathematics: Three credit hour of faculty approved mathematics that meet OCCC's mathematics proficiency requirements.; Support Electives: Twelve credit hours of faculty approved support electives

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses are available only at Metro Tech Aviation Career Center.

#This program is offered through a cooperative alliance established with Metro Tech Technology Center.

* To be chosen from ENGL 1213, ENGL 1233, COM 1123, or COM 2213

** Students must file all financial aid through the technology center while attending there.
Certificate of Mastery

Minimum of 27 Credits

The Aviation Maintenance Technology, Airframe and Powerplant Technician program is a cooperative alliance program between OCCC and Metro Tech Technology Center. The program is accredited through the established guidelines of the Federal Aviation Administration. The program is designed to provide students completing the program with knowledge and skills necessary to obtain the FAA Airframe and Powerplant license. The Certificate of Mastery is designed for immediate employment with the option to complete the Associate in Applied Science. Aviation maintenance technicians service, repair and overhaul various aircraft components and systems including electrical and hydraulic systems, airframes, engines and propellers on commercial and private aircraft.

General Education Courses: None
Life Skills Courses: None
Support Courses: None
Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.
Major courses are available only at Metro Tech Aviation Career Center. This program is offered through a cooperative alliance established between Metro Tech Technology Center and OCCC.
# Associate in Science

Minimum of 69 Credits

The Aviation Maintenance Technology program is a cooperative alliance program conducted jointly by Oklahoma City Community College and Metro Tech Technology Center. Federal Aviation Administration certified airframe and powerplant courses are offered exclusively at the Metro Tech Aviation Career Center campus. Required general education and support courses are offered at the Oklahoma City Community College campus. Aviation maintenance technicians service, repair and overhaul various aircraft components and systems including electrical and hydraulic systems, airframes, engines and propellers on commercial and private aircraft. The curriculum stresses aviation maintenance principles, critical thinking and communication skills, in addition to mathematics, science and technological skills. This degree is a part of the Oklahoma City Aviation/Aerospace Education Alliance providing opportunities for high school and adult students.

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Notes:**
- This program is designed for students planning to continue their education at a four-year college or university. See page the front general information section for information and requirements for University Parallel/Transfer Programs.
- Major courses are available only at Metro Tech Aviation Career Center.

*Students must file all financial aid through the technology center while attending there.*

♦ Criteria available in division office
**Biology - Science with Biology Concentration**

**Associate in Science**

Minimum of 61 Credits

Biology students strive to understand the fundamental processes of life. Their studies cover everything from plants and animals to fungi and bacteria. Courses cover a wide variety of subjects including microbiology, botany, ecological systems, comparative vertebrate anatomy, zoology, genetics and physiology. Within the biology concentration, students can focus on specialized areas such as environmental science, botany and zoology. A science degree with a concentration in biology gives a student the thorough academic background needed to pursue additional education at a four-year college or university. Once the student graduates with a bachelor's degree, career opportunities become available in areas such as ecology, education, pollution control, medical technology, medicine, research, forestry, wildlife management, dentistry and pharmacology.

♦ Criteria available in division office
## Biotechnology (AAS)

**Associate in Applied Science**

Minimum of 67-68 Credits

This program is designed to train students to be skilled biotechnology technicians. Students will be educated in the fundamentals of biology and chemistry with special emphasis on molecular biology and its utilization in separation techniques, gene splicing, recombinant DNA, fermentation and cell development and production processes used in many areas of human health, plant and animal agriculture, pharmaceuticals, food processing, cosmetic and household products, environmental technology, and bioremediation.

**Major Courses**: (33-34 credit hours) Biology: BIO 2125; BIO 2234; BIO 2343; BINFO 1011; Biotechnology: BIOT 1011; BIOT 1022; BIOT 2352; BIOT 2823; BIOT 2933; BIOT 2921; BIOT 2935. Pick 2 of the following 3: BIO 2203, BIOT 2843, BIOT 2942

**Support Courses**: (12 credit hours) Chemistry: CHEM 1115, Mathematics: MATH 1513

**Life Skills Courses**: (1 credit hour) Life Skills: SCL 1001

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.
Biotechnology (Certificate)

Certificate of Mastery

Minimum of 20-21 Credits

A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate. The Certificate of Mastery is designed to train students to be skilled biotechnology technicians. Students will be educated in the fundamentals of biology and chemistry with special emphasis on molecular biology and its utilization in separation techniques, gene splicing, recombinant DNA, fermentation and cell development and production processes used in many areas of human health, plant and animal agriculture, pharmaceuticals, food processing, cosmetic and household products, environmental technology, and bioremediation. Please note that the certificate program courses have prerequisites of BIO 2125, CHEM 1115 and 1215, College Biology, MATH 1513 or MATH 2013 and BIO 2243 or the equivalent.

Broadcasting - Journalism and Broadcasting/Broadcasting Emphasis

Minimum of 61 Credits

Broadcasting students get practical experience in the behind-the-scenes operations of America's electronic media. Courses cover basic communications, as well as topics such as news writing, photography, journalism, advertising and production techniques. People interested in broadcasting should be self-confident, assertive, creative and inquisitive. Associate degrees in Journalism and Broadcasting prepare students to transfer to four-year institutions. Career opportunities may be found as a reporter, writer, teacher, photographer, broadcast commentator, camera operator or studio technician. Areas of emphasis are also available in journalism, speech and public relations.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements. * At least one science course must include a laboratory component.

Elective may be any 3 credit course from catalog.
## Business Associate in Science

Minimum of 62 Credits

Students enrolled in the Business Program develop vital skills in preparation for becoming members of the business community. Students study economics, accounting, statistics, and computer science, in addition to general education. A degree in business prepares students to transfer to a baccalaureate degree program. There they can pursue a bachelor’s degree with a Major in a specialized area such as accounting, economics, finance, international business, management, or marketing.

♦ Criteria available in division office
Associate in Applied Science

Minimum of 61 Credits

This associate degree program is designed to meet the needs of an individual who wants to enter the job market following completion of the program. Although some of the credit hours may apply toward a baccalaureate degree, this degree is intended as a terminal degree, not a transfer degree. If the individual intends to transfer to a baccalaureate degree program in accounting, the university-parallel degree, Associate in Science in Business, at Oklahoma City Community College should be pursued. Individuals with ability to maintain and interpret accurate financial information are important to any business. The Accounting Program focuses on time-tested, traditional accounting techniques and an understanding of the accounting theory on which they are based, as well as computerized methods.

Upon completion of the program, students are prepared to begin careers as accounting paraprofessionals. Job opportunities include, but are not limited to, junior accountant, cost accounting technician, general accounting technician, audit aide, and payroll specialist. All AAS in Business options have a common business core of Support Courses and common General Education courses listed below.

* Criteria available in division office*
**Associate in Applied Science**

**Minimum of 61 Credits**

NOTE: YOU MUST WORK WITH A FACULTY ADVISOR FOR ENROLLMENT INTO THIS PROGRAM. This associate degree program is designed to meet the needs of an individual who wants to enter the job market following completion of the program. College credits earned may apply toward a bachelor's degree should the individual decide to continue studies at a four-year college or university. Modern office operations demand technical skills far above simple typing and answering the telephone. The Administrative Office Technology Program at Oklahoma City Community College provides the education needed to become a valued member of a business office team. The College offers an associate degree featuring two areas of specialization: Administrative Office Specialist option and Legal Secretary option. Career opportunities are available as a receptionist, administrative assistant, executive secretary, and as a secretary for government, engineering, manufacturing, and business concerns. All AAS in Business options have a common business core of Support Courses and common General Education courses listed below.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. #Cooperative agreements have been established with Francis Tuttle, Moore Norman and Metro Tech Technology Centers.

(C) These courses require a minimum of a "C" grade.

♦ Criteria available in division office
Associate in Applied Science

Minimum of 61 Credits

NOTE: YOU MUST WORK WITH A FACULTY ADVISOR FOR ENROLLMENT INTO THIS PROGRAM. This associate degree program is designed to meet the needs of an individual who wants to enter the job market following completion of the program. College credits earned may apply toward a bachelor's degree should the individual decide to continue studies at a four-year college or university. Legal office operations demand technical skills far above simple typing and answering the telephone. The Legal Secretary Option at Oklahoma City Community College provides the education needed to become a valued member of a legal office team. All AAS in Business options have a common business core of Support Courses and common General Education courses listed below.

## Business - Aviation Management Emphasis

### Associate in Science

Minimum of 62 Credits

This program includes Oklahoma City Community College degree requirements and courses generally completed in the first two years of a baccalaureate degree curriculum. Students should also consult a faculty advisor in their major at Oklahoma City Community College. With approval, the associate degree program may be modified to meet a student's needs depending on the catalog of the college or university to which they plan to transfer and carefully select courses that will meet requirements for both the baccalaureate and associate degree programs.** This suggested curriculum includes Oklahoma City Community College degree requirements and courses generally completed during the first two years of a four-year curriculum. The associate degree program can be tailored to meet student's needs depending on the college or university they plan to attend.

### Major Courses:

15 credit hours: AVM 1103; AVM 1113; AVM 2123; AVM 2413; MGMT 2053

### General Education Courses:

(40 credit hours) Business: BUS 2023; English: *ENGL 1113; ENGL 1213; Economics: ECON 2113; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Mathematics: MATH 1513, Humanities Electives: six credit hours; Physical Science: PHYS 1114 (including lab); Biological Science: BIO 1115; Psychology: PSY 1113; Geography: GEOG 2603

### Life Skills Courses:

1 credit hour: Life Skills: SCL 1001

### Support Courses:

6 credit hours: Computer Science: CS 1103; CS 1153

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs.* Course satisfies the computer proficiency requirement. (Class schedule must specify ENGL 1113 as "Computer-Assisted Writing")** This program is part of an articulation 2+2 agreement with Southeastern Oklahoma State University leading to a Bachelor of Science in Aviation Management.

* Criteria available in division office
Certificate of Mastery

Minimum of 33 Credits

The certificate program allows an individual to work toward an attainable goal without taking the general education required for an associate degree. College credits earned may apply toward an Associate in Applied Science degree. Students with an aptitude for working with figures and who have good communication skills may want to consider studying banking and finance. A certificate of mastery program introduces students to careers in the banking industry or in finance-related fields. Upon completion of the certificate program, students are ready for entry-level positions with advancement opportunities as loan officers, head tellers, cashiers and operations officers. Oklahoma City Community College also offers a Business/Finance degree with an emphasis in banking that prepares students for entry into the job market.

## Business - Business Management Option

### Minimum of 61 Credits

A career in management is a career filled with responsibility and decision-making and is suited to individuals who are well-organized, analytical and decisive. Coursework in the Major area is designed to give students the necessary preparation to pursue management careers after graduation. The Major area can concentrate on management or marketing, or be tailored to fit individual needs. Students must consult with their faculty advisor when selecting Major electives. All AAS in Business options have a common business core of Support Courses and common General Education courses listed below.

### Course ID | Course Name | Credits | Type | Prerequisites

### Notes:
This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.* Elective: Major electives must be approved by faculty advisor.

(C) These courses require a minimum of a "C" grade.

♦ Criteria available in division office
Thorough preparation for a career in finance is available to students in the Finance Program. A career in finance is an exciting and challenging career suited for individuals who are organized, analytical, responsible and decisive. Students may select from one of two major areas in the program: Banking emphasis or General emphasis. The Banking emphasis prepares students for career opportunities as management trainees or in customer service or credit departments. Major program courses are taught by industry professionals in each of the major areas. These instructors bring to the classroom a wealth of experience from their respective industries that enhances the student’s ability to become a professional in a chosen career field. Oklahoma City Community College also offers a Certificate of Mastery in Banking. All AAS in Business options have a common business core of Support Courses and common General Education courses listed below.

### Major Courses:
- (30 credit hours) Finance/Banking Emphasis: Finance: (C) FIN 1013 (C)FIN 2033; Banking/Finance: (C)BF 1303; Economics: (C)ECON 2303; Marketing: (C) MKT 2043; Accounting: (C) ACCT 2123; Faculty Approved Major Electives: (C) 9 credit hours of Major electives
- General Education Courses: (18 credit hours) English: ENGL 1113 and one of the following: COM 1123; COM 2213; ENGL 1213; ENGL 1233; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Economics: ECON 2113; ECON 2123
- Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

### Support Courses:
- (12 credit hours) Accounting: ACCT 2113; Business: BUS 1323, BUS 2033 and BUS 2073

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.*

Major Electives should be chosen from BF, FIN, ACCT, AOT, BUS, ECON, MKT and other related areas subject to faculty approval.

(C) These courses require a minimum of a "C" grade.

♦ Criteria available in division office
Associate in Applied Science

Minimum of 61 Credits

Thorough preparation for a career in finance is available to students in the Finance Program. A career in finance is an exciting and challenging career suited for individuals who are organized, analytical, responsible and decisive. Students may select from one of two major areas in the program: Banking emphasis or General emphasis. With the General emphasis, the student can select a specific course of study such as insurance or financial services for the major electives. Career opportunities are available through the insurance option as a sales representative, adjuster, manager or financial advisor. major program courses are taught by industry professionals in each of the major areas. These instructors bring to the classroom a wealth of experience from their respective industries that enhances the student's ability to become a professional in a chosen career field. All AAS in Business options have a common business core of Support Courses and common General Education courses listed below.

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.

#Cooperative agreements have been established with Francis Tuttle, Moore Norman and Metro Tech Technology Centers.

(C) These courses require a minimum of a "C" grade.

♦ Criteria available in division office
Certificate of Mastery

Minimum of 27 Credits

The certificate program allows an individual to work toward an attainable goal without taking the general education required for an associate degree. College credits earned may apply toward an Associate in Applied Science degree. Program Information: A Certificate of Mastery in Insurance provides the opportunity for students to study the areas of emphasis that relate directly to jobs in the insurance industry. At Oklahoma City Community College, a Certificate of Mastery can be earned by completing 30 credit hours in coursework such as principles of insurance, personal insurance, commercial insurance and communications. Classes are taught by professors who are both academically and professionally qualified. Students benefit from the instructors' years of experience on the job and in the classroom. With a Certificate of Mastery, students can begin an insurance career through an entry-level position. Often, students can earn certificates as they work toward a degree. Oklahoma City Community College also offers a Business/Finance degree with a general option whereby a student can specialize in insurance coursework that prepares students for immediate entry into the job market.

Certificate of Mastery

Minimum of 18 Credits

The Certificate of Mastery in International Business provides students interested in global economies and overseas markets with the background and skills necessary to be successful in the international arena. As the U.S. domestic economy and international markets become more and more interdependent, the demand for professionals able to conduct business with knowledge of various economic, political, and cultural differences will increase.

(C) These courses require a minimum of a "C" grade.
Business - Management Emphasis

Associate in Science

Minimum of 61 Credits

This program includes Oklahoma City Community College degree requirements and courses generally completed in the first two years of a baccalaureate degree curriculum. Students should also consult a faculty advisor in their major at Oklahoma City Community College. With approval, the associate degree program may be modified to meet a student’s needs depending on the intended transfer college or university. Students should consult the catalog of the college or university to which they plan to transfer and carefully select courses that will meet requirements for both the baccalaureate and associate degree programs.*** Program Information: This suggested curriculum includes Oklahoma City Community College degree requirements and courses generally completed during the first two years of a four-year curriculum. The associate degree program can be tailored to meet student’s needs depending on the college or university they plan to attend.

**Major Courses:** (11 credit hours) MGMT 2053; **

**Major electives:** eight credit hours

**General Education Courses:** (37 credit hours) English: *ENGL 1113; ENGL 1213; Economics: ECON 2113; History: HIST 1483 or HIST 1493; Mathematics: MATH 1513; MATH 1743; Political Science: POLSC 1113; Social Sciences: Six credit hours; *Sciences: Seven credit hours - three to four credit hours of general education Biological Science; three to four credit hours Physical Science one of the science courses must include a lab component. General Education elective: three credit hours

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (12 credit hours) Accounting: ACCT 2113; ACCT 2123; Business: BUS 2023; Economics: ECON 2123

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. *Course satisfies the computer proficiency requirement. (Class Schedule must specify ENGL 1113 as Computer-Assisted Writing)

**Electives:** MGMT 2000; MGMT 2013; MGMT 2223; MGMT 2323; MGMT 2423; MGMT 2453; MGMT 2523; MGMT 2623; MGMT 2913; MGMT 2953 or other electives approved by faculty advisor to meet transfer institution’s requirements.

**This program is part of an articulation 2+2 agreement with The University of Central Oklahoma leading to a Bachelor of Business Administration in Management.
### Certificate of Mastery

**Minimum of 43 Credits**

NOTE: YOU MUST WORK WITH A FACULTY ADVISOR FOR ENROLLMENT IN THIS PROGRAM. The certificate program allows an individual to work toward an attainable goal without taking the general education required for an associate degree. College credits earned may apply toward an Associate in Applied Science degree in Administrative Office Technology. Program Information: The Medical Transcriptionist option provides training for the individual who enjoys working in the health professions. Students will acquire the basic skills in English grammar, medical terminology, word processing, and machine transcription needed to obtain an entry-level position.

**Notes:** A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.

# Cooperative agreements have been established with Francis Tuttle, Moore Norman and Metro Tech Technology Centers.

(C) These courses require a minimum of a "C" grade.

* Criteria available in division office
Chemistry - Science with Chemistry Concentration

Minimum of 63 Credits

Chemistry students probe molecular structure to understand atoms and how they come together to form various substances. Students learn how to determine which elements are present in materials and how to alter their structures through chemical changes. Courses cover topics such as atomic structure, structure and bonding, electrochemistry, thermodynamics, radioactivity, and synthesis. An associate degree in science with a chemistry concentration gives a student the solid academic foundation needed to continue studying at a four-year college or university. After graduation, career opportunities can be found in education, pharmacology, petroleum analysis, research, patent development, substance analysis, geology, medicine, nutrition and other industries.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (5 credit hours) Chosen from CHEM 2990; MATH; PHYS**; BIO; or ECON

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs.

(C) Indicates a grade of "C" or higher must be achieved.

*CHEM 1743 is appropriate for pre-pharmacy students only.

**Either PHYS 1214 or PHYS 2114 are strongly recommended for students pursuing a career in chemistry, medicine, dentistry, or forensic science.

♦ Criteria available in division office
# Associate in Arts

Child Development (AA)

Minimum of 62-63 Credits

Students in child development learn how to provide the best possible environment for young children to enable them to reach their full potential. Child development is a good program for people who have a real interest in young children and who are objective, dependable and get along well with others. A preparatory degree in child development prepares students to transfer to a four-year college or university. There they can pursue baccalaureate degrees in early childhood education, family relations, human environmental sciences or other areas. Students work directly with children at the OCCC Child Development Center and Laboratory School in some courses, applying concepts learned in the classroom. Students are encouraged to see a faculty advisor early in the program. Oklahoma City Community College also offers a certificate of mastery and a child development degree that prepares students for immediate entry into the job market.

- **Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements. Students who plan to transfer to a four-year institution and Major in early childhood education or childhood studies should consult a faculty advisor before selecting electives.
- (+) If this course is completed online, student is required to be on campus for on-campus tour and observations at the CDCLS.
- * These courses have a clinical component that requires purchase of liability insurance, a student name tag, tuberculosis testing and an OSBI background investigation.
- ** At least one science must contain a laboratory component.
- (C) A grade of "C" or better required before admission to subsequent courses. See OCCC Catalog.
- (S) This course contains a service learning component.
- ♦ Criteria available in division office
Associate in Applied Science

Minimum of 61 Credits

Objective, dependable people, who get along well with others and have a genuine interest in young children, may find that the Child Development program is what they are seeking. Child development students learn educational and environmental principles used to optimally promote young children's development. Students work directly with children at the OCCC Child Development Center and Laboratory School in some courses, applying concepts learned in the classroom. Students are encouraged to see a faculty advisor early in the program. Oklahoma City Community College also offers child development degree that prepares students for continuing their education at a four-year college or university and a certificate of mastery.

(*) If this course is completed online, student is required to be on campus for on-campus tour and observations.

(S) This course contains a service learning component.

Major Courses: (30 credit hours) Child Development: CD 1121, 2113, 2153, 2333, 2353, 2213, 2363, 2443, 2533,2632, 2713.

General Education Courses: (21 credit hours) English: ENGL 1113, ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Humanities: Three credit hours Psychology or Sociology; PSY 1113 or SOC 1113; Computer Skills: CS 1103.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (9 credit hours) Business: BUS 1323; 3 hours Faculty Approved Support Elective OR, upon Advisor evaluation, CD 2623 Supervised Laboratory; Art: ART 1213.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. #Cooperative agreements have been established with Francis Tuttle and Moore Norman Technology Centers. Students should consult a faculty advisor before selecting electives.
The Child Development Administrator option is designed to prepare individuals to work as program directors/administrators in child development settings. For individuals currently employed in the field, it will provide an opportunity to maintain and/or upgrade their education and training.

### Notes

- *These courses have a clinical component that requires purchase of liability insurance, a student nametag, tuberculosis testing and an OSBI background investigation.
- (+) If this course is completed online, student is required to be on campus for on-campus tour and observations.
- (S) This course contains a service learning component.
Child Development (Certificate)

Certificate of Mastery

Minimum of 18 Credits

The certificate program allows an individual to work toward an attainable goal without taking the general education required for an associate degree. College credits earned apply toward the Associate in Science or Associate in Arts degrees. Students with a genuine interest in young children may want to consider studying child development. This certificate is also designed to meet the training requirements required for the Child Development Associate (CDAO), a national competency-based credential which is the first level of professional preparation in early childhood education, while the Certificate of Mastery places the developing professional at a slightly higher level.

Major Courses: (15 credit hours) Child Development: CD 2113, 2153, 2213, 2333, 2353, 2363

General Education Courses: (3 credit hours) English: ENGL 1113

Life Skills Courses: None

Support Courses: None

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate. *These courses have a clinical component that requires purchase of liability insurance, a student nametag, tuberculosis testing and an OSBI background investigation.

(+) If this course is completed online, student is required to be on campus for on-campus tour and observations at the CDCLS.

(C) Grade of "C" or better required before admittance to subsequent courses. See OCCC Catalog.

♦ Criteria available in division office
### Clinical Research Program

**Associate in Applied Science**

**Minimum of 66 Credits**

This program is designed to train students to be skilled, entry level, clinical research coordinators. Students will be educated in the fundamentals of clinical research with a special emphasis on federal guidelines, good clinical practices, research protocol design, clinical research methodologies, statistics, pharmacology and pathophysiology. The graduating student will be equipped with skills necessary in a wide variety of human subject research and clinical trials fields.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.
Imagine bringing your own creations to life, it is not impossible with a certificate in Computer Aided Technology Computer Animation. The Computer Animation certificate develops students' creative skills in this wide-ranging field, from foundations in animation and drawing, to character design and computer applications. This program will allow students to utilize all the tools that drive today's 2D and 3D animation projects, and will prepare students for life as a professional computer animator. The Computer Aided Technology degree certificate in Computer Animation is designed to provide students with the advanced conceptual and technical skills needed to enter the field of computer animation, game art and design, 3D modeling, video editing and special effects. The Computer Animation certificate program is well-suited for enthusiastic amateurs and designers looking to explore this exciting field as a recreational endeavor. Other options in Computer Aided Technology are also available in Computer-Aided Design (CAD), Computer Animation Game Design, Geographic Information Systems (GIS), and Multimedia. Students should seek a faculty advisor early in the program.

Certificate of Mastery

Minimum of 27 Credits

This certificate program allows an individual to work toward an attainable goal of a Network Technician. For students who desire additional skills, it is the 2nd phase of a 3-tiered program that will lead directly to an Associate in Applied Science: Computer Science - Computer Systems Support. This program addresses a critical shortage in industry employment by providing students the fundamental knowledge of installing and maintaining computer networks. Students who have completed the requirements for a Certificate of Mastery: Computer Science - Computer Networking Support, can add network skills to their credentials and prepare themselves for passing the first three required core exams for becoming MCSA certified through Microsoft.

Major Courses: (27 credit hours) Computer Science: (C)(1)CS 1103; (C)CS 1153; (C)(2)(3)CS 1353; (C)CS 1413; (C)(4)CS 2153; (C)CS 2303; (C)CS 2713; (C)CS 2763; (C)(4)CS 2503
General Education Courses: None
Life Skills Courses: None
Support Courses: None

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.
(C) A grade of "C" or higher must be achieved.

(1) Advanced Standing is available.
(2) A+ Certification Preparation Course
(3) Network+ Certification Preparation Course
(4) Preparatory courses for MCP certification through Microsoft that can apply toward MCDST, MCSA or MCP or/and MCSE.
♦ Criteria available in division office
Computer Science - Computer Programming Emphasis

Minimum of 61 Credits

Computer programmers play an important role in the daily operations of many businesses because of the increasing use of computers in all fields. Computer science students learn about tools and techniques that are used professionally every day. Included in their studies are computer theory, systems analysis and program design using programming languages such as Java, C++, Visual Basic, and C#. Computer programmers must be reliable, systematic and detail-oriented. They should be organized, flexible and have an aptitude for math. Obtaining a degree with an emphasis in programming gives the students flexibility to pursue various career options in fields that may include software engineering, application development, web programming, database programming and game programming.

### Notes:
- **Major Courses**: (15 credit hours) Computer Science: (C)CS 1143; (C)CS 2163; (C)CS 2363; (C)CS 2453; (C)CS 2553; (C)CS 2563; (C)CS 2613; (C)CS 2653; (C)CS 2593
- **General Education Courses**: (45 credit hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Mathematics: MATH 1533; MATH 1613; MATH 2104; MATH 2214; Political Science: POLSC 1113; Communications: COM 2213; Social Sciences: PSY 1113; *Sciences: Seven credit hours three to four credit hours of Biological Science chosen from BIO 1113, BIO 1114, BIO 2114, BIO 2125; BIO 2215, BIO 2343, or BIO 2404; three to four hours of any Physical Science chosen from ASTR; PHYS; CHEM; or GEOL prefixes in at least one science course must include a laboratory component Note: PHYS 2014 is recommended for students pursuing UCO's Computer Science- Computer Science degree option; Humanities: Six credit hours of Humanities electives
- **Life Skills Courses**: (1 credit hour) Life Skills: SCL 1001
- **Support Courses**: None
- **Notes**: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs.
- **C» A grade of "C» or higher must be achieved.**
- **At least one science course must include a laboratory component**
- **Criteria available in division office**
Because of the increasing use of computers in all fields, support specialists play an important role in the daily operations of many businesses. Students will learn
the skills and techniques that are used to support computer hardware and software. Included in their studies are computer theory, hardware maintenance, software
installation and support, networking technologies and the Internet. The student will also learn communication and documentation skills vital to the professional service
and support position. Specialists must be reliable, systematic and detail-oriented. They should be organized and able to communicate on a technical and non-
technical level. They should expect to continually learn new skills to keep pace with the rapidly changing industry. The Computer Science Program provides students
with the background needed to pursue a career with major retailers, manufacturers, government agencies at all levels, financial institutions, colleges and universities,
service organizations and others.

**Major Courses:** (42 credit hours) Computer Science: (C)(CS 1153)(C)CS 1333; (C)(2)(3)CS 1353; (C)CS 1363; (C)(4)CS 2153; (C)CS 2193; (C)(3)(4)CS 2303; (C)CS 2403; (C)(4)CS 2503; (C)CS 2713; (C)CS 2763; (C) Nine credit hours of Computer Science electives.

**General Education Courses:** (18 credit hours) English: ENGL 1113; Mathematics: MATH 1503; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Physical Science: PHYS 1014; Communications: ENGL 1213 or ENGL 1233 or COM 1123 or COM 2213; CS 1103

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** None

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. #Cooperative agreements have been established with Francis Tuttle, Mid America and Moore Norman Technology Centers.

**Electives:** Six credit hours selected by the student and approved by the faculty advisor from any Computer Science courses.

*C* A grade of "C" or higher must be achieved.

(1) Advanced Standing is available.
(2) A+ Certification Course
(3) Network+ Certification Course
(4) Preparatory course for certification through Microsoft that can apply toward MCDST, MCSA or MCP or/and MCSE.

* Criteria available in division office
Certificate of Mastery

Minimum of 18 Credits

This certificate program allows an individual to work toward an attainable goal of supporting computer systems. For students who desire additional skills, it is the first phase of a 3-tiered program that will lead directly to an Associate in Applied Science: Computer Science - Computer Systems Support Emphasis. The industry demand for technicians qualified to support the installation, upgrade, maintenance, and administration of computers and their operating systems is at an all time high. This program is intended for all students who desire a career in the support of computers. It is a stopping point for students interested in computer service, and satisfies all major prerequisite requirements for continuing into more advanced programs in the department of Computer Science (see Certificate of Mastery: Computer Science – Computer Networking Support, and Associate in Applied Science: Computer Science - Computer Systems Support Emphasis).

**Associate in Science - Cyber/Information Security (AS)**

Minimum of 61-62 Credits

The curriculum is designed to provide the student with an introduction to the cyber/information security area as well as provide the foundational education needed in programming for a student to move on to a four-year cyber/information security program.

♦ Criteria available in division office
Certificate of Mastery

Minimum of 36 Credits

This program is designed for students who wish to acquire skills necessary for employment in the cyber/information security industry. The curriculum is designed to provide education in general security concepts, communications security, infrastructure security, basics of cryptography, and operational/organizational security. It can be used as the first step for an Associate in Applied Science: Cyber/Information Security. The industry need for cyber/information security training and education is clear. Daily we see news reports regarding the growing cyber threats, like denial of service, viruses/worms, hacking, electronic fraud, etc. This program is intended for all students who desire a career in the support of cyber/information security. The certificate satisfies all major prerequisite requirements for continuing into more advanced programs in Cyber/Information Security (see Associate in Applied Science: Cyber/Information Security). Oklahoma City Community College has been granted the authority to award the NSTISSI/CNSS 4011. Please contact Al Heitkamper for specific information at aheitkamper@occc.edu or 682.1611 ext. 7494.

## Computer Science - Cyber/Information Security Emphasis

### Associate in Applied Science

Minimum of 61 Credits

Because of the increasing threats to data and information that is computerized, the need for cyber/information security specialists is at an all time high. Cyber/information security specialists play an important support role in the daily operations of all businesses. Within the AAS program students will complete forty-two credit hours of major coursework. This will include the cyber/information security core of fifteen hours, and twenty-seven hours of computer science courses (networking-related, including CompTIA Network+ certification preparation). The degree will also require each student to complete CompTIA+ certification preparation training. In addition to the Network+ and A+ certification, the cyber/information security specific courses will prepare students for the CompTIA Security+ certification exam. Students will be required to take nineteen hours of general education requirements. The Cyber/Information Security Program provides students with the background needed to pursue a career with major retailers, manufacturers, government agencies, financial institutions, colleges and universities, service organizations and others. Oklahoma City Community College has been granted the authority to award the NSTISSI/CNSS 4011. Please contact Al Heitkamper for specific information at aheitkamper@occc.edu or 682.1611 ext. 7494.

### General Education Courses

- 18 credit hours: English: ENGL 1113; Mathematics: MATH 1503 or MATH 1513; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Communications: ENGL 1213 or COM 1123 or COM 2213; (C) CS 1103

### Life Skills Courses

(1 credit hour) Life Skills: SCL 1001

### Support Courses

None

### Notes

- This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. #Cooperative agreements have been established with Francis Tuttle Technology Center. (1)Advance Standing is available

- Preparatory courses for MCP certification through Microsoft that can apply toward MCSA and/or MCSE

- A+ Certification Course

- A grade of "C" or higher must be achieved.

- Electives: Nine (9) credit hours selected by the student from any Computer Science courses.

- Criteria available in division office
# Computer Science - Database Emphasis

## Associate in Applied Science

A database is used by an organization to store and maintain data in an organized way. Knowledge about database has become increasingly important in computer science education. There is also a shortage in industry employment for database related positions. The Database Emphasis enables students to develop skills related to creating, supporting, and maintaining a database. The program is designed to prepare students for entry level positions such as database administrators, database analysts, database application developers or database programmers.

Computer Science - Web Design Certificate

Certificate of Mastery

Minimum of 24 Credits

The Certificate of Mastery in Web Design is a course of study designed to teach the artistic elements of web site creation. The program focuses on core courses that are directly related to the attainment of entry-level skills and knowledge. It includes topics such as multimedia, digital imaging, animation, formatting, and user interfaces. It can be a stepping stone for those interested in continuing their studies in this field. Additional courses can be taken to earn a Web Development Certificate and eventually an A. A. S in Web Design and Development. This certificate is designed for first time students, current Computer Science or Computer Aided Technology students who want to enhance their skill set by adding a web component, as well as college graduates or individuals from business and industry who desire to add credentials.

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.
1 Advanced Standing is available
(C) A grade of "C" or higher must be achieved
♦ Criteria available in division office
The Internet is an integral part of our everyday lives, it has changed the way many organizations conduct business. Computer science students develop skills related to creating, supporting, and maintaining Web sites. The program is designed to prepare students for entry level positions such as Web developers, Web designers, Web editors, or Web support personnel. Students will gain the basic skills needed for working at small companies where they will have varied web related responsibilities. The program also provides students with exposure in specialized skill areas that large companies could further develop. Persons entering this field should be organized, logical, creative, good problem solvers, and possess good communication skills.

### Certificate of Mastery

**Minimum of 27 Credit Hours**

The Certificate of Mastery in Web Development is a course of study designed to teach the technical elements of web site creation. The program focuses on core courses that are directly related to the attainment of entry-level skills and knowledge. It includes topics such as database, security, programming, client-side scripting, and server-side scripting. It can be a stepping stone for those interested in continuing their studies in this field. Additional courses can be taken to earn a Web Design Certificate and eventually an A. A. S in Web Design and Development. This certificate is designed for first time students, current Computer Science or Computer Aided Technology students who want to enhance their skill set by adding a web component, as well as college graduates or individuals from business and industry who desire to add credentials.

(C) A grade of "C" or higher must be achieved.

♦ Criteria available in division office
Certificate of Mastery

Minimum of 19 Credits

The Computer-Aided Design Certificate allows an individual to certify a level of expertise as a Computer-Aided Design Technician. The certificate of mastery includes most of the courses required for an Associate in Applied Science in Computer-Aided Technology - Computer Aided Design Emphasis. Students interested in the virtually limitless applications for computers in engineering and architecture design may want to consider earning a certificate of mastery in computer-aided design. This certificate is particularly helpful for people currently working in the engineering and architecture disciplines. It shows that the certificate holder has special knowledge in Computer-Aided Design. Areas of emphasis are also available in Game Design, Multimedia and Geographic Information Systems (GIS). Students should seek a faculty advisor early in the program.

*Cooperative agreements have been established with Francis Tuttle, Moore Norman, Metro Tech and Mid-America Technology Centers.

*Approved Support Electives must have an ART, CAT, CS, ENGR, JB, FVP, or GCOM prefix and must be approved by a Program Faculty Advisor. The Program Faculty Advisor must approve other electives.

** Three hours selected from ENGL 1213, ENGL 1233, COM 1123, or COM 2213.

♦ Criteria available in division office
## Associate in Applied Science

Minimum of 64 Credits

The focus of the Computer-Aided Design Emphasis is to prepare students to be the best in their profession. The courses within this program will prepare students to use, manage, and structure a CAD system. The scope of study will extend from single stations using basic 2D graphics to large multiple stations, networked systems using the latest in project management, 3-D parametric solid modeling, animated presentations, system customization and special effects. This program is on the cutting edge of this technology and students will be challenged by a technology that is expanding and changing as it is being taught. Courses cover subjects such as Computer-Aided Design, Engineering Principles, 3D Modeling, Management and Standards, Programming and Automation, Materials and Processes and Design Mechanics. These will prepare students to face every aspect of all manufacturing and architectural related disciplines. Students with degrees in computer-aided design have the background needed to pursue career opportunities with architectural firms, engineering firms, graphic designers, interior designers, civil engineers, manufacturers, construction companies, government agencies and many more. Areas of emphasis are also available in Game Design, Multimedia and Geographic Information Systems (GIS). Students should seek a faculty advisor early in the program.

# Database Management

## Associate in Applied Science

Minimum of 64 Credits

This plan of study is part of a cooperative alliance with Francis Tuttle and Moore Norman Technology Centers***. Major courses in the degree plan are not available on the main campus of Oklahoma City Community College. Database Administrators are responsible for the accuracy, security and accessibility of data. This degree includes courses in database design, database administration, performance tuning, database networking and backup/recovery using relational database products. Students are prepared for industry certification exams from Oracle. Other topics of study include UNIX for database administrators.

## Major Courses

- (30 credit hours) DBM 1103; DBM 1133; DBM 1333; DBM 2213; DBM 2313; 15 credit hours of faculty approved major electives

## General Education Courses

- (18 credit hours) English: ENGL 1113; Communications/English: Any Oklahoma State Regents for Higher Education approved general education communications or English course; Political Science: POLSC 1113; General Education Electives: Six credit hours

## Life Skills Courses

- (1 credit hour) Life Skills: SCL 1001

## Support Courses

- (15 credit hours) Mathematics: Three credit hours of faculty approved mathematics that meet OCCC is mathematics proficiency requirements; 12 hours support electives

## Notes

- This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.
- Major courses are available only at Francis Tuttle and Moore Norman Technology Center. * To be chosen from COM 1123, COM 1323, COM 2213, or Advisor approved COM elective or ENGL 1213 or ENGL 1233
- ** Can be chosen from APPM 1223, APPM 1233, MATH 1503, MATH 1513 or Advisor approved Mathematics course.
- # This program is offered through a cooperative alliance with Francis Tuttle and Moore Norman Technology Centers

*** Students must file all financial aid through the Technology Center while attending there.
Diagnostic Medical Sonography # ++

Associate in Applied Science

Minimum of 66 Credits

The Associates in Applied Science-Diagnostic Medical Sonography program is offered through a cooperative alliance established between Oklahoma City Community College and Moore Norman Technology Center. Major courses and clinical experience is only offered at Moore Norman Technology Center. Students completing the Diagnostic Medical Sonography plan of study will be equipped with skills and knowledge to perform in today's high demand health care industry as Sonographers. The Diagnostic Medical Sonography program is designed to provide students with in depth experience in real situations involving performing and providing evaluation of sonography procedures. Students have the opportunity to train on the latest systems and industry specific equipment. Graduates will be prepared to work in the areas of but not limited to hospitals, medical and diagnostic laboratories and diagnostic imaging centers. In addition, graduates will be prepared for the American Registry Diagnostic Medical Sonography certification.

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (4 credit hours): Science: BIO 1314

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses are available only at Moore Norman Technology Center.

# This program is offered through a cooperative alliance with Moore Norman Technology Centers.

++ Special Admissions Procedures Required
Diesel Technology

Associate in Applied Science

Minimum of 62 Credits

The Diesel Technology program is offered through a Cooperative Alliance agreement between Oklahoma City Community College and Francis Tuttle Technology Center. The program prepares students for immediate entry into the workforce as a diesel service technician and mechanic. Diesel service technicians and mechanics repair and maintain diesel engines that include trucks, locomotives, buses, personal passenger vehicles and construction equipment. Diesel technology involves the use of a variety of high powered tools and intricate computer systems in order to maintain diagnose and repair these engines and equipment. Students completing the program will be prepared to take the nationally recognized industry certifications through the National Institute for Automotive Service Excellence (ASE) Diesel Technology with a specific concentration in Medium/Heavy Truck Technician.

### Support Courses:
- 1000 level mathematics that meet OCCC's mathematics proficiency requirements, DT 2001 Career Experience

### Notes:
- This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.
- This program is offered through a Cooperative Alliance between OCCC and Francis Tuttle. All major courses are only available at Francis Tuttle.
Diesel Technology-Diesel Technician

Certificate of Mastery

Minimum of 24 Credits

The Diesel Technology program is offered through a Cooperative Alliance agreement between Oklahoma City Community College and Francis Tuttle Technology Center. The certificate prepares students for immediate employment options in the diesel technology service and repair fields. The Diesel Technology certificate is designed to provide students with in-depth, hands-on experience in real situations involving diagnosis and repair procedures. Students will have the opportunity to train on the latest systems and industry specific equipment.

Major Courses: DT 1101, DT 1103, DT 1114, DT 1144, DT 1124, DT 1214, DT 1234

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate. # This program is offered through a Cooperative Alliance between OCCC and Francis Tuttle. All major courses are only available at Francis Tuttle
Diversified Studies

Associate in Arts or Associate in Science

Minimum of 61 Credits

The Diversified Studies Program serves students with career goals in areas that may require a baccalaureate or professional degree not directly supported by a related associate degree at OCCC. Students with previously earned college credit not applied to existing programs also find the Diversified Studies a favorable way to earn an associate's degree. Because of the diversity of coursework to be completed, a student must have a Diversified Studies Degree Plan, which is an approved contract, on file in the Registrar's Office. A student should meet with either a faculty advisor or an advisor in Advising and Career Services to complete the appropriate forms. If a student does not have a faculty advisor, he or she should request one and contact that advisor who will guide the student through the process of completing the degree. With signed approval by the student's counselor and/or advisor and the coordinator of Multi-Divisional Programs, the Diversified Studies degree program may be modified to meet a student's needs. A Diversified Studies degree may be earned as either an Associate of Arts or Associate of Science degree, the choice to be determined based on specific course work listed in the degree plan. A student may apply for graduation any time after he/she has earned 45 hours and will be notified of any deficiencies or revisions that must be addressed prior to graduation. The program includes degree requirements generally completed in the first two years of a baccalaureate degree curriculum; however, students should consult the catalog of their chosen transfer colleges for specific requirements.

Major Courses: None

General Education Courses: (37 credit hours) English: ENGL 1112; ENGL 1213; Mathematics: MATH 1503 or MATH 1513 or MATH 2013; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Natural Sciences: Three to four credit hours of general education Biological Science; Three to four credit hours Physical Science—one of the science courses must include a lab component; Humanities: Six credit hours.; Electives: Nine credit hours General Education Electives

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (23 credit hours) Approved electives; 23 credit hours; must be approved by faculty advisor.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements. Any course listed in the General Education Requirements under Humanities on pages 44-45 may be used.
Electronics - General Emphasis

Associate in Applied Science

Minimum of 61 Credits

In addition to the OCCC campus, this program is part of cooperative alliances with Francis Tuttle and Moore Norman Technology Centers. Major courses in this degree are offered at OCCC and at the technology centers. The Electronics Program features a general electronics curriculum that prepares the student for a wide range of careers in the electronics and related industries. The electronics technician may be involved in building and testing prototype equipment, equipment installation, maintenance, calibration, and operation, technical writing, and sales. To meet these needs, the student is provided a foundation in mathematics, science, communications, social studies, and specialized coursework in electronics.

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses are available only at Moore Norman Technology Center.

*To be chosen from ENGL 1213, ENGL 1233, COM 1123, or COM 2213

#This program is offered through a cooperative alliance established with Moore Norman Technology Centers.

** Students must file all financial aid through the technology center while attending there.
Associate in Applied Science

Minimum of 61 Credits

This program is part of the cooperative alliances with Francis Tuttle Technology Center. Major courses are taught at Francis Tuttle Technology Center. Technicians in these specialties are commonly associated with manufacturing and a wide range of industrial activities. Students are provided a foundation in mathematics, science, communications, social studies, electronics support courses, and major coursework in a chosen specialty.

**Major Courses:** (32 credit hours) Electronics: ET 1144; ET 1223; ET 2014; ET 2044; ET 2124; ET 2353; ET 2363; Manufacturing Technology: PRDT 1413; PRDT 1534

**General Education Courses:** (18 credit hours) English: ENGL 1113; Any Oklahoma State Regents for Higher Education approved general education English or communications course; Political Science: POLSC 1113; History: HIST 1483 or HIST 1493; General Education Electives: Six credit hours

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (10 credit hours) Three credit hours of faculty approved mathematics that meets OCCC's mathematics proficiency requirements; Seven support electives

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses are available only at Francis Tuttle Technology Center.

* To be chosen from ENGL 1213, ENGL 1233, COM 1123, or COM 2213

# This program is offered through a cooperative alliance established with Francis Tuttle Technology Centers.

** Students must file all financial aid through the technology center while attending there.
## Emergency Medical Sciences++

**Associate in Applied Science**

Minimum of 68 Credits

Helping those in need, knowledge of emergency health care and situations demanding fast decision-making & critical thinking characterize the work of an Emergency Medical Technician (EMT) Paramedic. (C)EMS 1018 Basic EMT is a prerequisite to the Emergency Medical Sciences Paramedic Program. The Emergency Medical Sciences Paramedic Program focuses on pre-hospital aspects of emergency care. Coursework is taught by experienced paramedics, nurses and physicians in clinical and classroom settings. An immediate job entry degree in Emergency Medical Sciences gives students the in-depth preparation needed to sit for the National Registry paramedic exam. A graduate must be able to work well under pressure and make critical decisions without hesitating. Oklahoma City Community College also offers two EMS certificates of mastery. The program is accredited by the Commission of Accreditation of Allied Health Education Programs through the Committee on Accreditation of Education Programs for the EMS Professions (CoAEMSP).

### General Education Courses:

- (19 credit hours) Emergency Medical Sciences: D(C)EMS 1035; (C)EMS 1113; D(C)EMS 1059; (C)EMS 1223; D(C)EMS 2169; D(C)EMS 2179; (C)EMS 2189
- (41 credit hours) Allied Health Education Programs
- (1 credit hour) Life Skills: SCL 1001

**Support Courses:**

- (3 credit hours) Mathematics: MATH 1513 or APPM 1313

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

- (C) These courses require a minimum of a "C" grade to qualify as a course prerequisite and to qualify the student for licensure.
- (D) These courses have a clinical component that requires purchase of medical liability insurance, a physical, a clinical uniform, and an OSBI background investigation including a sex offender search.
- There is a one time clinical tracking fee required.
- **Special Admissions Procedures:** Background Checks: Due to clinical agency requirements, the Division of Health Professions requires an extensive nationwide Background Report which includes, but is not limited to, Oklahoma State Bureau of Investigation (OSBI) background searches for sex offender, violent offender, and criminal history. The student is responsible for the cost of the Background Report, which must be paid by credit card or money order only. Clinical agency representative(s) review the reports that have any criminal history (or "hits on the designated areas of concern") without access to identifying information. The facility alone can accept or deny clinical access to a student. If a student is denied access to a clinical site he/she will be unable to successfully complete the course or the program. Any break in continuous enrollment will require another complete Background Report.

**Drug Testing:** Drug testing is required for all students in the Division of Health Professions. Each student must have a random drug test prior to the first clinical assignment. The fee will be paid with the tuition and other fees for the semester in the program where actual clinical assignments begin. Random drug tests will be done on a predetermined date. Any break in continuous enrollment will require an additional random test.

**CREDENTIALING:** The ability to take the licensure exam in order to meet the eligibility requirements to practice as a Paramedic will be approved or denied by the National Registry of EMT's based on criminal history. It is the responsibility of the student to contact the National Registry of EMT's and determine eligibility. It is strongly recommended that this be done prior to enrollment in the program.

**Clinical Tracking:** A one-time fee will be required upon initial enrollment to the program.

♣ Criteria available in division office
Emergency Medical Sciences - Basic Emergency Medical Technology

Certificate of Mastery

Minimum of 8 Credits

The certificate program allows an individual to work toward an attainable goal without taking the general education required for an associate degree. College credits earned may apply toward an Associate in Applied Science degree. Emergency medical sciences students become qualified to provide pre-hospital emergency health care. There are two levels of certification in the program: EMT Basic and EMT Paramedic. EMT Basic is a prerequisite to the Emergency Medical Services (Paramedic) program. The credit is not counted toward the EMS degree. All coursework is designed to prepare students for careers as ambulance and emergency vehicle personnel, industrial medical technicians or as emergency medical personnel at special events. The program is also helpful for those who serve as volunteers for community emergency services. Oklahoma City Community College also offers an EMS degree that prepares students for immediate entry into the job market.

**Clinical Tracking:** A one-time fee will be required upon initial enrollment to the program.

★ Criteria available in division office
Engineering -- Pre-Engineering

Associate in Science

Minimum of 61-63 Credits

Pre-engineering students learn about fundamental engineering principles and how they are applied to real life problems. At Oklahoma City Community College, the Pre-Engineering Program is designed especially for students who want to complete a bachelor’s or advanced degree in any of the various branches of engineering. Courses cover subjects such as Engineering Graphics and Design, Statics, Dynamics, Strength of Materials, Thermodynamics, Electrical Science, Fluid Mechanics and Programming. Students in pre-engineering are often interested in chemistry, physics, mathematics, technology, computers and electronics. Degrees in pre-engineering prepare students to continue studies at a four-year college or university. Once students graduate, they find career opportunities with industry or government in any of more than 30 branches of engineering.

Enterprise Communication Systems

Associate in Applied Science

Minimum of 61 Credits

This plan of study is part of a cooperative alliances with Francis Tuttle Technology Center. Major courses in this degree plan are offered at Francis Tuttle. This plan of study was developed through a collaborative effort among Cisco, Cox Communications, Southwestern Bell, and WorldCom. Enterprise communication systems are one of the fastest growing fields in the United States. Advances in technology and applications come every day with innovations in fiber optics, satellite and microwave communications; long-distance link ups of computers, and even the household telephone. This plan of study will give the student the opportunity to train on the latest systems and test equipment. The program will cover the latest trends in communications equipment and techniques. In conjunction with Networks, PC Hardware Servers, Routers, ISDN, Frame Relay, Solaris, Linux, Windows 2000 and Ethernet Switches, a student may train on microwave equipment. The graduate will be prepared to work in the areas of installation, design of WAN systems maintenance, and the repair of various components of telecommunications systems. Also, the student will design an Enterprise Communications system. Upon completion of this plan of study, students may be prepared to take some of the following certification examinations: Network+, Cisco Certified Network Associate (CCNA) Server+, BICSI, I-Net+, Solaris Administrator, A+, Cisco Certified Network Professional (CCNP), Cisco Certified Design Administrator (CCDA), JAVA 2 Programmer, WOW Certified Web Designer Apprentice (CWDSA), Windows 2000 MCP, and LINUX+.

Major Courses: (39 credit hours) ECS 1214; ECS 1314; ECS 1334; ECS 2224; ECS 2334; ECS 2364; Major electives (15 credit hours) Fifteen credit hours of faculty approved electives

General Education Courses: (16 credit hours) English: ENGL 1113;Communications/English: To be chosen from COM 1123, COM 1323, COM 2213, or Advisor approved COM elective or ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: PS 1113; Approved General Education Electives: Six credit hours

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (3 credit hours) Mathematics: Three credit hours of faculty-approved mathematics that meet OCCC’s mathematics proficiency requirements.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses are available only at Francis Tuttle Technology Center.

* To be chosen from COM 1123, COM 1323, COM 2213, or Advisor approved COM elective or ENGL 1213

#Cooperative agreements have been established with Francis Tuttle Technology Centers.
# Film and Video Production Technician (AA)

**Associate in Arts**

Minimum of 64 Credits

This degree provides students the opportunity to become trained in the technical aspects of film and video production providing the community with a trained workforce of technicians. This strong technical foundation is appropriate for students wishing a career in acting, directing, screenplay writing, or other film and video areas. This program prepares students to transfer to a four-year institution.

Certificate of Mastery

Minimum of 32 Credits

This certificate program allows an individual to work toward an attainable goal without taking the general education courses required for an associate degree. College credits earned may apply toward an Associate in Applied Science degree or Associate of Arts degree in Film and Video Production. This certificate provides students the opportunity to become trained in the technical aspects of film and video production providing the community with a trained workforce of technicians able to handle lights, cameras, props, sound, and set design for film and video projects.

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.
(C) A grade of "C" or higher must be achieved in major Courses.
♦ Criteria available in division office
Students who study French will learn a widely spoken language that has a long history as a language of culture and diplomacy. In addition to learning to understand, speak, read, and write French, students will acquire understanding of the cultures of the Francophone world as well as greater awareness of their own language and culture. An associate degree in Modern Languages gives students the background needed to transfer to a four-year college or university. After graduating, language students may find career opportunities in teaching, travel, broadcasting, translating, law enforcement, international business or social service. Another area of emphasis available is Spanish.

**Major Courses:** (16 Credit Hours) French: FREN 1115; FREN 1225; FREN 2113; FREN 2223

**General Education Courses:** (37 Credit Hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Humanities: Six credit hours Humanities Electives; *Sciences: Three to four credit hours of general education Biological Science; three to four credit hours Physical Science-one of the science courses must include a lab component; Literature: Any ENGL course 2123 or higher; Mathematics: MATH 1503 or MATH 1513 or MATH 2013; Electives: Six credit hours General Education Electives

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (7 Credit Hours) Electives: Choose seven credit hours of electives from FREN, GRMN, SPAN, COM, ENGL, HUM, WL categories.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

**At least one science course must include a laboratory component.**

**Humanities electives and support courses must be chosen with an Academic Advisor.**

* Criteria available in division office
Certificate of Mastery

Minimum of 34 Credits

The Game Design emphasis in Computer-Aided Technology educates students through the study of subjects such as game theory and technology, the design process, animation, level design, multimedia design, art, animation, game mechanics and especially creative writing and storytelling skills. Students will explore design principles and documentation, the creative process and pre-production planning, the processes of visual based principles such as interface design, textures and 3D modeling. The Game Design emphasis is an appropriate starting point for students who seek a professional career in the field of Game Art and Design as modelers, animation artists, 3-D illustrators, digital artists, FX artists, video post-production artists, and as game designers. The Game Design certificate is well-suited for enthusiastic amateurs and gamers looking to explore this exciting field as a recreational endeavor. Areas of emphasis are also available in Multimedia, Computer-Aided Design (CAD) and Geographic Information Systems (GIS). Students should seek a faculty advisor early in the program.

Major Courses: (35 credit hours) Art: ART 1123; Computer-Aided Technology: CAT 1023, CAT 1214, CAT 1223, CAT 1513, CAT 2223, CAT 2533, CAT 2733, CAT 2924; Computer Science: CS 1363, CS 2433

General Education Courses: (18 credit hours) Computer Science: CS 1103/1; English: ENGL 1113. **Any course that meets Oklahoma State Regents for Higher Education requirements for a general education communications course (ENGL 1213, ENGL 1233; COM 1123; COM 2213); History: HIST 1483 or HIST 1493; Political Science: POLS 1113; Three hours General Education Electives.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (6 credit hours) Mathematics: BUS 1323 or any 1000 level MATH or APPM course;

*Electives: Faculty Approved Support Electives.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. * Three hours selected from ART 1203, ART 1213, ART 1223, CAT 1253, CAT 2633, CS 2143, GCOM 1183, GCOM 2783. Other approved Support Electives must have an ART, CAT, CS, ENGR, JB, FVP, or GCOM prefix and must be approved by a Program Faculty Advisor.

**Three hours selected from ENGL 1213, ENGL 1233, COM 1123, or COM 2213.

(1) Advanced Standing is available.

◆ Criteria available in division office
The Geographic Information System (GIS) Emphasis offers students opportunities to develop skills used in different disciplines, such as environmental, geology, archaeology, agriculture, computer-aided design (CAD) and engineering, computer science, business administration, and geography. GIS is designed to aid decision-making by using data that is spatially referenced to the Earth. Modern computer software and related technology make it possible to use this spatial data to solve complex planning and management problems. Students learn to understand various kinds of spatial data, computer tools and data quality considerations that are important to effectively use this technology in making good decisions. GIS is used by local municipalities, county assessors, police and fire departments, oil and gas companies, agriculture, engineers, utilities companies, emergency management and homeland security, environmental and public health fields and many more. Students will also develop skills in CAD, Surveying and Global Positioning Systems (GPS). The certificate of mastery is an option for someone that already has a degree or for someone that needs courses in GIS. Areas of emphasis are also available in Game Design, Multimedia and Computer-Aided Design (CAD). Students should seek a faculty advisor early in the program.

# Graphic Communications - Multimedia Emphasis

**Associate in Applied Science**

Minimum of 61 Credits

Graphic Communications: Multimedia Emphasis students receive hands-on training in design theory and state-of-the-art production methods in web page design and production, web page animation, computer drawing, digital imaging, electronic publishing, and video editing. This associate degree prepares graduates to work as web page creators. Graduates work for multimedia agencies, advertising agencies, individual companies, television stations, graphic design businesses, or as independent graphic artists. Graphic Communications students who wish to transfer to a four-year institution should enroll in the Visual Arts program for an Associate in Arts degree. Transfer students should contact your faculty advisor for more information.

# Graphic Communications # - Print Media Emphasis

**Associate in Applied Science**

Minimum of 61 credits

Graphic Communications: Print Media Emphasis students receive hands-on training in design theory, illustration, and state-of-the-art production methods in electronic publishing, computer drawing and digital imaging. This emphasis prepares graduates to work as designers, print media production artists, web page creators, illustrators, or digital image editors. Graduates work for advertising agencies, individual companies, printing companies, service bureaus, multimedia agencies, newspapers, magazines, television stations, screen printers, graphic design businesses, photo labs, or as independent graphic artists. Graphic Communications students who wish to transfer to a four-year institution should enroll in the Visual Arts program for an Associate in Arts degree. Transfer students should contact your faculty advisor for more information.

History

Associate in Arts

Minimum of 64 Credits

Studying history brings insight on how various civilizations and cultures evolved and how they affect our own traditions. Learning about what occurred in the past and why it occurred also helps people understand events that may occur in the future. The History Program may be a good option for students who are well-organized and analytical. Because history deals with people and what they did, students may also find it helpful to have an interest in social sciences such as sociology and political science. Students completing the History Program earn an associate degree and become prepared to transfer to a four-year college or university. With a background in history, a variety of rewarding careers in teaching, writing, researching, museum management, tourism, government or business are available.

* At least one science course must include a laboratory component.
Humanities - General Humanities Emphasis

Associate in Arts
Minimum of 61 Credits

Students who study general humanities learn about the ideals and interests of humankind. They probe the cultural history of western civilization and discuss significant developments from classical, medieval and modern times. Associate degrees in Humanities give students the academic background needed to continue their education at a four-year college or university. Once they graduate, students can pursue career opportunities in teaching, writing, visual arts, the ministry, law, theatre and film. Emphases in literature and philosophy are also available.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (6 Credit Hours) Electives: Six credit hours support electives chosen from HUM, ENGL (2123 or above), or PHIL prefixes.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

** Pre-Approved Support Electives must be from the following: HUM, ENGL (2123 or above), or PHIL.
***Students must choose one of the following six-credit-hour sequences: ENGL 2773 and ENGL 2853; ENGL 2543 and ENGL 2653; or ENGL 2423 and ENGL 2433.
****At least one science course must include a lab component.
Journalism - Journalism and Broadcasting/Journalism Emphasis

Minimum of 61 Credits

Journalism students focus on the study of writing news for the print media. Students learn how to interview intuitively, write accurately and edit for clarity. Courses cover topics such as photography, journalism, broadcasting and advertising. Associate degrees in Journalism and Broadcasting prepare students to transfer to a four-year college or university. After graduating, career opportunities may be found as a reporter, photographer, author, teacher, news commentator, advertising executive or public relations practitioner. Areas of emphasis are also available in broadcasting, speech and public relations.

## Leisure Services Management*

**Associate in Arts**

The objective of this degree is to prepare students to pursue careers in the field of Leisure Services Management in order to provide services for children and adults that increase an understanding and enjoyment of and participation in a healthy lifestyle. This degree will also prepare students for higher levels of education in the field and serve as a vehicle for those already working in the field who wish to pursue certification from the National Park and Recreation Association.

**Major Courses:** (9 credit hours) Leisure: LEIS 2413, 2463, 2473.

**General Education Courses:** (42 credit hours) English: ENGL 1113, 1213; History: HIST 1483 or 1493; Mathematics: MATH 1513, 2013; Political Science: POLSC 1113; Humanities: six hours of humanities electives; Sciences: BIO 1114, CHEM 1115; Social Sciences: PSY 1113, SOC 1113; COM 2213.

**Life Skills Courses:** (1 credit hour) SCL 1001.

**Support Courses:** (9 credit hours) Business: ECON 2123; Geography: GEOG 2603; Psychology: PSY 2403; Sociology: SOC 2143.

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs.

*Pending Regents Approval.*
Liberal Studies

**Minimum of 62 Credits**

Liberal Studies provides a student with the means to explore a variety of interests in diverse academic disciplines and develop his or her academic and career goals in the process. If a student desires a broad foundation with an interdisciplinary approach, Liberal Studies is not only an excellent preparation for transferring to many university programs but also focuses on developing effective communication skills, writing, problem solving, civic responsibility, and critical thinking. The aforementioned skills help to develop independent thinking, the ability to adapt to the demands and changes that occur in society and the workplace, and an appreciation of the arts and sciences that will last a lifetime. Students should identify a faculty advisor to help them choose appropriate coursework. Note that students must earn a C or better in all coursework in the major Courses. For more information, contact a faculty person or the Advising and Career Services Office.

**Major Courses:** (24 credit hours) *24 credit hours from courses in the following programs: Art, Communications, English courses 2123 and higher, Modern Languages, Sociology, Psychology, Humanities, Philosophy, History, Political Science, Economics, Biological Sciences, Physical Sciences, and Mathematics

**General Education Courses:** (37 credit hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Mathematics: MATH 1503 or MATH 1513 or MATH 153; Three to four credit hours of general education Biological Science chosen with Advisor approval; three to four credit hours Physical Science chosen from ASTR, CHEM, GEOL, or PHYS

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** None

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements. **One of the science courses must have a laboratory component.**

(C) Must earn a "C" or better in each major course for graduation.

Selected courses need the approval of Academic Advisor.

No course numbers with the same prefix may be duplicated without approval of the appropriate Division Dean.

**At least one three-hour course must be taken from a minimum of four different course disciplines (total of 12 credit hours) and an additional 12 credit hours of university parallel courses from the following list: Art, Communications, English courses 2123 and higher, Modern Languages, Sociology, Psychology, Humanities, Philosophy, Geography, History, Political Science, Economics, Biological Sciences, Physical Sciences and Mathematics. No course work in Computer Science, Business, or technical degree programs can be used to satisfy major requirements or electives.**
Literature - Humanities/Literature Emphasis

Associate in Arts

Minimum of 61 Credits

By studying literature, students gain a solid background in liberal arts. Literature students learn about English, American, and World literature. The study of literature brings students insight into cultural values and significant experiences that shape the world. Associate degrees in Humanities give students the academic background needed to continue their education at a four-year college or university. Once they graduate, students can pursue career opportunities in teaching, writing, visual arts, the ministry, law, theatre, and film. Emphases in general humanities and philosophy are also available.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (6 Credit Hours) Electives: 6 credit hours of electives from HUM, ENGL (2123 or above), or PHIL

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

** At least one science course must include a lab component.

*** Students must choose one of the following six-credit-hour sequences: ENGL 2773 and ENGL 2883; ENGL 2543 and ENGL 2653; or ENGL 2423 and ENGL 2433.

**** Pre-Approved Support Electives must be chosen from HUM, ENGL (2123 or above), or PHIL.

9 Credit Hours Literature electives for UCO only: one of nine credit hours must be World Literature I or II and Creative Writing
## Manufacturing Technology - Advanced Manufacturing Emphasis

### Associate in Applied Science

Minimum of 63 Credits

This program is designed to provide students with the skills, training and education necessary to enter into the workforce upon completion of the program. The program is offered through cooperative alliances with Francis Tuttle and Moore Norman Technology Centers.*** Major courses in this degree are not available on the main campus of Oklahoma City Community College. All major courses are taught at Francis Tuttle or Moore Norman Technology Center. The Manufacturing Technology Program is designed to allow students to develop the skills and abilities needed to work at the technician level in any manufacturing operation nationwide. In addition to hands-on experiences, the student will gain a general knowledge of manufacturing in areas such as job analysis, standard procedures, quality control, and high technology. In the Advanced Manufacturing emphasis, students will become skilled in electronics, installing, servicing, troubleshooting and maintaining advanced manufacturing cells.

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (15 credit hours) Three credit hours of mathematics that meets OCCC’s mathematics proficiency requirements. **Support Electives:** Twelve credit hours of support electives

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses are available only at Francis Tuttle and Moore Norman Technology Center.

* To be chosen from ENGL 1213, ENGL 1233, COM 1123, or COM 2213

**Support electives should be chosen from courses with the following prefixes: ET, CS, MET, PRDT, PHYS, CAD or MATH

# This program is offered through a cooperative alliance established with Francis Tuttle and Moore Norman Technology Centers.

***Students must file all financial aid through the technology center while attending there.
Manufacturing Technology# - Precision Machining Emphasis

Associate in Applied Science

Minimum of 62 Credits

This program is designed to provide the student with the necessary skills, training and education to enter the workforce upon completion of the program. The program is offered through cooperative alliances with Francis Tuttle, Moore Norman, and Mid America Technology Centers. Major courses in this degree are not available on the main campus of Oklahoma City Community College. All major technical Precision Machining courses are taught at the partnership locations listed. The Manufacturing Technology Program is designed to allow students to develop the skills and abilities needed to work at the technician level in any manufacturing operation nationwide. In addition to hands-on experiences, the student will gain a general knowledge of manufacturing in areas such as job analysis, standard procedures, quality control, and high technology. The Precision Machining emphasis prepares students for careers in machine operations such as milling, precision grinding, setup and programming, production operations, milling, routing, tool making and job planning.

**General Education Courses:** (18 credit hours) English: ENGL 1113; Any Oklahoma State Regents for Higher Education approved general education three credit hour English or communications course.*; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; General Education Electives: Six credit hours

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (11 credit hours) Three credit hours of mathematics that meets OCCC's mathematics proficiency requirements; Support Electives: Eight credit hours of support electives

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses beginning with MET are available only at Francis Tuttle, Moore Norman, and Mid America Technology Centers. Admission to both the technology center and OCCC must be met in order to be eligible for the credit through OCCC.

# This program is offered through a cooperative alliance established with Francis Tuttle, Moore Norman, and Mid America Technology Centers.

*Students must file all financial aid through the technology center while attending there.
Mathematics - General Emphasis

Associate in Science

Minimum of 61 Credits

Students who study mathematics have opportunities in many career fields. This is because mathematics plays such a central role in areas such as the physical and social sciences, engineering, computer science and business. At Oklahoma City Community College, mathematics students concentrate on algebra, analytical geometry, trigonometry and calculus. Mathematicians should have a high degree of reasoning ability and logic and be able to present facts and ideas clearly. When completing the Mathematics Program, students earn associate degrees and become prepared to continue their education at a four-year college or university. Career opportunities may be found in science, education, engineering, research, finance, economics, computers, government and construction.

Major Courses: (12 credit hours)Mathematics: (C) MATH 2104; (C) MATH 2214; (C) MATH 2314

General Education Courses: (37 credit hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Sciences: Seven or eight credit hours which include: PHYS 2014, and BIO 1114 or any 2000 level general education BIO course; Humanities: Six credit hours (PHIL 1603 recommended); Electives: General Education Electives 12 credit hours

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (11 credit hours) Selected from the following approved support courses with at least one course at the 2000 level: MATH 1503; MATH 1533; MATH 1613; MATH 2000; MATH 2013; MATH 2023; MATH 2213; MATH 2413; CS 1143; CS 2123; CS 2163; CS 2363; any 2000 level BIO; CHEM 1115; CHEM 1215; any 2000 level CHEM; ECON 2113; ECON 2123; any ENGR; GEOL 1114; PHYS 1504 or PHYS 1514 (but not both); any 2000 level PHYS.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. (C) A grade of “C” or higher must be achieved.

Criteria available in division office
## Medical Assistant #++

### Associate in Applied Science

Minimum of 65 Credits

Medical Assistants perform highly technical administrative and clinical tasks to promote efficient operations of the medical office and other health care settings. They may work in the following environments: Physician’s Offices, Medical Offices, Hospitals, Insurance Companies, Billing Companies, Medical Receptionists, and Medical Records. In addition to admission to the College, admission to the Medical Assistant Program is required. The application process for the program must be completed at Francis Tuttle, Metro Tech or Moore Norman Technology Centers*. Students must be admitted to the Medical Assistant Program before enrollment in major courses. Special procedures also exist in the Medical Assistant program regarding transfer of credit from other schools and readmission of students previously in the program. The Medical Assistant Program is accredited by the American Association of Medical Assistants and Council on Accreditation of Health Education Programs.

*This program is offered through a cooperative alliance established with Francis Tuttle, Moore Norman and Metro Tech Technology Centers.*
Multimedia - Computer-Aided Technology

Certificate of Mastery

Minimum of 37 Credits

Multimedia is the integration of multiple forms of media, such as text, sound, graphics, animation, and video to inform or entertain the audience. The Multimedia emphasis in Computer-Aided Technology provides students with a wide range of developing skills such as, traditional graphic design, interactive or web design, motion design, and video production, as well as knowing which kind of creative solution is best for your client. This program will allow students to utilize all the tools that drive today's media and entertainment projects, and will prepare students for life as a professional designer. The Multimedia emphasis is an appropriate starting point for students who seek a professional career in graphic arts, digital media, interactive media, web design, photo editing, 3D modeling, animation, video editing and special effects. The Multimedia certificate is also well-suited for enthusiastic amateurs and designers looking to explore this exciting field as a recreational endeavor. Areas of emphasis are also available in Game Design, Computer-Aided Design (CAD) and Geographic Information Systems (GIS). Students should seek a faculty advisor early in the program.

**Major Courses:** (29 credit hours) Computer-Aided Technology: CAT 1214, CAT 1513, CAT 2533, CAT 2633, CAT 2924; Computer Science: CS 1363, CS 2143, CS 2413, CS 2433

**General Education Courses:** (18 credit hours) English: ENGL 1113 **Any course that meets Oklahoma State Regents for Higher Education requirements for a general education communications course (ENGL 1213, ENGL 1233, COM 1123, COM 2213); Computer Science: CS 1103(1); History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; General Education: 3 hrs general education elective

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (12 credit hours) Art: ART 1213; Mathematics: BUS 1323 or any 1000 level MATH or APPM course; *Electives: Faculty Approved Support Electives - 6 credit hours

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

*Approved Support Electives must have an ART, CAT, CS, JB, FVP, GCOM or MU prefix and must be approved by a Program Faculty Advisor. The Program Faculty Advisor must approve other electives.

** Three hours selected from ENGL 1213, ENGL 1233, ENGL 2003, COM 1123, or COM 2213.

(1) Advanced Standing is available

♦ Criteria available in division office
Music

Associate in Arts

Minimum of 62 Credits

This comprehensive two-year program prepares the student for transfer to a Baccalaureate degree-granting institution. The music program offers a broad range of courses and activities for students interested in developing skills in music theory and performance. Vocal, keyboard, or instrumental skills may be emphasized. In courses such as music theory, applied music and music literature, students study performance techniques, harmony and analysis, and the evolution of musical history and form. Music students should be creative, self-confident, and have a strong interest in the performing arts. An associate degree in Music provides the student with the background necessary for transfer to a four-year college or university and completion of a baccalaureate degree. Upon completion of their education, students may find career opportunities in such areas as performing, composing, arranging, teaching, music ministry, or music therapy.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: None

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

**At least one science course must include a lab component.
**Network Technology**

**Associate in Applied Science**

Minimum of 61 Credits

This plan of study is offered through cooperative alliances with Francis Tuttle and Moore Norman Technology Centers**. Major courses in this degree plan are offered at Francis Tutle and Moore Norman Technology Centers. The plan of study will give the student the opportunity to learn an array of equipment, systems, hardware and software. The courses of study will provide knowledge of the latest technical networking trends in the commercial and business market place. Upon completion of this plan of study students may be prepared, depending on individual choices to take many of the following certification examinations: C-Tech Network Cabling Specialist, CompTIA Linux+, CompTIA A+, Network +, Novell NetWare,CNA, Microsoft MCP, MCSA, MCSE, BICSIís Level I and Level II Installers and Cisco Systems CCNA.

**** To be chosen from APPM, CS, DBM, ECS, NT, MATH and TECH.
Nursing++

Associate in Applied Science

Minimum of 74-75 Credits

The minimum time period to complete the Nursing Program requirements is five semesters. Students must be accepted into the Nursing Program before they may enroll in major courses. A career in nursing offers challenges, self-satisfaction, and the opportunity to be a member of the interdisciplinary team providing care in various health care settings. NUR 1221: Overview of Nursing, an introductory course, is offered each semester for anyone interested in nursing as a career. The Associate Degree Nursing Program follows a logical and sequential curriculum to provide the educational experiences necessary for entry into nursing practice as a Registered Nurse. The Nursing Program is approved by the Oklahoma Board of Nursing and is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Road, NE, Suite 500, Atlanta, GA, 30326, 866-747-9965. Program graduates are eligible to apply for the National Council Licensure Examination for Registered Nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. Applicants with one or more felony convictions cannot apply for licensure for at least 5 years after completion of all sentences, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received. Please check with the Nursing Program for additional information. Applications for the Nursing Program, information on the application procedure, and the minimum requirements may be obtained from the Office of Recruitment and Admissions during application periods for fall or spring admission. Deadlines for applying to the Nursing Program are published in the college academic calendar. Advanced standing information is available from the Nursing Program for LPNs, Oklahoma licensed paramedics and transfer students with nursing course credits. Please note that each major nursing course requires the student to travel to various clinical sites. It is the responsibility of each student to provide his/her own transportation to these sites.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.*Or successful completion of A)Transfer requirement: see Nursing Program
**Must be completed prior to the beginning NUR 1519
(C) A grade of "C" must be achieved in all courses required for this degree with the exception of POLSC 1113 and HIST 1483 or 1493 (a grade of "D" is minimum).
+ All Nursing major courses have pre- and co-requisite courses which are listed with Course Descriptions in this Catalog. These courses also have clinical components which require purchase of liability insurance, immunizations and health records, a clinical uniform, and extensive background checks.
++Special Admissions Procedures: Background Checks: Due to clinical agency requirements, the Division of Health Professions requires an extensive nationwide Background Report which includes, but is not limited to, Oklahoma State Bureau of Investigation (OSBI) background searches for sex offender, violent offender, and criminal history. The student is responsible for the cost of the Background Report, which must be paid by credit card or money order only. Clinical agency representative(s) review the reports that have any criminal history (or "hits on the designated areas of concern") without access to identifying information without a signed release by the student. The facility alone can accept or deny clinical access to a student. If a student is denied access to clinical sites, he/she will be unable to successfully complete the course or the program. Any break in continuous enrollment will require another complete Background Report.
Drug Testing: Drug testing is required for all students in the Division of Health Professions. Each student must have a random drug test prior to the first clinical assignment. The fee will be paid with the tuition and other fees for the semester where actual clinical assignments begin. Random drug tests will be done on a predetermined date. Any break in continuous enrollment will require an additional random test.
Graduates of the nursing program must also meet the requirements of the Oklahoma Board of Nursing for licensure, which include but are not limited to criminal history search and passing the licensure exam.
***Please Note: The following changes in the Chemistry courses are pending as explained:
CHEM 1123: A request to change the name to Survey of General, Organic, and Biochemistry is pending.*
CHEM 1131: A request to change the name to Laboratory for Survey of General, Organic, and Biochemistry is pending.*
CHEM 1115: A request to delete CHEM 0123 from the list of prerequisites is pending.*
This associate degree program is designed to meet the needs of individuals who have previously earned a baccalaureate or higher degree (non-nursing) from a regionally accredited institution of higher learning. The Baccalaureate to Associate Degree Nurse Accelerated Pathway recognizes the previous academic experiences of those with baccalaureate or higher degrees in other disciplines by providing accelerated opportunities for completing nursing major courses. Once all prerequisites have been completed, the minimum time period to complete the Baccalaureate to Associate Degree Nurse Accelerated Pathway is 10 months. It is important to note that the Pathway will be an intense and time-demanding program of study as all nursing major courses include both theory and clinical components.

Students must be formally accepted into the Nursing Program before they can enroll in NUR 1519 and subsequent nursing major courses. The Program is approved by the Oklahoma Board of Nursing and is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Road, NE, Suite 500, Atlanta, GA, 30326, 866-747-9965. Program graduates are eligible to apply for the National Council Licensure Examination for Registered Nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. Applicants with one or more felony convictions cannot apply for licensure for at least 5 years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received. Please check with the Nursing Program for additional information. Applications for the Baccalaureate to Associate Degree Nurse Accelerated Pathway, information regarding the application procedure, and the minimum requirements may be obtained from the Office of Recruitment and Admissions. Deadline for application to the Accelerated Pathway is published in the College Academic Calendar. The first nursing major course is taught in the summer academic term with strong encouragement for immediate continuation.

It is important to note that the Pathway will be an intense and time-demanding program of study as all nursing major courses include both theory and clinical components.

Students must be formally accepted into the Nursing Program before they can enroll in NUR 1519 and subsequent nursing major courses. The Program is approved by the Oklahoma Board of Nursing and is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Road, NE, Suite 500, Atlanta, GA, 30326, 866-747-9965. Program graduates are eligible to apply for the National Council Licensure Examination for Registered Nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. Applicants with one or more felony convictions cannot apply for licensure for at least 5 years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received. Please check with the Nursing Program for additional information. Applications for the Baccalaureate to Associate Degree Nurse Accelerated Pathway, information regarding the application procedure, and the minimum requirements may be obtained from the Office of Recruitment and Admissions. Deadline for application to the Accelerated Pathway is published in the College Academic Calendar. The first nursing major course is taught in the summer academic term with strong encouragement for immediate continuation.

Major Courses: (36 credit hours) ++Nursing: *(C)NUR 1519, *(C)NUR 1529, *(C)NUR 2539, *(C)NUR 2549

General Education Courses: (18 credit hours) English: ENGL 1113; English: ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLS 1113; Psychology: PSY 1113, PSY 2403

Life Skills Courses: (3 credit hours) Biology: BIO 1023

Support Courses:* (17 or 18 credit hours) Biological Science: Biological Science: BIO 1314; BIO 1414; BIO 2125; Chemistry: CHEM 1123 AND CHEM 1131 OR CHEM 1115

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

* All support courses must be completed prior to the beginning of NUR 1519.

(C) A grade of "C" must be achieved in all courses required for this degree with the exception of POLSC 1113 and HIST 1483 or 1493 (a grade of "D" is minimum).

++All nursing courses have prerequisites as identified. These courses also have clinical components that require purchase of liability insurance, immunizations and health records, a clinical uniform, and extensive background check.

++Special Admissions Procedures Required: Background Checks: Due to clinical agency requirements, the Division of Health Professions requires an extensive nationwide Background Report which includes, but is not limited to, Oklahoma State Bureau of Investigation (OSBI) background searches for sex offender, violent offender, and criminal history. The student is responsible for the cost of the Background Report, which must be paid by credit card or money order only. Clinical agency representative(s) review the reports that have any criminal history (or "hits on the designated areas of concern") without access to identifying information without a signed release by the student. The facility alone can accept or deny clinical access to a student. If a student is denied access to clinical sites, he/she will be unable to successfully complete the course or the program. Any break in continuous enrollment will require another complete Background Report.

Drug Testing: Drug testing is required for all students in the Division of Health Professions. Each student must have a random drug test prior to the first clinical assignment. The fee will be paid with the tuition and other fees for the semester in the program where actual clinical assignments begin. Random drug tests will be done on a predetermined date. Any break in continuous enrollment will require an additional random test.

Grades of the nursing program must also meet the requirements of the Oklahoma Board of Nursing for licensure, which include but are not limited to criminal history search and passing the licensure exam.

***Please Note: The following changes in the Chemistry courses are pending as explained:
CHEM 1123: A request to change the name to Survey of General, Organic, and Biochemistry is pending.
CHEM 1131: A request to change the name to Laboratory for Survey of General, Organic, and Biochemistry is pending.
CHEM 1115: A request to delete CHEM 0123 from the list of prerequisites is pending.
Associate in Applied Science

Minimum of 74-75 Credits

This associate degree program is designed to meet the needs of the currently licensed LPN or Oklahoma licensed paramedic who seeks licensure as a registered nurse. College credits earned may apply toward a bachelor's degree should the individual decide to continue studies at a four year college or university. Once all prerequisites have been completed the minimum time period to complete the Nursing Career Ladder Pathway is ten months. Students must be formally accepted into the Nursing Program's Career Ladder Pathway before they can enroll in NUR 1532 Nursing Transition II and subsequent major courses. The Nursing Career Ladder Pathway recognizes the previous educational experiences of licensed practical nurses and Oklahoma licensed paramedics by providing Advanced Standing credit opportunities. Once Advanced Standing credit requirements are met, the program follows a logical and sequential curriculum to prepare students for entry into practice as a registered nurse. The Program is approved by the Oklahoma Board of Nursing and is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Road, NE, Suite 500, Atlanta, GA, 30326, 866-747-9865. Program graduates are eligible to apply for the National Council Licensure Examination for Registered Nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. Applicants with one or more felony convictions cannot apply for licensure for at least 5 years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received. Please check with the Nursing Program for additional information. Applications for the Nursing Career Ladder Pathway, information regarding the application procedure, and the minimum requirements may be obtained from the Office of Recruitment and Admissions. Deadline for applying to the Nursing Career Ladder Pathway is published in the College Academic Calendar. Nursing Transition I, the first course in the Pathway, has open admissions for those who meet prerequisite licensure and course requirements. Applicants who hold a valid LPN license in good standing, practice as a LPN, and graduated from an NLNAC accredited practical nursing program will be exempt from Nursing Transition I. Admission into the Pathway is required before enrollment in Nursing Transition II, which is taught in the August intersession. From the point of entry into Nursing Transition II, the program lasts approximately ten months with completion in May of the following year. Please note that nursing courses require the student to travel to various clinical sites. It is the responsibility of the student to provide his/her own means of transportation to these sites. Advanced Standing credit is awarded to those students who have completed the program, providing the required credit hours needed to earn the Associate of Applied Science Degree. The total fee for Advanced Standing credits at this time is $90.00 ($5.00/credit hour). Note that additional tuition and fees are required for all other courses in the program's curriculum.

CHEM 1115:A request to delete CHEM 0123 from the list of prerequisites is pending.*
Occupational Therapy Assistant++

Associate in Applied Science

Minimum of 72-73 Credits

The minimum time period to complete the Occupational Therapy Assistant Program is four semesters. Students must be accepted into the Occupational Therapy Assistant Program before they may enroll in Occupational Therapy Assistant courses. Patience and the ability to work with people are two requirements for students interested in an Occupational Therapy Assistant (OTA). OTAs help people who have physical, developmental or emotional limitations learn or re-learn self-care, work, and leisure skills. In addition to traditional classroom instruction, the OTA Program incorporates through the first three semesters (including Summer Level I Fieldwork experiences in a variety of clinical settings which reinforce in-class instruction. During the last semester of the OTA Program, students participate in two (2) separate Level II Fieldwork placements which are eight (8) weeks each.

The Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA). Graduates of the program will be eligible to sit for the National Certification Examination for the Occupational Therapy Assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a certified Occupational Therapy Assistant (COTA). In addition, most states require licensure to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. A felony conviction may affect a graduate’s ability to sit for the NBCOT Certification Examination or attain state licensure. Oklahoma requires state licensure based on successful completion of the national exam.

AOTA, 4720 Montgomery Lane, P. O. Box 31220, Bethesda, MD 20824-1220; (301) 652-2682. NBCOT, 12 South Summit Avenue, Suite 100, Gaithersburg, MD, 20877-4150, (301) 990-7979, Fax (301) 869-8492. ACOTE at AOTA, 4720 Montgomery Lane, P. O. Box 31220, Bethesda, Md. 20824-1220; (301) 652-2682. Oklahoma State Board of Medical Licensure and Supervision, P. O. **Life Skills Courses:** None

**Support Courses:** (15 credit hours) Biology: BIO 1314; BIO 1414; Psychology: PSY 2403; Mathematics: MATH 1503; Life Skills: SCL 1001

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

++ Special Admissions Procedures Required

+ These courses have a clinical component that requires purchase of medical liability insurance, a clinical uniform (if applicable) and a physical (with completed health packet).

+Special Admissions Procedures: Background Checks: Due to clinical agency requirements, the Division of Health Professions requires an extensive nationwide Background Report which includes, but is not limited to, Oklahoma State Bureau of Investigation (OSBI) background searches for sex offender, violent offender, and criminal history. The student is responsible for the cost of the Background Report, which must be paid by credit card or money order only. Clinical agency representative(s) review the reports that have any criminal history (or "hits on the designated areas of concern") without access to identifying information. The facility alone can accept or deny clinical access to a student. If a student is denied access to clinical sites, he/she will be unable to successfully complete the course or the program. Any break in continuous enrollment will require another complete Background Report. Licensure and the ability to sit for the national certification examination may be approved or denied based on results of the criminal history investigations.

**Drug Testing:** Drug testing is required of all students in the Division of Health Professions. Each student must have a random drug test prior to the first clinical assignment. The fee will be paid with the tuition and other fees for the semester in the program where actual clinical assignments begin. Random drug tests will be done on a predetermined date. Any break in continuous enrollment will require an additional random test.

(C) This course requires a minimum of a "C" grade.

It is required that all OTA students complete Level II Fieldwork within 18 months following completion of academic preparation.
Orthotic and Prosthetic Technician#++

Associate in Applied Science

Minimum of 65 Credits

Students pursuing this associate degree complete general education courses at Oklahoma City Community College. All major and support courses are completed at Francis Tuttle Technology Center as part of the cooperative alliance. Orthotic and prosthetic technicians manufacture appropriate devices according to the specific needs of patients with limb loss, fracture, and other orthopedic injuries and diseases. Providing orthotic and prosthetic care involves the application of clinical and technical processes to meet patient goals of function and mobility. This program provides students with a comprehensive education in both disciplines of orthotics (designing, fitting and manufacturing of orthopedic braces) and prosthetics (designing, fitting and manufacturing of artificial limbs). The application process for the program must be completed at Francis Tuttle Technology Center**. The program is accredited by the Council on Accreditation of Allied Health Programs (CAAHEP) and the National Commission of Orthotics and Prosthetics Education (NCOPE).  Accreditation will give graduates eligibility to take the national registry examinations for technicians by the American Board for Certification.

Life Skills Courses: 1 credit hour Life Skills: SCL 1001

Support Courses: 7 credit hours

Biological Sciences: BIO 1224; Mathematics: Three credit hours of faculty approved mathematics that meet OCCC's mathematics proficiency requirements.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

1. Students can choose from ENGL 1213, ENGL 1233, COM 1123, or COM 2213

++ Special Admissions Procedures Required

** Students must file all financial aid through the technology center while attending there.

*** Students will be required to travel to various clinical and administrative sites. It is the responsibility of the student to provide his/her own means of transportation to these sites.
Orthotics Technician

Certificate of Mastery

Minimum of 22 Credits

This program of study prepares students to enter the workforce upon completion of the certificate. The course content was designed to meet the multiple components of designing, fitting and manufacturing of orthopedic devices.

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.

# This program is offered through a cooperative alliance established with Francis Tuttle Technology Center.
Philosophy - Humanities/Philosophy Emphasis

Associate in Arts

Minimum of 61 Credits

Philosophy is perhaps best described as reasoned discourse. Students who study philosophy begin their participation in an ongoing conversation that began over three thousand years ago about the nature of the universe and the possible meanings of human existence. Associate degrees in humanities give students the academic background needed to continue their education at a four-year college or university. In addition, emphases on critical thought, on close reading of classic and modern texts, and on analytical writing make the associate degree in philosophy ideal preparation for many baccalaureate degrees in the liberal arts. Philosophy graduates often go on to complete graduate degrees and ultimately, to careers in teaching, writing, law, and many other areas in both the private and public sectors.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

** At least one science course must include a lab component.
Photography - Graphic Communications/Photography/Digital Imaging

Associate in Applied Science

Minimum of 61 Credits

The student will learn the technology and techniques professionals use in photography and electronic imaging. Students work with digital cameras, lighting equipment, computers, software and scanners used to produce and manipulate photographic images. A degree in Photography/Digital Imaging Emphasis will prepare students to enter the job market immediately after graduating. Career opportunities may be available as a photographer, prepress technician, photo lab technician or related graphic communications positions in advertising or public relations. Graphic Communications students who wish to transfer to a four-year institution should enroll in the Visual Arts program for an Associate in Arts degree. Consult your faculty advisor for more information.

GCOM 2363 (C) | PORTRAIT PHOTOGRAPHY | 3 | MAJOR | GCOM 2803, GCOM 1153 AND GCOM 1053 OR BY EVALUATION

Major Courses: (30 Credit Hours) GCOM 1053; GCOM 1133; GCOM 1153; GCOM 2153; GCOM 2163; GCOM 2253; GCOM 2363; GCOM 2773; GCOM 2803

General Education Courses: (18 Credit Hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; General Education Electives (3 credit hours); Humanities: Any humanities course (3 credit hours)

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (12 credit hours) APPM 1223, BUS 1323, or Any 1000 Mathematics Course; *9 credit hours elective courses selected from any GCOM, ART, CAD, JB, FVP, or MU prefix.

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. See the front general section for General Education Requirements.

(C) A grade of “C” or higher must be achieved.
(B) A grade of “B” or higher must be achieved.

* Criteria available in division office.
## Physical Therapist Assistant++

### Associate in Applied Science

Minimum of 69-70 Credits

Physical Therapist Assistants (PTAs) work under the direction of a licensed physical therapist. Duties include assisting the physical therapist in implementing treatment programs according to his/her plan of care. PTAs teach and monitor exercise and activities of daily living, conduct treatments using special equipment, administer modalities, and regularly report to the physical therapist on the patient’s responses and progress. Clinical experiences are in physical therapy departments and clinics. Graduates are qualified to sit for the licensure examination and eligible to meet the requirements of the Oklahoma Board of Medical Licensure and Supervision. Completion of the Associates degree in PTA is required to sit for licensure examination. The program is accredited by the Commission on Accreditation of Physical Therapy Education which can be found at http://www.apta.org.

155
Major Courses: (38 credit hours) ++Physical Therapist Assistant: PTA 1013; PTA 1023; PTA 1112; PTA 1202; PTA 1213; PTA 1224; PTA 1312; PTA 2014; PTA 2024; PTA 2034; PTA 2113; PTA 2134
General Education Courses: (18 credit hours) English: ENGL 1113; ENGL 1213 or 1233; History: HIST 1483 or HIST 1493; Psychology: PSY 1113; PSY 2403; Political Science: POLSC 1113
Life Skills Courses: (1 credit hour) Life Skills: SCL 1001
Support Courses: (13 credit hours) Biological Science: BIO 1314; BIO 1414; BIO 2102; Mathematics: APPM 1313 or MATH 1503 or MATH 1513 or MATH 213

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog. The minimum time required to complete this degree is five semesters once the student has been accepted into the Physical Therapist Program.

NOTE: All major, general education and support courses must be completed prior to enrolling in the final practicum.

(C)This course requires a minimum of a "C" grade.

*APPM 1313) Math for Health Careers is recommended but (MATH 1503) Contemporary Math, (Math 1513) College Algebra, or (MATH 2013) Introduction to Statistics will also be accepted.
++Special Admissions Procedures Required. Please see our web page www.occc.edu/pta for applications.

++Special Admissions Procedures: Background Checks: Due to clinical agency requirements, the Division of Health Professions requires an extensive nationwide Background Report which includes, but is not limited to, Oklahoma State Bureau of Investigation (OSBI) background searches for sex offender, violent offender, and criminal history. The student is responsible for cost of the Background Report, which must be paid by credit card or money order only. Clinical agency representative(s) review the reports that have any criminal history (or "hits on the designated areas of concern") without access to identifying information. The facility alone can accept or deny clinical access to a student. If a student is denied access to clinical sites, he/she will be unable to successfully complete the course or the program. Any break in continuous enrollment will require another complete Background Report.

Drug Testing: Drug testing is required for all students in the Division of Health Professions. Each student must have a random drug test prior to the first clinical assignment. The fee will be paid with the tuition and other fees for the semester in the program where actual clinical assignments begin. Random drug tests will be done on a predetermined date. Any break in continuous enrollment will require an additional random test.

Credentialing: The ability to sit for the licensure exam, to meet the eligibility requirements to practice as a physical therapist assistant, will be approved or denied by the Oklahoma Board of Medical Licensure and Supervision based on the results of the criminal history investigations.

Criteria available in division office
People in the physics concentration focus on the characteristics of matter and energy and their relationship to each other. Through courses in various types of physics, students investigate dynamics, magnetism, atomic and nuclear physics, heat, sound and other physical phenomena. In addition, students develop efficient investigative skills and learn to accurately analyze and report their findings. Students who earn associate degrees in science from Oklahoma City Community College are well prepared to continue their studies at a four-year college or university. After graduating, they find job opportunities in education, astronomy, geology and meteorology, as well as in government, private industry and with the aerospace industry.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001
Support Courses: (8 credit hours) Chemistry: CHEM 1215; Computer Programming or Engineering: CS 1143 or Faculty Advisor Approved Elective
Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

(B) A grade of "B" or higher must be achieved.
Associate in Arts

Minimum of 61 Credits

People who like to deal with complex social and political issues may want to consider studying political science. Political science students learn about government on the local, state, national and international levels. They develop an understanding for how government affects individuals in a society and how other factors affect the government. After graduating, students have a working knowledge of the political nature of our world. They are prepared to continue their education at a four-year college or university. With a background in political science, people find career opportunities with government agencies, special interest groups, international corporations, the media, the diplomatic corps, and in law and education.

Pre-Baccalaureate Nursing - Science with Biology Concentration Program

Associate in Science

Minimum of 61 Credits

The Pre-Baccalaureate Nursing curriculum pattern is a variation of the Biology emphasis in Science. This curriculum prepares the student who is pursuing a transfer program in nursing. It has the flexibility to allow students to transfer to a four-year college or university under a variety of life or biological sciences degree plans.

Major Courses: (14 credit hours) Biology: BIO 2125; BIO 2215; BIO 2234
General Education Courses: (38 credit hours)* English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Science: CHEM 1115; Humanities: Six credit hours; Social Sciences: Six credit hours; **Mathematics: MATH 1513 or MATH 2013 ; Electives: Six credit hours of General Education Electives
Life Skills Courses: (1 credit hour) Life Skills: SCL 1001
Support Courses: (8 credit hours) *** Chemistry: CHEM 1215 or five hours of foreign language or BIO 2255; Biology: BIO 1023
Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. Note: A Human Anatomy course may be required for a baccalaureate nursing degree. Consult receiving institutions.
*Minimum grade of "C" required for all prerequisite and general education courses at OUHSC; at UCO all BIO and CHEM courses require a minimum grade of "C".
**MATH 133 is required for many nursing programs and may be substituted for MATH 1513.
***For nursing CS 1103 or any other 3 CH CS, AHP 1013; and any 5-credit hour GRMN, FREN, or SPAN are recommended and may be substituted for any of the support courses.
# Pre-Dentistry - Science with Chemistry Concentration Program

## Associate in Science

Minimum of 65 Credits

The Pre-Medicine/Pre-Dentistry curriculum pattern is a variation of the Chemistry emphasis in Science. This curriculum prepares the student who is pursuing a career in medicine or dentistry. It has the flexibility to allow students to transfer to four-year institutions under a variety of life science or physical science degree plans in order to complete any remaining prerequisites for admission to a college of dentistry.

### Notes

This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs.

(C) Indicates a grade of "C" or higher must be achieved.

♦ Criteria available in division office
Pre-Education

Associate in Science

Minimum of 61 Credit Hours

The Pre-Education A.S. Degree at Oklahoma City Community College is designed for students who plan to transfer to a teacher education degree program at a four-year college or university to earn a baccalaureate degree in the fields of Early Childhood Education, Elementary Education, or Special Education. This degree is NOT appropriate for those students planning to teach at the Secondary Level, since the requirements are quite different for the baccalaureate in Secondary Education with discipline specific requirements (e.g. Language Arts Education/English Education, History Education, Math Education, etc.). It is highly recommended that students seek academic guidance from a faculty advisor and/or a counselor in the Advising and Career Services Office, if they have questions. A faculty advisor will be assigned by student request in Advising, after which the request goes to the Arts and Humanities Division for the faculty assignment to be made. The Curriculum Listing and Suggested Course Sequences are provided so that students can transfer with both General Education requirements and most, if not all, of the other support courses in preparation for transfer to a four-year institution for Early Childhood Education, Elementary Education or Special Education. Students completing this degree may need to meet additional requirements at their chosen transfer institution to complete the B. S. in Education (see note below). Because each four-year institution or university varies slightly in its requirements, students should also consult the notes section listed below the curriculum pattern AND consult with a faculty advisor early on for guidance through the Pre-Education program at OCCC. The notes refer to recommended courses for OU, UCO, USAO; however, if a student will be transferring to another four-year college or university, he or she should refer to the transfer guide for their particular major and transfer institution. All course work must be completed with a grade of "C" or better to satisfy degree requirements.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Major Courses: None

General Education Courses: English: ENGL 1113; English Composition II: ENGL 1103; English Composition II: ENGL 1213; Mathematics: MATH 1503; MATH 1513; MATH 2013; History: HIST 1483; Political Science: POLSC 1113; Biological Science: BIO 1114; Reading and Writing Assessment: ENGL 1103 OR ENGL 1113 TAKEN WITHIN THE LAST YEAR, WITH STRONG ENCOURAGEMENT FOR IMMEDIATE CONTINUATION.

Support Courses: OU transfers: CHEM 1115, CHEM 1123 & 1131, PHYS 1014, PHYS 1034, PHYS 1114, PHYS 1504, BIO 2125, BIO 2224, BIO 2234, BIO 2240, PHYS 2144, PHYS 2146, BIO 2503 (some of these have pre-requisites); MATH 213, HUM 1113 (as 3 of the 6 credit hours in the General Ed humanities); ten (10) credit hours of modern language (SPAN 1115 AND 1225, FREN 1115 AND 1225, ENGL 1115 AND 1225); Elementary Ed majors should take PHL 1013 toward 3 credit hours of General Education humanities; Special Education majors may take PSY 2193 or PSY 2195 as an elective. UCO transfers: CHEM 1115 OR 1125 whichever was not taken for General Education; MATH 2023 and/or MATH 2213 (electives); three (3) - six (6) credit hours of modern language (SPAN 1013/1123, FREN 1013/1123, GRMN 1013/1123)(if only 3 credit hours are taken, student will take an exam to demonstrate listening and speaking ability); CHEM 1115, CHEM 1215, GEOL 1114, PHYS 1014, PHYS 1114, PHYS 1214, PHYS 1504, PHYS 1514 (some of these have pre-requisites).
**USAO transfers:** MATH 2023 and/or 2213; CHEM 1115, CHEM 1215, GEOL 1114, PHYS 1014, PHYS 1114, PHYS 1214, PHYS 1504, PHYS 1514 (some of these have pre-requisites); six (6) - ten (10) credit hours of modern language (SPAN, FREN, GRMN); One of the following may be taken as an elective: ECON 2113, ECON 2123, PSY 1113, PSY 1103, PSY 1123, PSY 1143, PSY 1153, PSY 1503, PSY 2133, PSY 2233, PSY 2743, PSY 2743, PSY 2133, PSY 2233, PSY 2743, PSY 2743, SOC 1203, SOC 2133, SOC 2023, SOC 2033, SOC 2063, SOC 2123, SOC 2133, SOC 2213, ART 1123, ART 2133, ART 1233, ART 2143, ART 2163, ART 1193, ART 2193, ART 2263, JB 1103, JB 2233, JB 2333, JB 2303, MU 1151, MU 1141, ENGL 203

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. Students majoring in Elementary Education, Early Childhood Education and Special Education should carefully select courses that will satisfy requirements at the transfer institution. The A.S. degree does not guarantee entry into a Professional Teacher Education program, and students transferring to an Oklahoma institution should consult with an academic or faculty advisor in order to meet requirements. Elementary Education, Early Childhood Education, and Special Education majors seeking certification in Oklahoma must take twelve (12) credit hours in each of the following areas: English and Communication, Mathematics, Science, and Social Sciences. A grade of "C" or better must be earned in all coursework to satisfy degree requirements. In addition, Elementary Education, Early Childhood Education, and Special Education majors must demonstrate listening and speaking skills in a language other than English at the "novice-high" level, as required by the State of Oklahoma Teacher Certification. Please consult the faculty advisor in regard to meeting foreign language requirements, as they vary from institution to institution.
Pre-Medicine - Science with Chemistry Concentration Program

Associate in Science
Minimum of 65 Credits

The Pre-Medicine/Pre-Dentistry curriculum pattern is a variation of the Chemistry emphasis in Science. This curriculum prepares the student who is pursuing a career in medicine or dentistry. It has the flexibility to allow students to transfer to a four-year college or university under a variety of life science or physical science degree plans in order to complete any remaining prerequisites for admission to a college of medicine.

Admission to the College of Medicine at OUHSC requires a third English course.
♦ Criteria available in division office
Pre-Pharmacy - Science with Chemistry Concentration Program

Associate in Science

Minimum of 68 Credits

The Pre-Pharmacy curriculum pattern is a variation of the Chemistry emphasis in Science. This curriculum prepares the student who is pursuing a career in pharmacy. Since admission requirements vary among different colleges of pharmacy, the student should meet with an advisor early in his or her academic career to develop a plan for meeting prerequisites for admission to a college of pharmacy.

**Major Courses:** (20 credit hours) (C)CHEM 1115; (C)CHEM 1215; (C)CHEM 2114; (C)CHEM 2122; (C)CHEM 2124

**General Education Courses:** (39 credit hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1483; Political Science: POLSC 1113; Physics: PHYS 1114; Biological Science: BIO 2115; Humanities: Six credit hours; Social Sciences: PSY 1113; Economics: ECON 2113 or ECON 2124; Mathematics: MATH 1513; MATH 1743

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (8 credit hours) Biological Science: BIO 2125*; Economics: ECON 2113 or ECON 2123

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs.

(C) Indicates a grade of "C" or higher must be achieved.

*Admission to the College of Pharmacy at OUHSC also requires a physiology course such as BIO 2234. Students seeking admission to the College of Pharmacy at OUHSC will also need a human anatomy course (BIO 2255), cell biology (BIO 2203), genetics (BIO 2343), speech (COM 2213), and a biochemistry course (not currently offered at OCCC).
Prosthetics Technician

Certificate of Mastery

Minimum of 27 Credits

This program of student prepares students to enter the workforce upon completion of the certificate. The course content was designed to meet the multiple components of designing, fitting and manufacturing artificial limbs.

Support Courses: BIO 1224

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate. This program is offered through a cooperative alliance established with Francis Tuttle Technology Center.
Psychology

Associate in Arts
Minimum of 61 Credits

Psychology is the broad-based study of the complexities of human behavior dealing with how organizations, families and individuals behave and why they behave as they do. Psychology students probe into how the human brain organizes and interprets information and how that interpretation affects the senses, perceptions and general well-being of a person. By completing the Psychology Program students earn an associate degree and prepare for transferring to a four-year college or university. People suited for a career in psychology are interested in human behavior. Career opportunities are available in counseling, education, private practice, research, personnel or sales.

Major Courses: (15 credit hours) Psychology: PSY 1113; *twelve credit hours of psychology electives, which must include PSY 2403 and two of the following: PSY 2123; PSY 2193; or PSY 2743.

General Education Courses: (37 credit hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; *Sciences: General education Biological Science; and Physical Science (at least one must have a lab); Humanities: Six credit hours of humanities electives.; Mathematics: MATH 1513 or MATH 1503 or MATH 2013; Social Sciences: SOC 1113; three credit hours of social science electives.; General Education Electives: Three credit hours of electives.

Life Skills Courses: (1 credit hour) Life Skills: SCL 1001

Support Courses: (8 credit hours) Support courses selected from: AHP, ART, BIO, CHEM, CD, COM, CS, ENGL, HIST, HUM, MATH, MGMT, MU, PHIL, PHYS, POLSC, PSY, SOC and any foreign language course. Other courses by approval of program advisor.

Notes: This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

** At least one science course must include a laboratory component.
Public Relations - Journalism and Broadcasting/Public Relations Emphasis

Associate in Arts

Minimum of 61 Credits

Public relations students learn about the management of information techniques used to establish and maintain a positive public image for an individual, product or company. Students learn broadcasting production, specifically radio, television and multimedia techniques, writing and speaking skills and strategies, and the advertising and marketing appeals utilized in public relations campaigns. Associate degrees in Journalism and Broadcasting prepare students to transfer to a four-year college or university. After graduating, students may find career opportunities in teaching, broadcasting or advertising, or as a consultant or a public relations practitioner. Areas of emphasis are also available in broadcasting, journalism and speech.

# Respiratory Care Therapist

## Associate in Applied Science

Minimum of 68 Credits

This associate degree program is designed to meet the needs of an individual who wants to enter the job market following completion of the program. Students pursuing this associate degree complete general education and support courses at Oklahoma City Community College. All major courses are completed at Francis Tuttle Technology Center as part of the cooperative alliance. Respiratory Care Therapists work under the supervision of a physician to deliver direct patient care in hospitals, nursing homes, skilled nursing facilities, laboratories, doctors' offices and homes. Therapies are directed toward the diagnosis and treatment of respiratory and cardiac diseases and often involve the use of sophisticated equipment. In addition to admission to the College, admission to the Associate of Applied Science in Respiratory Care degree program is required. The application process for the program must be completed at Francis Tuttle Technology Center**. Students must be admitted to the Respiratory Care program before enrollment in major courses. Performance of respiratory care in Oklahoma requires state licensure. Eligibility for licensure as a Registered Respiratory Therapist is determined by the State Board of Medical Examiners.

### Notes:

- This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.
- Major courses are available only at Francis Tuttle Technology Center. # A cooperative agreement has been established with Francis Tuttle Technology Center.
- ** Special Admissions Procedures Required.
- *To be chosen from ENGL 1213, ENGL 1233, COM 1123, or COM 2213
- ** Students must file all financial aid through the technology center while attending there.

### Life Skills Courses:

- (1 credit hour) Life Skills: SCL 1001
- (7 credit hours) General Education: ENGL 1113, ENGL 1213, ENGL 1233
- (2 credit hours) Mathematics: MATH 1513 or APPM 1223

### General Education Courses:

- (18 credit hours) Political Science: POLSC 1113; English: ENGL 1113 Computer-Assisted; Any Oklahoma State Regents for Higher Education approved general education three credit hour English or communications course.*; Psychology: PSY 1113; History: HIST 1483 or HIST 1493; General Education Electives: three credit hours
An interest in people is critical for students who want to study sociology because sociology is the study of people and how they behave in social environments. Sociology students discover why people need the company of other human beings. They also learn why some groups get along with everyone while others do not get along at all. Topics such as social problems, crime, delinquency, marriage, cultural anthropology—the study of different cultures, and family relationships are examined in sociology courses. A degree in sociology prepares students to continue their education at a four-year college or university and to pursue careers in social program development, research, education, human services, human resources, counseling, city planning and social services.

**Major Courses:** (15 credit hours) Sociology: SOC 1113; SOC 223; SOC 2803. Six credit hours of Sociology electives, (i.e. any other SOC category courses)

**General Education Courses:** (37 credit hours) English: ENGL 1113; ENGL 1213; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; Mathematics: MATH 1503 or MATH 1513 or MATH 2013; Psychology: PSY 1113; Sciences: Three or four credit hours of general education biological sciences; three or four credit hours of physical science-one of the science courses must include a lab component; Humanities: Six credit hours of Humanities courses.; General Education Electives: Six credit hours

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (9 credit hours) All courses within the following categories: CD, ENGL, CS, ECON, GER, HIST, HUM, PHIL, POLSC, PSY, SOC. Any foreign language or credited sign language course. Additional courses may be substituted with approval of advisor.

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

**At least one science course must include a laboratory component.**
Spanish - Modern Languages: Spanish Emphasis (AA)

Associate in Arts

Minimum of 61 Credits

Students who study Spanish will learn one of the most widely-spoken languages in the world. In addition to learning to understand, speak, read, and write Spanish, students will gain understanding of the cultures of the Hispanic peoples of the world, including the millions who reside in the United States. An associate degree in Modern Languages gives the student the background needed to transfer to a four-year college or university. After graduating, language students may find career opportunities in teaching, travel, broadcasting, translating, law enforcement, international business or social service. Another area of emphasis available is French.

** At least one science course must have a lab component.

♦ Criteria available in division office
Spanish - Modern Languages: Spanish Emphasis (Certificate: Conversational)

Certificate of Mastery: Conversational Track

Minimum of 21 credits

The Certificate of Mastery program is designed for students who wish to develop a working proficiency in Spanish for a variety of goals, including personal development, career opportunities, and travel. Those who earn this certificate will be able to communicate, orally and in writing, with native speakers of Spanish, and will demonstrate the cultural competence necessary to function within the diverse cultures of the Hispanic world. In order to provide options for different student goals, we offer two curricular tracks for the Certificate of Mastery. Students who choose the Conversational Track will focus on oral language skills and development of cultural competence. This track will require an International Study course, which will provide authentic language and cultural experiences. This Certificate of Mastery gives the student the background in Spanish to find a career in teaching, travel, broadcasting, translating, law enforcement, international business or social service. All courses in the Certificate of Mastery can be applied toward the Associate in Arts Degree in Modern Languages: Spanish Emphasis. Students who plan to pursue a degree after completing the certificate should work with their faculty advisor.

Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.

(C) A grade of "C" or higher must be achieved.

♦ Criteria available in division office
The Certificate of Mastery program is designed for students who wish to develop a working proficiency in Spanish for a variety of goals, including personal development, career opportunities, and travel. Those who earn this certificate will be able to communicate, orally and in writing, with native speakers of Spanish, and will demonstrate the cultural competence necessary to function within the diverse cultures of the Hispanic world. In order to provide options for different student goals, we offer two curricular tracks for the Certificate of Mastery. Students who choose the Traditional Track will focus on the development of oral and written skills, with a strong emphasis on the structure of the language. The requirement of two credits of Spanish immersion will provide practical language experience in a local setting.

This Certificate of Mastery gives the student the background in Spanish to find a career in teaching, travel, broadcasting, translating, law enforcement, international business or social service. All courses in the Certificate of Mastery can be applied toward the Associate in Arts Degree in Modern Languages: Spanish Emphasis. Students who plan to pursue a degree after completing the certificate should work with their faculty advisor.

A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.

(C) A grade of C or higher must be achieved.

♦ Criteria available in division office.
Speech - Journalism and Broadcasting/Speech Emphasis

Associate in Arts

Minimum of 61 Credits

Speech students develop commanding formal and informal communication skills. Students develop techniques for gathering information and making dynamic presentations. Introduction to Public Speaking, and Interpersonal Communications are the major courses designed to develop the student’s total understanding of audiences, speaking skills and presentations. Associate degrees in Broadcasting and Journalism prepare students to transfer to a four-year college or university. After graduating, students may find career opportunities in teaching, public service, broadcasting, business management, or the ministry. Areas of emphasis are also available in broadcasting, journalism and public relations.

** At least one science course must have a lab component.
Surgical Technology#++

Associate in Applied Science

Minimum of 66 Credits

This program is offered through cooperative alliances established with Metro Tech and Moore Norman Technology Centers. Surgical Technologists are integral members of the surgical team who work closely with surgeons, anesthesiologists, registered nurses, and other surgical personnel delivering patient care before, during and after surgery. The application process for the program must be completed at Metro Tech or Moore Norman Technology Centers. An applicant who provides documentation of certification as a Surgical Technician may be eligible for advanced standing credit. Students must be admitted to the program before enrollment in major courses. Students pursuing this associate degree would complete general education and support courses at Oklahoma City Community College. All major courses are taught at Metro Tech or Moore Norman Technology Centers.** The Metro Tech and Moore Norman Technology Centers Certified Surgical Technician Programs are fully accredited by the Commission on Accreditation of Allied Health Education Programs. The graduate is eligible to apply for the national certifying examination in Surgical Technology.

Major Courses:

AHP 1013, ST 1114, ST 1126, ST 2114, ST 2214, ST 2226, ST 2314, ST 2336

General Education Courses: ENGL 1113, *OSRHE Approved General Education Communications or English course, POLSC 1113, HIST 1483 OR HIST 1493, PSY 1113, CS 1103, Three (3) credit hours of General Education Elective

Life Skills Courses: SCL 1001- Success in College and Life

Support Courses: Mathematics that meets OCCC mathematics proficiency, BIO 1224 OR BIO 1314

Notes: This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

Major courses beginning with ST are available only at Metro Tech and Moore Norman Technology Centers.

#Cooperative Alliance have been established with Metro Tech and Moore Norman Technology Centers.

++Special Admissions Procedures Required

(C) A grade of “C” or higher must be achieved

*To be chosen from ENGL 1213, ENGL 1233, COM 1123, or COM 2213

**Students must file all financial aid through the technology center while attending there.
Associate in Applied Science

Minimum of 61 Credits

This associate degree program is specialized to meet business, government, and industry specifications in a particular industry. The plans of study are designed with direct input from business and industry partners. Businesses that have participated in the development of current programs are: Advanced Academics, Inc., Advancia Corporation, Altech Services, AMI 500-Office of Information Services, Atkins Benham, Inc., BTG Incorporated, CACI-ASG, Cisco, Commander Aircraft, Comminitech, Cox Communications, Dobson Communications, Inc., EDS, Endex of Oklahoma, Inc., Francis Tuttle Technology Center, iBeam, LazerNet Services, Modem Technology Systems, Inc., Moore Norman Technology Center, OG&E, Pace/Butler Corporation, Resourceware, Inc., Southwestern Bell, Synergy Datacom Supply, The Hertz Corporation, The Michael Group, and ThinkSpark, Inc. Current specialized approved programs are as follows: 1.) *OG&E & Industrial Engineering Technology with emphasis in Engineering Design and Analysis, Instrument Systems and Automation, and Maintenance. 2.) Information Systems Industry leading to certifications in MCP (Microsoft Certified Professional) and MCSE (Microsoft Certified Systems Engineer). 3.) Internet Technologies Industry leading to certification in Certified Internet Webmaster. Coursework in the major area is designed to give students the necessary preparation to pursue industry specific technology careers after graduation. *The OG&E program is offered through an alliance of educational partners so that students may take courses at Oklahoma City Community College, Francis Tuttle Technology Center, Oklahoma State University (Oklahoma City), or Rose State College. Students must consult with their faculty advisor when selecting technology courses and electives.

**Major Courses:** (30 credit hours) Special topics in Technology: TECH 1000 and TECH 2000; Completion of ACE credit; approved Business/Industry/Government training curriculum; prescribed technical or advisor approved courses.

**General Education Courses:** (18 credit hours) Communications: COM 1123; or COM 1223 or COM 2213 or advisor approved COM elective or ENGL 1213; English: ENGL 1113; History: HIST 1483 or HIST 1493; Political Science: POLSC 1113; 3 credit hours of Approved General Education Electives

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (12 credit hours) Approved Support Electives; Approved Math Elective

**Notes:** This technical/occupational program is designed to prepare students to enter the job force following completion. See Technical/Occupational Programs in the general information section of the catalog.

*This program is offered through cooperative alliances with Francis Tuttle and Moore Norman Technology Centers. See the front general section for General Education Requirements.

*Special Topics: Completion of ACE credit, approved Business/Industry/Government training curriculum, prescribed technical OR advisor approved courses.

**Advanced Special Topics in Technology: Completion of ACE credit, approved Business/Industry/Government training curriculum, prescribed technical OR advisor approved courses.

♦ Criteria available in division office
Students enrolled in the Technology Program develop vital skills in preparation for becoming members of the business community. Students study economics, accounting, statistics, and computer science, in addition to general education. A degree in technology prepares students to transfer to a baccalaureate degree program. There they can pursue a bachelor’s degree with a major in a specialized technology area.

**Life Skills Courses:** (1 credit hour) Life Skills: SCL 1001

**Support Courses:** (6 credit hours) Advisor Approved Support Electives

See the front general section for transfer policy information

**Notes:** This program is designed for students planning to continue their education at a four-year college or university. See the front general section for information and requirements for University Parallel/Transfer Programs. See the front general section for General Education Requirements.

*One Science course must include a laboratory component. Physical Science (Any PHYS, CHEM, GEOL, or ASTR course).*
Technology (Certificate)

Certificate of Mastery

Minimum of 18 Credits

The certificate program allows an individual to work toward an attainable goal without taking the general education required for an associate degree. College credits earned may apply toward an Associate in Science or Applied Science degree. A Certificate of Mastery in Technology provides the opportunity for students to study the areas of emphasis that relate directly to jobs in specific Technology services and industry fields. At Oklahoma City Community College, a Certificate of Mastery can be earned by completing 18 credit hours in coursework such as beginning applications, intermediate applications, and advanced applications of industry specific fields. Classes are taught by professors who are both academically and professionally qualified. Students benefit from the instructors' years of experience on the job and in the classroom. With a Certificate of Mastery, students can begin a career through entry-level positions. Often, students can earn certificates as they work toward a degree. Oklahoma City Community College also offers a Technology degree with a general option whereby a student can specialize in specific technology services that transfers to a baccalaureate program or that prepares students for immediate entry into the job market.

Major Courses: (12 credit hours) Technology: TECH 1103; TECH 1113; TECH 2773; TECH 2783
General Education Courses: None
Life Skills Courses: None
Support Courses: (6 credit hours) Advisor Approved Support Electives
Notes: A Certificate of Mastery program is designed to meet the needs of an individual who wants to enter the job market following the completion of the certificate.
The Theatre Arts Program uses classroom and hands-on experiences on stage to develop student performance skills. Classes in acting and make-up teach students about the theories, techniques and elements of theatre. Courses cover subjects such as role preparation, diction, and auditioning. Additional experience can be gained by participating in any of the College's stage productions during the year. Associate degrees in theatre arts give students the background needed to continue their education at a four-year college or university. Graduating students may find career opportunities performing, directing, producing, writing, critiquing or teaching.

Course Descriptions

ACCOUNTING

ACCT 2000  SPECIAL TOPICS
Prerequisite: ACCT 2113 and by evaluation ♦

VARIABLE 1-3 CREDITS  The student will demonstrate specified competencies in subjects not included in other accounting courses, but which are beneficial in providing a better understanding of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change in subject matter.

ACCT 2113  ACCOUNTING I/FINANCIAL
Prerequisite: (R) (W) MATH 0203 or adequate math placement test score.

3 CREDITS  Students will demonstrate an understanding of basic accounting concepts, theories, and procedures and their effects on the financial reporting and analysis of a business.

ACCT 2123  ACCOUNTING II/MANAGERIAL
Prerequisite: ACCT 2113

3 CREDITS  A continuation of ACCT 2113. Students will demonstrate an understanding of managerial accounting concepts by properly classifying basic cost elements, allocating these costs to the manufacturing processes of a product, performing cost-volume-profit analysis, preparing operating and capital budgets, analyzing the decision-making process, and making business decisions.

ACCT 2213  COMPUTERIZED ACCOUNTING
Prerequisite: ACCT 2113

3 CREDITS  This course is designed for students who are seeking an Associate in Applied Science in Business-Accounting Option. It is also a required or elective course in some technical programs at Oklahoma City Community College. It generally will not transfer to four-year public colleges or universities. Students will demonstrate the use of the computer to complete accounting problems relating to general ledger entries, voucher systems, fixed assets, payroll, partnerships and corporations, financial statement analysis, and departmentalized accounting. (This course is generally offered in the fall semester only.) ♦

ACCT 2233  GOVERNMENT AND NON-PROFIT ACCOUNTING
Prerequisite: ACCT 2123

3 CREDITS  This course is offered as an elective in the Associate in Applied Science in Business-Accounting Option. The course is also available to those students who work for a governmental agency or other non-profit institution desiring to upgrade their job skills. This course is generally not transferable to four-year colleges or universities. The student will learn the nature and relationship of the various funds normally found in most governmental entities as well as the financial activities involving budgets, encumbrances, revenues, expenditures, and other fiduciary responsibilities common to non-profit institutions such as colleges, hospitals, foundations, public enterprises, and virtually all governmental agencies. (This course is generally offered every other spring semester.)

ACCT 2303  COST ACCOUNTING
Prerequisite: ACCT 2123

3 CREDITS  This course is designed for students who are seeking an Associate in Applied Science in Business-Accounting Option. It generally will not transfer to four-year public colleges or universities. Students will demonstrate their understanding of concepts of cost accounting by (1) properly classifying basic cost elements, (2) applying the cost principles and procedures involved in job order and process costing, (3) demonstrating the use of a standard cost system to include the computation of variances, and (4) using cost analysis in management decision making. (This course is generally offered in the spring semester only.)

ACCT 2403  INCOME TAX ACCOUNTING
Prerequisite: ACCT 2113

3 CREDITS  This course is designed for students who are seeking an Associate in Applied Science in Business-Accounting Option. It generally will not transfer to four-year public colleges or universities. Students will demonstrate their understanding of concepts of federal income taxation of individuals by (1) determining gross income, (2) identifying and computing allowable deductions for and from adjusted gross income, (3) computing the tax liability, and (4) performing tax research using a comprehensive tax library. (This course is generally offered in the fall semester only.)

ACCT 2603  INTERMEDIATE ACCOUNTING I
Prerequisite: ACCT 2123

3 CREDITS  This course is designed for students who are seeking an Associate in Applied Science in Business-Accounting Option. It generally will not transfer to four-year public colleges or universities. Students will demonstrate their understanding of concepts of advanced principles of accounting relating to the accounting process, assets, and the time value of money. (This course is generally offered in the fall semester only.)

ACCT 2703  INTERMEDIATE ACCOUNTING II
Prerequisite: ACCT 2603

3 CREDITS  This course is designed for students who are seeking an Associate in Applied Science in Business-Accounting Option. It generally will not transfer to four-year public colleges or universities. Students will demonstrate their understanding of generally accepted accounting principles related to liabilities, stockholders’ equity, corrections of errors, cash flow reporting and financial statement analysis. (This course is generally offered in the spring semester only.)

ADMINISTRATIVE OFFICE TECHNOLOGY

AOT 1000  SPECIAL TOPICS
Prerequisite: (R)

VARIABLE 1-4 CREDITS  This is a study of a variety of topics in which the student will be exposed to such topics as preparing for a career in the secretarial area, assessing the job market, etc. The course may be repeated with a change of topic.

AOT 1113  COMPUTER KEYBOARDING
Prerequisite: (R) (W)

3 CREDITS  The student will master the keyboard by touch and begin development of acceptable speed and accuracy levels on the alphabetic and alphanumeric keyboard and the ten-key number pad. Formatting of basic documents is also included.

AOT 1123  SHORTHAND I
Prerequisite: (R)

3 CREDITS  The student will master the correct theory and principles of Gregg shorthand, read at specified speeds, and write correct shorthand outlines.

AOT 1223  SHORTHAND II
Prerequisite: (R), AOT 1123 or by evaluation ♦

3 CREDITS  The student will review the theory of Gregg Shorthand, take dictation for three minutes at specified speeds and will transcribe shorthand notes accurately using the microcomputer.

AOT 1713  BEGINNING WORD PROCESSING APPLICATIONS
Prerequisite: (R) (W)

3 CREDITS  Students will use microcomputer word processing software to create, modify, store, retrieve, and print documents. Word processing features

♦ Criteria for evaluation in division office.
include create, edit, print, format, spell-check, thesaurus, file management, find/replace and tables. This course is an introduction and overview with the emphasis being on learning and applying the mechanics of the software.

AOT 1813 LEGAL OFFICE PROCEDURES
Prerequisite: None
3 CREDITS This is an introductory course which provides the student with an overview of the legal secretarial profession and the various aspects of the law office. Emphasis is placed on developing the skills and aptitudes for a professional legal secretary, court structure, ethics, writing and research (This course is generally offered fall only.)

AOT 2000 SPECIAL TOPICS
Prerequisite: (R)
VARIABLE 1-4 CREDITS The student will demonstrate competencies in selected topics in the secretarial field. Each course will focus on a specific area related to special equipment, procedures, and functions. May be repeated with a change of topic.

AOT 2013 LEGAL BILLING
Prerequisite: (R) (W), by evaluation ♦
3 CREDITS Students will use the microcomputer to produce billing documents with emphasis on legal vocabulary, proofreading, editing, transcription, and decision making skills. Appropriate industry standard software programs will be used. Lecture/Lab. (This course is generally offered fall only.)

AOT 2033 MEDICAL CODING
Prerequisite: (R) (W), AHP 1013
3 CREDITS The student will be able to correctly enter internal classification of disease (ICD-9-CM) codes on a claim form, identify current procedural terminology (CPT), and explain their application to a medical office. The student will also identify various insurance plans, learn the rules and regulations of Medicare filing, translate written documentation into a numerical language, and describe legal issues concerning medical records.

AOT 2143 ADMINISTRATIVE OFFICE SYSTEMS
Prerequisite: (R) (W)
3 CREDITS This course is designed to emphasize the management procedures of various office environments. Topics include ethics, employer-employee relations, layout and space design, work simplification, cost control, human relations, office personnel policies and business information systems. (This course is generally offered spring only.)

AOT 2313 INTERMEDIATE WORD PROCESSING APPLICATIONS
Prerequisite: (R) (W), AOT 1713 or by evaluation ♦
3 CREDITS Students will extend basic word processing knowledge and skill to include proficiency in producing office correspondence. Emphasis will be on formatting, proofreading, using advanced features of word processing software, and increasing production speed.

AOT 2323 LEGAL TERMINOLOGY AND MACHINE TRANSCRIPTION
Prerequisite: (R) (W), AOT 1113, AOT 1713 or by evaluation ♦
3 CREDITS The student will correctly spell, transcribe, and define terms commonly used in the legal field.

AOT 2413 MEDICAL MACHINE TRANSCRIPTION
Prerequisite: (R) (W), AHP 1013, AOT 1113 and AOT 1713 or by evaluation ♦
3 CREDITS The student will correctly transcribe medical documents including admissions and physicals, operative reports, pathology reports, discharge summaries, radiology reports, and requests for consultation reports. The student will be able to describe the knowledge, skills, and abilities required of a medical transcriptionist.

AOT 2443 ADMINISTRATIVE OFFICE PROCEDURES
Prerequisite: Corequisite: (R) (W), AOT 2313, AOT 2553 or by evaluation ♦
3 CREDITS The student will study ethics, traits, duties, attitudes and responsibilities of a professional secretary. Students will use the microcomputer to produce mailable documents, travel itineraries, minutes of meetings, and various other office documents with emphasis on vocabulary, proofreading, editing, and decision making skills. Lecture/Lab.

AOT 2453 OFFICE INFORMATION PROCESSING
Prerequisite: Corequisite: (R) (W), AOT 2313 or by evaluation ♦
3 CREDITS Students will use the microcomputer to produce mailable documents with emphasis on business vocabulary, proofreading, editing, transcription, and decision making skills. Managerial dictation techniques will be introduced. Lecture/Lab.

AOT 2463 APPLIED GRAPHICS WITH DESKTOP PUBLISHING
Prerequisite: (R) (W), AOT 2513 or by evaluation ♦
3 CREDITS This course is an introduction to the use of computer-generated pictures, charts, and graphs. Students will complete a variety of documents such as flyers, brochures, newsletters, and business cards using industry standard desktop publishing software, graphics, and effective design conventions. This course will assist students in producing documents that communicate effectively through good design and application of basic concepts of desktop publishing. (This course is generally offered spring only.)

AOT 2473 OFFICE/ACCOUNTING SPREADSHEET APPLICATIONS
Prerequisite: (R) (W)
3 CREDITS This course is designed to emphasize the management of spreadsheets and integrated computer accounting systems. The student will demonstrate competencies in the use of industry standard personal computer programs to analyze data, make decisions, and communicate results. (This course is generally offered fall only.)*

AOT 2493 COMPUTABILITY AND TECHNOLOGY
Prerequisite: (R) (W), AOT 2313
3 CREDITS The student will develop an understanding of the basic structure of digital computers, the logic of computer operations, and the fundamentals of programming. Emphasis will be on problem solving and the use of computer software. Lecture/Lab. (This course is generally offered spring only.)

AOT 2553 AUTOMATED RECORDS MANAGEMENT
Prerequisite: (R) (W), AOT 1713, AOT 2473
3 CREDITS Utilizing simulated office records, the student will use correct records-management techniques in the creation, storage and disposition of materials in a variety of business situations. The course will involve the study and practice of various filing methods integrating the use of the computer to control and manage a file system. (This course is generally offered fall only.)*

AOT 2663 CAREER EDUCATION/INTERNSHIP
Prerequisite: (R) (W), by evaluation ♦
VARIABLE 1-3 CREDITS This course will assist students in earning academic credit in a planned process that integrates academic preparation with supervised work experience. Students will work in an approved office environment with cooperating employers for a specified period of time and will attend arranged lectures relating to a variety of business-related topics. The course may be repeated to a maximum of 6 CREDITS with the consent of the instructor.

ALLIED HEALTH

AHP 1000 SPECIAL TOPICS
Prerequisite: (R)
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other Allied Health courses, but which are beneficial in providing a better understanding of health. A specific subject is announced for each offering. Enrollment may be repeated with a change of topic.

AHP 1013 MEDICAL TERMINOLOGY
Prerequisite: (R)
3 CREDITS After studying the root words, prefixes, and suffixes from which medical terms evolve, the student will correctly spell medical terms, define terms commonly used in medical fields, and determine the meaning of unfamiliar medical terms.
ART 1000       SPECIAL TOPICS IN VISUAL ART
Prerequisite: (R)

VARIABLE 1-6 CREDITS The student will produce examples of the specific topic in art with which the course content is concerned. A specific topic beyond the topics offered in other art courses will be designated for each offering. Examples of topics include Basic Watercolor, Calligraphy, and Weaving. This course may be repeated with a change in subject matter.

ART 1013       ART HISTORY SURVEY I
Prerequisite: (R) (W)

3 CREDITS Art History Survey I is a study of the arts, artists and their cultures from Prehistoric through the Early Renaissance. The student will analyze the artistic styles and identify visually the style, its time, its characteristics and the artists important to that period. The student also will analyze the social and art issues which led to the development and evolution of art styles throughout history.

ART 1023       ART HISTORY SURVEY II
Prerequisite: (R) (W)

3 CREDITS Art History Survey II is a study of the visual arts, artists and their cultures from the Early Renaissance to the present. The student will analyze artistic styles and identify visually the style, its time, its characteristics and the artists important to that period. The student also will analyze the social and art issues which led to the development and evolution of art styles throughout history.

ART 1043       BLACK AND WHITE PHOTOGRAPHY I
Prerequisite: (R)

3 CREDITS The student will demonstrate basic 35mm camera operations as well as black and white film processing and printing. The student will demonstrate knowledge of basic principles of photography, use of various lenses, filters and exposure manipulation in photo development and printing.

ART 1053       ART APPRECIATION
Prerequisite: (R) (W)

3 CREDITS After studying art pieces representative of a variety of art forms from different time periods and cultures, the student will identify and describe each of these forms. Students will analyze art and make aesthetic judgments in writing about how the piece reflects human values and cultural traditions.

ART 1123       DRAWING I
Prerequisite: (R)

3 CREDITS Drawing I will develop the students understanding of the basic concepts of drawing and their powers of observation. Students will work with various media utilizing a variety of sources and environments.

ART 1173       COMPUTER DRAWING: FREEHAND
Prerequisite: (R)

3 CREDITS Students will demonstrate knowledge of vector illustration techniques using Macromedia FreeHand software. Students will also create and edit graphic objects and type, select various menu commands, and use keyboard shortcuts.

ART 1183       COMPUTER DRAWING: ILLUSTRATOR
Prerequisite: (R)

3 CREDITS Students will demonstrate knowledge of vector illustration techniques using Adobe Illustrator software. Students will also create and edit graphic objects and type, select various menu commands, and use keyboard shortcuts.

ART 1190       MOSAICS
Prerequisite: (R)

VARIABLE 1-3 CREDITS The student will demonstrate understanding of basic design and proficiency in techniques for creating mosaics, consistent with materials to be used. The student also will select proper materials, cut materials, position and adhere materials, transfer designs, produce porcelain tile and proper mortar mixes for interior and exterior mosaics. Course may be repeated for up to three credits.†

ART 1203       FIGURE DRAWING
Prerequisite: ART 1123

3 CREDITS Figure Drawing includes study in gesture and finished drawings of the model. Emphasis will be placed on pose, composition and a variety of media.

ART 1213       FOUNDATIONS I: DESIGN AND COLOR
Prerequisite: (R)

3 CREDITS The student will learn to recognize, analyze and apply the elements and principles of 2D design and color in the pictorial arts by studying design and color theory.

ART 1233       DRAWING II
Prerequisite: ART 1123

3 CREDITS Drawing II will continue to develop the students’ understanding of the concepts of drawing. Students will continue to develop their skills in media by using a variety of sources and environments. They will demonstrate the proper application of advanced linear perspective, the depiction of complicated shapes and figures as well as the ability to convey emotion.

ART 1243       FOUNDATIONS II: 3D DESIGN
Prerequisite: ART 1213

3 CREDITS The student will compare, evaluate, and analyze three-dimensional visual art forms. By using a variety of materials and processes, the student will complete a series of studio assignments to demonstrate basic...
technical ability and an understanding and appreciation of the interaction of form in space and ways to manipulate it. Readings, writings, and participation in a coursework exhibition are required.

**ART 1363**  
**MULTIMEDIA**  
**Prerequisite:** (R) (W) Math 0203 or adequate math placement test score, CS 1103 or by evaluation †  
3 **CREDITS** Students will use selected application software to develop presentation graphics. This will include the creation, importation, modification, and sequencing of still and motion graphics. Digital audio will be created, edited and synchronized to the presentations.

**ART 2000**  
**SPECIAL TOPICS IN VISUAL ART**  
**Prerequisite:** (R) (W)  
**VARIABLE 1-6 CREDITS** The student will demonstrate specified competencies in subjects not included in other Visual Arts courses, but which are beneficial in providing a better understanding of the field. A specific subject is announced for each offering. Enrollment may be repeated with a change in topic.

**ART 2013**  
**PAINTING I**  
**Prerequisite:** (R)  
3 **CREDITS** Painting I will develop skills in opaque painting, stressing form and content, visual appreciation and individual expression. After an introduction to the different methods of mixing and applying paint, the student will study various styles and techniques of painting. †

**ART 2043**  
**BLACK AND WHITE PHOTOGRAPHY II**  
**Prerequisite:** (R), ART 1043, or GCOM 1143, or by evaluation †  
3 **CREDITS** The student will demonstrate advanced composition techniques for portrait, architectural, still life, scenic, night and small object photography subjects. Proficiency will be demonstrated by development of a one-person exhibit or portfolio.

**ART 2133**  
**SERIGRAPHY I (SILK SCREEN-PRINTING)**  
**Prerequisite:** (R)  
3 **CREDITS** Serigraphy I introduces the student to both hand and photo stencil and screen print methods. Each student will produce a body of work exploring the image-making potential of screen printing techniques on paper and T-shirts. Strong emphasis will be placed on exploring color, design, and personal creativity. †

**ART 2143**  
**CERAMICS I**  
**Prerequisite:** (R), ART 1190  
3 **CREDITS** Ceramics I covers a variety of building techniques, glazing and ceramics terminology. The student will construct pieces of clay-formed pottery using slab, coil, wheel and other methods of construction. †

**ART 2183**  
**PAINTING II**  
**Prerequisite:** ART 2013  
3 **CREDITS** Painting II will continue to develop the students’ skills in opaque painting. The course will continue to stress form and content, visual appreciation and individual expression. †

**ART 2190**  
**ADVANCED MOSAICS**  
**Prerequisite:** (R), ART 1190  
**VARIABLE 1-3 CREDITS** The student will demonstrate understanding of advanced mosaic design and proficiency in techniques for creating mosaics. The advanced student will assist the instructor with firing tile, rendering drawings (enlarging cartoons), and assisting with mosaics projects. Course may be repeated for up to three credits. †

**ART 2233**  
**SERIGRAPHY II (ADVANCED SILK SCREENPRINTING)**  
**Prerequisite:** ART 2133  
3 **CREDITS** Serigraphy II involves advanced studies in utilizing screen-printing techniques. Students will produce a body of work that emphasizes the exploration of color, design, and personal creativity. †

**ART 2263**  
**CERAMICS II**  
**Prerequisite:** ART 2143  
3 **CREDITS** Ceramics II continues to develop the students’ skills in a variety of ceramic techniques. Students will continue to develop their glazing and knowledge of ceramics and its terminology. They will mix their own clay and construct clay pieces using the coil, pinch, wheel, slab and mold methods of construction. They will demonstrate various firing techniques such as raku, sawdust and dung. They will test various pottery glazes and assist in firing pottery in a kiln. †

**ART 2373**  
**GRAPHIC ARTS ILLUSTRATION**  
**Prerequisite:** (R), ART 1123 or by evaluation †  
3 **CREDITS** The student will learn about and produce illustrations using a variety of techniques and media. Types of illustrations produced include pencil, ink, markers, scratchboard, colored pencil and mixed media. Work will be accomplished to conform to professional standards in the graphic arts industry.

**ART 2533**  
**3D RENDERING AND DESIGN VISUALIZATION**  
**Prerequisite:** (R) Math 0103 or adequate math placement test score  
3 **CREDITS** The student aspiring to become an artist, designer or other professional using 3D computer graphics will be able to create, generate or integrate 3D computer graphics. The student will demonstrate a fundamental understanding of how the computer can be used to create 3D computer renderings. These renderings could be related to either technical design, fine art or applied art. Emphasis will be on using application software (primarily 3D modeling and rendering programs) in the development of modeling logos, 3D scenes, textures, lighting, atmosphere effects, and basic animation.

**ART 2573**  
**DIGITAL PAINTING**  
**Prerequisite:** (R)  
3 **CREDITS** The student will be introduced to the art media and form of digital imaging. Students will use raster and vector based drawing, painting, and image-editing software applications to create expressive images. Participants will use digital drawing tables, scan their sketches and photographs into a variety of computer programs and manipulate them digitally to create works of art. They will blend colors using digital and traditional color theory.

**ART 2633**  
**3D ANIMATION AND SPECIAL EFFECTS**  
**Prerequisite:** (R) Math 0103 or adequate math placement test score, ART 2533 or by evaluation †  
3 **CREDITS** The student will be able to use professional techniques to create photo realistic renderings, advanced physical based and character animations, interactive Media and Web development, 3D gaming and 3D virtual environments. This course will enhance the abilities of artists, designers and other professionals using 3D computer created, generated, or integrated graphics. Emphasis will be on the development of professional techniques in the area of 3D computer graphics. This course is the second course in the field of 3D computer graphics for technical design, fine art or applied art professionals.

**ART 2643**  
**VIDEO PRODUCTION**  
**Prerequisite:** (R) (W)  
3 **CREDITS** The student will use video production techniques to produce, edit and direct program materials of broadcast quality. Extensive laboratory work is required.

**ART 2700**  
**INTERNSHIP**  
**Prerequisite:** All required major courses, ART 1013, ART 1023  
3 **VARIABLE 1-3 CREDITS** The student will work with professional practitioners in areas such as art galleries and museums, art libraries, fine arts studios, film/video studios, art therapy practices, animation studios, photography studios, etc. The internship course is designed to help students explore their interests, obtain practical experience, and prepare for a career in Visual Arts.

**ART 2821**  
**PORTFOLIO DEVELOPMENT AND PRESENTATION**  
**Prerequisite:** All required major courses, ART 1013, ART 1023  
1 **CREDIT** The student and instructor will make a critical analysis of the student’s work done over the duration of the program to identify any deficiencies. The student will address any deficiencies and develop a portfolio.
will present works of art in a professional format, either framed, matted, as slides, or in digital form, whichever is most appropriate to the student’s area of concentration. The student will also write a well developed artist’s statement.

### ASTRONOMY

**ASTR 1504  GENERAL ASTRONOMY**  
Prerequisite: (R) (W) MATH 0203 or adequate math placement test score  
4 CREDITS This course will fulfill the general education requirement for Physical Science (without laboratory). The student will be introduced to modern astronomy. Concepts to be studied include the solar system, the sun and stars, galaxies (including the Milky Way Galaxy), and current theories of the origin, evolution, and fate of the universe. GenEd Requirement.

**ASTR 1514  GENERAL ASTRONOMY WITH LAB**  
Prerequisite: (R) (W) MATH 0203 or adequate math placement test score  
4 CREDITS This course will fulfill the general education requirement for Physical Science (with laboratory). The student will be introduced to modern astronomy. Concepts to be studied include the solar system, the sun and stars, galaxies (including the Milky Way Galaxy), and current theories of the origin, evolution, and fate of the universe. Laboratory exercises will explore basic physical principles related to Astronomy as well as activities with specific astronomical applications. GenEd Requirement.

### AUTOMOTIVE TECHNOLOGY

**AT 1000  SPECIAL TOPICS**  
Prerequisite: None  
VARIABLE 1-3 CREDITS The student will demonstrate specified competencies in subjects not included in other automotive courses, but which benefit students wanting additional training in the field or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

**AT 1013  AUTOMOTIVE STUDENT SUCCESS INITIATIVE**  
Prerequisite: None  
3 CREDITS Students will participate in four disciplines designed to prepare students to be successful in automotive programs requiring internships. Students will be required to complete the Automotive Safety, Job Interview Skills, Mentoring, and Introduction to Electricity courses. The student must successfully complete the safety course consisting of specific automotive related safety issues as well as those specific to Oklahoma City Community College. The student will continue with a Job Interview Skills course consisting of writing a resume and how to conduct a successful interview, with a mock video taped interview being required. The student will also complete the Mentoring program with both student and sponsoring dealership personnel participating. The student will finally complete an Introduction to Electricity course to ensure basic concepts and abilities are present to ensure entry level skills are present when the student begins the Automotive Program. This course is aPrerequisite for all automotive courses in programs requiring an internship.

**AT 1204  A.S.E. ENGINE PERFORMANCE**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.  
4 CREDITS The student will discuss and demonstrate general engine diagnostic procedures. Additionally, the student will demonstrate specific competencies in the diagnosis and repair of ignition systems, fuel, air induction systems, and exhaust systems, emission control systems, and engine electronic systems.

**AT 1214  A.S.E. ENGINE REPAIR**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.  
4 CREDITS The student will discuss and demonstrate competencies in general engine diagnosis and in cylinder head, valve train, engine block diagnosis and repair, as well as lubrication, cooling, fuel, exhaust, ignition, battery and starting system diagnostic and repair procedures.

**AT 1224  A.S.E. SUSPENSION AND STEERING**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.  
4 CREDITS This course is an application of basic competencies in steering systems, suspension systems and wheel alignment diagnosis, adjustment and repair. The student will further discuss and demonstrate an understanding of wheel and tire diagnosis and repair.

**AT 1244  A.S.E. BRAKES**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.  
4 CREDITS This course is an application of specific competencies in hydraulic system, drum brake system, disc brake system diagnosis and repair procedures. Also, the student will discuss and demonstrate competencies in power assist unit diagnosis and repair as well as wheel bearing, parking brake circuit and associated electrical circuit diagnosis and repair, which includes ABS systems.

**AT 1304  GM ENGINE REPAIR**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score. Special admission procedures required.  
4 CREDITS The student will discuss and demonstrate competencies in general engine diagnosis and in cylinder head, valve train, engine block diagnosis and repair, as well as lubrication, cooling, fuel, exhaust, ignition, battery and starting system diagnostic and repair procedures on current General Motors vehicles.

**AT 1314  GM ELECTRICAL SYSTEMS**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score. Special admission procedures required.  
4 CREDITS The student will apply competencies in battery, starting, charging, lighting, driver information, horn, wiper/washer, and accessory systems. Additionally, the student will demonstrate principles of electricity, magnetism, voltage and current regulation and basic circuitry as applied in automotive electrical systems to aid in general diagnosis of automotive electrical problems on current General Motors vehicles.

**AT 1324  GM ENGINE PERFORMANCE**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score. Special admission procedures required.  
4 CREDITS The student will discuss and demonstrate general engine diagnostic procedures. Additionally, the student will demonstrate specific competencies in the diagnosis and repair of ignition systems, fuel, air induction systems, and exhaust systems, emission control systems, and engine electronic systems on current General Motors vehicles.

**AT 1334  GM BRAKES**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score. Special admission procedures required.  
4 CREDITS This course is an application of specific competencies in hydraulic system, drum brake system, disc brake system diagnosis and repair procedures. Also, the student will discuss and demonstrate competencies in power assist unit diagnosis and repair as well as wheel bearing, parking brake circuit and associated electrical circuit diagnosis and repair, which includes ABS systems on current General Motors vehicles.

**AT 1422  GM NEW PRODUCTS I**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score. Special admission procedures required.  
2 CREDITS The student will discuss and demonstrate specific competencies in subject not included in other ASEP automotive courses, which subjects will benefit students needing additional General Motors product service training in new technology and specialized areas. A specific topic is announced for each offering.

**AT 1513  INTRODUCTION TO BODY REPAIR AND REFINISHING**  
Prerequisite: None  
3 CREDITS This course covers safety practices, personal protection, and equipment operation during collision repair. The course will also cover compliance with Environmental Protection Agency policies, state and local regulations, and the Right-to-Know Act.
AT 1523 AUTOMOTIVE REFINISHING SYSTEMS AND PREPARATION
Prerequisite: AT 1513 or by evaluation ♦
3 CREDITS This course is designed to cover finish systems, both type and color. Students will identify refinishing systems and prepare surfaces for refinishing. Students will demonstrate knowledge and skill in applications of primer-surface, seam sealers, chip resistant coating, and maskings.

AT 1533 NON-STRUCTURAL TRIM AND PANEL ALIGNMENT
Prerequisite: AT 1513 or by evaluation ♦
3 CREDITS This course covers the basics of non-structural trim and body alignment. Students will demonstrate knowledge and skill in the use of panel alignment tools, fastener applications, panel alignment methods for bolt panels, and repair procedures.

AT 1543 SURFACE PREPARATION
Prerequisite: AT 1513 or by evaluation ♦
3 CREDITS This course covers the development of a refinishing process plan and the implementation of this plan. Students will demonstrate knowledge and skill in the removal of paint finish, cleaning surfaces, applying metal treatment, applying primer, block sanding, primer surfacing, and preparing adjacent panels for blend.

AT 1553 AUTOMOTIVE/COLLISION PROGRAM BASICS
Prerequisite: None
3 CREDITS This course covers the basic knowledge of collision repair. Students will receive an overview of the collision repair facility, basic safety aspects of the program, and student expectations for success in the collision repair program. Related topics will include general lab safety, tool usage, quality customer service and teamwork as they relate to the collision repair process. Applications of math skills such as standard and metric measuring, ratios, and proportions will also be taught. Students will also be required to participate in an industry work-site learning opportunity during the Automotive Collision Program Basics course.

AT 1612 A.S.E. ENGINE PERFORMANCE
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦
2 CREDITS This is an individual-paced (IP) course. The student will discuss and demonstrate general engine diagnostic procedures. Additionally, the student will demonstrate specific competencies in the diagnosis and repair of ignition systems, fuel, air induction systems, and exhaust systems, emission control systems and engine electric systems.

AT 1622 A.S.E. ENGINE REPAIR
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦
2 CREDITS This is an individual-paced (IP) course. The student will discuss and demonstrate competencies in general engine diagnosis and in cylinder head, valve train, engine block diagnosis and repair, as well as lubrication, cooling, fuel, exhaust, ignition, battery and starting system diagnostic and repair procedures.

AT 1632 A.S.E. SUSPENSION AND STEERING
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦
2 CREDITS This is an individual-paced (IP) course. This course is an application of basic competencies in steering systems, suspension systems and wheel alignment diagnosis, adjustment and repair. The student will further discuss and demonstrate an understanding of wheel and tire diagnosis and repair.

AT 1642 A.S.E. BRAKES
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦
2 CREDITS This is an individual-paced (IP) course. This course is an application of specific competencies in hydraulic system, drum brake system, disc brake system diagnosis and repair procedures. Also, the student will discuss and demonstrate competencies in power assist unit diagnosis and repair as well as wheel bearing, parking brake circuit and associated electrical circuit diagnosis and repair, which includes ABS systems.

AT 1652 A.S.E. AUTOMOTIVE ELECTIVES I
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦
2 CREDITS This is an individual-paced (IP) course. The student will discuss and demonstrate specific competencies in subjects not included in another ATIP automotive courses, which will benefit those needing additional automotive training in new technology and specialized areas. A specific topic is announced for each offering.

AT 1753 UNDER-VEHICLE SERVICE
Prerequisite: (W) MATH 0103 or adequate math placement test score.
3 CREDITS The student will demonstrate the ability to work effectively as a full-time employee at a sponsoring dealership and will demonstrate specified competencies in power assist unit diagnosis and repair operations in areas related to coursework completed the preceding term. Enrollment may be repeated with a change in work emphasis.

AT 2001 CAREER EXPERIENCE
Prerequisite: (R)
1 CREDIT The student will demonstrate the ability to work as a full-time employee at a sponsoring dealership and will demonstrate specified competencies in vehicle brake systems, steering systems and suspension systems. These competencies will include brake system repair and diagnosis, anti-lock brake system diagnosis, alignment procedures and theory, and suspension diagnosis.

AT 2101 A.S.E. CERTIFICATION
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
1 CREDIT The student will demonstrate the ability to work effectively as a full-time employee at a sponsoring dealership and will demonstrate specified competencies in general transmission and transaxle diagnosis. Additionally, the student will demonstrate competencies in transmission/transaxle maintenance, adjustment and in and off vehicle repair.

AT 2204 A.S.E. MANUAL DRIVE TRAINS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
4 CREDITS The student will apply specific competencies in general transmission and transaxle diagnosis. Additionally, the student will demonstrate competencies in transmission/transaxle maintenance, adjustment and in and off vehicle repair.

AT 2214 A.S.E. AUTOMATIC TRANSMISSIONS/TRANSAXLES
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
4 CREDITS The student will apply specific competencies in general transmission and transaxle diagnosis. Additionally, the student will demonstrate competencies in transmission/transaxle maintenance, adjustment and in and off vehicle repair.

AT 2224 A.S.E. ELECTRICAL SYSTEMS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
4 CREDITS The student will apply competencies in battery, starting, charging, lighting, driver information, horn, wiper/washer, and accessory systems. Additionally, the student will demonstrate principles of electricity, magnetism, voltage and current regulation and basic circuitry as applied in automotive electrical systems to aid in general diagnosis of automotive electrical problems.

AT 2234 A.S.E. HEATING AND AIR CONDITIONING SYSTEMS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
4 CREDITS The student will apply competencies in air conditioning system diagnosis and repair as well as diagnosis and repair of refrigeration system components, heating and engine cooling systems and control units.
AT 2304  GM SUSPENSION AND STEERING
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
Special admission procedures required.

3 CREDITS  This course is an application of basic competencies in steering systems, suspension systems and wheel alignment diagnosis, adjustment and repair. The student will further discuss and demonstrate an understanding of wheel and tire diagnosis and repair on current General Motors vehicles.

AT 2314  GM MANUAL DRIVE TRAINS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
Special admission procedures required.

4 CREDITS  This course is an application of specific competencies in clutch, standard transmission and transaxle, drive (half) shaft and universal joint, rear axle and four- and/or all-wheel drive component diagnosis and repair procedures on current General Motors vehicles.

AT 2324  GM AUTOMATIC TRANSMISSIONS AND TRANSAXLES
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
Special admission procedures required.

4 CREDITS  The student will apply specific competencies in general transmission and transaxle diagnosis. Additionally, the student will demonstrate competencies in transmission/transaxle maintenance, adjustment and in and off vehicle repair on current General Motors vehicles.

AT 2334  GM HEATING AND AIR CONDITIONING SYSTEMS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
Special admission procedures required.

2 CREDITS  The student will discuss and demonstrate specific competencies in subjects not included in other ASEP automotive courses, which will benefit students needing additional General Motors product service training in new technology and specialized areas. A specific topic is announced for each offering.

AT 2513  EQUIPMENT AND APPLICATION
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers the preparation for refinishing and topcoat. Students will demonstrate knowledge and skill in body refinishing, preparing and mixing topcoats, using air supply equipment, using spray guns, and applying various types of topcoats.

AT 2523  TINTING AND BLENDING
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers the basics and characteristics of color. The students will demonstrate knowledge and skill in the plotting of solid, pearl, and metallic color, and color matching. Students will demonstrate knowledge and skill in blending processes for single state, base coat/clear coat, and tri-coat finishes.

AT 2533  TROUBLESHOOTING AND DETAILING
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers the identification of paint film defects and their causes and cures. Also covered are finish detailing as it relates to refinishing, decals and strip taping. Students will demonstrate knowledge and skill in these areas.

AT 2563  MINOR BODY REPAIR
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers metal-straightening processes and the selection and application of body surface and specialty fillers. Students will demonstrate knowledge and skill in the proper utilization of tools and equipment and applying the processes of straightening, body surfacing and the application of specialty fillers.

AT 2573  DOOR AND QUARTER PANEL REPLACEMENT
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers the removal and replacement of weld-on panels. Students will demonstrate knowledge and skill in the repair or replacement of weld-on panels.

AT 2583  AUTOMOTIVE GLASS REPLACEMENT
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers the removal and installation of moveable and fixed glass using the tools and processes necessary. Students will demonstrate knowledge and skill in the replacement of glass.

AT 2593  MIG WELDING AND CUTTING
Prerequisite: AT 1553 or by evaluation ♦

3 CREDITS  This course covers safety practices and processes in different types of welds associated with automotive sheet metal welding. Students will demonstrate knowledge and skill in applying different types of welds.

AT 2612  A.S.E. MANUAL DRIVE TRAINS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦

2 CREDITS  This is an individual-paced (IP) course. The student will apply specific competencies in clutch, standard transmission and transaxle, drive (half) shaft and universal joint, rear axle and four- and/or all-wheel drive component diagnosis and repair procedures.

AT 2622  A.S.E. AUTOMATIC TRANSMISSIONS/TRANSAXLES
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦

2 CREDITS  This is an individual-paced (IP) course. The student will apply specific competencies in general transmission and transaxle diagnosis. Additionally, the student will demonstrate competencies in transmission/transaxle maintenance and adjustments.

AT 2632  A.S.E. ELECTRICAL SYSTEMS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦

2 CREDITS  This is an individual-paced (IP) course. The student will apply competencies in battery, starting, charging, lighting, drive information, horn, wiper washer, and accessory systems. Additionally, the student will demonstrate principles of electricity, magnetism, voltage and current regulation and basic circuitry as applied in automotive electrical systems to aid in general diagnosis of automotive electrical problems.

AT 2642  A.S.E. HEATING AND AIR CONDITIONING SYSTEMS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦

2 CREDITS  This is an individual-paced (IP) course. The student will apply competencies in air conditioning system diagnosis and repair as well as diagnosis and repair of refrigeration system components, heating and engine cooling systems and control units.

AT 2652  A.S.E. AUTOMOTIVE ELECTIVES II
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score, or by evaluation ♦

2 CREDITS  This is an individual-paced (IP) course. The student will discuss and demonstrate specific competencies in subjects not included in other ATIP automotive courses, which will benefit those needing additional automotive training in new technology and specialized areas. A specific topic is announced for each offering.
AVIATION MAINTENANCE TECHNOLOGY

AMT 1113 FUNDAMENTALS OF AVIATION MAINTENANCE  
Prerequisite: (R)  
3 CREDITS  
The student will identify shop and hangar safety hazards and methods of preventing human injury and equipment damage. The student will identify basic aircraft parts, controls, and instruments; will extract information from blueprints, schematics and charts; and will describe modern aircraft structural materials, materials processing and testing.

AMT 1123 TECHNICAL MECHANICS AND REGULATIONS  
Prerequisite: (R)  
3 CREDITS  
The student will relate Federal Aviation Regulations to the construction and maintenance practices of modern aircraft, interpret and follow maintenance publications and demonstrate proper record keeping practices for aircraft maintenance. The student will also demonstrate proper group handling operations; weighing, weight and balance and loading procedures; and the proper selection, use and care of mechanics hand and power tools and measurement devices while performing maintenance operations.

AMT 1125 AIRFRAME ELECTRICAL SYSTEMS  
Prerequisite: (R) (W) AMT 1212 Basic Aviation Electronics  
5 CREDITS  
The student will develop a high degree of proficiency in troubleshooting complex aircraft electrical systems. The student will install electrical system components and check these systems for proper operation. The student will be introduced to modern electric control devices such as logic circuit components and digital electronics.

AMT 1135 POWERPLANT ELECTRICAL SYSTEM  
Prerequisite: (R) (W) AMT 1212 Basic Aviation Electronics  
5 CREDITS  
The student will practice installation procedures of powerplant electrical components. The student will check for proper operation of powerplant electrical charging/starting systems and components such as generators, alternators and starters. The student will service these systems and learn to perform repairs to system components.

AMT 1212 BASIC AIRCRAFT ELECTRONICS  
Prerequisite: (R)  
2 CREDITS  
The student will use basic electricity laws and formulas to calculate and measure voltage, current, power and resistance in AC and DC electrical systems. The student will compute and observe the effects of inductance, capacitance and impedance in AC systems; construct basic electrical circuits and perform circuit analysis using electrical diagrams and measuring instruments; and will perform basic troubleshooting and aircraft battery service operations.

AMT 1312 AIRCRAFT STRUCTURES I  
Prerequisite: (R)  
2 CREDITS  
The student will apply knowledge of types of aircraft structure which produce lifting forces and provide powerplant support including truss and stressed skin wing construction in solving flight problems. The student will demonstrate the proper inspection, materials selection, repair and testing of wood and laminated non-metallic structures, sheet metal structures and fabric and fiberglass aircraft coverings in accordance with FAA standards.

AMT 1323 AIRCRAFT STRUCTURES II  
Prerequisite: (R)  
3 CREDITS  
The student will assemble, adjust and inspect rigging and verify control response for fixed wing and rotary wing flight control systems; inspect and determine the conditions of the airframe, its components and systems; and demonstrate proper soldering, welding and metal joining procedures to make structural repairs according to FAA specifications. In addition, the student will inspect, and correct deficiencies in meeting requirements for registration makings, proportions, use of color and ornamentation.

AMT 2112 AIRFRAME SYSTEMS I  
Prerequisite: (R) (W)  
2 CREDITS  
The student will apply principles of operation of aircraft hydraulic and pneumatic systems in properly inspecting, servicing, and repairing landing gear and aircraft brake systems. In addition, the student will demonstrate proper inspection, service trouble-shooting and repair operations on cabin atmosphere control and instrument systems.

AMT 2122 AIRFRAME SYSTEMS II  
Prerequisite: (R)  
2 CREDITS  
The student will apply principles of operation and limitations associated with communication and navigation systems, position and warning systems, fuel systems, ice control and rain systems, and fire protection systems to properly inspect, service, troubleshoot and repair the systems in accordance with manufacturer’s specifications and FAA regulations.

AMT 2213 RECIPROCATING ENGINES I  
Prerequisite: (R) (W)  
3 CREDITS  
The student will relate the technical development of the reciprocating engine to the theory and operations of modern radial and horizontally opposed aircraft engines. The student will clean, disassemble, inspect, repair, reassemble and test aircraft reciprocating engines and associated induction, cooling, exhaust and lubricating systems in accordance with manufacturer’s maintenance manuals, Federal Aviation Regulations (FARs) and advisory circulars.

AMT 2222 RECIPROCATING ENGINES II  
Prerequisite: (R)  
2 CREDITS  
The student will relate the theory and operation of the turbine engines to the design, construction and maintenance of modern gas turbine engines including turbo jet, turbo fan, turbo prop and turbo shaft engines. The student will perform proper cleaning, disassembly, inspection, repair and reassembly procedures on gas turbine engines and associated inlet, stator vane, bleed air, anti-ice, cooling, exhaust and lubricating systems in accordance with manufacturer’s manuals and Federal Aviation Regulations (FARs) and advisory circulars.

AMT 2312 JET TURBINE POWERPLANT I  
Prerequisite: (R)  
2 CREDITS  
The student will relate the theory and operation of the jet turbine engines to the design, construction and maintenance of modern turbine engines including turbo jet, turbo fan, turbo prop and turbo shaft engines. The student will perform proper cleaning, disassembly, inspection, repair and reassembly procedures on gas turbine engines and associated inlet, stator vane, bleed air, anti-ice, cooling, exhaust and lubricating systems in accordance with manufacturer’s manuals and Federal Aviation Regulations (FARs) and advisory circulars.

AMT 2323 JET TURBINE POWERPLANT II  
Prerequisite: (R) (W)  
3 CREDITS  
The student will relate the theory and operation of the jet turbine engines to the design, construction and maintenance of modern turbine engines including turbo jet, turbo fan, turbo prop and turbo shaft engines. The student will perform proper cleaning, disassembly, inspection, repair and reassembly procedures on gas turbine engines and associated inlet, stator vane, bleed air, anti-ice, cooling, exhaust and lubricating systems in accordance with manufacturer’s manuals and Federal Aviation Regulations (FARs) and advisory circulars.

AVIATION MANAGEMENT

AVM 1103 HISTORY OF AVIATION  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.  
3 CREDITS  
The course presents the history of aviation from its earliest beginnings to the latest trends in the industry. Using information associated with these time periods, the student will outline and describe major trends in the development of the aviation industry.
AVM 1113 INTRODUCTION TO AVIATION
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
3 CREDITS The student will be introduced to an overview of the Department of Aviation Technology and its curricula as well as an overview of the aviation industry and associated careers, aviation safety practices and human factors. An overview of aviation regulations and the regulatory process is included.

AVM 2123 AVIATION LAW ISSUES
Prerequisite: Prerequisite or Corequisite if needed.
3 CREDITS Students will describe the development and application of aviation law, from enactment of laws through judicial decisions applying those laws. Responsibilities and liabilities of public and private air carriers. Local, federal and international laws forming the present legal structure and possible future.

AVM 2413 AVIATION MANAGEMENT
Prerequisite: Prerequisite or Corequisite if needed.
3 CREDITS This course covers the complex organizations, operation, and management of aviation organizations including airports and air service organizations. Students will describe the major functions of the federal air traffic control process, fixed-based operations, airport management including facilities, organization, personnel, and the socioeconomic effect of airports and the airline industry on the communities they serve.

BANKING AND FINANCE

BF 1000 SPECIAL TOPICS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
1-4 CREDITS The student will demonstrate competencies in subjects not covered in other banking courses, but which are beneficial to students wanting a greater understanding of banking functions. A specific topic is announced for each offering. May be repeated with a change of topic.

BF 1303 INTRODUCTION TO FINANCIAL INSTITUTIONS
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.
3 CREDITS The student will trace the history, the organization and the operations of the commercial financial industry and explain the impact of these fundamental financial concepts on today’s economy.

BF 2000 SPECIAL TOPICS
Prerequisite: (R)
1-4 CREDITS The student will demonstrate competencies in selected topics related to the operational management of financial institutions not covered in other courses, but which are beneficial to students wanting a greater understanding of these functions. A specific topic is announced for each offering. May be repeated with a change of topic.

BINFO 1011 INTRODUCTION TO BIOINFORMATICS
Prerequisite: (R) (W) Math 0103 or adequate math placement test score
1 CREDIT Students are introduced to the field of bioinformatics. They will explore the field of bioinformatics in a comprehensive overview, which includes ethics, as well as current trends in bioinformatics careers and applications.

BINFO 2013 BIOINFORMATICS TOOLS AND DATABASES
Prerequisite: (R) (W) Math 0303. BINFO 1011 Introduction to Bioinformatics, MATH 2013 Introduction to Statistics
3 CREDITS Students are introduced to internet databases and methods in bioinformatics. They will learn to use genomic and protein databases, and appropriate software tools to align and compare sequences and to model protein structures. Students focus on the practical use of bioinformatics tools and databases to explore genomes and proteomes in applied problem spaces.

BINFO 2113 BIOINFORMATICS PROGRAMMING IN PERL
Prerequisite: (R) (W) Math 0203, BINFO 2013 Bioinformatics and Databases
3 CREDITS Students are introduced to the PERL programming language. They use PERL along with web server concepts to create web sites with database interactivity.

BINFO 2213 BIOINFORMATICS PRACTICUM
Prerequisite: (R) (W) Math 0303, BINFO 2013 Bioinformatics and Databases, BINFO 2113 Bioinformatics Programming in PERL
3 CREDITS Students gain practical experience in the field of bioinformatics through an internship at an affiliated business or university research center, or a capstone experience at OCCC. Students will use all techniques learned in BINFO 1011, 2013, and 2113 in a work setting.

BIOLOGICAL SCIENCE

BIO 0123 CONCEPTS IN SCIENCE (BIOLOGY EMPHASIS)
Prerequisite: (R), Enrollment in BIO 0123 is based upon the student’s performance on the appropriate placement test
3 CREDITS This course is designed to satisfy the College entrance requirement for those students who did not take a life science course in high school. The course will help the student develop an understanding of basic biological concepts from the cell to the Scientific Method. Laboratory work is an integral part of the course. This course is also designed to prepare the student for a college level biology course.

BIO 1011 GENERAL BIOLOGY LAB
Prerequisite: Any BIO non-laboratory course except BIO 1023, and BIO 1203
1 CREDIT This course is designed for students needing laboratory experience to complete their General Education biology requirements. It is not open to science majors or those who have completed a laboratory based biology course. Students will complete the same lab exercises that are in the General Biology course, BIO 1114.

BIO 1023 INTRODUCTORY NUTRITION
Prerequisite: (R) (W) Math 0103 or adequate math placement test score
3 CREDITS Upon completion of this course, the student will be able to discuss the composition of nutrients and accessory factors required for human nutrition, relate their roles in human health and disease, and describe the application of basic nutritional principles to the planning of normal and special dietary regimens. NOTE: If the student intends or attempts to transfer these credits to another institution, then the student is responsible for contacting the transfer institution and verifying that the institution will accept this course prior to enrolling in BIO 1023. GenEd Requirement.

BIO 1113 GENERAL BIOLOGY
Prerequisite: (R) (W) Math 0103 or adequate math placement test score
4 CREDITS Through the investigation of the chemical basis of life, the examination of basic structural characteristics of cells, tissues, organs, systems and the study of living organisms, the student will be able to recognize, discuss and correctly apply fundamental biological principles influencing his or her personal relationship with other living things.

BIO 1114 GENERAL BIOLOGY
Prerequisite: (R) (W) Math 0103 or adequate math placement test score
4 CREDITS Through the investigation of the chemical basis of life, the examination of basic structural characteristics of cells, tissues, organs, systems and the study of living organisms, the student will be able to recognize, discuss and correctly apply fundamental biological principles influencing his or her personal relationship with other living things. Laboratory work is an integral and required part of the course. GenEd Requirement

BIO 1204 HISTORY OF LIFE ON EARTH
Prerequisite: (R) (W) Math 0103 or adequate math placement test score
4 CREDITS This course includes a one hour lab and field experience. Students will demonstrate knowledge of biological systematics, paleontology,
BIO 1224 TECHNICAL HUMAN ANATOMY AND PHYSIOLOGY  
Prerequisite: (R) (W)  
4 CREDITS Using a variety of instructional methodologies such as lecture, laboratory, and multimedia, the student will conduct a systematic study of the structure and function of the cells, tissues and organ-systems identifying the basic anatomical structures and physiological processes that occur in the human body. This course is not equivalent to BIO 1314-Human Anatomy and Physiology I, and it is not transferable to other institutions.

BIO 1314 HUMAN ANATOMY AND PHYSIOLOGY I  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, An adequate biology placement test score or BIO 0123 or a college-level biological science class  
4 CREDITS Through a systematic study of the structure and function of the human body, its cells, tissues, organs and systems, the student will identify and describe basic anatomical structures and fundamental physiological processes that occur in health and disease for the major body systems. Laboratory work which may require dissection is an integral and required part of the course.

BIO 1414 HUMAN ANATOMY AND PHYSIOLOGY II  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, BIO 1314  
4 CREDITS With Human Anatomy & Physiology I as a foundation, the student will advance his or her study of the structure and function of the human body and will identify and describe more detailed anatomical structures and more comprehensive physiological processes that occur in health through a systematic survey of the major body systems. Laboratory work which may require dissection is an integral and required part of the course.

BIO 1514 MICROBIOLOGY OF INFECTIOUS DISEASE  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, BIO 1314  
4 CREDITS This course is designed as an overview of microbiology as related to the health care profession. Primary concentration will be on the pathogenic microorganisms, including bacteria, viruses, rickettsiae, fungi and protozoa. Emphasis will be placed on diseases caused by microorganisms, host/parasite relationships, aseptic technique, and control of nosocomial infections. Laboratory work is an integral component of this course.

BIO 2000 SPECIAL TOPICS  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score  
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other biological science courses, but which are beneficial in providing a better understanding of the field. A specific topic is announced for each time of offering. Enrollment may be repeated with a change of topic.

BIO 2102 CLINICAL ANATOMY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, PTA and OTA students only  
2 CREDITS This course is designed to strengthen the student’s knowledge of human anatomy in the areas of bones, muscles, and nerves as related to the areas of occupational and physical therapy. Models and prosected cadavers will be utilized to enrich the student’s understanding of these systems.

BIO 2114 GENERAL BOTANY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score  
4 CREDITS Through a systematic survey of major plant groups, the student will demonstrate his or her ability to apply principles of plant structure and function, genetics, classification and life cycles to explain evolutionary relationships of plants to each other and their economic importance to man. Laboratory work which may require dissection is an integral and required part of the course. GenEd Requirement

BIO 2125 MICROBIOLOGY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, Four credits of college biological science and any college-level chemistry course  
5 CREDITS The student will be introduced to the biological requirements and activities of microorganisms which influence their roles as integral components of the ecosystem. The student will demonstrate knowledge of basic principles of pathology, epidemiology and immunology in addition to performing basic laboratory techniques for isolating, characterizing and identifying common microorganisms. GenEd Requirement

BIO 2203 CELL BIOLOGY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, Four CREDITS of General Biology or higher biology course, and any college level chemistry course.  
3 CREDITS Students will be introduced to the basic features of cells and methods of studying them. Emphases are on cellular chemistry, structure, functions of organelles and processes. Students will demonstrate knowledge of the mechanisms of cellular processes, energetics, reproduction and differentiation.

BIO 2215 GENERAL ZOOLOGY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, BIO 1113, BIO 1114 or CHEM 1115 with a "C" or better, an OCCC Biology Placement Test Score of 70% or better, high school AP Biology exam score of 3 or better, an ACT science score of 22 or better.  
5 CREDITS General Zoology provides a systematic investigation of the major protistan and animal groups. Students will be able to discuss and correctly apply evolutionary, taxonomic, anatomical, physiological, behavioral, and ecological characteristics which exist within each of these groups. Laboratory work which requires dissection is an integral and required part of this course.

BIO 2224 INVERTEBRATE ZOOLOGY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, BIO 2215 or Equivalent  
4 CREDITS The student will demonstrate knowledge of invertebrate animals with relationship to their taxonomy, anatomy, physiology, life history, ecology and evolution. Laboratory work which may require dissection is an integral and required part of the course.

BIO 2234 HUMAN PHYSIOLOGY  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, One biology and one chemistry course each with a laboratory included  
4 CREDITS The student will discuss major systems of the human body, contrast functional and regulatory activities of each and identify factors influencing homeostasis. Through the use of models, the student will recognize the relative influences and interrelationships between circulation, digestion, metabolism, respiration, kidney function, muscle action, endocrine and nervous control, and reproduction of other systems and the organism as a whole. Laboratory work which may require dissection is an integral and required part of the course.

BIO 2255 HUMAN ANATOMY  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, BIO 2215 with a C or better, sophomore standing, and by evaluation  
5 CREDITS The course involves the study of the development and gross morphology of the human body and its systems. This course may not be applied for Biology major credit. Open only to majors in physical education, science education, physical therapy, nursing, occupational therapy, physician’s associate, dental hygiene, pharmacy, and selected fields. Laboratory dissection of human cadavers is required.

BIO 2324 COMPARATIVE VERTEBRATE ANATOMY  
Prerequisite: (R), BIO 2215 or Equivalent  
4 CREDITS Through an investigation of early development, phylogeny and anatomical characteristics of various vertebrate species, the student will identify
and contrast vertebrate morphology and discuss its evolutionary significance. Laboratory work which may require dissection is an integral and required part of the course. (P)

**BIOT 2343 GENETICS AND MAN**  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score  
**3 CREDITS** Through a study of genetic principles, the student will be able to describe mechanisms of heredity and the relationship of genetics to disease, inheritance, evolution and contemporary social problems. GenEd Requirement

**BIOT 2403 ECOLOGY AND ENVIRONMENTAL ISSUES**  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, Assessment required prior to enrollment  
**3 CREDITS** The student will discuss and correctly apply fundamental ecological principles as a basis for understanding, evaluating, and suggesting possible solutions to environmental problems relating to man’s manipulation of and role in the biosphere. Individual and group projects, discussion groups and selected readings provide the basis for understanding basic ecological principles as they apply to major issues. GenEd Requirement

**BIOT 2404 ECOLOGY AND ENVIRONMENTAL ISSUES**  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, Assessment required prior to enrollment  
**4 CREDITS** The student will demonstrate his or her ability to discuss and correctly apply fundamental ecological principles as a basis for understanding, evaluating, and suggesting possible solutions to environmental problems relating to man’s manipulation of and role in the biosphere. Individual and group projects, discussion groups and selected readings provide the basis for understanding basic ecological principles as they apply to major issues. Laboratory work which may require dissection is an integral and required part of the course. GenEd Requirement

## BIOTECHNOLOGY

**BIOT 1011 SURVEY OF BIOTECHNOLOGY**  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score  
**1 CREDIT** The student will explore the field of biotechnology in a comprehensive overview. Course topics will include ethics, current trends in biotechnology careers and research through demonstrations, seminars, and field-trips.

**BIOT 1022 MEDIA AND SOLUTION PREPARATION**  
Prerequisite: (W) College biology, CHEM 1115; Corequisite: BIO 2125  
**2 CREDITS** The student will prepare media and solutions, use calculations required for solution preparation, and use equipment for solution preparation such as the analytical balance, pH meter, and autoclave.

**BIOT 2352 IMMUNOLOGY**  
Prerequisite: (W) BIO 2125  
**2 CREDITS** The student will discuss the nonspecific and specific immune systems of the human organism. Course topics will include antigen-antibody interaction, cell-mediated immunity, interferon, natural killer cells, and complement.

**BIOT 2823 BIOTECHNOLOGY LABORATORY I**  
Prerequisite: (W), MATH 2013 or MATH 1513, BIOT 1022; Corequisite: BIO 2343, CHEM 1215  
**3 CREDITS** Students become familiar with recombinant DNA techniques and gene expression. Students work with genomic and plasmid DNA, transfer, select for, identify, characterize, quantify, amplify, and purify DNA. Experience with electrophoresis, polymerase chain reaction, plasmid preps, and bioinformatics will be included.

**BIOT 2843 ADVANCED NUCLEIC ACID LABORATORY**  
Prerequisite: (W) BIOT 2823  
**3 CREDITS** Students build on the skills learned in Biotechnology Laboratory I to explore more advanced DNA and RNA techniques.

**BIOT 2921 CELL CULTURE METHODS**  
Prerequisite: (W) BIO 2125.  
**1 CREDIT** The student will learn to successfully maintain mammalian culture cells in a healthy uncontaminated state for an extended period of time. The course will include making cell culture media, monitoring cell growth, freezing cells, and bringing up frozen cells.

**BIOT 2933 BIOTECHNOLOGY LABORATORY II**  
Prerequisite: (W) BIOT 2823  
**3 CREDITS** The student will characterize, quantify and partially purify proteins with a variety of methods. Immunochemistry will be examined including ELISA and Western Blot.

**BIOT 2942 BIOMANUFACTURING**  
Prerequisite: (W) BIOT 2823 and BIOT 2933.  
**2 CREDITS** The student will use a biofermenter to grow and monitor cells on a laboratory scale that simulates the large-scale production used in industry. Students will clean, sterilize, inoculate, operate and monitor the fermenter and then recover and purify protein products. Principles of upstream and downstream processing in the manufacture of a protein product using current Good Manufacturing Practices (cGMPs) and following Standard Operating Procedures (SOPs) will be emphasized.

**BIOT 2993 BIOTECHNOLOGY INTERNSHIP**  
Prerequisite: (W) BIOT 2933, BIOT 2921.  
**3 CREDITS** Students receive 320 hours of practical experience at one of the affiliated corporations or a university research facility. The techniques learned in BIOT 2823, BIOT 2933 and BIOT 2921 will be applied in an actual research setting to give the student more experience while learning practical applications for laboratory procedures.

## BUSINESS

**BUS 1000 SPECIAL TOPICS**  
Prerequisite: (R)  
**VARIABLE 1-4 CREDITS** The student will become familiar with subjects not covered in other business courses but which are beneficial to students wanting a greater understanding of the business cycle. A specific subject is announced for each time of offering. May be repeated with a change of topic.

**BUS 1013 INTRODUCTION TO BUSINESS**  
Prerequisite: (R), MATH 0103 or adequate math placement test score.  
**3 CREDITS** The student will become familiar with the economic and social setting of business in the world and the structure of business and management of human and fiscal resources. The student will be able to demonstrate an understanding of these concepts as they are related to American business operations and public policy.

**BUS 1323 MATHEMATICS FOR BUSINESS CAREERS**  
Prerequisite: (R), MATH 0103 or adequate math placement test score within the last year.  
**3 CREDITS** The student will demonstrate the ability to use basic mathematical processes, and use mathematical concepts in solving everyday business problems in operations, trade, taxation, accounting and finance. This course is intended only for certain majors leading to an Associate in Applied Science (Technical-Occupational) degree.

**BUS 2000 COOPERATIVE EDUCATION**  
Prerequisite: (R)  
**VARIABLE 1-3 CREDITS** The student will participate in a work situation related to his or her career and/or immediate job entry program.

**BUS 2023 BUSINESS STATISTICS**  
Prerequisite: (R), MATH 0403 or adequate math placement test score.  
**3 CREDITS** The student will solve problems applying the concepts of random sampling, elementary probability, testing hypotheses, descriptive measures, chi-square, regression and correlation, and analysis of variance.
BUS 2033  BUSINESS COMMUNICATION
Prerequisite: (R) (W), ENGL 1113 or by evaluation
3 CREDITS Business Communication is a survey course of communication skills needed in the business environment. Course content includes writing memora

BUS 2043  BUSINESS ETHICS
Prerequisite: (R)
3 CREDITS Student will explore standards of honesty and honorable human conduct in the world of business, focusing on how people’s plans and intentions affect others.

BUS 2073  LEGAL ENVIRONMENT OF THE WORKPLACE
Prerequisite: (R) (W), ENGL 1113 and POLSC 1113
3 CREDITS Students will study the American Legal System and how it applies to the workplace. Students will demonstrate knowledge in court systems, legal reasoning, law and ethics, civil procedure, agency, torts, negligence, labor law, and employment discrimination.

CHEM 1103  CHEMISTRY AROUND US
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS A course designed for students having no previous training in chemistry or for whom the study of chemistry will terminate with this experience. Upon completion of this course, the student will be able to discuss such fundamental concepts of chemistry as atomic structure and the periodic table, chemical bonding, nuclear energy, chemical elements and compounds, and the significance of carbon and some other elements to life itself. GenEd Requirement.

CHEM 1115  GENERAL CHEMISTRY I
Prerequisite: (R) (W), MATH 1513 or MATH 1533 or both MATH 0403 and High School Chemistry or CHEM 1123. A grade of “C” or better is required in all prerequisite courses.
5 CREDITS This course is designed for science and engineering majors. The course covers nomenclature, atomic and molecular structure, stoichiometry, acid/base and other aqueous reactions, states of matter, phase changes, gas laws, and an introduction to thermochromy. Laboratory experience is an integral part of the course. GenEd Requirement.

CHEM 1123  SURVEY OF GENERAL, ORGANIC, AND BIOCHEMISTRY
Prerequisite: (R) (W) Math 0403 or adequate math placement test score.
3 CREDITS This course is designed for nursing and allied health programs which do not require General Chemistry I for science majors. This course is also appropriate for individuals interested in a general overview of chemistry. The course covers selected topics in general chemistry including unit conversions, atomic structure, chemical bonding, acids, bases, pH, chemical equilibrium, electrolytes, and properties of solutions. The course also introduces topics from organic and biochemistry. The relationship between chemical principles and human health is emphasized throughout the course. GenEd Requirement.

CHEM 1131  LABORATORY FOR SURVEY OF GENERAL, ORGANIC, AND BIOCHEMISTRY
Prerequisite: Prerequisite or Corequisite: (R) (W), MATH 0403 or adequate math placement test score; Prerequisite or Corequisite: CHEM 1123
1 CREDIT Students apply chemical principles discussed in CHEM 1123 in a laboratory setting. GenEd Requirement.

CHEM 1144  TECHNICAL CHEMISTRY
Prerequisite: (R) (W), APPM 1233 or MATH 1613
4 CREDITS This is a course designed primarily for technical career programs. Upon completion of this course, the student will be able to apply chemical concepts and techniques to solve technical problems in the areas of chemistry, environmental measurements and instrumentation. The student will demonstrate a basic knowledge of structure and bonding, the nature of solutions, states of matter, acid-base phenomena, thermodynamics, electrochemistry and elementary organic chemistry. Laboratory experience is an integral part of the course.

CHEM 1215  GENERAL CHEMISTRY II
Prerequisite: CHEM 1115 with a grade of “C” or better; MATH 1513 or MATH 1533 with a grade of “C” or better.
5 CREDITS This course is a continuation of CHEM 1115 with emphasis on thermochemistry, intermolecular forces, properties of solutions, acid/base properties, kinetics, equilibrium, thermodynamics, electrochemistry, and organic chemistry. Laboratory is an integral part of the course. GenEd Requirement.

CHEM 2114  ORGANIC CHEMISTRY I
Prerequisite: (R) (W), CHEM 2115 with a grade of “C” or better.
4 CREDITS This course is the first of a two-semester sequence of Organic Chemistry for science and chemical engineering majors as well as students seeking to enter the fields of medicine, dentistry, pharmacy, and veterinary medicine. Students will master the fundamental concept of structure, functional groups, and reactions of aliphatic compound along with selected reaction mechanisms. (Note: This course replaces the lecture component of CHEM 2115 beginning in Spring 2009.)

CHEM 2124  ORGANIC CHEMISTRY II
Prerequisite: (R) (W), CHEM 2114 with a grade of “C” or better.
4 CREDITS This course is the second of a two-semester sequence of Organic Chemistry for science and chemical engineering majors as well as students seeking to enter the fields of medicine, dentistry, pharmacy, and veterinary medicine. Students will master the concepts of structural theory, reactions, and the reaction mechanisms of the principal functional groups of organic compounds which were not included in the first course. (Note: This course replaces the lecture component of CHEM 2125 beginning in Fall 2009.)

CHEM 2990  CHEMICAL RESEARCH INTERNSHIP
Prerequisite: CHEM 1115 or by evaluation
1-3 CREDITS Students work ten to sixteen weeks in an approved research facility under the supervision of an on-site mentor on a full-time or part-time basis. Students will gain experience in applied research in a real-world setting and will help produce or improve a product or process. CREDITS awarded are dependent upon number of hours worked. This course may be repeated at the same site or a different approved internship site with permission of the Internship Coordinator.

CHILD DEVELOPMENT

CD 1113  BASIC CHILD CARE I
Prerequisite: (R)
3 CREDITS This course is designed for students preparing for Early Childhood Professional Level I. The student will acquire basic knowledge about health and safety, classroom organization, and care of infants and toddlers. The student will demonstrate an ability to apply the knowledge by working in a child care center a minimum of 100 hours under the instructor’s supervision.
CD 1121 THE CHILD DEVELOPMENT PROFESSIONAL
Prerequisite: (R) (W)
1 CREDIT This course will introduce students to the Child Development profession and program as well as the fields of child development and early childhood education.

CD 1123 BASIC CHILD CARE II
Prerequisite: (R)
3 CREDITS This course is designed for students preparing for the Early Childhood Professional Level I. The student will acquire advanced knowledge about health and safety, classroom organization, and care of infants and toddlers. The student will demonstrate an ability to apply the knowledge by working in a child care center a minimum of 100 hours under the instructor’s supervision.

CD 1133 ADVANCED CHILD CARE I
Prerequisite: (R) (W)
3 CREDITS This course is designed for students preparing for the Early Childhood Professional Level II. The student will acquire advanced knowledge about growth and development from birth through eight years, guidance, and creative activities. The student will demonstrate an ability to apply the knowledge by working in a child care center a minimum of 100 hours under the instructor’s supervision.

CD 1153 ADVANCED CHILD CARE II
Prerequisite: (R) (W)
3 CREDITS This course is designed for students preparing for the Early Childhood Professional Level II. The student will acquire advanced knowledge about growth and development from birth through eight years, guidance, and creative activities. The student will demonstrate an ability to apply the knowledge by working in a child care center a minimum of 100 hours under the instructor’s supervision.

CD 1211 PARENTING
Prerequisite: None
1 CREDIT In this course, students will learn some of the best practices in parenting, including: the basic care of a child, guidance and discipline, the importance of interactive play, the understanding of language and literacy development, knowledge of the basic ages and stages of child development, knowledge of a child’s microsystem, and balancing multiple responsibilities.

CD 2000 SPECIAL TOPICS IN CHILD DEVELOPMENT
Prerequisite: (R) (W) By evaluation ♦
VARIABLE 1-6 CREDITS The student will identify patterns of child growth and development, and will complete appropriate plans or designs for one or more of the following: learning programs, creative activities, nutritional diets, community relations, management activities, salesmanship, and budgeting.

CD 2113 INTRODUCTION TO CHILD DEVELOPMENT
Prerequisite: (R) (W)
3 CREDITS This course will identify patterns of the physical, intellectual and emotional/psycho-social development of children. The course will recognize the major theories of human development as they apply to children.

CD 2153 INTRODUCTION TO EARLY CHILDHOOD EDUCATION
Prerequisite: (R)
3 CREDITS This course explores the early childhood profession and its multiple historical, philosophical, and social foundations, including how these foundations influence current thought and practice.

CD 2213 CHILD AND FAMILY IN SOCIETY
Prerequisite: (R) (W)
3 CREDITS This course emphasizes promoting optimum development and support of families and children within various settings and the larger community.

CD 2333 INTEGRATED CURRICULUM DEVELOPMENT I
Prerequisite: (R) (W), Earned at least a “C” in CD 2113, CD 2153
3 CREDITS This course discusses how to create, evaluate, and select developmentally appropriate materials, equipment, and environments that support children’s early learning. It provides the opportunity to plan, implement, and evaluate an integrated curriculum that focuses on children’s needs and interests and takes into account culturally valued content and children’s home experiences. The course contains a laboratory component. The laboratory portion of the course involves direct interaction with children in the campus Child Development Center and Laboratory School. Students must meet pre-laboratory requirements.

CD 2353 CHILD HEALTH, SAFETY AND NUTRITION
Prerequisite: (R) (W), MATH 0103 or adequate math placement test score, Earned at least a “C” in CD 2113, CD 2153
3 CREDITS This course explores the identification and implementation of best practices for health, safety, and nutrition of young children in a variety of early childhood settings. The course contains a laboratory component. The laboratory portion of the course involves direct interaction with children in the campus Child Development Center and Laboratory School. Students must meet pre-laboratory requirements.

CD 2363 BEHAVIOR AND GUIDANCE OF YOUNG CHILDREN
Prerequisite: (R) (W) Earned at least a “C” in CD 2153 & CD 2113 for Child Development majors or by evaluation ♦
3 CREDITS This course presents the theoretical basis for the use of positive, constructive child guidance and discipline techniques in programs serving children. The course contains a laboratory component. The laboratory portion of the course involves direct interaction with children in the campus Child Development Center and Laboratory School. Students must meet pre-laboratory requirements.

CD 2443 LANGUAGE & LITERACY FOR YOUNG CHILDREN
Prerequisite: (R) (W) CD 2113 and CD 2153
3 CREDITS This course is designed for students preparing to teach children fewer than six years of age. The student will demonstrate knowledge of the language and literacy development and learning needs of young children. The student will demonstrate skills in planning and presenting activities for children in the areas of language and literacy.

CD 2473 FOUNDATION OF LEISURE SERVICE LEADERSHIP*
Prerequisite: (R) (W)
3 CREDITS This course introduces the student to the principles and practical applications of group leadership techniques, problem solving, supervision and evaluation of personnel. Laboratory experience is an integral part of the course. *Pending Regents Approval

CD 2533 INTEGRATED CURRICULUM DEVELOPMENT II
Prerequisite: (R) (W) ENGL 1113 Earned at least a “C” in CD 2113, CD 2153, CD 2333 and CD 2353
3 CREDITS This course is designed for students preparing to teach children under the age of six years. Students will demonstrate the ability to use assessment effectively and plan curriculum on both a day-to-day and long-term basis for infants, toddlers and preschool age children of all abilities in group early care and education settings. Students will demonstrate knowledge of the teacher’s relationship and ethical responsibility to children’s families.

CD 2623 SUPERVISED LABORATORY
Prerequisite: (R) (W) ENGL 1113 Earned at least a ‘C’ in CD 2333, CD 2353
3 CREDITS This course is designed for students planning to teach children under the age of six years. Students will work a minimum of 96 clock hours at the Oklahoma City Community College Child Development Center and Laboratory School. Students will provide for children’s health and safety, guide their behavior, plan and executes activities in all curriculum areas, communicate with children’s families, and interact with staff on a professional level. Students must meet pre-laboratory requirements.
CD 2632  CHILD DEVELOPMENT FIELDWORK
Prerequisite: (R) (W) ENGL 1113 Earned at least a ‘C’ in CD 2533

2 CREDITS  This course is designed for students who plan to teach children under the age of six years. Students will demonstrate skill in guiding young children and providing for their health and safety in a group setting. Students will also demonstrate the ability to plan and execute developmentally appropriate activities in all curriculum areas. A minimum of eighty contact hours is required, which must be completed in instructor approved on- and off-campus early care and education facilities. Students must meet pre-laboratory requirements. Students must meet pre-fieldwork requirements documenting a minimum of 220 observation and contact hours with children in a variety of settings, including the workplace.

CD 2713  INFANT/TODDLER DEVELOPMENT AND EDUCATIONAL PROGRAM
Prerequisite: (R) (W) ENGL 1113 Earned at least a ‘C’ in CD 2113, CD 2153, CD 2333, CD 2353, CD 2363

3 CREDITS  This course will focus specifically on the cognitive, psychosocial, and physical development of the child from conception up to age 3. Attention will focus on the consequential care required for infants/toddlers in early care and education settings. The course contains a laboratory component. The laboratory portion of the course involves direct interaction with children in the campus Child Development Center and Laboratory School. Students must meet pre-laboratory requirements. Other field study is expected as well.

CD 2813  EARLY CHILDHOOD CENTER PERSONNEL DEVELOPMENT & MAN
Prerequisite: (R) (W) Earned at least a ‘C’ in CD 2113, CD 2153, CD 2333, CD 2353, CD 2363, ENGL 1113.

3 CREDITS  This course is for individuals wishing to improve their management skills with personnel working in early care and education programs. Students will examine the principles, procedures and organizational techniques used in the development and management of personnel including employment practices, employee assessment and evaluation, orientation, training, related federal and state legislation and regulations, diversity, employee/employer relations, compensation, advocacy, ethics, and leadership.

CD 2833  EARLY CHILDHOOD CENTER FINANCIAL PLANNING AND MANA
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score. Earned at least a ‘C’ in CD 2113, CD 2153, CD 2333, CD 2353, CD 2363, ENGL 1113.

3 CREDITS  This course is for individuals wishing to improve their skills in designing and managing budgets and financial plans for early care and education programs. Students will have practical experience utilizing guidelines and tools for creating budgets as well as other financial issues pertinent to the field. Other content will include governmental regulations as they pertain to budgets, insurance, customer service, collection issues, financial policies and procedures, fund raising, and government programs and their relationships to financial management of early care and education programs.

CLINICAL RESEARCH COORDINATOR

CRC 1103  INTRODUCTION TO CLINICAL RESEARCH
Prerequisite: (R), (W) MATH 0103 or adequate math placement test score, Adequate biology placement or 0123 or college level biology.

3 CREDITS  The student will demonstrate knowledge of the history of human subject research, evolution of rules protecting human subjects, roles of the clinical research teams, clinical trial phases, and responsibilities of clinical research organizations.

CRC 1112  VITAL SIGNS AND VENIPUNCTURE
Prerequisite: BIO 1414

2 CREDITS  The student will 1) successfully measure blood pressure, pulse rate, and temperature, 2) draw intravenous blood, 3) perform human tissue and fluid storage procedures, and 4) utilize universal precautions for handling biological materials.

CRC 1203  MEDICAL ETHICS AND CLIENT CARE
Prerequisite: CRC 1103

3 CREDITS  The student will be able to describe the fundamentals of ethical principles involving human research subjects, understand informed consent and the role of the Internal Review Board, and identify vulnerable populations.

CRC 1303  CLINICAL TRIALS AND RESEARCH REGULATIONS
Prerequisite: CRC 1103

3 CREDITS  The student will receive and overview of federal and international guidelines governing clinical research and drug trials, including Good Clinical Practices and International Council on Harmonization guidelines. An emphasis will be placed on understanding of research organization compliance, responsibilities of the Internal Review Board and the Health Insurance Portability and Accountability Act (HIPAA). The student will identify and complete required regulatory forms, define human subject protection guidelines, compare federal versus international guidelines for clinical research and discuss conflict of interest issues.

CRC 1503  CLINICAL TRIALS AND RESEARCH INTERNSHIP I
Prerequisite: CRC 1203; CRC 1303

3 CREDITS  Students will shadow clinical research teams for four weeks at a private or university clinical research facility. Topics learned in the classroom will be demonstrated in an actual clinical research setting, giving the student exposure to a real-world setting while learning practical applications.

CRC 2003  CLINICAL DATABASE APPLICATIONS
Prerequisite: CRC 1103

3 CREDITS  The student will demonstrate mastery of the concepts of clinical research data management systems, quality assurance, data confidentiality and security, accurate preparation of case reports.

CRC 2103  CLINICAL RESEARCH DESIGN
Prerequisite: CRC 1203; CRC 1303

3 CREDITS  Students will acquire a basic knowledge of research design methodologies, data organization and presentation, participant eligibility, adverse event documentation, site visit and audit preparation, and budget design.

CRC 2113  CLINICAL RESEARCH SITE MANAGEMENT
Prerequisite: CRC 1103

3 CREDITS  The student will acquire a basic knowledge of research site organization, operation and management. The student will be learn the process involved in grant applications, study initiation, documentation requirements, and site evaluations. Emphasis will be placed on defining process flow and interactions with Institutional Review Boards, sponsors, regulators, investigators, and the community.

CRC 2203  PATHOPHYSIOLOGY
Prerequisite: CHEM 1123; BIO 1414; AHP 1013

3 CREDITS  The student will utilize critical thinking models to understand the dynamic aspects of human health and disease processes. The student will develop a foundational knowledge of the pathogenesis and clinical manifestation of disease in order to work effectively with subject data and communicate with other clinical research professionals.

CRC 2213  PHARMACOLOGY FOR CLINICAL RESEARCH
Prerequisite: CHEM 1123; BIO 1414

3 CREDITS  The student will correctly spell names of major drugs, place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names. The student will identify and discuss the purpose of nutritional products, blood modifiers, hormones, diuretics, diabetes medications, cardiovascular agents, respiratory drugs, and gastrointestinal agents.

CRC 2313  CLINICAL PROTOCOL DESIGN
Prerequisite: CRC 1203; CRC 1303

3 CREDITS  Through study, discussion, and classroom activities the student will identify different research designs, master the rules for writing protocols, understand ethical issues involved in research protocol design, and develop the skills to design data collection forms.
**COMUNICATIONS**

**COM 1000  SPECIAL TOPICS**
*Prerequisite: (R) (W)*  
**VARIABLE 1-3 CREDITS** The student will demonstrate competencies in subjects not covered in other communications courses. Each course will cover a specific topic and may be repeated with a change in content.

**COM 1103  EFFECTIVE READING**
*Prerequisite: (R) or by evaluation*

**3 CREDITS** The student will improve reading rate while maintaining or improving comprehension. The student will study conventional patterns of written material in order to improve comprehension and retention. Individual contracts allow students to focus on specific aspects of reading: speed, comprehension skills, vocabulary, study reading, or reasoning/thinking skills.

**COM 1123  INTERPERSONAL COMMUNICATIONS**
*Prerequisite: (R) (W)*  
**3 CREDITS** The student will be able to identify why certain things happen as they do when two or more individuals come together to communicate for a specific purpose. The student must attest to his or her ability to understand the principles of interpersonal communication with emphasis on dyads, small groups, analysis of communication models and nonverbal communication, applying understanding to the major types of interpersonal communication problems in the work environment and in daily human relations.

**COM 1213  ORAL INTERPRETATION**
*Prerequisite: (R)*  
**3 CREDITS** Through a series of performance activities, the student will demonstrate comprehension of the principles of oral interpretation of literature, emphasizing an understanding of the author’s meaning along with implementing techniques for the communication of that meaning to an audience.

**COM 2213  INTRO TO PUBLIC SPEAKING**
*Prerequisite: (R)*  
**3 CREDITS** Given the principles of effective listening and speaking, the student will assimilate those skills into his or her physical and psychological worlds. After being exposed to public, business and professional speaking, the student will apply the principles of invention, organization, style, and delivery through practical exercises and will use the principles of rhetorical criticism in discussing speeches delivered in class.

**COMPUTER-AIDED TECHNOLOGY**

**CAT 1000  SPECIAL TOPICS**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score*

**VARIABLE 1-6 CREDITS** The student will demonstrate specified competencies in subject areas not covered in other computer-aided design and design courses, but which are beneficial in providing a better understanding of drafting and design. Enrollment may be repeated with a change of topic.

**CAT 1023  EVOLUTION OF GAME TECHNOLOGY**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score*

**3 CREDITS** This course provides a historical and critical approach to the evolution of computer and video game design from its beginnings to the present. The student will learn the history of the industry and its continuing trends. Through analysis and example the student will learn why people play games, the game interface, design cycles, game genres, game-related technology and the possible futures of the industry.

**CAT 1033  PRINCIPLES OF ANIMATION**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score*

**3 CREDITS** This course provides a historical and critical approach to animation from early black-and-white cartoons to modern 2D and 3D productions. It includes aesthetic theory and critical analysis of processes and techniques involved in the construction of traditional and computer based animation sequences.

**CAT 1043  ENGINEERING PRINCIPLES**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score*

**3 CREDITS** The student will use computational techniques and computer-aided drawing to create, analyze and graphically represent solutions to architectural and engineering problems, reflecting national, international and professional norms and standards. The student will be able to describe and demonstrate familiarity with the functions and responsibilities of research, manufacturing, construction and quality assurance involved in the solutions of a variety of engineering and architectural problems.

**CAT 1053  MANUFACTURING MATERIALS AND PROCESSES**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score*  
**CAT 1043 or by evaluation**

**3 CREDITS** Students will learn basic concepts of the properties, behaviors and proper application of materials used in manufacturing and construction. The student will discuss and demonstrate various manufacturing, fabrication, assembly, handling and finishing processes.

**CAT 1214  COMPUTER-AIDED DESIGN (CAD)**
*Prerequisite: (R) Math 0103 or adequate math placement test score*

**4 CREDITS** The student will learn and demonstrate the proper use of computer-aided design software as a design tool in fields such as Engineering, Architectural and Multimedia. Emphasis will be on computer-aided design fundamentals such as creating, editing and printing of 2D computer-aided design documents. The student will demonstrate his or her understanding of the structure, use and development of computer-aided design documents by correctly creating, using and storing computer-aided design documents.

**CAT 1223  GAME DEVELOPMENT AND DESIGN CONCEPTS**
*Prerequisite: (R) (W) Math 0203 or adequate math placement test score*

**3 CREDITS** This course will introduce students to the concepts and tools used to create 2D games. Using a drag and drop system, students will build and test their interactive games that reflect the design mechanics of historical games.

**CAT 1233  2D COMPUTER ANIMATION**
*Prerequisite: (R) Math 0103 or adequate math placement test score, CAT 1043 or by evaluation*

**3 CREDITS** In this class students will apply basic animation principles to produce a sequence using industry leading 2D animation computer software. Option will be placed on timing, performance and creativity.

**CAT 1253  CAD 3D MODELING**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score, CAT 1043 and CAT 1214 or by evaluation*

**3 CREDITS** The student will use Computer-Aided Design software to create 3-dimensional graphics. The student will demonstrate the ability to define 3D workspaces and viewing positions. The student will use various 3D drawing tools to create 3D objects as surfaced and solid models. The student will also develop rendered bitmap images and use them in professional drawings. Emphasis will be placed on the creation of 3D models from 2D data and 2D detail drawings from 3D data. This course satisfies the computer proficiency requirement.

**CAT 1313  INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEM (GIS)**
*Prerequisite: (R) (W) Math 0103 or adequate math placement test score*

**3 CREDITS** Students will learn fundamental concepts in Geographic Information System (GIS). The student will be introduced to introductory content on typical business and technical applications, data, software, and
techniques used to accomplish GIS projects. Students receive hands-on experience with global positioning system (GPS) hardware and ArcGIS software. This course satisfies the computer proficiency requirement.

CAT 1233  INTRODUCTION TO GLOBAL POSITIONING SYSTEMS (GPS)  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score  
3 CREDITS  The student will demonstrate the ability to use GPS technology for collecting, processing, and analyzing spatial and non-spatial data. The student will learn and apply GPS theory and techniques through computer laboratory assignments, and field experience surveys. This course satisfies the computer proficiency requirement.

CAT 1413  CAD HARDWARE AND SOFTWARE  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score  
3 CREDITS  The student will demonstrate his or her ability to understand the purposes and advantages of using networks, the Internet and operating systems in computer-aided design. The student will be introduced to computer-aided design hardware, software, networks, and operating systems as an integral part of computer-aided design productivity.

CAT 1513  DIGITAL IMAGING  
Prerequisite: Math 0103 or adequate math placement test score, CS 1103 or CAT 1413 or by evaluation ♦  
3 CREDITS  Students will develop both technical skills and creative techniques in a project-based learning environment. Many aspects of digital imaging will be applied including digital cameras and scanners, image retouching and manipulation, selection, layering, color correction, channels, paths, and filters.

CAT 2000  SPECIAL TOPICS  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score  
VARIABLE 1-6 CREDITS  The student will demonstrate competencies with subjects not covered in other program courses. Each course will cover a specific topic and may be repeated with a change in content.

CAT 2013  GEOMETRIC DIMENSIONING AND TOLERANCING  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, CAT 2540 (minimum of three credits)  
3 CREDITS  This course will introduce the student to the concepts of geometric dimensioning and tolerancing. The coursework will focus on recognition and understanding of geometric tolerancing terms and symbols. The student will interpret and apply the basic geometric tolerancing techniques.

CAT 2023  DESIGN MECHANICS  
Prerequisite: (R) (W) Math 1613, 15 CREDITS of CAT, PHYS 1114 or PHYS 1314  
3 CREDITS  This student will analyze coplanar force systems and calculate moments of inertia, centroids, tensile stresses. The student will demonstrate an understanding of the relationship between stress and strain, basic properties of materials and shear, bending and moment diagrams. This course is designed as an applied static’s and strength of materials course for technicians utilizing algebra, trigonometry and analytic geometry.

CAT 2113  CAD MANAGEMENT AND STANDARDS  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, CAT 1253 or by evaluation ♦  
3 CREDITS  The student will demonstrate the ability to manage and maintain a Computer-Aided Design System. The student will demonstrate his or her ability to handle problems in the Computer-Aided Design office related to organization, finances, communication, hardware, software, training and limited resources by providing written, structured solutions to Computer-Aided Design office problems. The student will be able to develop, apply and maintain a Computer-Aided Design standards manual defining the operational parameters necessary for a profitable and efficient Computer-Aided Design operation. Emphasis will be on organizing data input, drawing output, data exchange and networking. This course satisfies the computer proficiency requirement.

CAT 2163  CAD PROGRAMMING AND AUTOMATION  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, CAT 1253 or by evaluation ♦  
3 CREDITS  The student will use embedded programming languages such as AutoLISP and Visual Basic to automate the drafting and design process. Emphasis will be placed on the development of parametric drawing programs. The student will demonstrate his or her ability to understand Computer-Aided Design automation by writing computer programs that can be used in the Computer-Aided Design industry. This course satisfies the computer proficiency requirement.

CAT 2223  GAME LEVEL DESIGN  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, CAT 1223  
3 CREDITS  This course will introduce students to the concepts and tools used to create levels for games. The course will incorporate level design, environment theory, concepts of linear and non-linear game balance, low and high polygon modeling, play testing and storytelling. Using user-friendly toolsets based on current industry title game engines, students will build and test "modification" (MOD) levels that reflect design concepts.

CAT 2313  INTRODUCTION TO SPATIAL ANALYSIS  
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, CAT 1313 or by evaluation ♦  
3 CREDITS  This course is designed to expose students to various components of spatial analysis. Emphasis is placed on modeling and decision making with the use of spatial data. Upon completion, students will be able to utilize common GIS techniques to solve complex spatial problems. This course satisfies the computer proficiency requirement.

CAT 2334  PLANE SURVEYING  
Prerequisite: (R) (W) MATH 1613 or by evaluation ♦  
4 CREDITS  The student will be introduced to maps, survey measurement techniques and computations related to distances, elevations and traverse surveys. The student will study topics related to topographical, construction and boundary surveying. Field laboratory work is required.

CAT 2533  3D RENDERING AND DESIGN VISUALIZATION  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score  
3 CREDITS  The student aspiring to become an artist, designer or other professional using 3D computer graphics will be able to create, generate or integrate 3D computer graphics. The student will demonstrate a fundamental understanding of how the computer can be used to create 3D computer renderings. These renderings could be related to either technical design, fine art or applied art. Emphasis will be on using application software (primarily 3D modeling and rendering programs) in the development of modeling logos, 3D scenes, textures, lighting, atmosphere effects, and basic animation.

CAT 2540  APPLICATIONS IN CAD  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score CAT 1043 and CAT 1214 or by evaluation ♦  
VARIABLE 1-8 CREDITS  The student will use a Computer-Aided Design System to produce solutions to typical problems encountered in industry. The student will demonstrate his or her ability to understand the principles of design, visualization, projection, analysis and product quality by producing a set of working drawings and presenting their work to a group of their peers. This course may be repeated with a different content. This course satisfies the computer proficiency requirement.

CAT 2633  3D ANIMATION AND SPECIAL EFFECTS  
Prerequisite: (R) (W) Math 0103 or adequate math placement test score CAT 2533 or by evaluation ♦  
3 CREDITS  The student will use professional techniques to create photo-realistic renderings, advanced physical-based and character animations, interactive media and Web development, 3D gaming and 3D virtual environments. This course will enhance the abilities of artists, designers and other professionals using 3D computer-created, generated, or integrated graphics. Emphasis will be on the development of professional techniques in the area of 3D computer graphics. This course satisfies the computer proficiency requirement.
CS 1000 SPECIAL TOPICS
Prerequisite: (R) Math 0203 or adequate math placement test score

VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subjects not included in other computer science courses but which benefit students wanting additional training in or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

CS 1103 INTRODUCTION TO COMPUTERS AND APPLICATIONS
Prerequisite: (R) Math 0103 or adequate math placement test score

3 CREDITS This hands-on course affords students a basic understanding of computers and their application. Upon completion of this course, the student will be able to demonstrate the ability to use a computer operating system, an office suite, productivity tools, as well as the Internet at an introductory level.

CS 1143 BEGINNING PROGRAMMING
Prerequisite: (R) Math 0303 or adequate math placement test score, or by evaluation

3 CREDITS Designed for Computer Science majors, this course affords students a basic understanding of computer programming. Students will utilize accepted programming concepts and perform number system conversions and arithmetic. In addition, they will design and code structured modular programs using design tools such as hierarchy charts, flowcharts, and pseudocode.

CAT 2703 PRACTICUM
Prerequisite: (R) (W) Math 0103 or adequate math placement test score 12 hours of CAT and by evaluation

3 CREDITS The Practicum is a course designed to monitor students in an on-site job location. The student will report to and receive supervision by the employer during the course of the semester. The student will demonstrate the ability to work effectively in a commercial setting, toward satisfying objectives prescribed by the instructor and the participating employer. Work objectives will be consistent with meaningful career learning experiences.

CAT 2733 3D CHARACTER DESIGN AND ANIMATION
Prerequisite: (R) (W) Math 0103 or adequate math placement test score CAT 2533 or by evaluation

3 CREDITS This is a support-oriented course in which the student will learn and use skills specific to creating 3D character models and character animation in the fields of television, movies, advertising, multimedia, and gaming. Emphasis of the course will be on advanced modeling techniques in the creation of a seamless 3D character design of head, body, clothing, animation concepts in facial expression, internal skeleton control, morphing, dialogue and lip sync, character posing, and locomotion. Discussion topics will include traditional animation techniques, body language, vocabulary, and character physics. This course will enhance the abilities of artists, designers, and other professionals using 3D computer created, generated, or integrated graphics. This course satisfies the computer proficiency requirement.

CAT 2924 DESIGN PROJECT
Prerequisite: (R) (W) Math 0103 or adequate math placement test score 15 hours of CAT

4 CREDITS In this capstone course of the Computer-Aided Technology Program the student will demonstrate the collected knowledge, skills and techniques acquired in the program courses by creating and presenting a representative project to a panel of students, instructors and representatives from industry. The project must be an original design of the student. The project must reflect the standards relative to the project’s nature and the program emphasis. The student must assemble and create components, choose the proper presentation medium, and present the project in a professional manner. This course satisfies the computer proficiency requirement.

CS 1153 INTRODUCTION TO COMPUTING TECHNOLOGIES
Prerequisite: (R) Math 0103 or adequate math placement test score

3 CREDITS Students will learn fundamental concepts of hardware and software prior to learning tools of support technicians. Topics will include the computer architecture, the instruction execution cycle, I/O and storage. In addition, students will learn basics of digital electronics, how to perform mathematical operations and conversions on multiple numbering systems, develop fundamental problem-solving skills for troubleshooting, and investigate career opportunities within the information technology industry.

CS 1333 DATABASE MANAGEMENT APPLICATIONS
Prerequisite: (R) Math 0203 or adequate math placement test score

3 CREDITS The student will use a selected database management program to create and edit database files. The student will also search, organize, and build reports, forms, and templates with the database files.

CS 1343 SPREADSHEET APPLICATIONS
Prerequisite: (R) Math 0303 or adequate math placement test score

3 CREDITS Using selected spreadsheet software on a microcomputer, the student will apply the basic theoretical and practical concepts of an electronic spreadsheet as used in business applications. Study will include the design and creation of worksheets, templates, graphs, macros, and other options as they apply to the software being used.

CS 1353 INTRODUCTION TO OPERATING SYSTEMS AND HARDWARE
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1103

3 CREDITS Students will learn to install, configure and troubleshoot several versions of the Windows operating system and the hardware these operating systems run on. A foundational knowledge in the following important areas will be developed using a combination of lectures and interactive activities: identifying Windows desktop components; identifying hardware components; procedures for installing software and hardware; networking capabilities of the Windows operating system and steps to connect to a network; basic Internet protocols and terminologies and the procedures for establishing an Internet connection; and recognizing common problems and the procedures to resolve them.

CS 1363 MULTIMEDIA
Prerequisite: (R) Math 0203 or adequate math placement test score, Prerequisite or Corequisite: CS 1103 or by evaluation

3 CREDITS Students will use selected application software to develop presentation graphics. This will include the creation, importation, modification, and sequencing of still and motion graphics. Digital audio will be created, edited and synchronized to the presentations.

CS 1413 IT TECHNICIAN
Prerequisite: (R) Math 0203 or adequate math placement test score

3 CREDITS Students will learn to perform the following tasks through class lectures and hands-on projects: Hardware and Operating Systems installation, configuration, diagnosing, preventive maintenance and basic networking. This course will also cover IT areas in: security, safety and environmental issues, and communication and professionalism.

CS 2000 SPECIAL TOPICS
Prerequisite: (R) Math 0203 or adequate math placement test score

VARIABLE 1-6 CREDITS The student will demonstrate competencies with subjects not covered in other computer science courses. Each course will cover a specific topic and may be repeated with a change in content.

CS 2113 COMPUTER-BASED INFORMATION SYSTEMS
Prerequisite: (R) Math 0203 or adequate math placement test score

3 CREDITS Covers theory and practice for the design and use of computer-based information systems in organizations, with a focus on the relational database. Student projects will include designing and implementing relational database applications and designing a web page.
CS 2123 ASSEMBLY
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 1143 or by evaluation

3 CREDITS The student will demonstrate an understanding of the structure and operation of assemblers. Student will use IBM mainframe assembly language to solve programming problems involving Input/Output definitions, Loops, Decimal and fixed point arithmetic, register operations, control structures and report editing.

CS 2143 DIGITAL VIDEO EDITING
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1363 or by evaluation

3 CREDITS Students will develop both technical skills and creative techniques in a project-based learning environment. Many aspects of digital editing will be applied including digitizing audio and video, the composition of computer-generated graphics and animation, multiple audio layers, title overlay, and special effects.

CS 2153 SUPPORTING OPERATING SYSTEMS
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1353 or by evaluation

3 CREDITS Students will learn the procedures for installing, configuring and maintaining a Windows Operating System in a business environment. Real-world examples and interactive activities are used to reinforce key concepts such as: Managing files and folders, printers, storage devices and display devices; desktop user environments; user profiles and networking.

CS 2163 JAVA
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 1143 or by evaluation

3 CREDITS Student will develop object-oriented Java applications and applets, which demonstrate comprehension of fundamental programming structures, object-oriented programming, graphics, event handling, interface components, programming for the Internet, data structures, and exception handling.

CS 2173 ORACLE
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1143 or by evaluation

3 CREDITS Using Oracle as a platform, students will learn relational database concepts, sound database design and development techniques, and SQL commands. Topics include how to create and modify database tables; retrieve data from database tables; use subqueries to retrieve data; use table constraints, sequences, indexes, synonyms, views and functions; create users and assign privileges to users; create printable reports through SQL*Plus commands; practice SQL statement tuning.

CS 2183 LINUX
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1143 or by evaluation

3 CREDITS This course is an introduction to the LINUX operating system for users. It is designed for those with a DOS/Windows operating system background with little or no knowledge of LINUX. Topics include the development of LINUX; basic LINUX operating system concepts; a comparison of LINUX to MS Windows; frequently used LINUX programs and utilities, shells, editors, and tools; X window GUI and applications; LINUX and the internet; setting up Apache web server software; basic HTML and CGI programming for LINUX.

CS 2193 SUPPORTING DESKTOP APPLICATIONS
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1353 or by evaluation

3 CREDITS Students will learn how to install, configure and support Microsoft Office applications running in a Microsoft Windows environment. Real-world examples and interactive activities are used to reinforce the following key concepts: configuring Internet Explorer and Outlook Express; resolving issues related to customizing Office Application; migrating from Outlook Express to Outlook; identifying and troubleshooting network problems; configuring Office security settings; and monitoring security vulnerabilities and updates.

CS 2223 SYSTEMS ANALYSIS AND DESIGN
Prerequisite: (R) Math 0303 or adequate math placement test score, ENGL 1113 and a 2000 level programming language or by evaluation

3 CREDITS Students will investigate and participate in the analysis and design of information systems through application of the Systems Development Life Cycle. Topics include the role of the analyst, review of common business systems, preparation of data-gathering instruments, database design and normalization and module design. Computer Aided Software Engineering (CASE) tools such as data dictionary, data flow diagramming, data modeling, and structure charts will also be covered.

CS 2303 NETWORKING TECHNOLOGIES
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1353 or by evaluation

3 CREDITS Students will learn how to install, configure, and troubleshoot basic networking hardware, protocols, and services and to describe the features and functions of networking components. A foundational knowledge in the important areas of media and topologies, protocols and standards, network implementation, and network support will be developed using a combination of lectures and interactive assignments.

CS 2363 COMPUTER SUPPORT SERVICES
Prerequisite: (R) ENGL 1113, Math 0203 or adequate math placement test score, and 9 hours of CS or by evaluation

3 CREDITS Students will demonstrate their understanding of planning, implementing, and maintaining a support center for both internal and external users of computer hardware and software. The main topics will include: the Help Desk, design of hardware and software specifications, performing a needs assessment, design of evaluation instruments, creation of both technical and non-technical documentation, working with customers in a support role, and ethical standards for the computing professional.

CS 2403 WEB SITE DEVELOPMENT
Prerequisite: (R) (W) Math 0103 or adequate math placement test score, Prerequisite or Corequisite: CS 1103 or by evaluation

3 CREDITS Students will develop the skills needed to create a Web site for personal or professional use. Design considerations will include accessibility standards, navigation techniques, audience needs, browser/platform concerns, and connection speeds. A combination of current technologies and Web page authoring software will be utilized for topics such as: building, formatting, enhancing, and publishing pages; maintaining a Web site; manipulating graphics; and incorporating additional items such as, CSS and JavaScript.

CS 2433 WEB ANIMATION
Prerequisite: (R) Math 0203 or adequate math placement test score, CS 1363 or by evaluation

3 CREDITS Students will develop both technical skills and creative techniques in a project-based learning environment. The student will learn to script in icon-based and command-based authoring languages to create interactive multimedia applications for use in presentations, education and marketing.
CS 2443  SQL SERVER
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 1143 or by evaluation ♦
3 CREDITS  Students will learn terms, concepts and features needed to work with most relational databases. Using SQL Server databases and tools, they will learn concepts on how to design a database, retrieve data from and manipulate data in a database. They will also learn SQL programming and will be able to work with database features that will include views, stored procedures, functions, triggers and others.

CS 2453  VISUAL BASIC
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 1143 or by evaluation ♦
3 CREDITS  The students will use Visual Basic to create object-oriented, event-driven programs. This course teaches the students to handle the visual interface and also learn programming concepts that include objects, decisions, loops, dialog boxes, arrays, menus, subs, functions, files, simple data access and various other programming topics as they apply to Visual Basic.

CS 2463  ADVANCED JAVA
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 2163 or by evaluation ♦
3 CREDITS  Student will develop Java applications and applets, which demonstrate comprehension of advanced programming structures and practices, object-oriented programming, fundamental data structures (arrays, lists, stacks and queues), SWING, Java Beans, database programming (JDBC), and distributed computing (Sockets/RMI).

CS 2503  NETWORK ADMINISTRATION
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, CS 1335 or by evaluation ♦
3 CREDITS  The students will use a network operating system to create and manage a local area network. The topics to be covered include creating and administering user and group accounts, managing network resources and administering permissions for files and folders, setting up and administering the printing environment, using the auditing functions, backing up and restoring files and folders.

CS 2513  CLIENT-SIDE PROGRAMMING
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 1143 and CS 2413 or by evaluation ♦
3 CREDITS  Students will create dynamic web applications using client-side programming. A combination of current scripting/programming languages and web page authoring software will be utilized for topics such as: using the Document Object Model, coding event handlers, validating user input, manipulating graphics, and creating interactive web pages.

CS 2553  ADVANCED VISUAL BASIC
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 2453 or by evaluation ♦
3 CREDITS  Students will expand their knowledge of Visual Basic as used in business applications both for Windows and for the Web. Included will be topics such as advanced controls, MDI programming, collections, object-oriented programming, multi-tier applications, data access, ADO.NET, ASP.NET, and report writing.

CS 2563  C#.NET
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 2163 or by evaluation ♦
3 CREDITS  Students will develop C#.NET programs which demonstrate comprehension of language syntax, fundamental program structures, object-oriented programming, windows applications, web applications, and database applications. Students will use the .NET framework, ADO.NET, XML, and ASP.NET to create their applications.

CS 2573  ORACLE DATABASE ADMINISTRATION
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 2173 or CS 2443 or by evaluation ♦
3 CREDITS  Students will develop the skills needed for database administration. Topics covered include software installation, the creation of new databases, database architecture, management of database files, administration of user accounts, roles, privileges and profiles, database performance monitoring, and database backup and recovery strategies.

CS 2610  INTERNSHIP**
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, 15 hours of CS and by evaluation ♦
1-3 CREDITS  A practicum course intended to provide the student with work experience in various areas in his/her major under the supervision of an experienced instructor/professional from the business community. This course may be repeated.

CS 2623  SERVER-SIDE PROGRAMMING
Prerequisite: (R) (W) Math 0303 or adequate math placement test score, CS 1143 and CS 2413 or by evaluation ♦
3 CREDITS  Students will create interactive and dynamic web applications using server-side programming. A combination of current scripting/programming languages and web page authoring software will be used for topics such as maintaining state, processing data from the user, creating cookies, and interacting with databases *

CS 2703  INTRODUCTION TO CYBER/INFORMATION SECURITY
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS  Students will examine the field of information security. This course presents the managerial and technical aspects of information security and addresses knowledge areas of the CISSP (Certified Information Systems Security Professional) certification. Information security is discussed within a real-world context, by including examples of issues faced by today’s professionals. This course provides numerous opportunities for hands-on work.

CS 2713  PRINCIPLES OF INFORMATION SECURITY
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS  Students will complete a comprehensive overview of network security, with an introduction to a variety of security problems faced by the computing industry. This course is mapped to the CompTIA Security+ Certification Exam. The course covers topics in general security concepts, communication security, infrastructure security, cryptography basics, and operational/organizational security.

CS 2723  SECURE ELECTRONIC COMMERCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS  Students will learn the fundamentals of secure electronic commerce technology, models and issues. This course includes principles and case studies of secure electronic commerce as well as an introduction to security architectures for secure electronic commerce. These include digital signatures, certificates, and public key infrastructure (PKI). Legal and national policy secure electronic commerce issues are included.

CS 2743  ENTERPRISE SECURITY MANAGEMENT
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDIT  Students will learn the managerial aspects of computer security and risk management for enterprises. Topics include accreditation, procurement, extension and operation principles for secure enterprise information systems. Additional topics are security policy and plan development, contingency, continuity and disaster recovery planning, and incident handling and response.

CS 2753  INFORMATION SYSTEM ASSURANCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, (CS 2703 or CS 2713) and (CS 2723 or CS 2743) or by evaluation ♦
3 CREDITS  Students will learn design and analysis methods for high assurance information systems. Topics covered will consist of safety, reliability, security, and specification of mission-critical system properties. Software and hardware validation, as well as verification and certification are also included.
CS 2763  NETWORK SECURITY
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, (CS 2713 and CS 2303 or CS 2503) 3 CREDITS  Students will participate in a comprehensive study of current and developing communications systems and networks. These include host-based and network-based intrusion detection, anomaly and misuse detection, and network security appliances including firewalls and access control devices. Topics are covered with all networks in mind, including the Internet, PSTN, ATM, Frame Relay Networks, etc.

CS 2773  SECURE SYSTEM ADMINISTRATION AND CERTIFICATION
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, (CS 2703 or CS 2713) and (CS 2723 or CS 2743) or by evaluation ♦ 3 CREDITS  Students will learn provisioning, procurement and installation of network, hardware and software systems for mission critical enterprises. System configuration and maintenance, incident handling and response, system certification, testing and validation are also covered.

CS 2783  CYBER FORENSICS
Prerequisite: (R) (W) Math 0203 or adequate math placement test score and by evaluation ♦ 3 CREDITS  Student will learn the procedures for the identification, preservation and extraction of electronic evidence. Topics include auditing and investigation of network and host intrusions, and forensic tools and resources for system administrators and information system security officers.

DATABASE MANAGEMENT

DBM 1000  SPECIAL TOPICS
Prerequisite: (R) (W) by evaluation ♦ VARIABLE 1-4 CREDITS  The student will demonstrate specified competencies in subjects not included in other Database Management courses but which benefit students wanting additional training in or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

DBM 1103  DATABASE THEORY
Prerequisite: (R) (W), Students must have a third party certification in one of the following: CompTIA's A+, CompTIA's NET+, CompTIA's iNET+, Microsoft MCP, Oracle OCP or have completed 18 CREDITS of faculty approved computer science course work before beginning the Database Management program of study. 3 CREDITS  The student will develop an understanding of the concepts of the relational database model. In addition, the student will gain knowledge of database management systems through an introduction to Query-by-Example, Structured Query Language (SQL), database design, services of database management systems, and database administration tasks.

DBM 1313  INTRODUCTION TO SQL
Prerequisite: (R) (W), DBM 1103 Database Theory 3 CREDITS  The student will demonstrate specific competencies in creating database structures and storing, retrieving, and manipulating data in a relational database using SQL. The student will create blocks of SQL application code. The student will demonstrate through hands-on activities an understanding of the SQL composite and scalar data types and error processing.

DBM 1333  DATABASE ADMINISTRATION
Prerequisite: (R) (W), DBM 1313 Database Administration 3 CREDITS  The student will demonstrate specific competencies in managing an instance, creating a database, managing database objects, managing users, controlling access privileges, exporting/importing data, and auditing database activities. The student will demonstrate an understanding of instance architecture, database structure, and multinational language support.

DBM 2000  SPECIAL TOPICS
Prerequisite: (R) (W), by evaluation ♦ VARIABLE 1-4 CREDITS  The student will demonstrate specified competencies in subjects not included in other Database Management courses but which benefit students wanting additional training in or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

DBM 2213  PL/SQL PROGRAMMING
Prerequisite: (R) (W), DBM 1103 Database Theory and DBM 1313 Introduction to SQL 3 CREDITS  The student will learn Procedural Language/Structured Query Language (PL/SQL). This is Oracle Corporation’s procedural extension to SQL, the standard data access language for relational databases. PL/SQL offers modern software engineering features such as data encapsulation, exception handling, information hiding, object orientation. It allows the data manipulation and query statements of SQL to be included in block-structured and procedural units of code, making PL/SQL a powerful transaction processing language. The students will learn about PL/SQL basics such as PL/SQL language structure, flow of execution and interface with SQL.

DBM 2313  DATABASE BACK UP AND RECOVERY
Prerequisite: (R) (W), DBM 1333 Database Administration 3 CREDITS  The student will demonstrate specific competencies in performing backup and recovery operations as well as exporting and importing data. The student will demonstrate an understanding of backup and recovery considerations, database structures, and backup/recovery processes.

DBM 2322  DATABASE NETWORKING
Prerequisite: (R) (W), DBM 2313 Database Back Up and Recovery or by evaluation ♦ 2 CREDITS  The student will demonstrate specific competencies in configuring the network connection between the client system and the database server using a variety of strategies. The student will demonstrate an understanding of networking architecture, networking products and tools, and application deployment strategies.

DBM 2334  DATABASE PERFORMANCE TUNING
Prerequisite: (R) (W), DBM 2322 Database Networking or by evaluation ♦ 4 CREDITS  The student will demonstrate specific competencies in SQL statement tuning, tuning memory and storage structures, and analyzing performance. The student will demonstrate an understanding of business requirements related to tuning and tuning considerations for different applications.

DBM 2353  DATABASE ADMINISTRATION WITH SQL SERVER
Prerequisite: (R) (W), DBM 2332 Database Performance Tuning 3 CREDITS  The student will demonstrate specific competencies in installing Microsoft SQL Server, creating an operation database, performing backup/ recovery operations, managing users, managing access privileges, managing resources, database tuning, and importing and exporting data.

DBM 2363  UNIX FOR DATABASE ADMINISTRATORS
Prerequisite: (R) (W), DBM 1333 Database Administration 3 CREDITS  The student will demonstrate specific competencies in using basic UNIX operating system commands to: navigate file systems, manage files and directories, edit files using the VI text editor, and manage users and groups. The student will demonstrate an understanding of the different command shells (Bourne, Korn, C, and Bash) and the organization of typical UNIX file systems.

DBM 2373  DATABASE APPLICATION DESIGN USING CASE
Prerequisite: (R) (W), DBM 1333 Database Administration 3 CREDITS  The student will demonstrate specific competencies in creating application and database structures using CASE (Computer Aided Software Engineering) tools. The student will demonstrate an understanding of modeling business requirements, modeling data requirements, transforming models into designs, and using data presentation standards.
DIAGNOSTIC MEDICAL SONOGRAPHY

DMS 1112 PATIENT CARE
Prerequisite: (R) (W)
2 CREDITS The student will learn the physical and psychological concepts of patient care. The student will demonstrate routine patient care procedures, professional scopes of practice, and record keeping paperwork pertinent to the clinical setting. The student will develop proper patient care skills and an understanding of the fundamental elements of how an ultrasound department functions. The student will also acquire basic Spanish healthcare phrases.

DMS 1122 MEDICAL ETHICS
Prerequisite: (R) (W)
2 CREDITS The student will learn the standard ethical theories and apply them to various issues that arise in the health care context, such as euthanasia, abortion, informed consent, confidentiality, genetic testing and intervention, AIDS, distributive justice, and professional gatekeeping. Emphasis will be made on understanding the relationship of current ethical standards in health care delivery.

DMS 1213 INTRODUCTION TO ULTRASOUND
Prerequisite: (R) (W) AHP 1013 Medical Terminology and BIO 1314 Anatomy and Physiology I
3 CREDITS Students will be introduced to the field of sonography, including the history of medical ultrasound, professional and occupational development, and the current uses of ultrasound. Students will identify normal sonographic anatomy in cross section views of the human body, as well as develop an understanding for mechanics, scanning techniques, and protocols.

DMS 1233 ULTRASOUND PHYSICS AND INSTRUMENTATION I
Prerequisite: (R) (W) Math 1513 College Algebra
4 CREDITS Students will be familiar with the theoretical aspects of ultrasonic physics and instrumentation and demonstrate the practical application of these principles. Students will focus on the characteristics and properties of ultrasound energy, generation, transmission, and reception as related to ultrasound imaging. Students will investigate physical principles and will be able to understand the production of quality ultrasound images and apply this information to real-time scanning.

DMS 1254 ABDOMINAL ULTRASOUND
Prerequisite: (R) (W) BIO 1314 Anatomy and Physiology I
4 CREDITS The student will demonstrate an understanding of transabdominal ultrasounds of the abdomen, and will identify the characteristics of normal anatomy, pathology, and exam protocols, related lab values, and imaging processes. The student will identify major organ systems and will recognize the membranes associated with the thoracic and abdominopelvic cavities, as well as explain pathophysiology associated with the abdomen and describe normal and abnormal vascular Doppler patterns of the vascular structures.

DMS 1274 OB/GYN ULTRASOUND
Prerequisite: (R) (W) BIO 1314 Anatomy and Physiology I
4 CREDITS The student will demonstrate an understanding of transabdominal and transvaginal ultrasounds of the pregnant and non-pregnant female pelvis. Students will identify the appearance and characteristics of normal gynecological anatomy, pathology, pathophysiology, exam protocols, related lab values, and imaging processes. The student will describe the structure of the uterus and identify the normal measurements of the uterus, ovaries, cervix, and endometrium.

DMS 1292 ULTRASOUND PHYSICS AND INSTRUMENTATION II
Prerequisite: (R) (W) DMS 1233 Ultrasound Physics and Instrumentation I
2 CREDITS Students will identify the areas of ultrasound propagation principles, transducer parameters, interactive properties of ultrasound with human tissue, possible biological effects, types of equipment, and quality control.

DMS 1356 CLINICAL ULTRASOUND I
Prerequisite: (R) (W) Prerequisite: DMS 1213 Introduction to Ultrasound, Corequisite: DMS 1254 Abdominal Ultrasound
6 CREDITS The student will perform basic scanning techniques in abdominal sonography. This course is a practical application in a clinical setting and the student will be observed in all clinical duties performed in the Ultrasound department. Twenty-four (24) hours a week in an ultrasound department is required.

DMS 2216 CLINICAL ULTRASOUND II
Prerequisite: (R) (W) DMS 1356 Clinical Ultrasound I
6 CREDITS The student will observe and perform scans in the following specialty areas: abdomen, small parts, and OB/GYN. This course is a continuation of clinical application and the student will spend on average, twenty-four (24) hours per week in an ultrasound department observing and scanning.

DMS 2221 SMALL PARTS SONOGRAPHY
Prerequisite: (R) (W) BIO 1314 Anatomy and Physiology I
1 CREDIT The student will identify normal anatomy of small parts such as the thyroid, parathyroid, breast, prostate, and scrotum. The student will describe the function and physiology of the small parts, examine pathology, pathophysiology, and recognize tests and values associated with abnormalities and pathologies of these organs. Students will demonstrate a thyroid exam in a laboratory and perform Doppler during thyroid, parathyroid, breast, prostate, and scrotum ultrasound exams.

DMS 2316 CLINICAL ULTRASOUND III
Prerequisite: (R) (W) DMS 2216 Clinical Ultrasound II
6 CREDITS The student will demonstrate competency in the practical clinical application of ultrasound techniques in abdominal, OB/GYN, small parts, and a special emphasis will be placed in general vascular Sonography. Twenty-four hours per week in a hospital ultrasound department is required.

DMS 2321 BIOEFFECTS
Prerequisite: (R) (W) DMS 1292 Ultrasound Physics and Instrumentation II
1 CREDIT The student will demonstrate an understanding of the biological effect processes, related to thermal, mechanical, and cavitation bioeffect principles, as well as identify regulations, recommendations, and safety guidelines. The student will be familiar with the methods to reduce patients' risk for bioeffects, using the various techniques of measuring bioeffects.

DMS 2332 VASCULAR SONOGRAPHY
Prerequisite: (R) (W) BIO 1314 Anatomy and Physiology I
2 CREDITS The student will develop an understanding of non-invasive vascular ultrasound. The student will develop basic skills and knowledge in the following areas: image orientation, patient set up, and sonographic performance of vascular exams. Special emphasis will be placed on carotid exams, as well as venous and arterial exams of the extremities. Normal and disease processes of the vascular system will be discussed.

DMS 2371 ADVANCED SONOGRAPHY
Prerequisite: (R) (W) DMS 1254 Abdominal Ultrasound, DMS 1274 Gynecological/Obstetrical Sonography
1 CREDIT The student will identify normal and pathologic states of pediatric and vascular anatomy during ultrasonic examination. The student will identify and describe the normal/abnormal sonographic appearance of neonatal brains, neonatal surgical conditions and transcranial Doppler, as well as assess pertinent information from patients' histories and evaluate patients' pathologies.

DIESEL TECHNOLOGY

DT 1101 INTRODUCTION TO DIESEL TECHNOLOGY
Prerequisite: (R) (W)
1 CREDIT Students will learn about the basic personal and shop safety protocol used in the diesel repair industry that includes hazardous material.
handling and storage. Students will identify, use and care for hand and power tools commonly found in the diesel repair industry. Students will learn about the history of the diesel industry and explore opportunities for careers and employment in the various areas of the diesel industry.

**DT 1103  PREVENTATIVE MAINTENANCE**  
Prerequisite: (R) (W)  
3 CREDITS  
Students will demonstrate an understanding of the importance of a good preventive maintenance program, the various inspection procedures, federal regulations, and the necessity of keeping correct documentation. Students will perform preventative maintenance services on the various medium/heavy vehicles relating to the electrical/electronic systems, brakes, drive trains, suspension and steering systems, and the tires and wheels.

**DT 1114  DIESEL ENGINES I**  
Prerequisite: DT 1103  
4 CREDITS  
Students will be able to identify the various elements associated with diesel engines and equipment such as lubricants, oil and filter replacement, indentify and inspect components of the cooling systems and possible causes of engine overheating. In addition, student will demonstrate the procedures for inspecting, diagnosing and repairing problems with the air flow system and fuel system.

**DT 1124  DIESEL ENGINES II**  
Prerequisite: DT 1114  
4 CREDITS  
Students will learn about the construction of diesel engines and related components. Students will service and repair diesel engines, diagnosis causes of engine fuel, oil, coolant, air leaks, engine noises and vibrations, and determine appropriate solutions and repairs. Students will disassemble, repair and reassemble a diesel engine.

**DT 1144  DIESEL ELECTRICAL/ELECTRONICS I**  
Prerequisite: DT 1101  
4 CREDITS  
Students will learn about magnetism, basic electrical circuits and schematics associated with the operation of diesel engines. Students will solve problems, test, and replace defective fuses, fusible links, circuit breakers, relays and solenoids. Students will perform tasks on the battery system, starter system, charging system, and ignition system.

**DT 1144  DIESEL ELECTRICAL/ELECTRONICS II**  
Prerequisite: DT 1144  
4 CREDITS  
Students will learn about magnetism, basic electrical circuits and schematics associated with the operation of diesel engines. Students will solve problems, test, and replace defective fuses, fusible links, circuit breakers, relays and solenoids. Students will perform tasks on the battery system, starter system, charging system, and ignition system.

**DT 1214  MEDIUM/HEAVY EQUIPMENT AND TRUCK BRAKES**  
Prerequisite: DT 1103  
4 CREDITS  
Students will demonstrate an understanding of the operation of air brake systems, hydraulic brake systems. Student will use problem solving techniques to identify and recommend appropriate options for repair procedures for these systems and related components.

**DT 2001  CAREER EXPERIENCE**  
Prerequisite: DT 1101  
1 CREDIT  
Students will participate in an on-the-job internship in order to become familiar with the diesel service industry and to develop skills necessary for employment within the diesel industry. This course is an integrated component of the program. Enrollment may be repeated with a change in work emphasis as needed.

**DT 2104  HEATING, VENTILATION AND AIR CONDITIONING**  
Prerequisite: DT 1103  
4 CREDITS  
Students will demonstrate an understanding of the general A/C systems; compressor and clutch, evaporator, condenser and related components. The student will troubleshoot electrical, vacuum and mechanical system failures related to the heating, ventilation and air conditioning system. Student will inspect, test and diagnose and service engine cooling system components.

**DT 2114  MEDIUM/HEAVY TRUCK AND EQUIPMENT SUSPENSION AND ST**  
Prerequisite: DT 1103  
4 CREDITS  
Students will identify and describe various steering systems used on medium/heavy equipment and trucks and inspect, diagnose, and repair steering problems. Students will perform repairs on suspension systems and perform wheel alignment in accordance with industry procedures.

**DT 2124  MEDIUM/HEAVY EQUIPMENT AND TRUCK DRIVE TRAINS**  
Prerequisite: DT 1103  
4 CREDITS  
Students will identify the different drive train configurations found in industry. Students will demonstrate an understanding of the different transmission configurations found in industry and identify the components, identify problems, and make necessary repair action plans. Students will identify and repair drive shafts, universal joints, drive axles, and final drive differentials.

**DT 2124  MEDIUM/HEAVY EQUIPMENT AND TRUCK HYDRAULICS**  
Prerequisite: DT 1103  
4 CREDITS  
Students will demonstrate an understanding of the general operation system, pumps, filtration, reservoir tanks, hoses, fittings, control valves, and actuators found in hydraulic systems. Students pressure test, articulate cylinder devices as well as make inspections and diagnose problems for necessary repair actions.

**ECONOMICS**

**ECON 1013  CONSUMER ECONOMICS**  
Prerequisite: (R) MATH 0203 or adequate math placement test score.  
3 CREDITS  
Upon completion of this course, the student will be able to relate the principles of economics to the everyday problems facing the individual as a consumer. He/she will demonstrate the ability to determine the effect of inflation and government policy on family financial planning.

**ECON 1113  ECONOMIC DEVELOPMENT OF THE UNITED STATES**  
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.  
3 CREDITS  
The student will examine and discuss the organization and evolution of the economic system of the United States as affected by agriculture, industry and commerce.

**ECON 2113  PRINCIPLES OF MACROECONOMICS**  
Prerequisite: (R) MATH 0303 or adequate math placement test score.  
3 CREDITS  
The student will apply macroeconomic theories in analyzing the concepts of supply and demand, national income, production, and the economic role of government.
ET 1014  D.C. / A.C. FUNDAMENTALS
Prerequisite: (R) (W), ET 1014
4 CREDITS  The student will discuss and demonstrate the characteristics of electronic devices, including diode and transistor circuits, using various electronics test equipment. In addition, the student will construct and test voltage dividers and reactive circuits, power, and the impedance formula and analyze basic solid state circuits. In addition, the student will use electronic measuring devices to measure and record voltages, currents, frequencies, resistances and other circuit values.

ET 1114  SOLID STATE CIRCUITS
Prerequisite: (R) (W), ET 1014
4 CREDITS  The student will discuss and demonstrate solving problems relating to various solid state devices and associated circuits such as diodes, transistors, F.E.T.s, power supplies, filters, regulators, and amplifiers. Laboratory applications are an integral part of this course.

ET 1124  DIGITAL LOGIC FUNDAMENTALS
Prerequisite: (R) (W)
4 CREDITS  The student will demonstrate knowledge of basic digital electronics principles and devices by solving problems and constructing lab experiments in subjects such as resistive circuits, Ohms law and power, series and parallel circuits, DC and AC circuits, solid state circuits and devices, and operational amplifiers. Common electronics test equipment will be used in the laboratory experiments to explore different electronic circuits and devices.

ET 1223  DIGITAL ELECTRONICS
Prerequisite: (R) (W)
3 CREDITS  This course is an introductory digital electronics course. The student will analyze, construct, test and interface fundamental digital circuits including logic gates, combinational logic circuits, Flip-flops, counters, encoders and decoders, shift registers arithmetic circuits, digital to analog conversions, and analog to digital conversions. The student will also demonstrate a knowledge of numbering systems and integrated circuit specifications.

ET 1544  ELECTRONICS SHOP PRACTICES
Prerequisite: (R) (W) ET 1014
4 CREDITS  The student will use hand tools to construct, solder and desolder electrical circuitry. In addition, the student will use electronic measuring instruments such as oscilloscopes, multimeters, and function generators to measure and record voltages, currents, frequencies, resistances and other circuit values.

ET 1604  INTRODUCTION TO ELECTRONICS
Prerequisite: (R) (W)
4 CREDITS  The student will demonstrate the application of Ohm’s Law, power, and the impedance formula and analyze basic solid state circuits. In addition, the student will construct and test voltage dividers and reactive circuits, as well as diode and transistor circuits, using various electronics test equipment.

ET 2000  SPECIAL TOPICS
Prerequisite: (R) (W), by evaluation ♦
VARIABLE 1-6 CREDITS  The student will demonstrate competencies with subjects not covered in other programs. Each course will cover a specific topic and may be repeated with a change of topic.

ET 2014  CONTROL DEVICES
Prerequisite: (R) (W), ET 1144
4 CREDITS  The student will learn and apply the fundamentals of digital electricity such as motor phasing, conductor sizing, three-phase power, conductor bending, and the use of ladder diagrams and test equipment to meet acceptable codes and standards.

ET 2024  COMMUNICATIONS SYSTEMS
Prerequisite: (R) (W)
4 CREDITS  The student will analyze electronic circuits associated with amplitude modulation, frequency modulation, transmission lines, antennas and fiber optics. Practical exercises will be performed in the electronics laboratory.

ET 2032  INDUSTRIAL ELECTRICITY
Prerequisite: (R) (W)
2 CREDITS  The student will discuss and demonstrate the characteristics of industrial control devices in the classroom and laboratory. Discussion will include the theory and operation of silicon controlled rectifiers, unijunction transistors, thyristors, operational amplifiers, thermocouples, servomechanisms, and photoelectric devices.

ET 2044  ELECTROMECHANICAL DEVICES
Prerequisite: (R) (W), ET 1144
4 CREDITS  The student will discuss and demonstrate the characteristics of an industrial control system consisting of transmitters, controllers, control valves, and transducers. Pneumatics and electronics components are emphasized in this course.

ET 2124  CONTROL SYSTEMS
Prerequisite: (R) (W)
4 CREDITS  The student will demonstrate knowledge of microprocessor based microcontroller applications including input/output interfacing techniques, digital to analog conversions, analog to digital conversions, and basic sensor signal conditioning as related to the instrumentation industry.
202

Criteria for evaluation in division office

ET 2244  DATA COMMUNICATIONS
Prerequisite: (R) (W), ET 1124
4 CREDITS The student will describe digital data networks, busses, interfaces, data communications and data terminal equipment. Laboratory applications are an integral part of this course.

ET 2320  CAREER EXPERIENCE
Prerequisite: (R), Twelve (12) CREDITS of electronics and by evaluation
VARIABLE 1-3 CREDITS The student will demonstrate the ability to work effectively, in a commercial setting, toward satisfying objectives prescribed by the instructor and the participating employer. Work objectives will be consistent with meaningful career learning experiences.

ET 2334  DIGITAL LOGIC SYSTEMS
Prerequisite: (R) (W), ET 1124
4 CREDITS The student will apply digital fundamentals to the design of logic systems such as counters, arithmetic circuits, memory circuits, analog/digital converters, digital/analog converters, and microprocessors. The student will construct and verify proper operation of actual logic circuits.

ET 2353  INSTRUMENTATION AND CONTROL I
Prerequisite: (R) (W)
3 CREDITS The student will discuss terminology and demonstrate system operations by proper measurement and control techniques of flow, pressure, temperature and level control within the system.

ET 2363  INSTRUMENTATION AND CONTROL II
Prerequisite: (R) (W), ET 2353
3 CREDITS The student will discuss and demonstrate pneumatic logic components within a pneumatic system and integrate each component into a control loop.

ET 2384  OPERATIONAL AMPLIFIERS
Prerequisite: (R) (W)
4 CREDITS The student will apply basic electronic principles to solve problems concerning operational amplifier specifications and applications in inverting and non-inverting amplifiers, summing circuits, differential amplifiers, integrators, differentiators, and other waveshaping circuits. This course also covers various types of power supply regulators and active filters. The student will construct and test circuits in the lab to meet specified operational parameters.

ET 2632  ELECTRONICS PROJECT
Prerequisite: (R)
2 CREDITS The student will demonstrate the knowledge and skills necessary to plan, construct, test, and document an electronics hardware and/or software project which meets accepted industry standards as set forth in manufacturer’s data sheets.

ET 2663  MICROCONTROLLER SYSTEMS
Prerequisite: (R) (W), ET 1144
3 CREDITS The student will use microcontrollers to interface with devices such as switches, light emitting diodes, motors, analog to digital devices and temperature transducers. In addition, programming will be an integral part of the curriculum. Laboratory exercises will allow the student to build, program and test a microcontroller system.

EMS 1018  BASIC EMERGENCY MEDICAL TECHNOLOGY
Prerequisite: (R) (W)
8 CREDITS The student will be able to do the following: describe the role of the Emergency Medical Technician in an emergency medical services system, perform patient assessment on patients with traumatic injuries and patients with medical emergencies, manage a multi-casualty incident including triage, correctly manage traumatic injuries to the body and its systems, as well as medical emergencies of varying types and causes, perform lifting and moving techniques and light extrication. Additionally, the student will describe current EMS law as it applies to the EMT. A field and hospital practicum are an integral part of the course, for which liability insurance, a student uniform, and a physical, including certain immunizations, are required.

EMS 1035  PARAMEDIC CARE I
Prerequisite: (R) MATH 0103 or adequate math placement test score, EMS 1018 or equivalent, pre- or corequisite: BIO 1314
5 CREDITS The student will accurately describe the EMS Systems, roles & responsibilities, of the Paramedic within the system; summarize and interpret legal responsibilities according to federal, state and local laws and regulations; wellness, illness/injury prevention, ethics, therapeutic communications, lifespan development, history taking, techniques of physical examination, patient assessment, clinical decision making, communications, & documentation; evaluate their attitudes toward ethics, death and dying, professional interpersonal relationships, and crisis intervention; and complete orientation to advanced training practicum rotations. The student will define medical terms using roots, prefixes, and suffixes. A field and hospital clinical practicum are an integral part of the course. Liability insurance and a student uniform are required prior to clinical rotations.

EMS 1059  PARAMEDIC CARE II
Prerequisite: (R) MATH 0103 or adequate math placement test score, EMS 1018 or equivalent, BIO 1314, EMS 1035 or by evaluation; pre- or corequisite: BIO 1414
9 CREDITS The student will accurately describe airway management/ventilation, venous access, trauma systems, mechanism of injury, hemorrhage & shock, soft tissue trauma, burns, head & facial trauma, spinal trauma, thoracic trauma, abdominal trauma, musculoskeletal trauma, & environmental conditions. The student will integrate fluid therapy and advanced airway care into correct management of the patient with respiratory disorders; and/or trauma to soft tissues, the central nervous system, and the musculoskeletal system. A field and hospital clinical practicum are an integral part of the course. Liability insurance and a student uniform are required prior to clinical rotations.

EMS 1113  ECG INTERPRETATION AND PROCEDURES
Prerequisite: BIO 1314
3 CREDITS This course introduces the student to the basics of dysrhythmia interpretation, performance and interpretation of twelve lead ECG to allow the Paramedic to treat the patient with acute myocardial infarction, as well as reviews the anatomy and physiology of the cardiovascular system. This course includes both lecture and laboratory time in which the student may receive hands-on rhythm interpretation practice via use of oscilloscope and paper rhythm strips. The course is designed for paramedic students, graduate nurses, CCU monitor techs, or other healthcare providers with an interest or a need in improving or developing rhythm interpretation skills.

EMS 1123  PHARMACOLOGY
Prerequisite: MATH 1513 or APPM 1313; pre- or corequisite: BIO 1314
3 CREDITS The student will summarize and correctly interpret the legal standards of drug therapy; identify and correctly interpret actions of emergency drugs; accurately calculate doses, dosage rates, and admixtures; choose correct drugs, doses and routes of administration for emergency patients based on indications, contraindications, standing orders, verbal orders and accepted prehospital care protocols; and demonstrate correct aseptic techniques in preparation and administration of drugs. Rec: BIO 1314

EMS 2013  EMS OPERATIONS
Prerequisite: (W), EMS 1018 or equivalent
3 CREDITS The student will summarize and interpret legal responsibilities of safe ambulance operations in Oklahoma; evaluate psychological and
physical factors affecting safe emergency vehicle operations. The student will discuss medical incident command, hazardous materials incidents, crime scene awareness, rescue awareness & operations. The student will demonstrate techniques for gaining access to the patient, disentanglement, patient movement, and preparation for transport; and recognize situations posing threats to patients, EMT’s or bystanders and describe correct management of these situations.

**EMS 2169  PARAMEDIC CARE III**  
Prerequisite: (W) APPM 1313 OR MATH 1513, EMS 1113, EMS 1123, BIO 1414, EMS 1059 or by evaluation ♦  
**9 CREDITS**  
The student will summarize and correctly interpret federal and state communications regulations; correctly interpret electrocardiograms; and integrate fluid therapy, advanced airway care and drug therapy in prehospital management of adult and geriatric patients experiencing pulmonary, cardiovascular, endocrinology, allergies & anaphylaxis, environmental, genitourinary, acute abdominal, hemorrhagic, substance abuse, and poisoning emergencies. A field and hospital clinical practicum are an integral part of the course. Liability insurance and a student uniform are required prior to clinical rotations.

**EMS 2179  PARAMEDIC CARE IV**  
Prerequisite: (W), EMS 1059, APPM 1313 OR MATH 1513, EMS 1113, EMS 1123 BIO 1414; EMS 2169 or by evaluation ♦  
**9 CREDITS**  
The student will analyze basic and advanced emergency management of adult and geriatric, abuse & assault, special challenges, acute intervention for chronic care patients, infectious & communicable diseases, toxicology, hematology, trauma and medical patients, and apply emergency management principles for neonatology, pediatric, obstetrical and gynecological patients, and patients experiencing behavioral & psychiatric disorders. The student will also present selected emergency patient case histories from clinical rotations, analyze systematic medical care, evaluate the medical care using accepted prehospital protocols, and conduct a research project. A field and hospital clinical practicum, as well as an internship, are integral parts of the course. Liability insurance and a student uniform are required prior to clinical rotations.

---

**ENGINEERING**

**ENGR 1000  SPECIAL TOPICS**  
VARIABLE 1-4 CREDITS  
Students will demonstrate specified competencies in subjects not included in other engineering courses, but which benefit those seeking additional training or enrichment in the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

**ENGR 1213  ENGINEERING GRAPHICS & DESIGN**  
Prerequisite: (R) (W)  
**3 CREDITS**  
The student will use computational techniques and computer-aided drawing to create, analyze and graphically represent solutions to architectural and engineering problems, reflecting national, international and professional norms and standards. The student will be able to describe and demonstrate familiarity with the functions and responsibilities of research, manufacturing, construction and quality assurance involved in the solutions of a variety of engineering and architectural problems.

**ENGR 2002  PROFESSIONAL DEVELOPMENT**  
Prerequisite: English 2123, English Composition II  
**2 CREDITS**  
Students demonstrate knowledge of basic principles of a successful engineering enterprise: written and oral communications, planning, design, production, risk management and evaluation. Students utilize business and project management principles to complete multi-disciplinary design experiences.

**ENGR 2103  INTERACTIVE ENGINEERING DESIGN GRAPHICS**  
Prerequisite: Corequisite: ENGR 1113, MATH 2104, MATH 2203 or by evaluation ♦  
**3 CREDITS**  
The student will demonstrate familiarity with visualization and modeling techniques used in product design and development for a variety of engineering problems. The student will utilize (1) the engineering language including terminology, graphics and standards (2) observation, visual perception and spatial visualization (3) computer-aided design systems including solid modeling.

**ENGR 2133  RIGID BODY MECHANICS**  
Prerequisite: (R) (W), PHYS 2014  
**3 CREDITS**  
The student will solve problems related to static equilibrium of rigid and deformable bodies and the motion of particles and rigid bodies. Kinetics and kinematics will be studied with the application of algebra, trigonometry, scalar and vector calculus.

**ENGR 2143  STRENGTH OF MATERIALS**  
Prerequisite: (R) (W), ENGR 2133  
**3 CREDITS**  
The student will solve problems related to determinate and elementary indeterminate structural analysis, stress and strain in elastic and elasto-plastic materials. Quantitative analysis will incorporate methods of scalar and vector calculus and vector algebra where appropriate.

**ENGR 2200  SPECIAL TOPICS**  
Prerequisite: None  
VARIABLE 1-3 CREDITS  
Students will demonstrate advanced competencies in subjects not included in other engineering courses, but which benefit those seeking additional training or enrichment in the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

**ENGR 2243  STATICS**  
Prerequisite: (R), PHYS 2014  
**3 CREDITS**  
The student will solve problems related to static equilibrium of particles and rigid bodies under the action of forces. Physical concepts of equilibrium and engineering applications are integrated with mathematical subjects of vector calculus, vector algebra and simultaneous algebraic equations.

**ENGR 2313  STRUCTURE AND PROPERTIES OF MATERIALS**  
Prerequisite: (R) (W), CHEM 1115 and concurrent enrollment in PHYS 2114  
**3 CREDITS**  
The student will solve problems related to the behavior of materials under serious conditions and environments in relation to atomic and molecular structure and bonding.

**ENGR 2333  THERMODYNAMICS**  
Prerequisite: (R) (W), PHYS 2014, CHEM 1115  
**3 CREDITS**  
The student will solve problems related to an understanding of the first and second laws of thermodynamics; ideal gases; mixtures of ideal gases; and power and refrigeration cycles. Quantitative analysis will incorporate methods of algebra and calculus where appropriate.

**ENGR 2343  FLUID MECHANICS**  
Prerequisite: Pre or Corequisite: (R) (W), ENGR 2133  
**3 CREDITS**  
The student will solve problems related to the statics and dynamics of fluid flow and apply Stokes, Eulers and Bernoulli equations to analyze the characteristics of fluid flow in open and closed pipes. Quantitative analysis will incorporate methods of algebra, trigonometry and calculus where appropriate.

**ENGR 2523  DYNAMICS**  
Prerequisite: (R)(W), ENGR 2243  
**3 CREDITS**  
The student will analyze DC and AC circuits including three-phase circuits. Analysis techniques will include Kirchhoff’s laws, Thvenin’s Theorem and Norton’s Theorem. Quantitative analysis will incorporate methods of algebra, trigonometry and calculus where appropriate.
ENGLISH

ENGL 1000  SPECIAL TOPICS
Prerequisite: (R) (W)
VARIABLE 1-3 CREDITS  The student will demonstrate competencies in subjects not covered in other specific courses in English (ENGL). Each course will cover a specific topic and may be repeated with a change in content.

ENGL 1103  MULTICULTURAL ENGLISH COMPOSITION I
Prerequisite: (R) (W) Adequate reading and writing assessment scores or LS 0033 College Writing II, either taken within the last year, with strong encouragement for immediate continuation.
3 CREDITS  Multicultural English Composition I for multicultural and international students who speak a second language. This course has the same requirements as ENGL 1113-English Composition I but is designed for multicultural and international students.

ENGL 1113  ENGLISH COMPOSITION I
Prerequisite: (R), (W), ENGL 1103 and ENGL 1113 taken within last year; with strong encouragement for immediate continuation.
3 CREDITS  The student will write well-developed compositions which demonstrate the principles of unity, coherence and organization and which contain specific details and vivid language. The students will locate library material and incorporate researched materials into compositions. GenEd Requirement: Multicultural English Composition II is designed for multicultural and international students.

ENGL 1123  MULTICULTURAL ENGLISH COMPOSITION II
Prerequisite: Corequisite, (R), (W), ENGL 1103 and ENGL 1113 taken within last year; with strong encouragement for immediate continuation.
3 CREDITS  In this advanced writing course, students will create essays that explore and evaluate a variety of issues and perspectives suggested by fiction, poetry, drama, essays and other types of cultural texts. Students will refine and augment the writing techniques they learned in ENGL 1113 or ENGL 1103 to develop well-reasoned, well-structured arguments in a clear, fluid, and engaging prose style. GenEd Requirement: Multicultural English Composition II is designed for multicultural and international students who speak a second language. This course has the same requirements as ENGL 1213-English Composition II but is designed for multicultural and international students.

ENGL 1203  BUSINESS ENGLISH
Prerequisite: (R) (W)
3 CREDITS  The student will be able to correctly apply rules of grammar, punctuation, sentence structure and paragraph development used in business communications and be able to differentiate between these rules and those for literary compositions.

ENGL 1213  ENGLISH COMPOSITION II
Prerequisite: (R) (W), ENGL 1103 or ENGL 1113 taken within the last year; with strong encouragement for immediate continuation.
3 CREDITS  In this advanced writing course, students will create essays that explore and evaluate a variety of issues and perspectives suggested by fiction, poetry, drama, essays, and other types of cultural texts. Students will refine and augment the writing techniques they learned in ENGL 1113 or ENGL 1103 to develop well-reasoned, well-structured arguments in a clear, fluid, and engaging prose style. GenEd Requirement: Multicultural English Composition II is designed for multicultural and international students who speak a second language. This course has the same requirements as ENGL 1213-English Composition II but is designed for multicultural and international students.

ENGL 2000  CREATIVE WRITING
Prerequisite: (R) (W)
VARIABLE 1-4 CREDITS  Given basic instruction in skills associated with writing poetry, fiction, drama and non-fiction, the student will produce examples of the type of writing on which the instruction is focused. Credit is variable; with different content it may be repeated.

ENGL 2103  HUMANITIES COMPOSITION
Prerequisite: (R) (W), ENGL 1213 English Composition II
3 CREDITS  The student will improve basic composition skills by constructing essays based on assignments in humanistic readings about the following: drama, art, music, literature, history and philosophy.

ENGL 2110  READINGS
Prerequisite: (R) (W), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.
VARIABLE 1-3 CREDITS  The student enrolled in this course will read various popular literary forms. The purpose of these readings will be to enhance the student’s reading abilities as well as to enable him or her to develop lifetime reading habits.

ENGL 2123  INTRODUCTION TO LITERATURE
Prerequisite: (R) (W), ENGL 1213 English Composition II. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.
3 CREDITS  This course is a study of literary forms and genres, including short story, poetry, drama, and novels. Students will be introduced to literary terminology, critical theories, and a diversity of authors and literary styles. Through various assignments, written and/or oral, students will demonstrate their ability to analyze, evaluate and interpret literary forms. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

ENGL 2133  INTRODUCTION TO POETRY
Prerequisite: (R), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.
3 CREDITS  This course is a study of poetry as literary art with emphasis on understanding, recognizing, and appreciating poetic forms and techniques. Students will interpret, analyze, and evaluate poems from a variety of literary periods and cultures.

ENGL 2323  THE SHAKESPEARE PLAYS
Prerequisite: (R), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.
3 CREDITS  After reading, discussing, attending lectures and viewing commercially produced films of selected plays, the student will describe the role of these plays within the literary, historical and cultural context of the Renaissance.

ENGL 2333  INTRODUCTION TO THE NOVEL
Prerequisite: (R), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.
3 CREDITS  Students will read several novels from a variety of historical periods. After additional study of the different types and techniques of novels, the student will describe the common characteristics and the special features of this literary form.

ENGL 2343  THE SHORT STORY
Prerequisite: (R), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.
3 CREDITS  After reading and discussing a wide selection of story masterpieces and commentaries on those short stories, the student will be able to describe the historical and literary development of this literary form.
ENGL 2353  NATIVE AMERICAN LITERATURE
Prerequisite: (R), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

3 CREDITS  Students will study the literary, historical, and traditional backgrounds of Native American cultures. After studying selected tribes and reading poems, short stories and novels by Native American authors, students will be able to describe the characteristics of Native American literature. Students, furthermore, will be able to explain the importance of Native American literature within the canon of non-Western world literature.

ENGL 2363  AFRICAN-AMERICAN LITERATURE
Prerequisite: (R), ENGL 1113 English Composition I. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

3 CREDITS  Students will read literature from the African-American culture and demonstrate understanding of the culture and its literature through discussions and written work. The student will be able to construct appropriate written and/or oral statements concerning literary, historical, cultural, and philosophical movements of the African-American culture from pre-slavery to the present time.

ENGL 2413  WOMEN IN LITERATURE
Prerequisite: ENGL 1213 English Composition II. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

3 CREDITS  After reviewing literature written by and about women of various times and places, students will examine and interpret values and attitudes from a variety of perspectives suggested by the readings. Lectures, discussions, and papers will emphasize relationships between social, political, and personal issues while making global connections, both historical and contemporary, and exploring the universality and variety of women’s issues. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts and Associate in Science degrees.

ENGL 2423  SURVEY OF WORLD LITERATURE I
Prerequisite: (R), ENGL 1213 English Composition II

3 CREDITS  This course is a survey of world literature from about 1600 to contemporary times. Students will study representative works that comprise literary traditions from diverse cultures throughout the world. The cultural, historical and philosophical influences of the literature will also be examined. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts and Associate in Science degrees.

ENGL 2433  SURVEY OF WORLD LITERATURE II
Prerequisite: (R), ENGL 1213 English Composition II

3 CREDITS  This course is a survey of world literature from about 1600 to contemporary times. Students will study representative works that comprise literary traditions from diverse cultures throughout the world. The cultural, historical and philosophical influences of the literature will also be examined. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts and Associate in Science degrees.

ENGL 2543  SURVEY OF ENGLISH LITERATURE I
Prerequisite: (R), ENGL 1213 English Composition II. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

3 CREDITS  Successful completion of this course will enable the student to construct appropriate oral and/or written statements concerning literary, historical, cultural, and philosophical movements from the Anglo-Saxon era up to approximately 1798.

ENGL 2653  SURVEY OF ENGLISH LITERATURE II
Prerequisite: (R), ENGL 1213 English Composition II. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

3 CREDITS  Successful completion of the tasks in this survey will enable the student to construct appropriate oral and/or written responses concerning literary, historical, cultural, and philosophical movements from the Romantic Age to the present time.

ENGL 2773  SURVEY OF AMERICAN LITERATURE I
Prerequisite: ENGL 1213 English Composition II

3 CREDITS  This course is a survey of American literature from the pre-Colonial Period to the Civil War. Students will study representative works that shaped the American literary tradition, placing them in their literary, historical, philosophical, and cultural contexts. In addition, students will examine common issues, conflicts, preoccupations, and themes found in the literary selections. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

ENGL 2883  SURVEY OF AMERICAN LITERATURE II
Prerequisite: ENGL 1213 English Composition II

3 CREDITS  This course is a survey of American literature from the Civil War to the present time. Students will study representative works that shaped the American literary tradition, placing them in their literary, historical, philosophical, and cultural contexts. In addition, students will examine common issues, conflicts, preoccupations, and themes found in the literary selections. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

ENGLISH AS A SECOND LANGUAGE

ESL 0373  TOEFL PREPARATION
Prerequisite: Appropriate Score on a Skills Assessment Test or by evaluation ♦

3 CREDITS  This course is for the intermediate to advanced level student who desires to improve his or her score on the institutional (paper-based) Test of English as a Foreign Language (TOEFL). The course provides extensive practice with the specific listening, grammar, and reading skills which are essential for TOEFL success. Although designed with the TOEFL examinee in mind, the drills and exercises in this course can be equally useful to the student who has other goals.

ESL 0413  ADVANCED LISTENING
Prerequisite: Appropriate Score on a Skills Assessment Test or by evaluation ♦

3 CREDITS  This course develops the student’s ability to comprehend and interpret aural information. Students practice active listening skills and develop comprehension abilities in a variety of discourse situations including natural conversations, film and video contexts, and classroom lectures. This course is organized around topics in American culture. Students will learn about and discuss the cultural values and traditions which have shaped and continue to shape American society.

ESL 0423  ADVANCED READING
Prerequisite: Appropriate Score on a Skills Assessment Test or by evaluation ♦

3 CREDITS  This course is for the student who wants to improve his/her ability to read English for academic purposes. Through extensive practice, students increase both their reading speed and their comprehension of college-level reading material. Acquisition of new college-level vocabulary is an integral part of the course. Students are given frequent and varied practice with vocabulary words including practice with word families and with the forms and grammatical features of new words.

ESL 0443  ADVANCED WRITING
Prerequisite: Appropriate Score on a Skills Assessment Test or by evaluation ♦

3 CREDITS  This course prepares students to write in English for academic purposes. Students develop the skills necessary for effective paragraph and
essay writing. Students learn how to generate and focus ideas, to support a thesis, and to revise and refine their work. Writing strategies and techniques covered will include brainstorming, free writing, drafting, and editing. The course introduces rhetorical patterns used in essay writing such as compare/contrast and persuasion.

**ESL 0453** ADVANCED GRAMMAR
Prerequisite: Appropriate Score on a Skills Assessment Test or by evaluation ♦

3 CREDITS This course provides a comprehensive and in-depth presentation of English grammar. Students practice the advanced usage of language skills necessary for success in academic and professional settings. Speaking tasks assigned will include discussion, debate, recitation, public speaking, and the production of dialogues and skits in-class performance. Aspects of pronunciation will be covered as needed to improve the student’s overall comprehensibility.

**ESL 0640** SPECIAL TOPICS IN ENGLISH AS A SECOND LANGUAGE
Prerequisite: None

**VARIABLE 1-3 CREDITS** The student will demonstrate competencies in specific areas of English as a Second Language study which are not covered in other English as a Second Language courses. The course can be repeated either with a change in course content or by recommendation of the instructor.

**ENTERPRISE COMMUNICATIONS SYSTEMS**

**ECS 1000** SPECIAL TOPICS
Prerequisite: (R) (W)

1-4 CREDITS Students demonstrate specific competencies in subjects not included in Enterprise Communication Systems courses but which benefit students wanting additional training in or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

**ECS 1022** INTRODUCTION TO ENTERPRISE COMMUNICATION SYSTEMS
Prerequisite: (R) (W)

2 CREDITS Students demonstrate basic competencies in network services, modems, and access devices, the Internet, convergence and wireless services. Students demonstrate knowledge of the history of the telecommunications, the public network and the Local Competition and the Telecommunications Act as it relates to the workforce requirements of network technicians and administrators.

**ECS 1054** BASIC WEB DESIGN ELEMENTS
Prerequisite: (R) (W)

4 CREDITS Students develop competencies in web design, basic web page design principles; file formats for creating web pages, accessibility, usability, and site management skills. Students demonstrate the ability to create basic HTML code, vector and bitmap graphics, SWF and GIF animations, animations with DHTML and images for web pages that include interactive elements and Cascading Style Sheets. In addition, students use web development tools to build a course project website.

**ECS 1214** PC HARDWARE AND SOFTWARE
Prerequisite: (R), (W)

4 CREDITS Students develop an understanding of emerging information technology and data communications. Students demonstrate, in a laboratory setting, knowledge of the necessary skills of building a computer, installing the operating systems, adding peripherals, and connecting the computer to a local-area network as well as the Internet.

**ECS 1233** OPERATING SYSTEMS
Prerequisite: (R) (W)

3 CREDITS Students will develop an understanding of various operating systems and demonstrate competencies in installing and operating various computer systems, the Internet and telephone applications-programming interface.

**ECS 1253** BEGINNING SOLARIS
Prerequisite: (R) (W)

3 CREDITS Students develop competencies in various operating command systems that include UNIX operating system commands, Solaris operating environment commands and Common Desktop Environments. Students demonstrate an understanding of fundamental command-line features of the operating environment including file system navigation, file permission, the VI text editor, and command shells.

**ECS 1273** BASIC JAVA ELEMENTS
Prerequisite: (R) (W)

3 CREDITS Students develop competencies in JAVA concerning basic programming with the conceptual understanding of object-oriented programming. Students identify JAVA language’s object-oriented techniques to solve business problems and to create classes, object, and applications.

**ECS 1314** ROUTING TECHNOLOGIES
Prerequisite: ECS 1314 Networking Fundamentals

4 CREDITS Students demonstrate specified competencies in various routers, switches, cable analyzers, smart remotes, and cable meters. Students demonstrate knowledge of the OSI reference model, the basics of network layout and function, and the elements of TCP/IP. Students will also set up and configure a local area network.

**ECS 1334** NETWORKING FUNDAMENTALS
Prerequisite: (R) (W)

4 CREDITS Students demonstrate specified competencies in various routers, switches, cable analyzers, smart remotes, and cable meters. Students demonstrate knowledge of the OSI reference model, the basics of network layout and function, and the elements of TCP/IP. Students will also set up and configure a local area network.

**ECS 2000** SPECIAL TOPICS
Prerequisite: (R) (W)

1-4 CREDITS Students demonstrate specified advanced competencies in subjects not included in other Enterprise Communication Systems courses but which benefit students wanting additional training in or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

**ECS 2224** NETWORK OPERATING SYSTEMS
Prerequisite: ECS 1214 PC Hardware and Software

4 CREDITS Students identify multi-user, multi-tasking network operating systems. LINUX, Windows 2000, NT, and XP networking operating systems will be covered. Students explore a variety of topics including installation procedures, security issues, back-up procedures, remote access and administration of Microsoft and Unix-based network operating systems.
and demonstrate these skills in the following areas through hands-on projects:

**4 CREDITS** Certification
Prerequisite: ECS 2364 Advanced Network & Design Management or CCNA

- Troubleshooting techniques for numerous LAN and WAN designs. Students also develop competencies to use configuration examples to demonstrate management and troubleshooting techniques for multi-protocol client hosts and servers. Students develop competencies and demonstrate an understanding of IP addressing, data-link layer networking addressing, simple network management protocols, interior gateway routing protocol, enhanced interior gateway protocol, classless IP and wide area networking.

**ECS 2354  ADVANCED SOLARIS**
Prerequisite: ECS 1253 Beginning Solaris

- 4 CREDITS Students develop advanced competencies in Solaris through implementing internetworking connectivity, systems, services, and security using the tools and features specific to Solaris. Students will demonstrate the ability to identify a variety of characteristics, commands and features specific to Solaris.

**ECS 2364  ADVANCED NETWORK & DESIGN MANAGEMENTS**
Prerequisite: ECS 2334 Advanced Routing & Switching

- 4 CREDITS Students demonstrate specified competencies in project-based experimental activity and network design. Students demonstrate knowledge in trends and developments in the field of networking. The student will work with a Professional Network/WAN design tool to complete a 12,000 Ethernet host design project.

**ECS 2414  BUILDING SCALABLE NETWORKS**
Prerequisite: ECS 2364 Advanced Network & Design Management or CCNA certification

- 4 CREDITS Students demonstrate the implementation of OSPF, EIGRP, BGP, Route Redistribution, NAT, Easy IP, Route Optimization, and Security utilizing Lock-and-Key, Reflexive, and Context-Based Access Control access lists.

**ECS 2434  BUILDING REMOTE ACCESS NETWORKING**
Prerequisite: ECS 2414 Building Scalable Networks

- 4 CREDITS Students build remote access networks. Students implement remote technologies in asynchronous modem dial-up, ISDN, X.25, frame relay, T1 and address security concerns utilizing PAP, CHAP, and Secure AAA.

**ECS 2454  BUILDING MULTILAYER SWITCHED NETWORKS**
Prerequisite: ECS 2434 Building Remote Access Networks

- 4 CREDITS Students develop competencies to design and implement a multi-layer switched network utilizing routers. Through hands on lab activities, students demonstrate the ability to optimize routing, ensure network availability, and provide for multi-cast applications.

**ECS 2474  INTERNETWORK TROUBLESHOOTING**
Prerequisite: ECS 2454 Building Multi-layer Switched Networks

- 4 CREDITS Students learn to troubleshoot an environment that uses routers and switches for multi-protocol client hosts and servers. Students develop competencies to use configuration examples to demonstrate management and troubleshooting techniques for numerous LAN and WAN designs. Students also demonstrate the ability to identify tools used to troubleshoot the most common networking environments in use today.

**ECS 2514  FUNDAMENTALS OF NETWORK ROUTER SECURITY**
Prerequisite: ECS 2364 Advanced Network & Design Management or CCNA certification

- 4 CREDITS Students learn the overall security processes of basic networks and demonstrate these skills in the following areas through hands-on projects: Security policy design and management, Security technologies, products and solutions, Firewall and secure router design, installation, configuration, maintenance and management, AAA implementation using routers, Instruction detection (IDS) implementation using routers, and VPN implementation using routers.

**ECS 2534  FUNDAMENTALS OF NETWORK SECURITY FOR PIX FW**
Prerequisite: ECS 2364 Advanced Network & Design Management or CCNA certification

- 4 CREDITS Students learn basic security processes dealing with network firewalls. Students demonstrate skills in Security policy design and management of firewalls, Security technologies, products and solutions associated with firewalls, Firewall and secure router design, installation, configuration, maintenance and management of firewalls. Additional areas are: AAA implementation using routers and firewalls, Intrusion detection (IDS) implementation using routers and firewalls, VPN implementation using routers and firewalls.

**ECS 2554  FUNDAMENTALS OF WIRELESS LANS**
Prerequisite: ECS 2364 Advanced Network & Design Management or CCNA certification

- 4 CREDITS Students design, plan, implement, operate and troubleshoot wireless LANs. Students demonstrate comprehension of wireless LANs through a variety of hands-on projects and laboratory simulations. Special projects will cover: setting up and troubleshooting various wireless LAN technologies and products, providing solutions, completing site surveys and resilient WLAN designs, installation and configuration of various wireless networks, performing WLAN security diagnostics and developing vendor interoperability strategies.

---

**FILM AND VIDEO PRODUCTION**

**FVP 1000  SPECIAL TOPICS IN FILM TECHNOLOGY**
Prerequisite: None

- Variable 1-3 CREDITS The student will demonstrate specified competencies in subjects not included in other film and video production courses but which will benefit students wanting additional training. Each course will cover a specific topic and may be repeated with a change in content.

**FVP 1133  PRODUCTION DESIGN**
Prerequisite: (R)

- 3 CREDITS The student will demonstrate an understanding of location design, exterior and interior art direction and construction, stage sets, props, signage, costume and set decoration, makeup, and hair dressing.

**FVP 1214  CINEMATOGRAPHY I**
Prerequisite: (R)

- 4 CREDITS Students will be introduced to the equipment and technical aspects used for films and television. They will demonstrate an understanding of terms and procedures in selecting equipment for specific scenes. They will demonstrate a basic understanding of how to use lights, sound and camera devices. They will demonstrate a technical understanding of the workflow utilized in preproduction, production and post production process of motion pictures. Laboratory experience is a required component of this course.

**FVP 1713  SCREENWRITING**
Prerequisite: (R), (W), or by evaluation

- 3 CREDITS Students will be given basic instruction in the skills of writing and analyzing screenplays. Students will produce examples of the type of writing on which the instruction is focused. This course will include the analytical breakdown of screenplay elements through script analysis of feature-length screenplays and short-form screenplays. Students will synthesize their knowledge and skills learned in class, and problem-solve by writing “coverage” of student class projects—and by writing multiple short-form screenplays, culminating in a screenplay for a Capstone Project. They will also create a step-outline for a feature-length motion picture.
FVP 2000 SPECIAL TOPICS IN FILM TECHNOLOGY
Prerequisite: 6 hours of Film and Video Production courses or by evaluation ♦
Variable 1-3 CREDITS The student will demonstrate specified competencies in subjects not included in other film and video production courses but which will benefit students wanting advanced training. Each course will cover a specific topic and may be repeated with a change in content.

FVP 2123 FILM PRODUCTION AND BUSINESS
Prerequisite: (R), (W).
3 CREDITS Students will study the film-making process from concept to completion with special emphasis on the relationship between key staff members such as the producers, editors, directors, and cinematographers. They will demonstrate a basic understanding of film production technology and terminology. They will also analyze publicity, marketing techniques and materials, distribution plans, contracts, labor relations, business plans, copyright, chain of title, and negotiating with management and representation. As part of this course students will develop an entire plan for the production of a film which may become their Capstone project. The plan will include the selection of a script, a detailed schedule, budget, and possible contracts for staff and talent.

FVP 2153 SCREENPLAY INTERPRETATION
Prerequisite: (R), FVP 1214, FVP 2323 or by evaluation ♦
3 CREDITS Students will learn the form and function of the basic motion picture screenplay through the analytical breakdown of film elements from the perspective of selected labor craft categories. Students will demonstrate their ability to apply learned craft skills to interpret the suggested imagery of the screenwriter by applying useful, creative and technical contributions in the production of screenplay into filmmaking projects.

FVP 2214 CINEMATOGRAPHY II
Prerequisite: FVP 1214 or by evaluation ♦
4 CREDITS Students will be introduced to the composition of film and television. They will demonstrate an understanding of picture and sound techniques to produce a meaningful and cohesive visual and aural story. They will demonstrate a basic understanding of utilizing lights, sound and camera locations and movements relative to the visual and aural story. Laboratory experience is a required component of this course.

FVP 2253 FILM SOUND
Prerequisite: FVP 1214 CINEMATOGRAPHY I
3 CREDITS Students will demonstrate the use of microphones, microphone placement, sound enhancements, volume, and the recording techniques used on location and in a studio. They will produce a full sound mix, including dialogue, score, source music, sound effects, and a variety of digital technologies.

FVP 2263 AMERICAN CINEMA
Prerequisite: ENGL 1113 or by evaluation ♦
3 CREDITS The focus in this course will be on these film topics: history and development, the studio system, economic structure, technical and critical vocabulary, style, the star, genres, themes, and audience. Instructional films and readings will enable the student to understand each of these topics; furthermore, the student will view several classic and contemporary American films to exemplify and clarify cinematic techniques and concepts. The student will become able to think and write critically about film and its role in American culture.

FVP 2273 DOCUMENTARY FILMMAKING
Prerequisite: FVP 1214 and FVP 2323, or by evaluation ♦
3 CREDITS Students will analyze the techniques and resources for the successful development and completion of filmed documentary productions. They will examine the duties of the documentary filmmaker from the perspective of the various craft categories. Students will synthesize their knowledge and skills learned in class, and problem-solve by producing examples of the type of filmmaking on which the instruction is focused.

FVP 2314 CINEMATOGRAPHY III
Prerequisite: FVP 2214 or by evaluation ♦
4 CREDITS Students will be introduced to the special effects technology of match movement. They will demonstrate an understanding of the knowledge and skills to track a camera’s movement in three-dimensional space so a virtual camera can be reproduced by computer software. They will demonstrate an understanding of three-dimensional match moving tools to extrapolate three-dimensional information from two-dimensional photography. Laboratory experience is a required component of this course.

FVP 2323 FILM EDITING AND DIGITAL EFFECTS I
Prerequisite: (R), by evaluation ♦
3 CREDITS Students will learn the digital environment of the non-linear AVID editing system, mastering the basics of multiple video and audio tracks, scenes assembly, time line structure and maintenance. Basic transitions such as dissolves, fades, wipes, and others will be introduced. Students will learn the process of commercial digital film editing and become familiar with story line and plot development through basic post-production techniques of picture and sound juxtaposition. Students will also be introduced to the mechanics and methods of digital effects. They will demonstrate a proficiency in the manipulation of single images, resulting in digitally enhanced composite shots and scenes.

FVP 2423 FILM EDITING AND DIGITAL EFFECTS II
Prerequisite: FVP 2323 or by evaluation ♦
3 CREDITS Students will master the visual and aural forces that make film an expressive means of communication utilizing the digital medium of the intermediate level AVID non-linear editing system. Students will demonstrate proficiency in construction of film sequences, interrelationships of the various film elements, editorial theory and practices that affect the overall aesthetics of recorded storytelling. They will additionally study the arena of digital effects and various non-linear after-market effects palettes.

FVP 2453 FILM SOUND EDITING
Prerequisite: (R), FVP 2253
3 CREDITS Students will master the aural forces that make film an expressive means of communication utilizing the digital medium of the intermediate ProTools non-linear sound editing system. Students will demonstrate proficiency in construction of sound sequences, interrelationships of the various sound track elements, sound design, Foley and editorial theory that affect the overall aural aesthetics of recorded music and effects in film storytelling.

FVP 2613 FILM OR VIDEO INTERNSHIP
Prerequisite: 6 hours of Film and Video Production courses or by evaluation ♦
Variable 1-3 CREDITS Students will work on the production of student films, or they will be placed in a professional setting that will require them to use their workplace skills through a supervised practical experience in support of film or video projects. The course may be repeated to a maximum of 6 CREDITS with the consent of the instructor.

FVP 2623 DIRECTING
Prerequisite: (R), FVP 1214, or by evaluation ♦
3 CREDITS Students will analyze the techniques and resources used in modern film directing. They will learn the director’s responsibilities in script development, pre-production, production, and post-production. They will learn how a director assesses and integrates the individual contributions of the various film crafts into a production. They will learn how to work with actors in casting sessions and on the set. They will be given practical, hands-on experience in directing by the completion of directing assignments and projects. Students will be divided into teams to work on directing assignments outside of class for later presentation in class, as well as presentations of edited assignments. Each team will be responsible for “casting” the acting talent required for those assignments. Some additional time outside of class will be required for the editing of projects.
of language and culture. Credit is variable, and with different content, may be repeated for up to 6 credits.

FREN 1010 CONVERSATIONAL FRENCH I
Prerequisite: (R) (W)
1-4 CREDITS The beginning student will develop oral communication skills through intensive practice in French with a focus on listening and speaking activities. The student will be able to function in French on topics of everyday life. Credit is variable and, with different content, may be repeated for up to 4 credits.

FREN 1115 ELEMENTARY FRENCH I
Prerequisite: (R) (W)
5 CREDITS The beginning student will acquire fundamental proficiency in understanding, speaking, reading, and writing French. The student will also explore important aspects of French and Francophone culture. Laboratory experience is an integral part of the course.

FREN 1120 CONVERSATIONAL FRENCH II
Prerequisite: FREN 1010 or FREN 1115 or by evaluation ♦
1-4 CREDITS The student will further develop oral communication skills through intensive practice in French with a focus on listening and speaking activities. The student will be able to function in French in a variety of situations. Credit is variable and, with different content, may be repeated for up to 4 credits.

FREN 1225 ELEMENTARY FRENCH II
Prerequisite: FREN 1115 or by evaluation ♦
5 CREDITS A continuation of FREN 1115. The student will demonstrate increased proficiency in understanding, speaking, reading, and writing French. The student will continue to explore significant aspects of French and Francophone culture. Laboratory experience is an integral part of the course. Satisfactory completion of this course confirms that a student has demonstrated competency in a foreign language at the novice-high level on the ACTFL scale. The class is taught in French.

FREN 2113 INTERMEDIATE FRENCH I
Prerequisite: FREN 1225 or by evaluation ♦
3 CREDITS The student will demonstrate proficiency in understanding, speaking, reading, and writing French at the intermediate level. The student will read a variety of French texts, using them as a basis for conversation and composition in French and will begin a systematic review of French grammar. The class is taught in French.

FREN 2223 INTERMEDIATE FRENCH II
Prerequisite: FREN 2113 or by evaluation ♦
3 CREDITS A continuation of FREN 2113. The student will demonstrate increased proficiency in understanding, speaking, reading, and writing French at the intermediate level. The student will read short literary texts and use them as a basis for discussions and compositions in French and will complete a systematic review of French grammar. The class is taught in French.

GEOGRAPHY

GEOL 1063 EARTH SCIENCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS Students will demonstrate their understanding of an overview of the earth sciences. The student will study the areas of astronomy, meteorology, climatology and oceanography, with the major concentration on the study of geologic principles. GenEd Requirement
GEOL 1064 EARTH SCIENCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
4 CREDITS Students will describe theories of the earth’s formation, its composition and structure and the processes which change the earth’s surface. Laboratory work and field trips are an integral part of the course. GenEd Requirement †

GEOL 1114 GENERAL GEOLOGY
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
4 CREDITS Students will describe theories of the earth’s formation, its composition and structure and the processes which change the earth’s surface. Laboratory work and field trips are an integral part of the course. GenEd Requirement †

GERMAN

GRMN 1000 SPECIAL TOPICS
Prerequisite: (R) (W)
VARIABLE 1-3 CREDITS The student will demonstrate competencies not covered in other German language courses. Each course will concentrate on a specific language skill such as Conversational or Traveller’s German. The course may be repeated with a change in subject matter.

GRMN 1010 CONVERSATIONAL GERMAN I
Prerequisite: (R) (W)
1-4 CREDITS The beginning student will develop oral communication skills through intensive practice in German with a focus on listening and speaking activities. The student will be able to function in German on topics of everyday life. Credit is variable and, with different content, may be repeated for up to 4 credits.

GRMN 1115 ELEMENTARY GERMAN I
Prerequisite: (R) (W)
5 CREDITS The beginning student will acquire fundamental proficiency in the pronunciation, grammar, reading, speaking, and writing of German. The student will also explore certain aspects of German culture. Laboratory experience is an integral part of the course.

GRMN 1120 CONVERSATIONAL GERMAN II
Prerequisite: (R) (W), GRMN 1010 or GRMN 1115
1-4 CREDITS The student will further develop oral communication skills through intensive practice in German with a focus on listening and speaking activities. The student will be able to function in German in a variety of situations. Credit is variable and, with different content, may be repeated for up to 4 credits.

GRMN 1225 ELEMENTARY GERMAN II
Prerequisite: (R) (W), GRMN 1115
5 CREDITS A continuation of GRMN 1115. The student will demonstrate increased proficiency in the fundamentals of German grammar, oral communication, as well as in reading and writing skills. The student will continue to explore selected aspects of German culture. Laboratory experience is an integral part of the course.

GRMN 2113 INTERMEDIATE GERMAN I
Prerequisite: (R) (W), GRMN 1225
3 CREDITS The student will read a variety of German texts, using them as a basis for conversation and short compositions in German. Laboratory work and field trips are an integral part of the course. GenEd Requirement †

GRMN 2223 INTERMEDIATE GERMAN II
Prerequisite: (R) (W), GRMN 2113
3 CREDITS A continuation of GRMN 2113. The student will read more advanced German texts, using them as a basis for discussions and literary compositions in German. Grammar review and enrichment are an ongoing part of the course.

GRAPHIC COMMUNICATIONS

GCOM 1000 SPECIAL TOPICS IN GRAPHIC COMMUNICATIONS
Prerequisite: (R)
VARIABLE 1-6 CREDITS Students will develop skills and demonstrate competencies in topics not covered in other Graphic Communication courses. A specific topic is designated for each offering. This course may be repeated with a change in subject matter.

GCOM 1023 INTRODUCTION TO GRAPHIC DESIGN
Prerequisite: (R)
3 CREDITS This course is an introduction to the principles of design, terminology, typography, and the design process. Students will demonstrate an understanding of the design and print process, the use of emphasis, contrast, balance, alignment, repetition, flow, color and typography through the successful completion of assigned projects.

GCOM 1053 ELECTRONIC PUBLISHING: INDESIGN I
Prerequisite: (R)
3 CREDITS Students will demonstrate proficiency in using the Macintosh computer in the production of various types of printed material. In addition, they will demonstrate skills in specifying typography, importing photos and artwork into documents, the application of design principles, and preparing documents for the commercial printing process.

GCOM 1133 INTRODUCTION TO MACINTOSH
Prerequisite: (R)
3 CREDITS The student will demonstrate a working knowledge of creating documents and folders and filing them in the current operating system, networking, accessing the internet, and producing basic documents using several graphic arts software programs.

GCOM 1143 BLACK AND WHITE PHOTOGRAPHY I
Prerequisite: (R)
3 CREDITS The student will demonstrate basic 35mm camera operations as well as black and white film processing and printing. The student will demonstrate knowledge of basic principals of photography, use of various lenses, filters and exposure manipulation in photo development and printing.†

GCOM 1153 DIGITAL PHOTOGRAPHY
Prerequisite: (R)
3 CREDITS The student will demonstrate proficiency in using digital cameras and will produce color and black and white images which demonstrate a knowledge of basic principals of composition. Students will also demonstrate the ability to use the software program Adobe Photoshop to enhance, retouch, resize, format and store their digital images for use in printing and on the web.

GCOM 1183 COMPUTER DRAWING: ILLUSTRATOR
Prerequisite: (R)
3 CREDITS The student will demonstrate knowledge of vector illustration techniques using Adobe Illustrator software. The student will also create and edit graphic objects and type, select various menu commands, and use keyboard shortcuts.

GCOM 1223 ADVERTISING LAYOUT
Prerequisite: (R), GCOM 1053
3 CREDITS Students will demonstrate, by tests and performance, the ability to make effective advertising layouts which meet industry standards. Students will demonstrate effective use of color, dominant and subordinate elements, typography, and production skills in their designs.
GCOM 2000  INTERNSHIP  
Prerequisite: (R), by evaluation ♦

VARIABLE 1-6 CREDITS  The student will work in a real graphic arts environment. The student will be instructed by a qualified graphic artist in a work situation and will produce printable assignments using current technology. This course may be repeated to a maximum of nine CREDITS with the by evaluation ♦

GCOM 2053  ELECTRONIC PUBLISHING: INDESIGN II  
Prerequisite: GCOM 1053 or by evaluation ♦

3 CREDITS  The student will demonstrate proficiency using advanced functions and commands of electronic desktop publishing. This will include libraries, master pages, color separation, prepress document preparation, working with graphic files, and templates.

GCOM 2100  ADVANCED SPECIAL TOPICS  
Prerequisite: (R), Any 1000-level GCOM course or by evaluation ♦

VARIABLE 1-3 CREDITS  Students will demonstrate competencies in advanced topics not covered in other Graphic Communication courses. A specific topic is designated for each offering. This course may be repeated with a change of subject matter.

GCOM 2143  PHOTO LIGHTING  
Prerequisite: GCOM 1143 or by evaluation ♦

3 CREDITS  The student will demonstrate proficiency in photographic lighting through projects which demonstrate basic lighting techniques on people and objects using studio lighting and electronic flash.

GCOM 2153  DIGITAL PHOTOGRAPHY II  
Prerequisite: GCOM 1153 or by evaluation ♦

3 CREDITS  The student will demonstrate knowledge of DSLR camera operations, exposure, exposure controls, lenses, depth of field, shutter speeds, existing lighting, and basic lighting techniques using studio lighting and electronic flash. Student proficiency will be indicated by successful completion of projects and the development of a one-person exhibit or portfolio.

GCOM 2163  PHOTOJOURNALISM  
Prerequisite: GCOM 1153, GCOM 2153 or by evaluation ♦

3 CREDITS  The student will demonstrate the skills used in publication photography. These skills include knowledge of equipment, special lighting, compositional techniques, and publication requirements used in photographing news events and photo essays. Student proficiency will be indicated by successful completion of projects and the development of a one-person exhibit or portfolio.

GCOM 2243  BLACK AND WHITE PHOTOGRAPHY II  
Prerequisite: GCOM 1143 or by evaluation ♦

3 CREDITS  The student will demonstrate advanced composition techniques for portrait, architectural, still life, scenic, night and small object photography subjects. Proficiency will be demonstrated by development of a one-person exhibit or portfolio.

GCOM 2253  ADVERTISING PHOTOGRAPHY  
Prerequisite: GCOM 1153, GCOM 2153 or by evaluation ♦

3 CREDITS  The student will demonstrate the skills used in catalog and advertising photography. These skills include knowledge of equipment, special lighting, and compositional techniques used in the studio and on location. Student proficiency will be indicated by successful completion of projects and the development of a one-person exhibit or portfolio.

GCOM 2323  PUBLICATION DESIGN  
Prerequisite: GCOM 1053 or by evaluation ♦

3 CREDITS  Upon completion of the course the student will demonstrate knowledge of the elements of newsletter and magazine design. The student will produce a four-page newsletter. The student will also produce a magazine cover, table of contents page(s), masthead, and departmental page designs. The work will be performed on a Macintosh computer using a desktop publishing program.

GCOM 2353  APPLIED GRAPHIC ART  
Prerequisite: GCOM 1053 and GCOM 1223

3 CREDITS  The student will apply skills learned in previous classes to produce real projects for the College or community. Students will design and produce a variety of production pieces.

GCOM 2363  PORTRAIT PHOTOGRAPHY  
Prerequisite: GCOM 1153, GCOM 2153 or by evaluation ♦

3 CREDITS  The student will demonstrate the skills required to photograph people in the studio and on location. These skills include knowledge of equipment, special lighting, and posing techniques. Student proficiency will be indicated by successful completion of projects and the development of a one-person exhibit or portfolio.

GCOM 2373  GRAPHIC ARTS ILLUSTRATION  
Prerequisite: ART 1123 or by evaluation ♦

3 CREDITS  The student will learn about and produce illustrations using a variety of techniques and media. Types of illustrations produced include pencil, ink, markers, scratchboard, colored pencil and mixed media. Work will be accomplished to conform to professional standards in the graphic arts industry.

GCOM 2773  IMAGE EDITING: PHOTOSHOP I  
Prerequisite: (R)

3 CREDITS  The student will demonstrate knowledge of the tools and functions of Photoshop software program. The student will complete projects which indicate an understanding of image retouching and manipulation, color correction, image sharpening, RGB color, CMYK color, separations, channels, paths, and filters.

GCOM 2783  IMAGE EDITING: PHOTOSHOP II  
Prerequisite: GCOM 2773 or by evaluation ♦

3 CREDITS  The student will demonstrate knowledge of more advanced functions of the Photoshop software program. Student proficiency will be demonstrated by successfully completing projects which require skills in advanced techniques in selection, layering, color correction, and image manipulation.

GCOM 2793  WEB PAGE DESIGN I  
Prerequisite: (R)

3 CREDITS  The student will demonstrate knowledge of basic screen design principles for Web pages and human interface design principles. The student will also demonstrate skill in the preparation of graphics and media for Web-based delivery, be able to use browsers, HTML, a Web page authoring program, cross-platform authoring, color space, index color palettes, imagemaps, links, patterned backgrounds, import graphics in various file formats, and produce on-screen illustrations and designs.

GCOM 2803  PORTFOLIO PREPARATION AND PRESENTATION  
Prerequisite: GCOM 1223, GCOM 1053 and GCOM 2323 or by evaluation ♦

3 CREDITS  The student will prepare a portfolio for professional presentation and evaluation. The portfolio will consist of matted pieces, resume, and notebook which contains samples of projects representing skills using various graphic arts software programs.

GCOM 2813  WEB PAGE ANIMATION I  
Prerequisite: (R)

3 CREDITS  The student will be able to produce vector-based animated and interactive Web sites with frames and keyframes, layers, scenes, morphing, animations that follow a path, animations within a mask, static and animated buttons, sound for buttons and movies, and be able to publish work for web delivery on an HTML page.

GCOM 2833  WEB PAGE DESIGN II  
Prerequisite: GCOM 2793, or by evaluation ♦

3 CREDITS  Students will create Web sites, format text, insert images, create tables, links, framesets. They will also be able to use cascading style sheets (CSS) for consistent formatting, use layers to design pages, convert layers to tables,
convert tables to layers, create rollovers, and use a timeline to animate objects and text.

GCOM 2843  WEB PAGE ANIMATION II  
Prerequisite: GCOM 2813 or by evaluation ♦

3 CREDITS  The student will demonstrate the ability to create interactive multimedia and web projects using the Flash! software authoring environment. He/She will also demonstrate knowledge of ActionScript, the Flash! programming language, and use it to create and enhance online (web sites) and offline (CD-ROM) projects. In addition, the student will demonstrate a working knowledge of variables, scripted motion, text fields, advanced movie clip options, arrays, and functions.

GCOM 2853  MULTIMEDIA PORTFOLIO PRODUCTION  
Prerequisite: GCOM 2813 and GCOM 2583 or by evaluation ♦

3 CREDITS  The student will demonstrate the ability to design and produce an interactive QuickTime movie presentation using an authoring software. The production will include animation, graphics, text, digital photography, sound and video. The project will become part of the student’s portfolio.

HISTORY

HIST 1000  SPECIAL TOPICS IN HISTORY  
Prerequisite: (R), by evaluation ♦

VARIABLE 1-3 CREDITS  The student will demonstrate competencies in subjects not covered in other history courses. Each course will relate to a specific issue and may be repeated with a change in topic.

HIST 1123  SURVEY OF AMERICAN SPORTS HISTORY  
Prerequisite: None

3 CREDITS  Students will participate in discussions of American Sports History—which may include the study of baseball, football, basketball, and/or other sport histories and heroes, as well as their memories and myths from the age of folk games to the age of televised sports, with special emphasis on the nineteenth and twentieth centuries. Information sources for class discussions may include appropriate video, print, and/or Internet learning materials.

HIST 1483  U.S. HISTORY TO THE CIVIL WAR  
Prerequisite: (R) (W)

3 CREDITS  After analyzing events in American history from 1400 to 1870 in such areas as revolution, geographic and social mobility, political reform, government precedents and war, the student will be able to identify patterns of present day mobility, describe governmental operations in his society and help resolve conflict in society based on the students search for change, precedents, and conflict in the American past. GenEd Requirement

HIST 1493  U.S. HISTORY SINCE THE CIVIL WAR  
Prerequisite: (R) (W)

3 CREDITS  After analyzing events in American history from 1870 to the present in such areas as political reform, industrialization, urbanization, ethnic acculturation and war, the student will be able to identify meaningful changes in his society, identify equal rights in that society, and help resolve conflict in this society based on the students search for change, equal rights and conflicts in the American past. GenEd Requirement

HIST 1613  EARLY WESTERN CIVILIZATION  
Prerequisite: (R) (W)

3 CREDITS  After surveying the roots of civilization, students will study the origins of Western Civilization in the Greco-Roman world, medieval Europe, the European Renaissance, the Reformation, and the Age of Discovery. Students will be able to identify contributions of early Western Civilization to the emergence of the modern West, including modern Europe and the United States.

HIST 1623  MODERN WESTERN CIVILIZATION  
Prerequisite: (R) (W)

3 CREDITS  After surveying the history of Western man since 1500, the student will be able to identify main themes in the development of Western civilization and describe their effects on the civilization of modern Western man.

HIST 1713  SURVEY OF WORLD CIVILIZATIONS TO 1600 C.E.  
Prerequisite: (R) (W)

3 CREDITS  After a general introduction to the roots of human civilization, students will survey the development of the major civilizations of Mesoamerica, Africa, Asia, and Europe to 1600 C.E. After studying these major civilizations in a comparative framework, students will be able to identify and explain both common aspects of human development and dissimilarities among the particular civilizations of the pre-modern world.

HIST 1723  SURVEY OF WORLD CIVILIZATIONS SINCE 1600 C.E.  
Prerequisite: (R) (W)

3 CREDITS  Students will survey the history of the major civilizations of Mesoamerica, Africa, Asia, and Europe from 1600 C.E. to the present. After studying these civilizations in a comparative framework, students will be able to identify major patterns of political, economic, social, and cultural change and conflict over a period in which contact between civilizations became more frequent and sustained and the West rose to world prominence.

HIST 2103  OKLAHOMA-LAND OF THE RED MAN  
Prerequisite: (R) (W)

3 CREDITS  After analyzing events in Oklahoma history from the earliest times to the present in such areas as Indian acculturation, development of natural resources and political reform, the student will be able to relate his or her occupation to the needs of the state, describe his or her cultural inheritances in Oklahoma, and describe state governmental operations based on the student’s analysis of Oklahoma’s past.

HIST 2113  HISTORY OF RUSSIA  
Prerequisite: (R) (W)

3 CREDITS  After studying the history of Russia from its beginning to the present, students will be able to identify and explain the political, economic, social, and cultural changes that occurred through the various stages of Russian development.

HIST 2123  AFRICAN-AMERICAN HISTORY  
Prerequisite: (R) (W)

3 CREDITS  After analyzing African-American History from 1600 to the present, and surveying topics such as psychological identity, political reform, leadership, living patterns, and protest, the student will be able to identify prejudice in his or her own society, describe the current meaning of African American protest, and identify present day needs of the African American community.

HIST 2133  SURVEY OF WOMEN’S HISTORY  
Prerequisite: None

3 CREDITS  Students will study the history of women, in the course that may take an American, European, or international perspective. The public and private spheres of women’s lives will be examined through reading and brief writing
assignments, worksheets, participation, in class discussions, and book reviews. Students will submit assignments online using Webct. Students will submit assignments using MS Word or MS PowerPoint.

HIST 2153 SURVEY OF AMERICAN FAMILIES AND COMMUNITIES
Prerequisite: HIST 1483 or 1493, or by evaluation ♦
3 CREDITS Students will survey the history of the American family and community life in the nineteenth and twentieth centuries. Students will focus on slavery, industrialization, the growth of working classes, westward expansion, and changing roles of women in society. This is not a genealogy course, but a social history that relies on a wide range of historical resources.

HIST 2203 THE AMERICAN INDIAN
Prerequisite: (R) (W)
3 CREDITS After analyzing events in Native American history including artifacts, social organization, recreation, art, religion, ceremonialism, history, prehistory and acculturation, the student will describe Indian cultural differences, identify trends in white-Indian relationships, explain how native cultures have influenced contemporary American culture and assess the major issues of the American Indians, past, present and future.

HIST 2213 GREAT AMERICAN BIOGRAPHIES
Prerequisite: (R) (W)
3 CREDITS Great American Biographies introduces students to biographies and autobiographies of significant people in U.S. history. Students study the lives and work of individuals by reading, watching biographical films, engaging in discussions, and, finally, by writing a fifteen-page biography of an ancestor or family member.

HIST 2303 HISTORICAL RESEARCH, METHODS, AND WRITING
Prerequisite: ENGL 1113
3 CREDITS The course is designed for History majors. It will prepare students to research and write research papers. Papers will present results of investigations on historical topics. Students will learn how to use library as a research tool for primary and secondary sources. The course will emphasize the importance of gathering, interpreting, and documenting evidence, organizing ideas and drawing conclusions.

HIST 2343 WORLD HISTORY: MIDDLE EAST
Prerequisite: None
3 CREDITS This course introduces students to the history, peoples, and cultures of the Middle East from 3000 B.C.E. to 2000 C.E. It will focus on the ties between the past and present, continuities and discontinuities. Specifically, the course will locate the roots of three world religions, Judaism, Christianity, and Islam in the Middle East. The domination of Egypt, Romans, and the Ottomans will help to shape the historical overview. This course requires students to use Webct, present with use of PowerPoint software, and to submit all assignments in typed format.

HIST 2353 WORLD HISTORY: LATIN AMERICA
Prerequisite: Pre or Corequisite: ENGL 1113 or by evaluation ♦
3 CREDITS Students will survey the history of Latin America, focusing on indigenous inhabitants, their interaction with Europeans, especially the Spanish and Portuguese, the colonization process, independence movements and current economic, political and cultural issues. Course materials include textbooks and novels that relate the histories of the area as well as journal articles, websites and other sources. Student assignments will be submitted electronically.

HUMANITIES

HUM 1113 MUSIC APPRECIATION
Prerequisite: (R) (W)
3 CREDITS After listening to and studying a variety of pieces representative of traditional forms of music, the student will identify and describe each of these forms. Emphasis will be on listening and the development of informed, critical listening habits. Attendance at musical concerts is required. This course is designed for non-music majors.

HUM 2000 HUMANISTIC STUDIES
Prerequisite: ENGL 1113 English Composition I
3 CREDITS VARIABLE 1-6 CREDITS With the assistance of a mentor, the student will develop and use a method to make humanistic inquiries into a topic which both agree adds to the understanding of human experience. Credit is variable; with different content it may be repeated for up to 6 credits.

HUM 2103 MUSIC MASTERPIECES
Prerequisite: (R) (W)
3 CREDITS The student will listen to selected musical compositions from Bach to the 20th century composers and make accurate oral and written comments which describe the expressive features and cultural importance of these selections. The course may be repeated with a change in content.

HUM 2120 MUSEUM STUDIES
Prerequisite: ENGL 1113 English Composition I
3 CREDITS VARIABLE 3-5 CREDITS After visiting selected museums and attending lectures, discussions, and presentations on related topics, the student will research and make accurate oral and/or written statements about how the collections in various types of museums reflect human values and cultural traditions.

HUM 2133 COMPARATIVE RELIGIONS
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This course is a study of the major world religions both ancient and modern. The student will examine and compare historical developments, major historical figures, philosophical tenets and /or belief systems, and sacred texts from various religions. Also, students will evaluate the impact of these elements within a contemporary, global framework. This course satisfies three credits of the General Education Humanities requirements for all Associate in Arts, Science, and Diversified Studies degrees.

HUM 2143 MYTHOLOGY
Prerequisite: ENGL 1113 English Composition I
3 CREDITS In this review of myth throughout history, students will examine common motifs shared by myths from various cultures. In discussions and written responses, students will analyze the connections between myths and describe the function of myth in society and its importance to the individual. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

HUM 2153 INTRODUCTION TO EASTERN THOUGHT
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This survey course is designed to introduce the student to the major religious and philosophic systems of the Asian world. After completing the course, the student will be able to accurately describe and discuss the historical development and major concepts of Hinduism, Buddhism (including Zen), Confucianism and Taoism.

HUM 2163 LEADERSHIP DEVELOPMENT
Prerequisite: ENGL 1113 English Composition I
3 CREDITS Given examples of leadership qualities and skills which are evident in selected readings from classical literature, portrayed in selected films and discussed in contemporary leadership theory, the student will develop a fundamental understanding of leadership and the skills manifest in effective leaders. Participation in course discussions and activities will enable the student to develop personal leadership abilities.

HUM 2213 HUMANITIES-CLASSICAL AND MEDIEVAL
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This course is a study of the humanities from pre-history through the early Renaissance. The student will recognize, interpret, and evaluate the interrelationship of art, architecture, literature, philosophy, and music and their legacies and impact on contemporary culture. This course satisfies three credits of the General Education Humanities requirement for all Associates in Art, Science, and Diversified Studies degrees.
HUM 2223 HUMANITIES-MODERN  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS This course is a study of the humanities from the early Renaissance to the present. The student will recognize, interpret, and evaluate the interrelationship of art, architecture, literature, philosophy, and music and their legacies and impact on contemporary culture. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science and Diversified Studies degrees.

HUM 2223 EUROPEAN FILM  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS After viewing classic and contemporary European films, the student will identify and describe those technical and artistic qualities which characterize fine films. The student will accurately describe the role of European cinema within the cultural framework of western civilizations.

HUM 2243 FILM STUDIES  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS The focus in this course will be on these film topics: composition, cinematography, editing, and sound techniques; in addition, the student will study narrative structure, thematic elements, and viewer response. Instructional films and readings will enable the student to understand each of these topics; furthermore, the student will view several classic and modern American and international films to exemplify and clarify cinematic techniques and concepts. The student will write and speak critically about film and its role in human culture.

HUM 2253 DOCUMENTARY FILMS  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS Given historical information about documentary films, screenings of selected documentaries and discussions of the films’ purposes and effects, a student will discuss orally or in writing how documentary films display, influence, and examine human values.

HUM 2263 AMERICAN CINEMA  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS The focus in this course will be on these film topics: history and development, the studio system, economic structure, technical and critical vocabulary, style, the star, genres, themes, and audience. Instructional films and readings will enable the student to understand each of these topics; furthermore, the student will view several classic and contemporary American films to exemplify and clarify cinematic techniques and concepts. The student will think and write critically about film and its role in American culture.

HUM 2273 INTERNATIONAL CINEMA  
**Prerequisite:** (W) ENGL 1113  
3 CREDITS In International Cinema, students will examine the themes and techniques of films from around the world, students will study the evolution of the folk tale and the development of lore. Through discussion and written responses, students will describe the functions of folklore and analyze its importance to the individual and to various cultures throughout history. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

HUM 2283 FILM GENRE  
**Prerequisite:** ENGL 1113: English Composition I  
3 CREDITS By reviewing literary and other artistic examples of folklore from around the world, students will study the evolution of the folktale and the development of lore. Through discussion and written responses, students will describe the functions of folklore and analyze its importance to the individual and to various cultures throughout history. This course satisfies three credits of the General Education Humanities requirement for all Associate in Arts, Science, and Diversified Studies degrees.

HUM 2353 HISTORY OF SCIENCE  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS This course satisfies three credits of the General Education Humanities for all Associate in Arts, Science, and Diversified Studies degrees. Course units will examine selected episodes or periods in the history of science from ancient times until the present day. The course will treat the interaction of science and scientists with the social context as well as the internal structure and evolution of scientific ideas. Explanations of scientific theories and principles are not technical, and no special competence in science or mathematics is required.

HUM 2373 INTRODUCTION TO WORLD MUSIC  
**Prerequisite:** ENGL 1113 English Composition I  
3 CREDITS Advocates of Peace deals with a section of East-West culture and politics often overlooked today: the positive and successful influence one individual can have over the masses. In this course, the student will recognize the interdependency of people from totally different geographical and cultural backgrounds using the same ideas of non-violence and non-aggression to combat suppression of and discrimination against any group of people. Two dynamic leaders, Mahatma Gandhi and Dr. Martin Luther King, Jr., have been chosen to exemplify this process. They are as radically different in most respects as one can imagine, and yet, as philosopher politicians, they used the same concepts of non-aggressiveness and non-violence to bring freedom to their peoples.

INS 1103 PRINCIPLES OF INSURANCE  
**Prerequisite:** (R) (W) MATH 0203 or adequate math placement test score.  
3 CREDITS The student will demonstrate understanding of the principles of property and liability insurance to include insurance basics, marketing, underwriting, claims adjusting, insurance company performance, risk management, property exposures, liability exposures, and insurance policy contracts and provisions. The student will apply basic insurance principles using the case study method.

INS 1113 PRINCIPLES OF PERSONAL INSURANCE  
**Prerequisite:** (R) (W) MATH 0203 or adequate math placement test score.  
3 CREDITS The student will analyze situations and determine the appropriate coverage for homeowners, dwelling and contents, personal liability, inland marine and other personal insurance policies.

INS 1203 PRINCIPLES OF COMMERCIAL INSURANCE  
**Prerequisite:** (R) (W) MATH 0203 or adequate math placement test score.  
3 CREDITS The student will determine the appropriate insurance coverage for property, loss of business income, inland and ocean marine, crime, general liability, workers compensation and other commercial insurance policies.
INTL 1213   FUNDAMENTALS OF INTERNATIONAL BUSINESS
Prerequisite: (W) MATH 0203 or adequate math placement test score.
3 CREDITS  The study of international business has become a necessary
discipline for all business students irrespective of their area of major. The
realization that “Globalization” is equally important to a domestic business as it
is to a multinational corporation has forced the study of international business
into the core curriculum of business school. This course stresses fundamental
concepts and tools that international business managers should know. It
addresses how differences in countries’ economic, political, cultural and legal
environment affect functional business decisions.

INTL 2223   FUNDAMENTALS OF INTERNATIONAL MARKETING
Prerequisite: (W) MATH 0203 or adequate math placement test score.
3 CREDITS  This course addresses marketing activities based on differing
economic, social, geographic, and cultural environments. Emphasis is placed on
problems and practices of managing international marketing activities. Topics
include alternative ways of marketing internationally, approaches for conducting
international marketing research, product adaptations, distribution channels
between and with foreign markets, and international promotions.

INTL 2323   FUNDAMENTALS OF INTERNATIONAL FINANCE
Prerequisite: (W) MATH 0303 or adequate math placement test score.
3 CREDITS  This course addresses the art and science of managing and
controlling the flow of goods, energy, information and other resources like
products, services, and people, from the source of production to the marketplace.

INTL 2423   FUNDAMENTALS OF INTERNATIONAL LOGISTICS
MANAGEMENT
Prerequisite: (W) MATH 0203 or adequate math placement test score.
3 CREDITS  This course addresses the art and science of managing and
controlling the flow of goods, energy, information and other resources like
products, services, and people, from the source of production to the marketplace.

INTL 2523   INTERNATIONAL CAPSTONE COURSE
Prerequisite: (W)
3 CREDITS  This course is designed to provide students an opportunity
to synthesize previous experiences and apply theoretical knowledge to the
real world situations. To ensure students posses sufficient knowledge and
understanding of global issues, enrollment is restricted to individuals in the final
semester. A faculty advisor will work with the students to determine the course
format which may include one of the following: case studies, internship, study
abroad or research paper.

INTERNATIONAL STUDIES

ISTU 1013   INTRODUCTION TO INTERNATIONAL STUDIES
Prerequisite: (R) (W)
3 CREDITS  In this course, students will begin to develop a global
perspective and an appreciation for cultural diversity. Students will compare and
contrast various regional areas with regard to: geography and ecology, history
and religion, government and politics, business and economics, as well as culture
and language.

ISTU 2033   INTERNATIONAL STUDIES CAPSTONE
Prerequisite: (R) (W) by evaluation (Enrollment is restricted to students
in their final semester). Students must have completed the Introduction to
International Studies and all major courses before taking the capstone course.
3 CREDITS  This course is designed to provide students majoring in
International Studies an opportunity to synthesize previous experiences and apply
theoretical knowledge to the real world situations. To ensure students posses
sufficient knowledge and understanding of global issues, enrollment is restricted
to individuals in the final semester. A Faculty Advisor will work with the students
to determine the course format which may include case studies or a portfolio.

JOURNALISM AND
BROADCASTING

JB 1000   SPECIAL TOPICS
Prerequisite: (R)
VARIABLE 1-4 CREDITS  The student will demonstrate competencies in
subjects not covered in other mass media courses. Each course will cover a
specific topic in Mass Media Communications and may be repeated with a
change of subject matter.

JB 1013   INTRODUCTION TO MASS COMMUNICATION
Prerequisite: (R) (W)
3 CREDITS  The student will use audio production techniques and
equipment to produce program material of professional quality. Extensive
laboratory work is required.

JB 1103   AUDIO PRODUCTION
Prerequisite: (R) (W)
3 CREDITS  The student will become familiar with and proficient in the use
of various news gathering and news writing techniques common to both the print
media and the broadcast media. The student will demonstrate mastery by writing
acceptable news stories, features, human interest stories and interpretive reports.
Typing skills are required.
LEARNING SKILLS

**LS 0023  COLLEGE WRITING I**  
*Prerequisite: Assessment required prior to enrollment*

3 CREDITS  The student will increase skills in one or more of the basic skills of written communications focusing on good sentence and paragraph structure. Materials and writing situations will be individually prescribed and will vary according to individual need.

**LS 0033  COLLEGE WRITING II**  
*Prerequisite: Adequate writing assessment score or College Writing I (LS 0023), either taken within the last year, with strong encouragement for immediate continuation.*

3 CREDITS  The student will increase skills in one or more of the basic skills of written communications with an emphasis on good paragraph and essay structure. Materials and writing situations will be individually prescribed and will vary according to individual need.

**LS 0133  STUDY SKILLS**  
*Prerequisite: None*

3 CREDITS  The student will increase skills related to learning in the following areas: time management, personal learning styles, textbook reading, study techniques, listening, note-taking, memory techniques, and test-taking.

Creative and critical thinking are emphasized throughout the course. This course is based on the premise that learning is an active process rather than a passive assimilation of information.

**LS 0203  COLLEGE READING I**  
*Prerequisite: Assessment required prior to enrollment*

3 CREDITS  After instruction in reading skills such as finding the main idea, mapping, and using the context, the student will demonstrate reading skill improvement by reading and reporting on articles and books of his or her own selection. Emphasis is placed on the use of materials related to the student’s specific needs and on the student progressing at a rate which is consistent with his or her abilities. Upon the recommendation of the instructor, this course may be repeated to further develop skills.

**LS 0233  SPELLING/VOCABULARY DEVELOPMENT**  
*Prerequisite: None*

3 CREDITS  After appropriate instruction in common spelling rules, mnemonic techniques, the use of a dictionary and a thesaurus, and the study of common (Greek and Latin) word parts, the student will become more proficient in standardized spelling and will increase his or her written and spoken vocabulary.

---

LEISURE

**LEIS 1000  SPECIAL TOPICS**  
*Prerequisite: None*

VARIABLE 1-4 CREDITS  The student will demonstrate special competencies in subject areas not covered in other Leisure courses, but which are beneficial in providing a better understanding of topics or activities in the field of Leisure Studies. A specific subject will be announced for each offering. Enrollment may be repeated with a change in topic. (Pending Approval)

**LEIS 1602  TOTAL WELLNESS**  
*Prerequisite: None*

2 CREDITS  Students will learn the different aspects of health including physical, mental, and emotional aspects. They will develop an understanding of health and be able to identify a healthy lifestyle. Students will also learn the different levels of physical fitness appropriate for different levels of development: childhood, adolescence, adulthood and older adulthood. (Pending Approval)

**LEIS 2000  SPECIAL TOPICS**  
*Prerequisite: None*

VARIABLE 1-4 CREDITS  The student will demonstrate special competencies in subject areas not covered in other Leisure courses, but which are beneficial in providing a better understanding of topics or activities in the field of Leisure Studies. A specific subject will be announced for each offering. Enrollment may be repeated with a change in topic. (Pending Approval)

**LEIS 2132  CARE AND PREVENTION OF ATHLETIC INJURIES**  
*Prerequisite: None*

2 CREDITS  This course is designed to provide the student with the basic knowledge to assist with the prevention, recognition, and care of athletic injuries. It is a basic introduction to the field of sports medicine. The student will learn basic skills in taping and bracing. He/she will also be able to implement a prevention program for athletic injuries which will include education in exercise, flexibility and nutrition. (Pending Approval)
LEIS 2413 INTRODUCTION TO LEISURE STUDIES*
Prerequisite: (R) (W)
3 CREDITS This course introduces students to the nature, scope and significance of leisure and recreation. They will also study the delivery systems for leisure services, major program areas and the interrelationship of special agencies and institutions serving the recreation needs of society. *Pending Regents Approval

LEIS 2463 LABORATORY IN LEISURE SERVICES*
Prerequisite: (R) (W)
3 CREDITS Through lecture, discussion and experiential learning, students will study recreation and leisure activities. They will develop skills to lead and/or knowledge to organize adapted activities, small and large group games, sports, arts and crafts, music, drama and cultural events. *Pending Regents Approval.

LEIS 2473 FOUNDATION OF LEISURE SERVICE LEADERSHIP*
Prerequisite: (R) (W)
3 CREDITS This course introduces the student to the principles and practical applications of group leadership techniques, problem solving, supervision and evaluation of personnel. Laboratory experience is an integral part of the course. *Pending Regents Approval

MANAGEMENT

MGMT 1533 INTRODUCTION TO SERVICE MANAGEMENT
Prerequisite: (R) (W)
3 CREDITS The student will demonstrate knowledge of the service management field. Areas of discussion will be service trends, safety, employee relations, industry outlooks and business development.

MGMT 2000 SPECIAL TOPICS
Prerequisite: None
VARIABLE 1-3 CREDITS The student will demonstrate competencies in subjects not covered in other management courses but which are beneficial to students wanting a greater understanding of the functions of management. A specific topic is announced for each offering. May be repeated with a change of topic.

MGMT 2013 SMALL BUSINESS MANAGEMENT
Prerequisite: (R) (W)
3 CREDITS The student will study general concepts relating to small business ownership, financing, organization, and management. After exploring these concepts, the student will develop a detailed plan for establishing and operating a small business.

MGMT 2053 PRINCIPLES OF MANAGEMENT
Prerequisite: (R)
3 CREDITS Having developed an understanding of the evolution of management, the role of the manager in business and the development of sound management systems, the student will outline and graphically illustrate some of the major management theories and their development. The student will also outline and explain the results of designated research in management.

MGMT 2223 EFFECTIVE PLANNING
Prerequisite: (R) (W) MATH 0303 or adequate math placement test score, MGMT 2053 or by evaluation
3 CREDITS This course is designed to provide students with an in-depth study of the five planning phases. The student will demonstrate the knowledge and skills to develop, implement and evaluate strategic, tactical, standing, and single use plans. Specific emphasis will be placed on techniques useful in offsetting future uncertainties by the risk associated with decision making.

MGMT 2323 TOTAL QUALITY MANAGEMENT
Prerequisite: (R) (W) MGMT 2053 or by evaluation
3 CREDITS This course is designed to introduce the principles of total quality management and to provide the student with a systematic way of applying quality techniques to any type of organization. Emphasis is given to customer focus, process improvement and total involvement. Students will demonstrate their knowledge through the simulation and case study methods.

MGMT 2423 LEADERSHIP
Prerequisite: (R) (W), MGMT 2053 or by evaluation
3 CREDITS This course is designed to introduce students to the process of effective leadership. The student will study various leadership styles and theories and demonstrate acquired knowledge and skills through the use of various techniques, such as role playing, and the analysis of case studies.

MGMT 2453 MID-MANAGEMENT SEMINAR
Prerequisite: (R), by evaluation
3 CREDITS Projects and discussion are designed to correlate classroom training and work experience.

MGMT 2523 EVALUATION AND CONTROL TECHNIQUES
Prerequisite: (R) (W), MGMT 2053 or by evaluation
3 CREDITS This course is designed to introduce the student to the process of ensuring the effective and efficient accomplishment of desired objectives and goals. The student will study qualitative and quantitative control techniques, and apply these techniques to the evaluation of processes involving human, material, and financial resources. Students will demonstrate acquired knowledge and skills through the use of the simulation and case study methods.

MGMT 2553 DIRECTED OCCUPATIONAL EXPERIENCE
Prerequisite: (R), Must be a second semester student in Business and by evaluation
3 CREDITS The student will function in a wide variety of positions in a business compatible with his/her occupational choice, which will enable him/her to carry out a series of objectives developed by the student, instructor and supervisor.

MGMT 2623 STATISTICAL PROCESS CONTROL
Prerequisite: (R) (W), BUS 2023 and MGMT 2053 or by evaluation
3 CREDITS This course is designed to introduce the student to the theories of statistical process control. The student will demonstrate acquired knowledge of control techniques to the analysis of various processes, qualitative and quantitative, to achieve quality improvement.

MGMT 2913 MANAGEMENT APPLICATIONS
Prerequisite: (R), 12 CREDITS of MGMT Coursework or by evaluation
3 CREDITS Using the case study method, the student will develop a systematic approach to decision making and apply this approach to the identification, evaluation and resolution of selected management problems.

MGMT 2953 SUPERVISORY TRAINING
Prerequisite: (R)
3 CREDITS The student will use role playing and videotaping exercises to demonstrate the ability to deal effectively with simulated situations in communication, listening, behavior analysis, human sensitivity and group behavior as they are encountered in the supervisory position.

MANUFACTURING TECHNOLOGY

MET 1000 SPECIAL TOPICS
VARIABLE 1-3 CREDITS The student will demonstrate specified competencies in subjects not included in other metal courses, but which benefit students wanting additional training in the field or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.
MET 1013 MACHINE TOOL THEORY
3 CREDITS Students will systematically study, recognize and discuss machine tool structures and capabilities, safety systems, metal cutting theory, shop calculations, tool geometry, cutting tool materials and standards, cutting fluids and non-traditional processes, and relate the application of these principles to machine shop operations.

MET 1021 ORIENTATION TO MACHINING
1 CREDIT The student will be provided with and utilize proper safety procedures in labs, the classroom, and the workplace. The student will learn and demonstrate machine safety in the areas of hand tools, saws, presses, lathes, grinders and milling. The student will also be provided basic knowledge in mathematics for shop practice implementation. This knowledge will be directly applied to simulated business and industry projects.

MET 1033 SPECIAL TOPICS
Prerequisite: Corequisite: MET 1013
3 CREDITS Having reviewed advanced operational methods with engine lathes, milling machines, surface grinders, as well as investigating additional electrical discharge machining concepts, the student will apply these methods in the construction of machined parts. Operations will include threading and tapers on the lathe; digital readout systems, dividing head and rotary table work on the milling machine; angles and contours on the surface grinder.

MET 1112 PRECISION MEASUREMENT
2 CREDITS Through the systematic study of precision measuring tools, such as vernier-calipers, micrometers, dial indicators, optical comparators, electronic and air gauges, the student will recognize, discuss and apply the principles of precision measurement. Laboratory work is an integral part of this course.

MET 1143 COMPUTER NUMERICAL CONTROL OPERATION
Prerequisite: Satisfactory Score on Computer Numerical Control Operation Placement Test
3 CREDITS The student will develop basic set up and programming skills on computer numerical control (CNC) lathes, mills and machining centers. Topics covered include cutting tool set up, fixturing alignment and set up, uploading and downloading of programs, minor program editing, identification and application of various cutting tools and cutting tool configurations.

MET 1153 COMPUTER NUMERICAL CONTROL SETUP
Prerequisite: MET 1143
3 CREDITS The student will develop basic set up and programming skills on computer numerical control (CNC) lathes, mills and machining centers. Topics covered include cutting tool set up, fixturing alignment and set up, uploading of programs, minor program editing, identification and application of various cutting tools and cutting tool configurations.

MET 1232 PRINT READING
Prerequisite: (R) (W) MET 1021
2 CREDITS The student will develop and demonstrate the skills required for visualizing and interpreting industrial prints. The student will apply these skills to machine shop operation. The student will demonstrate knowledge of drawings and prints, visualizing shapes, line usage, title blocks, working drawings contours, sectional views, geometric dimensioning and tolerancing and other appropriate concepts that are required by business and industry.

MET 1423 INTRODUCTION TO MILLING OPERATIONS
Prerequisite: (R) (W) and MET 1013
3 CREDITS Students will become familiar with tools and techniques of milling machine operations as well as the theory of milling operations in the manufacturing process. Students will learn and understand industry specific safety standards and guidelines of milling operations in a manufacturing process, tool and shop safety, and print reading specific to milling operations. In applied laboratory assignments, students will demonstrate an understanding of print reading, mathematic calculations relating to setting up a milling operation, milling operations in a manufacturing process, and industry specific safety standards and guidelines.

MET 1424 MILLING OPERATIONS
Prerequisite: (R), (W) and MET 1013
4 CREDITS Through the investigation of the theories, tools and techniques involved with milling machine operations, the student will recognize, discuss and apply the principles of precision milling machine work. Laboratory work is an integral part of the course. Topics covered are setup, squaring, boring, drilling, dividing head and rotary table work.

MET 1433 INTRODUCTION TO ENGINE LATHE OPERATIONS
Prerequisite: (R) and MET 1013
3 CREDITS Students will become familiar with the theory and operations of engine lathes. Students will learn and understand industry specific safety standards and guidelines associated with the operation of engine lathes in the manufacturing process, equipment and shop safety, and print reading specific to engine lathe operations. Laboratory assignments are an integral component of this course.

MET 1434 ENGINE LATHE OPERATIONS
Prerequisite: (R) and MET 1013
4 CREDITS While analyzing the theory and operation of the engine lathe, the student will describe and apply the principles of turning, as well as the tools and equipment involved. Laboratory activity is an integral part of this course. Topics covered will include setup, nomenclature, turning, facing, boring, screwthreads, tapers, and tool geometry.

MET 1443 INTRODUCTION TO PRECISION SURFACE GRINDING
Prerequisite: (R) (W) and MET 1013
3 CREDITS Students will identify, evaluate and apply the principles of surface grinding operations including wheel structure and uses and accessories. Students will learn industry specific safety standards and guidelines associated with precision surface grinding process in manufacturing, equipment and shop safety, and mathematics required in the production process and print reading specific to precision surface grinding. Laboratory assignments are an integral component of this course.

MET 1444 PRECISION SURFACE GRINDING
Prerequisite: (R) and MET 1013
4 CREDITS Through the systematic examination of precision surface grinding techniques, the student will identify, evaluate, and apply the principles of surface grinder operations. Laboratory work is an integral part of this course. Topics covered are wheel structure and uses, setup, surface finish, accessories and contours.

MET 2103 METALLURGY
3 CREDITS The student will describe the sources, preparation and properties of various ferrous and non-ferrous metals. He or she will solve problems relating to heat treatment and mechanical deformation of metals and apply the solution in laboratory experiments.

MET 2203 MACHINE TOOLS: PRODUCTION APPLICATIONS
Prerequisite: MET 1033
3 CREDITS Having developed an understanding of theories and procedures of fixturing and tooling for production applications, the student will apply this knowledge by completing selected projects within established tolerances. The student will use standard, as well as self-designed, fixturing and tooling for production application of the lathe, milling machine and surface grinder.

MET 2213 ELECTRICAL DISCHARGE MACHINING
3 CREDITS The student will review and apply electrical and electrochemical machining methods. Laboratory activities, simulations, and problem-solving activities are integral parts of the course.

MET 2223 NUMERICAL CONTROL
Prerequisite: MET 1424
3 CREDITS The student will relate numerical control theory and computer numerical control techniques and practices to various machine tools, including milling, turning, and drilling machines. Simulations, problem-solving activities and laboratory activities are integral parts of the course.
MET 2233  NUMERICAL CONTROL II  
Prerequisite: MET 2223

3 CREDITS  Through the analysis and study of advanced computer numerical control techniques and logic, the student will program and operate the computer numerical control milling machine. Topics covered are multiquadrant circular interpolation, cutter compensation, polar coordinate, repetitive programming and canned cycles.

MET 2243  TOOLMAKING BASICS  
Prerequisite: MET 1033

3 CREDITS  Through the investigation of toolmaking techniques, special tools, and processes, the student will recognize, discuss and apply the basic principles of precision tool construction and assembly. Laboratory work is an integral part of this course.

MET 2253  JIG AND FIXTURE THEORY  
Prerequisite: MET 2243

3 CREDITS  The student, through systematic study of jig and fixture design, application and construction, will identify and describe various types of jigs and fixtures, as well as evaluate their designs.

MET 2273  ADVANCED TOOLMAKING  
Prerequisite: MET 1033

3 CREDITS  The student will demonstrate, in supervised laboratory experiences, the ability to construct a punch and die, jig or fixture. The student will be assigned a laboratory project dependent on completed Prerequisite. Evaluation will be based upon completion of the project, with special emphasis on accuracy and the ability of the tool to function properly.

MET 2413  TOOLING THEORY  
Prerequisite: MET 1013

3 CREDITS  Through the systematic study of jig, fixture and die design, application and construction, the student will identify and describe various types of jigs, fixtures and dies, as well as evaluate their designs for economic and construction feasibility.

MET 2423  COMPUTER NUMERICAL CONTROL PROGRAMMING  
Prerequisite: MET 1153

3 CREDITS  The student will recognize and discuss computer numerical control programming principles and apply those principles by writing simple to complex computer numerical control (CNC) programs. Subjects covered include absolute and incremental programming, application of G and M codes, linear and circular interpolation, polar coordinate programming, canned cycles and repetitive programming. The student will apply these principles using program preparation systems including geometry, code processor and simulator software packages.

MET 2433  JIGS AND FIXTUREING  
Prerequisite: (R) (W)

3 CREDITS  The student will review and apply jig and fixture methods. Laboratory activities, simulations and problem-solving activities are integral parts of the course.

MET 2443  TOOL AND DIE REPAIR  
Prerequisite: (R) (W), MET 2273

3 CREDITS  The student will demonstrate the ability to analyze production parts identifying tooling problems in pressworking tools, bending, forming, drawing, and forging dies. Additional training in tool and die blueprints, repairing and replacement of die components, assembly and testing, and documentation by the student are all instructional components of this course.

MET 2502  TOOLMAKING PRACTICUM  
Prerequisite: (R) (W), MET 2273

2 CREDITS  The student will demonstrate the ability to design, dimension, build and test a single function tool using advanced toolmaking theory and practices.

PRDT 1000  SPECIAL TOPICS  
Prerequisite: (R) (W)

VARIABLE 1-3 CREDITS  The student will demonstrate specified competencies in subjects not included in other metal courses, but which benefit students wanting additional training in the field or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

PRDT 1213  INDUSTRIAL COMMUNICATIONS  
Prerequisite: (R) (W)

3 CREDITS  The student will describe typical methods used by industry for internal communications in such areas as quality control reporting and communications between production and engineering. A broad spectrum of methods from blueprints to CAD systems will be investigated.

PRDT 1223  INTRODUCTION TO COMPUTER INTEGRATED MANUFACTURING  
Prerequisite: (R) (W)

3 CREDITS  The student will discuss the systems, sub-systems and the computer integration of systems in modern manufacturing. Topics include production control systems, artificial intelligence applications, robotics, applications, computer-aided engineering, and manufacturing systems. The student will relate these systems to current events in modern manufacturing enterprises and describe their impact on management method and profit.

PRDT 1233  MECHANICAL SYSTEMS  
Prerequisite: (R) (W), PRDT 1223

3 CREDITS  The student will demonstrate competencies by installing, adjusting, aligning, and troubleshooting mechanical systems that include bearings, belt drives, roller chain drives, gear drives, couplings, clutches and brakes, and conveyors. Laboratory experience with equipment similar to that used in industry is an integral part of this course.

PRDT 1243  MANUFACTURING FABRICATIONS  
Prerequisite: (R) (W), PRDT 1223

3 CREDITS  Students will learn to identify and apply solutions to routine maintenance issues associated with mechanical and electrical manufacturing equipment in manufacturing facilities. Students will learn and demonstrate basic metal fabrication techniques used in modern manufacturing facilities to perform preventive and proactive equipment repair. Students will fabricate common manufacturing equipment items such as chain guards, shields and covers for mechanical or electrical manufacturing equipment.

PRDT 1313  MANUFACTURING MAINTENANCE  
Prerequisite: (R) (W), PRDT 1223

3 CREDITS  Students will learn to safely configure setup and operate shielded metal arc welders and oxy-acetylene cutting equipment to perform maintenance tasks associated with manufacturing processing systems. Students will be able to demonstrate an understanding of industry related safety standards and guidelines of tool safety, welding specific print reading, metal preparation, electrode selection and calculate specific ratios for the safe operation of an oxy-acetylene cutting torch and a shielded metal arc welder. Laboratory work is an integral part of this course.

PRDT 1413  FLUID POWER  
Prerequisite: (R) (W)

3 CREDITS  This course is an introduction to using pressurized hydraulic components in power delivery and positioning systems. Students will use hydraulic pumps and motors and make hydraulic connections, measurements, and calculations.

PRDT 1534  PROGRAMMABLE CONTROLLER PROGRAMMING  
Prerequisite: (R) (W)

4 CREDITS  Following a study of the theory and operational characteristics of programmable control systems used in industry, the student will demonstrate the operation of a programmable controller by writing a program to control on-delay and off-delay timers, test the program for correct operation and apply
troubleshooting techniques as necessary. Laboratory experience with equipment similar to that used in industry is an integral part of the course.

PRDT 1542 PROGRAMMABLE CONTROLLER INTERFACING
Prerequisite: (R) (W), PRDT 1534
2 CREDITS The student will write a program for a programmable controller, implementing a multiple input/output system to control the operation of an external electromechanical device. The student will interface photosensitive devices as detectors in the system and will run the program to verify proper operation.

PRDT 2013 GEOMETRIC TOLERANCING TECHNIQUES
Prerequisite: (R) (W)
3 CREDITS The student will be introduced to the concepts of geometric tolerancing. Geometric tolerancing terms and symbols will be recognized and understood. The student will interpret and apply these to special projects that will reflect various work-based opportunities.

PRDT 2023 MACHINING FOR MANUFACTURING
Prerequisite: (R) (W), PRDT 1223
3 CREDITS Students will learn processes and techniques to safely perform general maintenance machining techniques to address a variety of maintenance issues associated with medium-to-large production equipment. Students will demonstrate these techniques by completing task lab assignments as required by industrial manufacturing technicians. Typical tasks include turning shafts, boring sprockets, and removing broken bolts.

PRDT 2112 INTRODUCTION TO QUALITY CONTROL
Prerequisite: (R) (W), MET 1112 or any 1000 level Math class
2 CREDITS The student will prepare and apply control procedures and devices, including coordinate measuring machines, which are typically used in manufacturing. The student will develop sampling and acceptance plans, control charts and various other statistical process control functions.

PRDT 2122 ADVANCED PROGRAMMABLE LOGIC CONTROLLERS
Prerequisite: (R) (W), PRDT 1544
2 CREDITS The student will perform on-line programming, editing and troubleshooting techniques for factory-level programmable controllers. Networks and data highways will be utilized in the course.

PRDT 2123 ADVANCED QUALITY CONTROL
Prerequisite: (R) (W), PRDT 2112
3 CREDITS The student will prepare and apply control procedures and devices, including coordinate measuring machines and profile projects, which are typically used in manufacturing complex shapes.

PRDT 2222 STATISTICAL PROCESS CONTROL
Prerequisite: (R) (W), PRDT 2112
2 CREDITS The student will develop sampling and acceptance plans, control charts and various other statistical process control functions using manual and computer assist calculations.

PRDT 2333 POWER RF AND VACUUM INTERFACING
Prerequisite: (R) (W), ET 1604, ET 2044
3 CREDITS The student will study RF energy and its applications in manufacturing, vacuum technology, and vacuum systems. Topics include plasma physics, gas laws and properties; RF applications, safety, generators, transmission and interference; as well as operation and application of vacuum pumps, gauges, valves and system leak detection. Includes lab. This course may be designed to be industry specific.

PRDT 2523 MOTION CONTROL
Prerequisite: (R) (W), PRDT 1413
3 CREDITS The student will differentiate between conventional hydraulic and servo hydraulic systems used to control and monitor motion in automated manufacturing systems. The student will select proper servo and feedback components to perform specified tasks, set-up and adjust servo systems to manufacturer’s specifications and test servo systems to ensure compliance with operational parameters.

PRDT 2532 ROBOTICS
Prerequisite: (R) (W), PRDT 1544
2 CREDITS The student will develop programs to control servo and non-servo robots as well as continuous path servo robots, to interface robots into an automated system, and to maintain the operation of multi-task robotic systems within operating parameters.

PRDT 2544 COMPUTER INTEGRATED MANUFACTURING
Prerequisite: (R) (W), PRDT 1223
4 CREDITS This is the concluding course in the Computer Integrated Manufacturing option. The student will set up a batch processing line which converts raw material into a finished product, utilizing the concepts learned in earlier courses and provide programming, interfacing and troubleshooting of an automated system.

PRDT 2553 COMPUTER-AIDED MACHINING
Prerequisite: PRDT 1223
2 CREDITS The student will review principles of computer-aided machining (CAM) and apply these principles in the development of computer numerical control (CNC) programs for machine tools, using an integrated software system. Topics include development of job plans, using computer-aided drafting (CAD) databases, application and modification of post processors, and simulation of programmed operations.

PRDT 2563 MANUFACTURING PROCESSES
Prerequisite: PRDT 1223
3 CREDITS This is the concluding course in the Computer Integrated Manufacturing option. The student will understand the philosophy and methods associated with the industry “LEAN Manufacturing” processes as they apply to advanced manufacturing settings.

PRDT 2623 TROUBLESHOOTING CNC/MC SYSTEMS
Prerequisite: (R) (W), PRDT 2613
3 CREDITS The student will demonstrate knowledge of installing, setting up and maintaining various types of intelligent motion controllers. Motion control theory will be demonstrated by troubleshooting these systems. Additionally, special industrial applications and a project will be completed by the student.

PRDT 2633 APPLICATIONS OF ASRS/CIM SYSTEMS
Prerequisite: (R) (W), PRDT 2122
3 CREDITS This course is designed to teach the student how to set up a batch process line which converts raw material into a finished product. Utilizing CIM concepts, the student will demonstrate program interfacing and troubleshooting of ASRS/CIM systems.

PRDT 2663 INDUSTRIAL SAFETY
Prerequisite: (R) (W)
3 CREDITS The student will recognize an industrial environment that could be injurious to personnel, systems and processes. Areas to be included are industrial accidents, accident investigations, safety inspection, hazardous materials, preventive measures and associated costs. The student will also demonstrate familiarity with federal, state and local health and safety regulations by discussing their impact on industry.
PRDT 2702  AUTOMATED SYSTEMS INTEGRATION PRACTICUM
Prerequisite: (R) (W) PRDT 2633
2 CREDITS  The student will write a project plan for implementing an advanced manufacturing subsystem and analyzing input requirements. After approval of the plan, the project will be assembled and tested.

PRDT 2713  MANUFACTURING PRACTICUM
Prerequisite: PRDT 1223
3 CREDITS  Students will work with a mentor from the manufacturing industry to develop and produce a career-preparation portfolio documenting activities that help prepare the student for the realities of the workplace. Activities include but are not limited to program lab assignments, mentorship, job shadowing, resume writing workshops, industry visits, and related job interviews which provide the student with practical industry experience.

MARKETING

MKT 2043  PRINCIPLES OF MARKETING
Prerequisite: (R) MATH 0203 or adequate math placement test score.
3 CREDITS  The student will discuss the major aspects of each of the portions of the marketing mix (product, price, promotion and distribution), how they function, their interrelationships and the management of each. The student will use accepted techniques and tools in analyzing, evaluating and making decisions in marketing-related cases.

MKT 2163  EFFECTIVE SELLING
Prerequisite: (R) (W)
3 CREDITS  The students will use role playing to demonstrate his/her ability to apply the techniques of effective salesmanship to simulated situations in communications, sales consulting, and the seven steps of effective selling as encountered in a professional salesperson position.

MKT 2253  CONSUMER BEHAVIOR
Prerequisite: (R) (W)
3 CREDITS  After studying the motivational factors that influence the consumer, the student will analyze selected marketing practices. The analytical process will focus on specific techniques to collect market-related data, assess past consumer behavior, identify marketing strategies, and design and evaluate potential marketing activities.

MKT 2343  ADVERTISING
Prerequisite: (R)
3 CREDITS  The student will prepare advertising copy, illustrations and layout and will demonstrate a proficiency in media and research techniques necessary for advertising.

MKT 2453  INTERNATIONAL MARKETING
Prerequisite: (R)
3 CREDITS  The student will study the effects of cultural, technological, political and legal differences upon marketing in an international environment and apply certain principles and concepts to marketing activities conducted on a global basis.

MKT 2553  MARKETING APPLICATIONS
Prerequisite: (R), 12 CREDITS of MKT coursework or by evaluation ♦
3 CREDITS  Using the case study method, the student will develop a systematic approach to decision making and apply this approach to the identification, evaluation, and resolution of selected marketing problems.

MATHEMATICS

MATH 0103  COLLEGE PREP MATH I
Prerequisite: None
3 CREDITS  This course provides the conceptual foundation of whole numbers, fractions, decimals, percents, and integers with the purpose of preparing students to perform and apply calculation and solution techniques with these topics in future classes. Students will use manipulatives, number lines, and other concrete examples to model basic mathematical representations and operations. Additionally, the student will apply math study skills throughout this course.

MATH 0113  ELEMENTARY ALGEBRA
Prerequisite: MATH 0033 or adequate math placement test score, either within the last year
3 CREDITS  The student will perform basic operations with signed numbers, polynomials, and exponential expressions; factor polynomials; solve linear equations and systems of linear equations; graph linear equations and inequalities; and solve applied problems.

MATH 0123  INTERMEDIATE ALGEBRA
Prerequisite: MATH 0113 or adequate math placement test score, either within the last year
3 CREDITS  The student will perform fundamental algebraic operations with rational expressions, radicals, complex numbers, and functions; solve quadratic and rational equations; graph functions; and solve applied problems.

MATH 0203  COLLEGE PREP MATH II
Prerequisite: MATH 0103 or adequate math placement test score; pre- or co-requisite: LS 0203 College Reading I or adequate reading placement test score.
3 CREDITS  The student will perform basic operations with signed numbers, exponents, and polynomials; solve linear equations, inequalities, and formulas; and plot points and graph lines in the Cartesian coordinate system. Additionally, the student will apply math study skills throughout this course.

MATH 0303  COLLEGE PREP MATH III
Prerequisite: MATH 0203 or adequate math placement test score; pre- or co-requisite: LS 0203 College Reading I or adequate reading placement test score.
3 CREDITS  The student will factor polynomials; perform operations, solve equations and model applications with rational expressions and ratios; and will analyze and write equations for graphs of linear relationships and their applications. Additionally, the student will apply math study skills throughout this course.

MATH 0403  COLLEGE PREP MATH IV
Prerequisite: MATH 0303 or adequate math placement test score; pre- or co-requisite: LS 0203 College Reading I or adequate reading placement test score.
3 CREDITS  The student will solve systems of linear equations by graphical and algebraic methods; solve equations involving quadratic functions and analyze their graphs; and model applications using linear and quadratic functions. Additionally, the student will apply math study skills throughout this course.

MATH 1000  SPECIAL TOPICS
Prerequisite: None
VARIABLE 1-4 CREDITS  The student will demonstrate specified competencies in subjects not covered in other courses, but which are beneficial in providing a better understanding of the related program. A specific subject is announced for each offering. Enrollment may be repeated with a change of topic.

MATH 1503  CONTEMPORARY MATHEMATICS
Prerequisite: (R) (W), MATH 0403 or adequate math placement test score.
3 CREDITS  A study of the mathematics needed for critical evaluation of quantitative information and arguments (including logic, critical appraisal of graphs and tables); use of simple mathematical models, and an introduction to elementary statistics. GenEd Requirement ♦

MATH 1513  COLLEGE ALGEBRA
Prerequisite: (R), MATH 0403 or adequate math placement test score.
3 CREDITS  The student will demonstrate an understanding of the general concepts of relation and function and specifically of polynomial, exponential,
and logarithmic functions; the ability to solve systems of equations by utilizing matrices and determinants; and the ability to solve practical problems using algebra. GenEd Requirement

**MATH 1533  PRE-CALCULUS AND ANALYTIC GEOMETRY**  
**Prerequisite:** (R) MATH 0403 or adequate math placement test score.  
**3 CREDITS** This course is intended to serve students for whom Calculus and Analytic Geometry I is a requirement. Topics will include conic sections, systems of equations (both linear and nonlinear), and a general discussion of functions with emphasis on polynomial, rational, exponential, and logarithmic functions. GenEd Requirement.

**MATH 1613  TRIGONOMETRY**  
**Prerequisite:** (R), Pre or Corequisite: MATH 1513 or MATH 1533 or adequate math placement test score, either within the last year:  
**3 CREDITS** The student will evaluate trigonometric functions and their inverses, graph trigonometric functions, prove trigonometric identities, solve trigonometric equations, solve problems involving triangles and indirect measurement, use trigonometric forms of complex numbers, and identify and graph polar curves.

**MATH 1743  CALCULUS I FOR BUSINESS, LIFE SCIENCES, AND SOCIAL SCIENCES**  
**Prerequisite:** (R), MATH 1513 or adequate math placement test score, either within the last year:  
**3 CREDITS** This is the first of a two-semester sequence in elementary calculus in which students use the concepts of differential and integral calculus to solve theoretical and applied problems in business, life sciences, and social sciences.

**MATH 2000  SPECIAL TOPICS**  
**Prerequisite:** None  
**Variable 1-4 CREDITS** The student will demonstrate specified competencies in subjects not covered in other courses, but which are beneficial in providing a better understanding of the related program. A specified subject is announced for each offering. Enrollment may be repeated with a change in topic.

**MATH 2013  INTRODUCTION TO STATISTICS**  
**Prerequisite:** (R), MATH 0403 or adequate math placement test score.  
**3 CREDITS** The student will solve problems applying the concepts of random sampling, elementary probability, testing hypotheses, descriptive measures, chi-square, regression and correlation, and analysis of variance. GenEd Requirement.

**MATH 2023  FOUNDATIONS OF GEOMETRY AND MEASUREMENTS**  
**Prerequisite:** (R), MATH 0403 or adequate math placement test score.  
**3 CREDITS** The student will demonstrate an understanding of the basic concepts of geometric shapes, measurement, triangle congruence and similarity, coordinates, and transformations; the ability to think conceptually of mathematics and to apply the concepts learned in real life problem solving situations.

**MATH 2104  CALCULUS AND ANALYTIC GEOMETRY I**  
**Prerequisite:** (R) (W), MATH 1533 and MATH 1613 or adequate math placement test score, either within the last year:  
**4 CREDITS** The student will compute, interpret and apply the concepts of limits, differentiation and integration to algebraic and transcendental functions and will solve applied problems that include rates of change, optimization, area and total change in a function.

**MATH 2123  CALCULUS II FOR BUSINESS, LIFE SCIENCES AND SOCIAL SCIENCES**  
**Prerequisite:** (R), MATH 2123 is the second of a two-semester sequence in elementary calculus in which students use the concepts of differential and integral calculus to solve theoretical and applied problems in business, life sciences, and social sciences.

**MATH 2213  MATHEMATICAL SYSTEMS**  
**Prerequisite:** (R) (W), MATH 0403 or adequate math placement test score.  
**3 CREDITS** The student will demonstrate understanding of arithmetic; give a systematic analysis of arithmetical operations as well as intuitive algebra. Topics include the structure of number systems, operations, properties, ordering and number theory beginning with natural numbers and extending through the set of all real numbers.

**MATH 2214  CALCULUS AND ANALYTIC GEOMETRY II**  
**Prerequisite:** (R) (W), MATH 2104 or adequate math placement test score, either within the last year:  
**4 CREDITS** The student will use integration techniques to find antiderivatives, compute definite integrals, and solve application problems that include volume, work and pressure; investigate the convergence of improper integrals and infinite series; use Taylor polynomials and Taylor Series to estimate, represent, and analyze functions; perform basic operations on vectors and analyze functions of three variables and their contour plots.

**MATH 2314  CALCULUS AND ANALYTIC GEOMETRY III**  
**Prerequisite:** (R) (W), MATH 2214 or adequate math placement test score, either within the last year:  
**4 CREDITS** The student will compute partial derivatives, gradients, differentials, double and triple integrals in rectangular, cylindrical and spherical coordinate systems, curl and divergence of a vector field, and path and surface integrals of vector fields directly and by applying Green’s Theorem, Stokes’ Theorem and the Divergence Theorem; write parameterizations for lines, curves and surfaces; and solve application problems that include optimization, work and flows of vector fields.

**MATH 2413  INTRODUCTION TO ORDINARY DIFFERENTIAL EQUATIONS**  
**Prerequisite:** (R) (W), MATH 2214 or a minimum of 8 semester hours of calculus  
**3 CREDITS** This course will cover methods of solution of ordinary differential equations with applications. Topics will include first order equations, linear equations of higher order, series solutions, Laplace transforms, applications and numerical methods.

**MEDICAL ASSISTANT**

**MA 1000  SPECIAL TOPICS**  
**Prerequisite:** (R) (W), by evaluation  
**VARIABLE 1-4 CREDITS** The student will demonstrate specified competencies in subject areas not covered in other medical assistant courses, but that are beneficial in providing a better understanding of the related program. A specified subject is announced for each offering. Enrollment may be repeated with a change in topic.

**MA 1022  MEDICAL LAW AND ETHICS**  
**Prerequisite:** (R) (W)  
**2 CREDITS** Students demonstrate a knowledge of ethical issues, contracts, health care worker liability, medical litigation, drug regulations, discrimination issues, OSHA rules, bioethical issues, medical records, acceptable fees, and laws that may affect the health care professional. Emphasis is placed upon the settings that employ medical assistants. This course covers information necessary to understand the legal and ethical standards of the medical assistant practice.

**MA 1033  MEDICAL INSURANCE AND CODING**  
**Prerequisite:** (R) (W)  
**3 CREDITS** This course covers information necessary to understand medical insurance forms preparation as it is used in a medical clinical office. Students will demonstrate an understanding of the legal issues of insurance claims, procedural & diagnostic coding, delinquent claims, problem solving, managed care systems, proper form preparation and several major types of medical forms.
MA 1113  PSYCHOLOGY FOR THE HEALTH PROFESSIONAL
Prerequisite: (R) (W)
3 CREDITS  This course is an introduction to the major areas of psychology as it relates to the health care professional. The student will demonstrate an understanding of the basic principles of psychology such as interpersonal behavior, patient behavior, learning, emotional stability, personality, perception, memory, coping styles, abnormal patterns of behavior, and treatment. Emphasis is placed on the behavioral patterns of an effective health care provider.

MA 1133  CLINICAL PROCEDURES I
Prerequisite: (R) (W); Corequisite: AHP 1013 and BIO 1224
3 CREDITS  The student will receive an overview of the medical assistant career. An emphasis will be placed on professionalism, history of the profession, human relations, OSHA guidelines, medical asepsis, vital signs, emergency procedures, law, ethics, communications and documentation.

MA 1143  MEDICAL ASSISTANT APPLICATIONS
Prerequisite: (R) (W)
3 CREDITS  Students demonstrate proficiency in microcomputer word processing software applied to the medical office to create, modify, store, retrieve, and print documents. This course is an introduction and overview with an emphasis on learning and applying the mechanics of common software for medical office correspondence.

MA 1233  CLINICAL PROCEDURES II
Prerequisite: (R) (W); Corequisite: MA 1133
3 CREDITS  The student will demonstrate an understanding of such skills as maintaining the examination area, performing clinical lab tests, venipuncture, microhematocrit, twelve lead electrocardiograph (ECG), drug calculation and medication administration. An emphasis is placed on the patient’s physical examination and treatment procedures that are performed in a medical office setting.

MA 2213  PHARMACOLOGY FOR MEDICAL ASSISTANTS
Prerequisite: (R) (W)
3 CREDITS  Students identify sources, schedules and classes of drugs. Students identify and interpret actions of drugs commonly used in a physician’s office, accurately calculate drug dosages, and identify appropriate administration routes. Students learn to follow the written, verbal or standing physician’s orders and properly prepare and administer medications using aseptic techniques as required.

MA 2234  ADMINISTRATION AND MEDICAL OFFICE PROCEDURES
Prerequisite: (R) (W)
3 CREDITS  This course is designed to study the ethics, attitudes and responsibilities for the administrative tasks that occur in a medical office setting. Emphasis is placed on developing the skills and aptitudes for a professional medical assistant career in the administrative area.

MA 2243  MEDICAL INFORMATICS
Prerequisite: (R) (W); Prerequisite: MA 1133; MA1233
2 CREDITS  This course builds upon knowledge from previous medical assistant courses. Students apply critical thinking skills to include the processes of planning, managing and delivering care to patients. Students schedule, prepare and assist in the care of a group of virtual patients’ health care needs. Emphasis placed on communication skills in relation to patients and their families. Further, students manage a simulated clinic including patient charts, inventories, billing, scheduling, insurance form preparation, coding, and other administrative and clinical duties. A variety of teaching methods, learning activities, computer research, and practical simulations are utilized.

MA 2413  MEDICAL OFFICE LABORATORY PROCEDURES
Prerequisite: (R) (W)
3 CREDITS  Students receive an overview of patient preparation, collection, handling, quality control and transporting of specimens for the most common CLIA (Clinical Laboratory Improvement Amendments) waived laboratory tests performed in a doctor’s office. Furthermore, students demonstrate how to complete medical laboratory request forms and laboratory/pathology reports.

MA 2516  MEDICAL ASSISTANT EXTERNSHIP
Prerequisite: (R) (W); Prerequisite: Completion of 26 CREDITS in the major
6 CREDITS  This course is designed to apply the knowledge and skills acquired in previous medical assistant courses to the clinical site. Externship assignments are scheduled to provide students with a working knowledge of the skills and competencies of a medical assistant in a physician’s office. Students accept accountability and responsibility for their own behavior while in the learning environment, and practice within the ethical and legal framework of the profession of a medical assistant.

MICRO-ELECTRO-MECHANICAL SYSTEMS

MEMS 2233  MICRO-ELECTRO-MECHANICAL SYSTEMS
Prerequisite: (R) (W) Math 0203 or adequate math placement test score, PHYS 1214
3 CREDITS  Students will learn computer simulation and modeling techniques for micro-electromechanical systems. Students will learn to design, analyze, and evaluate the performance of a variety of MEMS devices.

MUSIC

MU 1000  SPECIAL TOPICS
Prerequisite: (R) (W)
VARIABLE 1-3 CREDITS  The student will demonstrate competencies in subjects not covered in other music courses. Each course will relate to a specific musical skill or area of knowledge and may be repeated with a change in subject matter.

MU 1124  MUSIC THEORY I
Prerequisite: (R) (W) Math 0103 or adequate math placement test score
4 CREDITS  This course will develop notational skills in music theory through the study of triad function, beginning harmonic analysis, basic principles of voice leading, connection of SATB triads in root position and inversion, phrase structure, and cadences. The foregoing skills will be demonstrated through the partwriting of bass lines and reinforced through correlated aural and keyboard application exercises.

MU 1131  CONCERT CHOIR
Prerequisite: None
1 CREDIT  The student will participate in vocal rehearsals and performances for the college choir. A wide variety of choral literature will be studied and performed including works for a cappella chorus. No audition is required. The course may be repeated.

MU 1141  INDIVIDUAL INSTRUCTION
Prerequisite: (R) (W)
1 CREDIT  The student will receive individual instruction in beginning techniques for a musical instrument. Performance in at least one studio recital will be expected. The course may be repeated. Maximum credit at this level for a Music major toward the associate degree is two CREDITS.
MU 1151 GROUP INSTRUCTION  
Prerequisite: (R) (W)  
1 CREDIT This course is a continuation of MU 1141. The student will develop additional skills in music theory through the study of the principles of harmonic progression, harmonization of bass and soprano lines, and the use of non-harmonic tones. Compositional analysis and original composition also will be emphasized. Correlated aural and keyboard application exercises will be an integral part of the course.

MU 1224 MUSIC THEORY II  
Prerequisite: (R) (W) MU 1124  
4 CREDITS This course is a continuation of MU 1124 Music Theory I. The student will develop additional skills in music theory through the study of the principles of harmonic progression, harmonization of bass and soprano lines, and the use of non-harmonic tones. Compositional analysis and original composition also will be emphasized. Correlated aural and keyboard application exercises will be an integral part of the course.

MU 1241 INDIVIDUAL INSTRUCTION  
Prerequisite: (R) (W)  
1 CREDIT This course is a continuation of MU 1141. Technical skills will be reinforced and built upon. The student will receive individual instruction for a musical instrument. Performance in at least one studio recital will be expected. This course may be repeated. Maximum credit at this level toward the associate degree for a Music major is two CREDITS.

MU 1251 GROUP INSTRUCTION  
Prerequisite: (R) (W) MU 1151 Group Instruction-Piano  
1 CREDIT This course is a continuation of MU 1151. The skills begun in that course will be reinforced and refined through the increased performance of solo and ensemble repertoire. This course may be repeated. Maximum credit at this level toward the associate degree for a Music major is two CREDITS.

MU 1331 CHAMBER SINGERS  
Prerequisite: None  
1 CREDIT Chamber Singers is a musical ensemble of approximately twenty to thirty vocal performers. Membership is by audition only. Students selected for membership participate in all rehearsals and performances of the group and represent Oklahoma City Community College in numerous performances both on and off campus. The course may be repeated.

MU 1341 SYMPHONIC COMMUNITY CHOIR  
Prerequisite: (R) (W) HUM 1113 or MU 1124  
1-3 CREDITS The student will demonstrate competencies not covered in other music courses. Each course will relate to a specific musical skill or area of knowledge and may be repeated with a change in subject matter.

MU 2000 SPECIAL TOPICS  
Prerequisite: (R) (W)  
3 CREDITS This course explores selected musical works representative of the monophonic through the Baroque eras. The primary focus will be the identification and analysis of stylistic features within a historical perspective. Music listening will be a substantial component of the course.

MU 2141 INDIVIDUAL INSTRUCTION  
Prerequisite: (R) (W)  
1 CREDIT This course is a continuation of MU 1241. Objectives will be geared toward the study of challenging repertoire which demonstrates the skills and techniques studied. Performance in at least one studio recital will be expected. This course may be repeated. Maximum credit at this level toward the associate degree for a Music major is two CREDITS.

MU 2223 MUSIC LITERATURE II  
Prerequisite: (R) (W) MU 2123  
3 CREDITS This course is a continuation of MU 2123 Music Literature I. The student will explore selected musical works representative of the Classic through the contemporary eras. The primary focus will be the identification and analysis of stylistic features within a historical perspective. Music listening will be a substantial component of the course.

MU 2241 INDIVIDUAL INSTRUCTION  
Prerequisite: (R) (W)  
1 CREDIT This course is a continuation of MU 2141. Objectives will be geared toward the study of challenging repertoire which demonstrates the skills and techniques studied. Performance in at least one studio recital will be expected. This course may be repeated. Maximum credit at this level toward the associate degree for a Music major is two CREDITS.

MU 2314 MUSIC THEORY III  
Prerequisite: (R) (W) MU 1224  
3 CREDITS This course is a continuation of MU 1224 Music Theory II. The student will study the usage of dominant and non-dominant seventh chords, secondary dominant chords, borrowed chords, and modulation. Harmonization of bass and soprano lines, compositional analysis, and original composition will be emphasized. Correlated aural and keyboard application exercises will be an integral part of the course.

MU 2341 CLASSICAL GUITAR ENSEMBLE  
Prerequisite: (R)  
1 CREDIT Classical Guitar Ensemble is a performing group for students of classical guitar. Study and performance of repertoire specially written and arranged for guitar ensemble will be the primary activity. Students will participate in multiple rehearsals and performances. This course may be repeated.

MU 2414 MUSIC THEORY IV  
Prerequisite: (R) (W) MU 2314  
4 CREDITS This course is a continuation of MU 2314 Music Theory III. The student will study augmented sixth chords, Neapolitan and altered dominant chords, and modulation with the diminished seventh and major-minor seventh chords. Harmonization of bass and soprano lines, compositional analysis, and original composition will be emphasized. Correlated aural and keyboard application exercises will be an integral part of the course.

NETWORK TECHNOLOGY

NT 1000 SPECIAL TOPICS  
Prerequisite: (R) (W), by evaluation ♦  
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subjects not included in other Network Technology courses but which benefit students wanting additional training in or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

NT 1113 OPERATING SYSTEMS  
Prerequisite: (R) (W)  
3 CREDITS Students will learn basic computer concepts and terms associated with a variety of computer operating systems, and progresses into the Microsoft Windows 9X and Windows 2000 Professional graphical operating systems. Through hands-on application the student will install, configure and troubleshoot common network operating systems. At completion of the course
the student will be prepared to take the CompTIA A+ certification exam.

**NT 1114 MICROCOMPUTER INSTALLATION AND SERVICE**  
**Prerequisite:** (R) (W), NT 1113 Operating Systems  
**4 CREDITS** The student will use effective diagnostic, analytical and mechanical skills to demonstrate installation and service of microcomputer systems troubleshooting; system diagnostics; advanced peripheral installation and testing; software installation; and survey of state-of-the-art processors and operating systems.

**NT 1124 COMPUTER NETWORK CONNECTIONS: COPPER**  
**Prerequisite:** (R) (W)  
**4 CREDITS** Students will learn the concepts and skills necessary to become entry-level cable technicians. Students will complete activities that demonstrate learning theory and types of copper cable, terminating UTP, STP, F-Type, BNC, UDC and wall jacks and identifying and troubleshooting cable standards and cable connection faults.

**NT 1144 INTRODUCTION TO NETWORKING**  
**Prerequisite:** (R) (W), NT 1144 Microcomputer Installation and Service  
**4 CREDITS** Students will gain an understanding of networking technology for local area networks (LAN’s) and the characteristics of networking practices. The students will also learn a wide range of networking technologies including the knowledge needed to configure and install various clients, such as Microsoft, Novell and Unix/Linux.

**NT 1154 INTERNETWORK THEORY & DESIGN**  
**Prerequisite:** (R) (W), NT 1144 Introduction to Networking  
**4 CREDITS** Students will study basic network topologies and protocols. They will study the use of LANs and WANs, Open Systems Interconnection (OSI) model, Ethernet, and Internet Protocol (IP) addressing. Students will demonstrate competencies through designing and documentation of basic networks, structured cabling and network-to-network communications.

**NT 1164 MS WINDOWS PROFESSIONAL INSTALLATION AND SUPPORT**  
**Prerequisite:** (R) (W), NT 1144 Introduction to Networking  
**4 CREDITS** Students will install and configure a Windows operating system, create and manage users and groups; configure file systems and security; configure local network printing; share resources with other network users; troubleshoot and tune their Windows workstation’s performance.

**NT 1184 LINUX INSTALLATION AND ADMINISTRATION**  
**Prerequisite:** (R) (W), NT 1144 Introduction to Networking  
**4 CREDITS** The student will demonstrate specific competencies through “hands-on” activities using the Linux operating system. Students will examine hardware and software requirements; install a Linux based operating system and software package; configure system settings, network services, and access rights. In addition, the student will manage users, file systems, services, and devices; monitor and maintain processes, network interfaces, system logs, security, and troubleshoot generic and specific hardware.

**NT 1194 NOVELL NETWARE INSTALLATION AND ADMINISTRATION**  
**Prerequisite:** (R) (W), NT 1144, Introduction to Networking  
**4 CREDITS** The student will demonstrate specific competencies through “hands-on” activities which prepares students to administer a fileserver, install and configure client software; implement and manage network access security and file system security; create manager user groups; create login scripts, manage network printing services, use fileserver commands, create alias and application objects.

**NT 1224 MS OFFICE INSTALLATION AND SUPPORT**  
**Prerequisite:** (R) (W)  
**4 CREDITS** The student will learn the concepts in the basic and intermediate features of a standard office suite of software, including word processing, spreadsheet, database, and presentation applications. The student will also get experience in the installation of components related to an office software suite.

**NT 1233 NETWORK ROUTING SYSTEMS**  
**Prerequisite:** (R) (W), NT 1154 Internetwork Theory and Design  
**3 CREDITS** Students will demonstrate competencies through activities that include the router command line, basic router configurations, interior routing protocols such as RIP and IGRP, routed versus routing protocols, and various software used to configure a router such as Telnet, Terminal Emulation, and TFTP.

**NT 2000 SPECIAL TOPICS**  
**Prerequisite:** (R) (W), or by evaluation  
**1-4 CREDITS** The student will demonstrate specified competencies in subjects not included in other Network Technology courses but which benefit students wanting additional training in or comprehension of the field. Each course will cover a specific topic and may be repeated with a change in content.

**NT 2114 MS WINDOWS SERVER INSTALLATION AND SUPPORT**  
**Prerequisite:** (R) (W), NT 1164 MS Windows Professional Installation and Support  
**4 CREDITS** Students will install and configure the operating system, create and manage users and groups, configure file systems and security, manage access to files and folders, administer the distributed file system, configure local and network printing, administer terminal services, manage web services and network connections, and troubleshoot and tune their server’s performance.

**NT 2124 NETWORK SWITCHING SYSTEMS**  
**Prerequisite:** (R) (W), NT 1233 Network Routing Systems  
**4 CREDITS** Students will demonstrate competencies through activities that include advanced router configuration, LAN switching theory, VLAN’s, advanced LAN and WAN switch design, and the Novell IPX protocol.

**NT 2144 NETWORK SERVICES**  
**Prerequisite:** (R) (W), NT 2114 MS Windows Server Installation and Support  
**4 CREDITS** The student will develop competencies through “hands-on” experience that provides a foundation to the network services available in a windows network environment. Each student will install, manage, monitor, configure and troubleshoot DNS, DHCP, remote access, network protocols, IP routing, WINS, Network Address Translation, and services in a network environment.

**NT 2154 DIRECTORY SERVICES**  
**Prerequisite:** (R) (W), NT 1164 MS Windows Professional Installation and Support  
**4 CREDITS** The student will demonstrate competencies through “hands-on” activities that provide a foundation to windows based active directory services available in a windows network environment. Each student will install, configure and troubleshoot active directory components, DNS for active directory, active directory security solutions and group policy.

**NT 2164 WAN SYSTEMS AND DESIGN**  
**Prerequisite:** (R) (W), NT 2124 Network Switching Systems  
**4 CREDITS** Students will demonstrate competencies through activities that include WAN devices, encapsulation formats, PPP components, session establishment, and authentication, ISDN uses, services, and configuration, Frame relay technology and configuration.

**NT 2324 NETWORK PLANNING AND DESIGN**  
**Prerequisite:** (R) (W), NT 2114 MS Windows Server Installation  
**4 CREDITS** Students will develop an understanding of the knowledge and skills necessary to design windows based directory services infrastructure in an enterprise network. The student will demonstrate competencies in identifying the information technology needs of an organization, and then designing an active directory structure that meets those needs.
**NT 2344**  
**PROXY SERVER INSTALLATION AND ADMINISTRATION**  
Prerequisite: (R) (W), NT 2114 MS Windows Server Installation and Support  
4 CREDITS  
The student will learn extensible firewall protection, response time and efficiency. In addition, students will develop competencies in web caching, fault-tolerance and load balancing and implementing Proxy Server with existing networks, including IPX networks and supporting Internet protocols and services.

**NT 2374**  
**COMPUTER NETWORK CONNECTIONS: FIBER**  
Prerequisite: (R) (W), NT 1124 Computer Network Connections: Copper  
4 CREDITS  
The student will demonstrate competencies through activities that include identifying fiber optic tools and supplies, understanding the characteristics of light waves, cable construction, terminating ST connectors to light guided building cable and multimode fiber optic cable, and testing for quality connections.

**NT 2394**  
**NETWORK ADMINISTRATION**  
Prerequisite: (R) (W)  
4 CREDITS  
The student will be provided with “hands-on” laboratory experiences in which they will demonstrate an understanding of a windows networking environment. Students will configure TCP/IP properties, monitor network activity, manage local, Active Directory, and IP security policies, install and configure the DHCP service, create and manage DNS zones, install and configure the RRAS service, create remote access policies, and configure and troubleshoot IP routing.

**NURSING**

**NUR 1000**  
**SPECIAL TOPICS**  
Prerequisite: None

**VARIABLE 1-4 CREDITS**  
The student will demonstrate specified competencies in subject areas not covered in other Nursing courses but which are beneficial in providing a better understanding of the field. A specific subject is announced for each offering. Enrollment may be repeated with a change of topic.

**NUR 1221**  
**OVERVIEW OF NURSING**  
Prerequisite: None

1 CREDIT  
The course is designed for students who are considering nursing as a career choice and presents an introduction to nursing as a profession with emphasis on types of nursing programs, historical influences, professionalism, ethics, the nursing process, and current trends and issues affecting nursing. The course also offers information concerning the student’s degree plan, time/stress management, and study skills that would be helpful in progressing through an integrated nursing program.

**NUR 1423**  
**PHARMACOLOGY FOR NURSING PRACTICE**  
Prerequisite: Math 0303 or equivalent assessment test score

3 CREDITS  
The course utilizes a nursing process approach to provide an overview of common pharmacological therapies which are used in client care across the lifespan. It is designed to aid student success in a nursing program as well as to augment theory within the core nursing curriculum courses. Content includes phases of drug action, principles of drug administration, drug classifications and an introduction to dosage calculation. The course will be offered through both online and web enhanced formats. The course also serves as a clinical update for practicing nurses.

**NUR 1512**  
**NURSING TRANSITION I**  
Prerequisite: (R) (W) Math 0403 or equivalent assessment test score, CHEM 1123 Principles of Chemistry AND CHEM 1131 Principles of Laboratory Chemistry OR CHEM 1115 General Chemistry, BIO 1023, BIO 1314; a. Meet basic requirements for admission to the Nursing Career Ladder Pathway; b. LPN or Oklahoma Licensed Paramedic.

2 CREDITS  
The course is designed for students applying to the nursing program’s career ladder pathway who are LPNs (graduates of non-NLNAC accredited practical nursing programs) or who are Oklahoma licensed paramedics. Theory concepts included in the course will include nursing process and critical thinking. The course will also provide reviews of nursing care for childbearing families, including neonates, and clients experiencing common medical-surgical health care needs. The course design will incorporate directed studies and computer assisted instruction.

**NUR 1519**  
**NURSING PROCESS I**  
Prerequisite: (R) (W) Math 0403 or equivalent assessment test score. a. Admission to the Nursing Program; b. CHEM 1123 AND CHEM 1131 OR CHEM 1115; Corequisites: BIO 1023, BIO 1314.

Prerequisites for Baccalaureate to Associate Degree Nurse Accelerated Pathway are: (R) (W) Math 0403 or adequate math placement test score. a. Admission to the Nursing Program; b. CHEM 1123 AND CHEM 1131 OR CHEM 1115; BIO 1023, BIO 1314, BIO 1414, BIO 2125, PSY 1113, PSY 2403, ENGL 1113, ENGL 1213, POLS 1113, HIST 1483 or HIST 1493.

9 CREDITS  
The initial course is designed to introduce the student to the theory and application of the nursing process and critical thinking skills, planning and delivery of nursing care to meet the client’s basic health care needs. The student will begin to utilize basic skills in providing and managing care for the client. Identification of the roles of the associate degree nurse as a member of the health care team, as well as recognition of the limitations of practice based on beginning knowledge and skills, will be integral parts of the course. The student will accept accountability and responsibility for his/her own behavior while in the learning environment and will practice within the ethical and legal framework of the profession of nursing.

**NUR 1529**  
**NURSING PROCESS II**  
Prerequisite: (R) (W) Math 0403 or equivalent assessment test score NUR 1519, CHEM 1123 AND CHEM 1131 OR CHEM 1115, BIO 1023, BIO 1314. Corequisites: BIO 1414, PSY 1113, ENGL 1113.

Prerequisites for Baccalaureate to Associate Degree Nurse Accelerated Pathway are: NUR 1519, CHEM 1123 AND CHEM 1131 OR CHEM 1115; BIO 1023, BIO 1314, BIO 1414, BIO 2125, PSY 1113, PSY 2403, ENGL 1113, ENGL 1213, POLS 1113, HIST 1483 or HIST 1493.

9 CREDITS  
The course is designed for the student to develop knowledge of nursing theory and apply the nursing process and critical thinking skills to plan and deliver care to childbearing families and clients with common health care needs. The course is divided into two components. One component focuses on the childbearing family. The other component focuses on clients with common medical-surgical needs. In both correlated clinical experiences, the student will work with members of the health care team, utilizing previously learned knowledge and skills in relating to, caring for and meeting learning needs of clients. The student will accept accountability and responsibility for his/her own behavior while in the learning environment, and practice within the ethical and legal framework of the nursing profession.

**NUR 1532**  
**NURSING TRANSITION II**  
Prerequisite: (R) (W) Math 0403 or equivalent assessment test score, CHEM 1123 Principles of Chemistry AND CHEM 1131 Principles of Laboratory Chemistry OR CHEM 1115 General Chemistry, BIO 1023, BIO 1314, BIO 1414, PST 1113, ENGL 1113, ENGL 1213, NUR 1512 (unless exempt).

2 CREDITS  
The course is designed for licensed paramedics and licensed practical nurses who have been admitted to the nursing program’s career ladder pathway. The course will introduce students to the philosophy and organizing framework of the OCCC nursing program. Theory concepts will include role transition as well as role expectations and legal considerations for the practice of the registered nurse. Course content will also provide introductions to the Human Patient Simulator and the nursing computer lab with reviews of basic nursing skills, including IV therapy and drug calculations. The course design will incorporate directed studies and computer aided instruction.

**NUR 2539**  
**NURSING PROCESS III**  
Prerequisite: (R) (W) Math 0403 or equivalent assessment test score: NUR 1519, NUR 1529, CHEM 1123 AND CHEM 1131 OR CHEM 1115, BIO 1023,
BIO 1314, BIO 1414, PST 1113, ENGL 1113. Corequisites: ENGL 1213, PST 2403, BIO 2125.

Prerequisites for Career Ladder Pathway are: NUR 1512 (if required), NUR 1532, CHEM 1123 AND CHEM 1131 OR CHEM 1115, BIO 1023, BIO 1314, BIO 1414, BIO 2125, PST 1113, PST 2403, ENGL 1113, ENGL 1213, POLS 1113, HIST 1483 or HIST 1493.

9 CREDITS This course is designed for the student to utilize previous skills and knowledge in the application of the nursing process and critical thinking skills to plan, manage, and deliver care to clients with complex health care needs across the lifespan. The course is divided into two components. One component focuses on clients with medical-surgical health care needs. The other component focuses on clients with psychiatric/mental health care needs. Correlated clinical experiences include both adult and pediatric rotations. Students will use advanced communication skills when relating to clients, families, and health care team members. The course is designed to assist the student to apply principles of teaching/learning necessary to meet the health information needs of assigned clients. The course is designed to assist the student to develop skills related to the role of Manager of Care, and includes concepts related to prioritization and delegation of nursing care. Students in this course are expected to demonstrate accountability and responsibility for his/her own behavior and are expected to practice within the ethical and legal framework of the nursing profession.

NUR 2549 NURSING PROCESS IV
Prerequisite: (R) (W) Math 0403 or equivalent assessment test score; NUR 1519, NUR 1529, NUR 2539, CHEM 1123 AND CHEM 1131 OR CHEM 1115, BIO 1023, BIO 1314, BIO 1414, BIO 2125, PST 1113, PST 2403, ENGL 1113, ENGL 1213. Corequisites: POLS 1113, HIST 1483 or HIST 1493.

Prerequisites for Baccalaureate to Associate Degree Nurse Accelerated Pathway are: NUR 1519, NUR 1529, NUR 2539, CHEM 1123 AND CHEM 1131 OR CHEM 1115, BIO 1023, BIO 1314, BIO 1414, BIO 2125, PST 1113, PST 2403, ENGL 1113, ENGL 1213, POLS 1113, HIST 1483 or HIST 1493.

Prerequisites for Career Ladder Pathway are: NUR 1512 (if required), NUR 1532, NUR 2539, CHEM 1123 AND CHEM 1131 OR CHEM 1115, BIO 1023, BIO 1314, BIO 1414, BIO 2125, PST 1113, PST 2403, ENGL 1113, ENGL 1213, POLS 1113, HIST 1483 or HIST 1493.

9 CREDITS This course is designed for the student to build upon the knowledge and skills acquired in the previous three nursing courses. The student will independently use the nursing process and critical thinking skills to provide care and meet the complex needs of a variety of clients at different stages on the health-illness continuum throughout the lifespan. Client care will be provided in a variety of settings including critical care. The student will use a collaborative approach involving the client, family, significant others, and members of the health care team in meeting the client’s needs. The student will manage care for a group of clients who have health care needs. The student will demonstrate accountability for nursing actions and self-development. The student will display the ability to function in an independent, self-directed manner within the ethical and legal framework of the nursing profession.

OCCUPATIONAL THERAPY ASSISTANT

OTA 1000 SPECIAL TOPICS
Prerequisite: (R)

VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other Occupational Therapy courses, but which are beneficial in providing a better understanding of the field. A specific subject is announced for each offering. Enrollment may be repeated with a change of topic

OTA 1112 APPLICATION OF LEISURE OCCUPATION
Prerequisite: (R) (W) MATH 0103 or adequate math placement test score.

Pre or Corequisite: OTA 1123

2 CREDITS Through study, discussion, and classroom/laboratory activities, the student will (1) demonstrate basic skills in techniques, procedures, and activity analysis of selected leisure occupations, (2) identify performance components involved in leisure occupations, (3) select appropriate activities and skills for health maintenance and/or remediation based upon various client factors and contexts, and (4) instruct an individual in a selected activity ensuring proper tool, materials, and safety usage. Level I fieldwork is included in the course.

OTA 1122 PERFORMANCE IN ACTIVITIES OF DAILY LIVING
Prerequisite: OTA 1112; OTA 1123

2 CREDITS Through study, discussion, and classroom/laboratory activities, the student will demonstrate basic skill in techniques and procedures of activities of daily living and activity analysis. The student will demonstrate knowledge of environmental adaptation for a variety of client factors and contexts in the areas of activities of daily living. Level I fieldwork is included in the course.

OTA 1123 HISTORICAL AND CONTEMPORARY FOUNDATIONS IN OCCUPATIONAL THERAPY
Prerequisite: (R) (W)

3 CREDITS Through study, discussion, and field observation/participation, the student will (1) investigate a career choice in Occupational Therapy (2) gain an appreciation for The Model of Human Occupation (3) demonstrate a basic understanding of medical terminology (4) develop an understanding of the history and philosophy of Occupational Therapy with major emphases on contemporary roles, practice and functions and (5) investigate the role of the Occupational Therapy Assistant as part of the health care team. Level I fieldwork is included in the course.

OTA 1213 MOVEMENT AND THERAPEUTIC INTERVENTIONS
Prerequisite: OTA 1112; OTA 1123; OTA 1223; SOC 2143
Corequisite: OTA 1233
Pre or Corequisite: OTA 1112; BIO 1414

3 CREDITS Through study, discussion, and classroom/laboratory activities, the student will apply assessment and evaluation concepts to human movement. The student will also develop an understanding of the various types of therapeutic interventions utilized in Occupational Therapy. Concepts and considerations in the use of orthotics and modalities are included in the course.

OTA 1223 HUMAN CONDITIONS IMPACTING OCCUPATION
Prerequisite: Pre or Corequisite: OTA 1112; OTA 1123; BIO 1314; SOC 2143

3 CREDITS Through study, discussion, and classroom presentation of human conditions, the student will develop an understanding of how each condition by itself, or with others, impacts an individual’s daily occupation, family, and/or community.

OTA 1233 OCCUPATIONAL PERFORMANCE - BIRTH THROUGH ADOLESCENCE
Prerequisite: OTA 1112; OTA 1123; OTA 1223; SOC 2143
Corequisite: OTA 1213

3 CREDITS Through study, discussion, and classroom/laboratory activities, the student will examine the development of sensory motor, cognitive, and psychosocial skills necessary for an individual’s occupational performance from birth through adolescence. The student will also acquire and demonstrate Occupational Therapy skills and techniques used in therapeutic intervention for selected deficits impacting occupational performance. Level I fieldwork is included in the course.

OTA 1242 OCCUPATIONAL THERAPY SERVICE SKILLS
Prerequisite: OTA 1112; OTA 1123; OTA 1213; OTA 1223; OTA 1233; BIO 1414; SOC 2143
Pre or Corequisite: OTA 1252; ENGL 1233; PSY 2403

2 CREDITS Through study, discussion, and classroom activities, the student will (1) examine and discuss medical and legal aspects of intervention service programs (2) identify various types of medical and institutional records (3)
apply skills in data gathering (4) effectively utilize various assessment tools and evaluations for intervention planning (5) demonstrate proper documentation utilizing verbal and written reports.

OTA 1252  GROUP DYNAMICS
Prequisite: OTA 1112; OTA 1123; OTA 1223; SOC 2143
Pre or Corequisite: OTA 1122; OTA 1213; OTA 1233; PSY 1113
2 CREDITS Through study, discussion, and classroom/laboratory activities, the student will gain an understanding of group dynamics including the role of a group leader or facilitator. The student will demonstrate proficiency in using methods and materials for planning, organizing, and leading activities for groups of various sizes and ages in a variety of social and clinical/therapeutic situations.

OTA 1263  OCCUPATIONAL PERFORMANCE - ADULT LIFESPAN
Prequisite: OTA 1112; OTA 1122; OTA 1123; OTA 1213; OTA 1223; OTA 1233; OTA 1252; BIO 1414; SOC 2143
Pre or Corequisite: OTA 1242; PSY 2403
3 CREDITS Through study, discussion, and classroom/laboratory activities, the student will examine the occupational performance, personal adaptation, work, leisure, and role changes occurring from early adulthood through the aging process. The student will examine the role of Occupational Therapy in wellness, aging in place, and end of life issues. Level I fieldwork is included in the course.

OTA 2123  NEUROLOGICAL CONDITIONS & TREATMENT
Prequisite: (R) (W); OTA 2114; OTA 2123; OTA 2142; OTA 2153
3 CREDITS The student will describe specific neurological conditions identified throughout the life span and relate occupational therapy treatment to those conditions.

OTA 2141  SPECIAL TOPICS AND FIELDWORK
Prequisite: Corequisite: OTA 2164
Pre or Corequisite: OTA 2153; MATH 1503
1 CREDIT Through study, discussion, and classroom activities, the student will become familiar with Level II fieldwork expectations, performance evaluations, and the roles of the supervisor/supervisee. The student will also investigate personal topics specific to future Level II fieldwork assignments.

OTA 2143  PROFESSIONAL DEVELOPMENT AND SUPPORT
Prequisite: OTA 2141; OTA 2153; OTA 2164; MATH 1503
Corequisite: OTA 2253
3 CREDITS Through study, discussion, and classroom activities, the student will develop an understanding and application of concepts in administration, supervision, ethics, licensure, certification, and ongoing professional development in Occupational Therapy. The student will also demonstrate an understanding of the evolution of healthcare in the United States along with the norms and practices of diverse cultures as they relate to the delivery of healthcare services.

OTA 2153  OCCUPATIONAL THERAPY FOR PSYCHOSOCIAL CONDITIONS
Prequisite: OTA 1242; ENGL 1233; PSY 2403
Pre or Corequisite: OTA 1263
3 CREDITS Through study, discussion, and classroom/laboratory activities, the student will be able to implement Occupational Therapy intervention plans with individuals impacted by specific psychosocial conditions. Level I fieldwork is included in the course.

OTA 2164  OCCUPATIONAL THERAPY FOR PHYSICAL CONDITIONS
Prequisite: OTA 1242; OTA 1263
Corequisite: OTA 2141
Pre or Corequisite: OTA 2153
4 CREDITS Through study, discussion, and classroom/laboratory activities, the student will be able to implement Occupational Therapy intervention plans with individuals impacted by specific physical conditions. Level I fieldwork is included in the course.

OTA 2253  FIELDWORK II A
Prequisite: OTA 2141; OTA 2153; OTA 2164; MATH 1503
Corequisite: OTA 2143
3 CREDITS The student will successfully complete eight weeks (320 hours) in an approved facility offering supervised Level II fieldwork experiences in the application of learned principles to the delivery of Occupational Therapy services.

OTA 2263  FIELDWORK II B
Prequisite: OTA 2141; OTA 2153; OTA 2164; MATH 1503
Corequisite: OTA 2253
Pre or Corequisite: HIST 1493; POLSC 1113
3 CREDITS The student will successfully complete eight weeks (320 hours) in an approved facility offering supervised Level II fieldwork experiences in the application of learned principles to the delivery of Occupational Therapy services. Fieldwork sites are different from Fieldwork II A and are utilized to broaden the student’s Level II experiential background.

ORTHOTIC/PROSTHETIC TECHNICIAN

ORPR 1000  SPECIAL TOPICS
Prequisite: (R) (W), by evaluation •
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other orthotic or prosthetic courses, but which are beneficial in providing a better understanding of the field. A specific subject will be announced for each offering. Enrollment may be repeated with a change of topic.

ORPR 1112  ORTHOTIC AND PROSTHETIC EQUIPMENT AND MATERIALS
Prequisite: (R) (W)
2 CREDITS The student will identify equipment, tools and materials used to manufacture various orthotic and prosthetic devices. Safety policies and procedures will be presented, and the student will demonstrate basic skills and techniques in the operation of each machine.

ORPR 1135  LOWER LIMB ORTHOTICS
Prequisite: (R) (W), ORPR 1112
5 CREDITS The student will demonstrate competencies in the development and manufacture of foot-orthoses, ankle-foot orthoses, knee-ankle-foot orthoses and orthotic shoe modifications. Various materials and procedures will be used in the design of each project. Additional topics will include strength and properties of various materials to obtain the desired biomechanical effect in each system. The applied mathematics skills needed to produce these devices will be presented.

ORPR 1154  SPINAL ORTHOTICS
Prequisite: (R) (W), ORPR 1112, ORPR 1135
4 CREDITS This course is designed to build upon the knowledge and skills acquired in previous orthotics courses. Applications of plastic, metal and leather will be utilized in the design of various spine supports.

ORPR 1222  UPPER LIMB ORTHOTICS
Prequisite: (R) (W), ORPR 1112, ORPR 1135
2 CREDITS The student will use principles learned in previous courses to design and fabricate upper limb support systems. Metal and plastics will be used in customizing each orthosis. Additional topics will include troubleshooting and repair.

ORPR 1245  CLINICAL ORTHOTICS
Prequisite: (R) (W), ORPR 1112, ORPR 1135, ORPR 1154, ORPR 1222
5 CREDITS The student will participate in a clinical externship in an approved facility offering supervised experiences in the application of learned
principles to the fabrication and delivery of orthotic services.

ORPR 2000 SPECIAL TOPICS
Prerequisite: (R) (W), by evaluation ♦
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other orthotic or prosthetic courses, but which are beneficial in providing a better understanding of the field. A specific subject will be announced for each offering. Enrollment may be repeated with a change of topic.

ORPR 2115 TRANSTIBIAL PROSTHETICS
Prerequisite: (R) (W) APPM 1223, ORPR 1112
3 CREDITS The student will be introduced to fabrication processes involved in transtibial prosthetics. The student will learn about wood, titanium and aluminum components, static and dynamic alignment and the use of instruments to transfer alignment. Classroom learning will be reinforced with laboratory experience. Laminating with epoxy, acrylic and polyester resins along with many different reinforcing materials will be used. Applied mathematical skills needed to mix resins correctly will be taught.

ORPR 2233 TRANSRADIAL AND TRANSHUMERAL PROSTHETICS
Prerequisite: (R) (W), ORPR 1112
3 CREDITS This course will introduce the student to transradial and transhumeral prosthetics. Upper limb prosthetics fabrication techniques will be learned. This includes suspension harnesses, cable operating systems, attaching prosthetic elbows, hinges, wrist units and terminal devices. The student will also demonstrate socket duplication methods.

ORPR 2255 TRANSFEMORAL PROSTHETICS
Prerequisite: (R) (W), ORPR 1112, ORPR 2115
5 CREDITS The student will build upon the knowledge and skills acquired in previous prosthetics courses. Socket position, knee components and their relationship to prosthetic feet in static alignment are covered. Socket design and fabrication of the flexible inner socket with various reinforcing materials will be the topics of instruction and application.

ORPR 2313 ADVANCED TRANSTIBIAL PROSTHETICS
Prerequisite: (R) (W), ORPR 1112, ORPR 2115
3 CREDITS The student will use knowledge and principles learned in previous courses to fabricate a transtibial prosthetic with a roll-on suspension component and distal attachment pin. The student will also attach side joints and a thigh corset to a transtibial socket. The joint and corset exercise utilizes an understanding of material strengths, alignment and careful hinge placement to augment anatomical knee stability and minimize distal residual limb pressure.

ORPR 2335 CLINICAL PROSTHETICS
Prerequisite: (R) (W), ORPR 1112, ORPR 2115, ORPR 2233, ORPR 2255, ORPR 2313
5 CREDITS The student will participate in a clinical externship in an approved facility offering supervised clinical experiences in the application of learned principles to the fabrication and delivery of prosthetic services.

PHILOSOPHY

PHIL 1000 SPECIAL TOPICS
Prerequisite: ENGL 1113 English Composition I
VARIABLE 1-4 CREDITS The student will demonstrate competencies in subjects not covered in other philosophy courses. Each course will cover a specific topic and may be repeated with a change in content.

PHIL 1013 INTRODUCTION TO PHILOSOPHY
Prerequisite: ENGL 1113 English Composition I
3 CREDITS After a review of the methods and sub-fields of philosophy, students will describe the positions selected philosophers have taken on several basic problems. Students will also describe and defend their own perspectives on these problems.

PHIL 1213 INTRODUCTION TO ETHICS
Prerequisite: ENGL 1113 English Composition I
3 CREDITS Students will demonstrate their understanding of the relationship between philosophy and ethics; the language, concepts and traditions of ethics; and selected theories of ethics. The students will then use descriptive, normative and metathetical approaches to analyze selected contemporary ethical issues.

PHIL 1603 INTRODUCTION TO LOGIC
Prerequisite: ENGL 1113 English Composition I
3 CREDITS Students will recognize genuine arguments in natural language, translate them into appropriate form for logical analysis, and use traditional and modern methods to determine their validity. Students also will recognize and refute various informal fallacies.

PHIL 2000 SPECIAL TOPICS IN PHILOSOPHY
Prerequisite: ENGL 1113 English Composition I
VARIABLE 1-3 CREDITS Various sections of this course will treat specific topics not covered in other philosophy courses. Course topics will be chosen to broaden students’ understanding of philosophy by addressing philosophical issues that are particularly timely or relevant to societal trends or events. The course may be repeated with a change in content.

PHIL 2133 COMPARATIVE RELIGIONS
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This course is a study of the major world religions both ancient and modern. The student will examine and compare historical developments, major historical figures, philosophical tenets and /or belief systems, and sacred texts from various religions. Also, students will evaluate the impact of these elements within a contemporary, global framework. This course satisfies three credits of the General Education Humanities requirements for all Associate in Arts, Science, and Diversified Studies degrees.

PHIL 2153 INTRODUCTION TO EASTERN THOUGHT
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This survey course is designed to introduce the student to the major religious and philosophic systems of the Asian world. After completing the course, the student will be able to accurately describe and discuss the historical development and major concepts of Hinduism, Buddhism (including Zen), Confucianism, and Taoism.

PHIL 2223 PHILOSOPHY OF RELIGION
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This course systematically and critically explores various dimensions of religious experience. Course units may treat questions of defining religion, the existence of deities and the human soul, immortality, determinism and free will, and the classical problem of evil.

PHIL 2343 PHILOSOPHY OF SCIENCE
Prerequisite: ENGL 1113 English Composition I
3 CREDITS This course will examine philosophical principles underlying the theories and methods of Western science. Course units may include discussion of how science has informed our view of reality, the nature and requirements of scientific explanations, and ways in which ethical considerations direct and constrain scientific research.

PHYSICAL THERAPIST ASSISTANT

PTA 1000 SPECIAL TOPICS
Prerequisite: (R) (W)
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other physical therapy courses, but which are beneficial in providing a better understanding of the field. A specific subject is announced for each offering. Enrollment may be repeated with a change of topic.
PTA 1013  INTRODUCTION TO PHYSICAL THERAPY  
Prerequisite: BIO 1314; Corequisite: PTA 1023, PTA 1213, and BIO 1414  
3 CREDITS  The student will describe the development and current status of physical therapy and the role of the PTA in the healthcare system. He/she will be introduced to medical ethics, legislation, and the American Physical Therapy Association and its components. Medical communication and documentation will be discussed and practiced. The student will learn and demonstrate basic range of motion exercises, body mechanics and transfers, basic gait training, and infection control methods. The student will explain the concept of “therapeutic helping.”

PTA 1023  DYNAMIC HUMAN MOTION  
Prerequisite: BIO 1314; Corequisite: PTA 1013, PTA 1213, BIO 1414  
3 CREDITS  The student will be introduced to basic concepts concerning human motion, bony landmarks, muscle location and function, and nerve innervations. The student will learn basic manual muscle testing to assess function and complete an in depth learning module on the use of the goniometer to assess joint motion. The class is divided into five units of instruction: terminology, skeletal and articular system, functional anatomy, goniometry, and manual muscle testing.

PTA 1112  PATHOLOGY FOR PHYSICAL REHABILITATION  
Prerequisite: PTA 1013, PTA 1023, PTA 1213; Corequisite: PTA 1224, PTA 2014, BIO 2102  
2 CREDITS  The student will identify underlying circumstances and phases of disease and dysfunction, describe primary and secondary disability patterns related to various deficits, gain knowledge of functional activities and techniques to prevent secondary disabilities using special equipment as needed, and identify terms, prefixes, suffixes and abbreviations used in the medical practice.

PTA 1202  DEVELOPMENT, CONDITIONS AND TREATMENT ACROSS THE LIFESPAN  
Prerequisite: PTA 1312; Corequisites: PTA 2024, PTA 2113  
2 CREDITS  The student will be introduced to basic terminology and the theoretical frameworks that guide the study of the human lifespan. The student will review the physiological function of different body systems, their interrelationships, and how changes occur over the course of a lifetime. The student will correlate these changes with age appropriate motor, cognitive, and social-emotional development across the lifespan, and demonstrate awareness and appropriate therapeutic intervention for specific issues/conditions that impact infants, children, adolescents, adults, and elders.

PTA 1213  PAIN MANAGEMENT AND MASSAGE  
Prerequisite: BIO 1314; Corequisite: PTA 1013, PTA 1023  
3 CREDITS  The student will apply therapeutic modalities and have knowledge of pain mechanisms to improve a patient’s functional independence. The student will be able to safely and competently demonstrate the use of thermal modalities, ultrasound, traction, continuous passive motion devices, dynamic splinting, and massage to treat a patient’s conditions. The students will recognize that all treatments provided by a physical therapist assistant are within the plan of care established by the physical therapist and are performed under the general supervision of a physical therapist in the state of Oklahoma. The student will also learn and apply documentation skills for the above modalities. The student must demonstrate proficiency/competency of above modalities with testing, and oral/practical demonstrations.

PTA 1224  THERAPEUTIC EXERCISE I  
Prerequisite: PTA 1013, PTA 1023, PTA 1213; Corequisite PTA 2014, PTA 1112, BIO 2102  
4 CREDITS  The student will apply biomechanical principles of human motion to progress basic exercise programs to complex exercise programs. The student will understand the purposes, indications, and contraindications for exercise. The student will be able to apply the principles of therapeutic exercise to a wide variety of orthopedic conditions, monitor the effectiveness of the exercise, and progress the patient’s exercise program within the plan of care established by the physical therapist.

PTA 1312  INITIAL PRACTICUM  
Prerequisite: The student must have completed the following courses with a “C” or better to participate in the Initial Practicum: PTA 1013, PTA 1023, PTA 1112, PTA 1213, PTA 1224, PTA 2014; BIO 2102  
2 CREDITS  The student will be assigned to a selected physical therapy practice for a minimum of 160 contact hours. Under the direct, on-site supervision of a licensed physical therapist or physical therapist assistant, the student will assume patient care responsibilities in a safe, efficient, ethical and legal manner.

PTA 2000  SPECIAL TOPICS  
Prerequisite: None  
VARIABLE 1-4 CREDITS  The student will demonstrate specific competencies in subject areas not covered in other PTA courses that are beneficial in exploring the field more intensely. A specific subject is announced for each offering. Enrollment may be repeated with a change in topic.

PTA 2014  ELECTROTHERAPY AND MODALITIES  
Prerequisite: PTA 1013, PTA 1023, PTA 1213, Corequisites: PTA 1112, PTA 1224; BIO 2102  
4 CREDITS  The student will learn how to apply therapeutic modalities within a physical therapist’s plan of care, and use knowledge of pain perception to help improve a patient’s functional independence. The student will gain knowledge of application and usage of the following modalities/treatment techniques: electrical stimulation, wound healing techniques (including dressings, topical agents, debridement techniques, universal precautions), respiratory treatments (including different coughing techniques, breathing exercises, and postural drainage/cheest PT), and edema management (including compression therapies). Students will be able to use critical thinking to implement modality usage as per the physical therapist’s plan of care, and document patient response and effectiveness of their treatments. The student must demonstrate proficiency/competency in these modalities through testing and oral/practical demonstrations.

PTA 2024  THERAPEUTIC EXERCISE II  
Prerequisite: PTA 1312, PTA 1202, PTA 2113  
4 CREDITS  The student will continue to apply biomechanical principles of human motion to progress functional exercise programs. The student will understand the purposes, indications, and contraindications for exercise. The student will be able to apply the principles of therapeutic exercise to a wide variety of neurological, cardiac, multiple traumas, and various debilitating conditions, and monitor the effectiveness of the exercise. The student will recognize the role of the PTA and will progress the patient’s exercise program within the plan of care established by the physical therapist.

PTA 2034  PRACTICUM I  
Prerequisite: The student must have completed the following courses with a “C” or better to participate in the Practicum I: PTA 1312, PTA 1202, PTA 2024, PTA 2113.  
4 CREDITS  The student will function in the clinic as a health care team member, under the direct supervision of a physical therapist or physical therapist assistant, carrying out select portions of the physical therapist’s plan of care. The student will establish helping relationships; practice effective interpersonal communications; apply ethical and legal principles, identify and provide for normal and threatened basic needs of patients; practice effective infection control techniques; administer selected modalities to prevent secondary disabilities and manage pain; correctly apply principles of biomechanics and physiology in administering exercise, transfer, and gait training. The student will clearly report and document significant observations and treatments orally and in writing.

PTA 2113  PTA SYSTEMS/PROBLEMS  
Prerequisite: PTA 1312; Corequisite: PTA 1202, PTA 2024  
3 CREDITS  This course is designed to provide the student the opportunity to explore and further understand systems and challenges that impact the Physical Therapist Assistant. The course explores the role of the Physical Therapist Assistant and how s/he functions as a member of the health care team; systems and operational issues that affect the practice of a Physical Therapist Assistant; and challenges that the Physical Therapist Assistant and all health care professionals face in day to day clinical practice.

PTA 2134  PRACTICUM II
Prerequisite: PTA 2034

4 CREDITS The student will continue to function in the clinic as a health care team member, under the direct supervision of a physical therapist or physical therapist assistant, carrying out select portions of the physical therapist’s plan of care. The student will demonstrate competence in all areas described in PTA 2034. The student is expected to function at the level of an entry level physical therapist assistant at the completion of this course.

PHYSICS

PHYS 1011 PHYSICAL SCIENCE LABORATORY
Prerequisite: Any PHYS, CHEM, GEOL or ASTR non-laboratory course
1 CREDIT This course is designed for students needing laboratory experience to complete their General Education physical sciences requirements. It is not open to science majors or those who have completed a laboratory-based physical science course. Students will measure, record and analyze data; draw relevant conclusions; and make appropriate recommendations about experiments in physics, chemistry, and the earth sciences.

PHYS 1013 PHYSICAL SCIENCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS Students will develop an appreciation for concepts, methods, and applications of the natural sciences in their everyday lives. Students will be able to demonstrate their familiarity with some of the basic principles of chemistry, physics, geology, astronomy, and other physical sciences by (1) indicating how disciplines can work together in the solution of common problems and (2) utilizing physical science methods in their daily lives, describing physical phenomena and predicting the results of common occurrences. GenEd Requirement

PHYS 1014 GENERAL GEOLOGY
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
4 CREDITS Students will describe theories of the earth’s formation, its composition and structure and the processes which change the earth’s surface. Laboratory work and field trips are integral parts of the course. GenEd Requirement

PHYS 1063 EARTH SCIENCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
3 CREDITS Students will demonstrate their understanding of an overview of the earth sciences. The student will study the areas of astronomy, meteorology, climatology and oceanography, with the major concentration on the study of geologic principles. GenEd Requirement

PHYS 1064 EARTH SCIENCE
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
4 CREDITS Students will demonstrate their understanding of an overview of the earth sciences. The student will study the areas of astronomy, meteorology, climatology and oceanography, with the major concentration on the study of geologic principles. Laboratory work is an integral part of the course. GenEd Requirement

PHYS 1114 COLLEGE PHYSICS I
Prerequisite: (R) (W), MATH 1513 or higher or APPM 1223, within the last two years or by evaluation
4 CREDITS Students will demonstrate their understanding of useful concepts of kinematics and dynamics, energy and momentum, waves and sound, fluids and thermodynamics by (1) developing numerical and graphical descriptions of physical phenomena, (2) numerically predicting the results of physical occurrences, and (3) applying laboratory skills to analyze real situations. Numerical computations will utilize algebra and basic trigonometry where appropriate. GenEd Requirement

PHYS 1214 COLLEGE PHYSICS II
Prerequisite: (R) (W) PHYS 1114
4 CREDITS This course is a continuation of College Physics I. Students will demonstrate their understanding of concepts of electricity and magnetism, optics, relativity, and atomic and nuclear physics by (1) developing numerical and graphical descriptions of physical phenomena, (2) numerically predicting the results of physical occurrences, and (3) applying laboratory skills to analyze real situations. Numerical computations will utilize algebra and basic trigonometry where appropriate. GenEd Requirement

PHYS 1314 TECHNICAL PHYSICS
Prerequisite: (R) (W), Algebra II in High School or MATH 0403 or adequate math placement test score or APPM 1223 or the appropriate technical math course.
4 CREDITS This is a physics course designed primarily for technical career programs. Students will apply the concepts and techniques of physics to solve technical problems in the area of mechanics, fluids, heat, electricity and magnetism. Laboratory analysis is an integral part of the course.

PHYS 1504 GENERAL ASTRONOMY
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
4 CREDITS This course will fulfill the General Education requirement for Physical Science (without laboratory). The student will be introduced to modern astronomy. Concepts to be studied include the solar system, the sun and stars, galaxies, including the Milky Way Galaxy, and current theories of the origin, evolution, and fate of the universe. GenEd Requirement

PHYS 1514 GENERAL ASTRONOMY WITH LAB
Prerequisite: (R) (W) Math 0203 or adequate math placement test score
4 CREDITS This course will fulfill the general education requirement for Physical Science (with laboratory). The student will be introduced to modern astronomy. Concepts to be studied include the solar system, the sun and stars, galaxies (including the Milky Way Galaxy), and current theories of the origin, evolution, and fate of the universe. Laboratory exercises will explore basic physical principles related to Astronomy as well as activities with specific astronomical applications. GenEd Requirement

PHYS 2014 ENGINEERING PHYSICS I
Prerequisite: (R) (W), MATH 2104 (or at least 4 hours of calculus) within the last year or by evaluation
4 CREDITS This is a physics course designed primarily for pre-engineering, chemistry and physics majors. Students will demonstrate their understanding of concepts in mechanics, heat and sound by (1) developing qualitative and quantitative descriptions of physical phenomena, and (2) predicting the results of physical occurrences based on physics theory and laboratory experiments. Quantitative descriptions and predictions will incorporate methods of calculus where appropriate. GenEd Requirement

PHYS 2114 ENGINEERING PHYSICS II
Prerequisite: (R) (W), PHYS 2014 and MATH 2214 (or at least 8 hours of calculus) within the last year or by evaluation
4 CREDITS This course is a continuation of Engineering Physics I. Students will demonstrate their understanding of concepts in electricity, magnetism, and light by (1) developing qualitative and quantitative descriptions of physical phenomena, and (2) predicting the results of physical occurrences based on
physica theory and laboratory experiments. Quantitative descriptions and predictions will incorporate methods of calulus where appropriate. GenEd Requirement.

**PHYS 2223 MODERN PHYSICS FOR ENGINEERS**  
Prerequisite: PHYS 2114; Prerequisite or Corequisite: MATH 2413  
3 CREDITS Students will demonstrate understanding of essential concepts in 20th century physics. Topics investigated include relativity, quantization, atomic models, quantum mechanics, atomic physics, statistical mechanics, and the current standard model of particle physics. Students solve problems using mathematical methods including ordinary differential equations.

**POLITICAL SCIENCE**

**POLSC 1000 SPECIAL TOPICS IN POLITICAL SCIENCE**  
Prerequisite: (R)  
1-3 CREDITS The student will demonstrate competencies in subjects not covered in other Political Science courses. Each course will relate to a specific issue and may be repeated with a change in topic.

**POLSC 1113 AMERICAN FEDERAL GOVERNMENT**  
Prerequisite: (R) (W)  
3 CREDITS A study of the principles, structure, processes and functions of the United States federal government. GenEd Requirement

**POLSC 2000 SPECIAL TOPICS IN POLITICAL SCIENCE**  
Prerequisite: POLSC 1113  
3 CREDITS The student will demonstrate competencies in subjects not covered in other POLSC courses. The course may relate to a specific issue, topic, or area of study within the field of political science. The course may be repeated with a change in content.

**POLSC 2103 INTRODUCTION TO PUBLIC ADMINISTRATION**  
Prerequisite: (R) (W) POLSC 1113  
3 CREDITS After surveying the field of public administration, the student will be able to (1) organize a workable administrative hierarchy, (2) construct a hypothetical governmental budget, (3) identify and describe the processes and problems in intergovernmental relations, (4) describe administrative law and procedure, (5) describe personnel policies, and (6) compare various public administrations.

**POLSC 2113 INTRODUCTION TO STATE AND LOCAL GOVERNMENT**  
Prerequisite: (R) (W) POLSC 1113  
3 CREDITS After studying the political processes in lower level governmental units, the student will be able to identify and describe processes and problems such as intergovernmental relations, fiscal and administrative systems, special urban problems, and legal systems in these governmental units.

**POLSC 2213 CONTEMPORARY ISSUES IN AMERICAN POLITICS**  
Prerequisite: (R) (W) POLSC 1113  
3 CREDITS This course is a study of significant contemporary political issues emphasizing events occurring at the time the course is offered. After surveying the field of American politics, the student will be able to: 1). critically evaluate some of the controversial issues which presently confront the U.S. and the global community; 2). facilitate intellectual discourse; 3). participate in civil debates; 4). identify a potential problem with a specific public policy and propose a solution to ameliorate it; and 5). construct a research paper and literature review reflecting the critical analysis skills that have been learned throughout the course.

**POLSC 2223 INTRODUCTION TO LAW**  
Prerequisite: (R) (W) POLSC 1113  
3 CREDITS The student will be introduced to legal subjects such as Criminal Law and Procedure, Civil Law and Procedure, Torts, Contracts, Sources of American Law, the Judicial System and the Courts, and Judicial Decision Making and Remedies. The student will learn legal research techniques and apply them in a moot court oral exercise, will learn about legal resources available through the Internet, and will make an observation of an actual case in a court of law. This course heavily relies upon graded, class participation by students.

**POLSC 2303 INTRODUCTION TO INTERNATIONAL RELATIONS**  
Prerequisite: (R) (W) POLSC 1113  
3 CREDITS An analysis of the structure of international relations and sources of international influence, conflict, and cooperation.

**POLSC 2603 INTRODUCTION TO COMPARATIVE POLITICS**  
Prerequisite: (R) (W) POLSC 1113  
3 CREDITS The student will utilize basic theories and methods of comparative analysis in studying selected nation-states. The student will also examine current world-wide political issues and problems. Topics for analysis will include political development, culture, elites, parties and political change.

**POLSC 2613 SCOPE AND METHODS OF POLITICAL SCIENCE**  
Prerequisite: (R) (W) POLSC 1113 and MUST HAVE COMPLETED AT LEAST 6 HOURS OF POLITICAL SCIENCE ELECTIVES (e.g. 2003, 2103, 2113, 2213, 2223, 2303, 2603).  
3 CREDITS This course examines the broad scope of political science from its earliest philisophic origins to its development as a contemporary social science. Various sub-fields of political science are analyzed including political theory, public administration, political behavior, comparative government, international relations, American government, methodology, and public policy.

**PSYCHOLOGY**

**PSY 1000 SPECIAL TOPICS IN PSYCHOLOGY**  
Prerequisite: (R) (W)  
VARIABLE 1-3 CREDITS The student will demonstrate competencies in subjects not covered in other psychology courses. Each course will relate to a specific issue and may be repeated with a change in topic.

**PSY 1103 HUMAN RELATIONS**  
Prerequisite: (R) (W)  
3 CREDITS A survey of the major areas of study in psychology such as motivation, learning, physiology, personality, social psychology, abnormal behavior, perception, memory, cognition/thought, and treatment.

**PSY 1113 INTRODUCTION TO PSYCHOLOGY**  
Prerequisite: (R)  
3 CREDITS After exploring specific behavior skills and communication patterns used in the establishment and maintenance of relationships, the student will be able to describe the process of human relating with emphasis on promoting positive results. Several types of relationships will be considered: friendships, family, marriage and work.

**PSY 1123 STRESS MANAGEMENT**  
Prerequisite: (R) (W)  
3 CREDITS The student will apply psychological and physiological information to develop a plan for living with stress. A personal profile of stress will be developed and techniques for preventing tension, relaxing the mind and body, and improving self-esteem will be explored.

**PSY 1143 CHEMICAL DEPENDENCY**  
Prerequisite: (R)  
3 CREDITS Introduction to Chemical Dependency is designed to introduce the dynamics of chemical dependency and the aspects of drug and alcohol dependence and addiction. Family dynamics will be discussed as well as the impact of dysfunctional or imbalanced family systems on individuals and their
chemical use. The purpose of this course is to provide basic theoretical concepts and research in the field of chemical dependency.

**PSY 1153  PSYCHOLOGY OF AGING**  
Prerequisite: (R)  
3 CREDITS The student will use a life-span perspective to describe development in late life, including psychological traits, interpersonal relationships, social roles, and psychological crises of late life.

**PSY 1503  PSYCHOLOGY OF WOMEN**  
Prerequisite: (R)  
3 CREDITS The student will discuss issues, theories and research related to female development and the factors influencing that development from social science, historical, and biographical perspectives.

**PSY 2000  SPECIAL TOPICS IN PSYCHOLOGY**  
Prerequisite: (R) (W)  
VARIABLE 1-3 CREDITS The student will demonstrate competencies in subjects not covered in other psychology courses. Each course will relate to a specific issue and may be repeated with a change in topic.

**PSY 2113  INTRODUCTION TO CHILD DEVELOPMENT**  
Prerequisite: PSY 1113 and MATH 0403 or adequate math placement test score  
3 CREDITS The course will identify patterns of the physical, intellectual and emotional/psycho-social development of children. The course will recognize the major theories of human development as they apply to children.

**PSY 2123  BEHAVIORAL STATISTICS**  
Prerequisite: PSY 1113  
3 CREDITS Behavioral Statistics provides an introduction to descriptive and inferential, parametric and non-parametric statistical techniques used in behavioral research including measures of central tendency, variability, correlation, regression analysis, hypothesis testing, t-tests, Chi square, and ANOVA. Students finishing this course will be able to use computers for statistical analyses and will be prepared for advanced laboratory classes.

**PSY 2163  DEATH, DYING, AND GRIEF**  
Prerequisite: (R) (W)  
3 CREDITS Students will demonstrate an understanding of death, dying, and grief from three perspectives: The medical and legal perspective in American society; the human perspective, including how people die, caregiving, suicide, and funeral rituals; and the perspective of death related to other losses, including grief and coping strategies.

**PSY 2193  PERSONALITY THEORIES**  
Prerequisite: (R) (W), PSY 1113  
3 CREDITS This course examines personality processes and the various theoretical approaches to the study of personality such as psychodynamic, behavioral, phenomenological, trait, and social learning theories.

**PSY 2213  CHILD AND FAMILY IN SOCIETY**  
Prerequisite: (R) (W)  
3 CREDITS This course emphasizes promoting optimum development and support of families and children within various settings and the larger community.

**PSY 2233  ETHICS IN HEALTH AND HUMAN SERVICES**  
Prerequisite: (R) (W), PSY 1113  
3 CREDITS Students will contrast ethical systems with religion, law, and justice; define ethical principles, and discuss ethical issues and professional conduct in health and human services. Students will apply ethical principles and decision-making models to analyze case studies.

**PSY 2403  DEVELOPMENTAL PSYCHOLOGY**  
Prerequisite: (R) (W), PSY 1113  
3 CREDITS A theoretical and research-based course that covers social, emotional, physical and cognitive aspects of human development throughout the life-span.

**PSY 2743  SOCIAL PSYCHOLOGY**  
Prerequisite: (R) (W), PSY 1113  
3 CREDITS This course will cover topics such as conformity, social influence, social cognition, prosocial behavior, prejudice, group processes, interpersonal attraction and social comparison.

**RESPIRATORY CARE THERAPIST**

**RC 1000  RESPIRATORY CARE SPECIAL TOPICS**  
Prerequisite: None  
VARIABLE 1-4 CREDITS The student will demonstrate specified competencies in subject areas not covered in other Respiratory Care courses, but which are beneficial in providing a better understanding of the field. A specific subject is announced for each offering. Enrollment may be repeated with a change of topic.

**RC 1021  MEDICAL ETHICS**  
Prerequisite: (R), Admission to Respiratory Therapy Program  
1 CREDIT This course covers information necessary to understand the legal and ethical standards of practice of respiratory care. Students will study ethics, professionalism and stress management. Also covered will be information related to professional credentialing and licensure as well as a basic introduction to the principles of managed care.

**RC 1033  RESPIRATORY CARE SCIENCES**  
Prerequisite: (R) (W) Math 1513 or APPM 1223 Corequisite: MATH 1513 or APPM 1223  
3 CREDITS This course is intended to teach the principles of physics, chemistry and microbiology necessary for the understanding and application of respiratory care. Topics include temperature scales and conversion; the nature and behavior of gases; the gas laws; diffusion; solubility and flow of gases and liquids; basic principles of fluid dynamics; basic atomic structure; formation of ions; valence calculation; theory of pH and acid-base balance; classification and identification of micro-organisms; microbial growth and transmission; common infectious respiratory diseases.

**RC 1041  INTRODUCTION TO CLINICAL APPLICATION**  
Prerequisite: (R) Corequisite: RC 1114, RC 1021  
1 CREDIT This course is an introduction to the hospital environment. Students will be oriented to basic hospital operations in a respiratory care department and observe delivery of respiratory care. Students will also perform basic respiratory procedures and learn to read charts.

**RC 1114  RESPIRATORY THERAPY PROCEDURES I AND LAB**  
Prerequisite: (R) Math 1513 or APPM 1223 Corequisite: RC 1033; BIO 1314 or BIO 1224; MATH 1513 or APPM 1223  
4 CREDITS This is the beginning theory and application course in the study of respiratory care. It is designed to cover the theory and application of basic to intermediate skills. Included in this course are laboratory demonstrations, student practice, peer evaluation and return student demonstration for evaluation. Students will demonstrate minimal proficiency in the laboratory setting on all required procedural skills. Topics include: safety, infection control, basic and advanced patient assessment, data management, communication skills regulators, flow meters, gas blenders, sustained maximal inspiration, breathing exercises, gas therapy administration, chest physical therapy, humidity and aerosol therapy, oxygen analysis, pulse oximetry, blood sampling, blood gas analysis, equipment cleaning, manual resuscitators and electrocardiographs.

**RC 1124  RESPIRATORY THERAPY PROCEDURES II AND LAB**  
Prerequisite: RC 1041; RC 1114  
4 CREDITS This is the second theory and application course of respiratory care equipment and procedures. It is designed to build upon the knowledge and
skills acquired in Respiratory Therapy Procedures I. Students are introduced to additional intermediate and advanced respiratory care topics. Included in this course are laboratory demonstrations, student practice, peer evaluation and return student demonstration for evaluation. Students will demonstrate minimal proficiency in the laboratory setting on all required procedural skills. The following topics are covered: Intermittent positive pressure ventilation, bi-level positive pressure ventilation, artificial airways and airway management, bedside ventilatory assessment, suctioning, classification of ventilators, physiologic effects of ventilation and basic ventilator management. The course includes in-depth study of the currently used mechanical ventilators.

RC 1144 Respiratory Pharmacology
Prerequisite: RC 1312; Corequisite: MATH 1513 or APPM 1223
2 CREDITS This course is designed to study medications used in the treatment of respiratory disorders. General drug groups, including their physiologic actions, uses and hazards, are covered. Dosages, contraindications, precautions, duration and mode of action, elimination, indications for use, potential side effects, and adverse effects are also discussed for the most commonly used respiratory therapy and related drugs in each group.

RC 1223 Pediatric and Neonatal Respiratory Care
Prerequisite: (R) (W), RC 1124; RC 1142; RC 1244; RC 1312; RC 1253
3 CREDITS This course is designed to cover the various aspects of respiratory care which are unique to the neonatal and/or pediatric patient. The course covers development of the fetus, evaluation and stabilization of high-risk newborns, pediatric respiratory therapeutics, pediatric and neonatal resuscitation, the study of pediatric diseases with respiratory implications and appropriate therapeutic interventions. Mechanical ventilation of the newborn, nitric oxide administration, high frequency ventilation and transcutaneous monitoring are also covered. Included in this course are laboratory demonstrations, student practice, peer evaluation and return student demonstration for evaluation. Students will demonstrate minimal proficiency in the laboratory setting on all required procedural skills.

RC 1244 Clinical Application of Basic Respiratory Therapeutics
Prerequisite: (R), RC 1041, RC 1114
4 CREDITS This course is the actual clinical application of basic respiratory procedures which are taught in the Respiratory Therapy Procedures I course. The student observes and then performs in the clinical affiliate hospitals those skills and procedures which have been satisfactorily performed in the laboratory setting. The student is required to perform a minimal number of specified procedures and prove proficiency in basic skills. The student is also evaluated on initiative, organization, and affective behavior.

RC 1253 Clinical Application of Advanced Respiratory Therapeutics
Prerequisite: (R) (W), RC 1124, RC 1244
3 CREDITS This course is the actual clinical application of advanced respiratory procedures which are taught in the Respiratory Therapy Procedures II course. The student observes and then performs in the clinical affiliate hospitals those skills and procedures which have been satisfactorily performed in the laboratory setting. The student is required to perform a minimal number of specified procedures and prove proficiency in basic skills. The student is also evaluated on initiative, organization, and affective behavior.

RC 1312 Cardiopulmonary Anatomy, Physiology and Pathology
Prerequisite: None
2 CREDITS This course is designed as an in-depth study of the anatomy, physiology, and pathology of the cardiopulmonary system. The pathology portion of the course provides study of the etiology, pathophysiology, signs and symptoms, and treatment for specific cardiopulmonary diseases.

RC 1320 Respiratory Care Transition
Prerequisite: (R) (W) Must hold CRT credential, current RCP license or be a current second year respiratory care student.

VARIABLE 1-4 CREDITS This is an elective course designed to assist the Certified Respiratory Care Technician who has been out of school for an extended period of time, or practicing in a specialty area in making the transition into the Respiratory Care Therapist program. This course may also be used as a remediation course for Respiratory Care Therapist students with significant areas of weakness identified during assessment testing or clinical practice. This course is designed to utilize comprehensive assessment of an individual’s current knowledge and skills to develop an individual plan of study for remediation. The student will be provided with a specific plan of objectives and skills to be mastered during the course and the necessary curriculum units.

RC 2124 Critical Care Respiratory Therapy
Prerequisite: (R) (W) RC 1124, RC 1142, RC 1253, RC 1312
4 CREDITS This course introduces topics related to the delivery of respiratory care and patient management in the critical care setting. The student will master advance patient monitoring modalities as well as the more complex ventilation modes. The primary topic is overall evaluation and management of the critically ill patient with use of patient care plans and respiratory care protocols. Included in this course are laboratory demonstrations, student practice, peer evaluation and return student demonstration for evaluation. Students will demonstrate minimal proficiency in the laboratory setting on all required procedural skills. Topics include: developing care plans, cardiovascular monitoring and management, fluid and electrolyte monitoring, pleural drainage, x-ray assessment, advanced ventilatory modes and respiratory emergencies.

RC 2212 Pulmonary Function Testing and Bronchoscopy
Prerequisite: (R) (W) RC 1124, RC 1253, RC 1312
2 CREDITS This course is designed for the student to develop knowledge of the advanced diagnostic procedures necessary to perform comprehensive pulmonary function testing in the clinical setting. This includes performance and interpretation of spirometry, lung volumes, diffusion and assisting the physician with performance of bronchoscopy. The student will demonstrate an understanding of these procedures through hands-on lab experiments. The student will also develop a basic understanding of the concepts of cardiac and exercise testing as well as a brief overview of polysomnography. The student will be able to relate these testing procedures to the diagnosis of cardiopulmonary disease.

RC 2312 Clinical Experience I
Prerequisite: (R) (W) RC 2212
2 CREDITS The course is the direct clinical application of pulmonary function testing and bronchoscopy assistance taught in RC 2212. Students will attend 8-hour clinical rotations in the hospital pulmonary function laboratory observing and performing comprehensive patient testing. This course will also include additional adult intensive care rotations to promote continued practice and mastery of basic ventilator management skills.

RC 2412 Clinical Experience II
Prerequisite: (R) (W) RC 2124, RC 1233
2 CREDITS This course provides clinical application in the hospital setting to the topics covered in Critical Care Respiratory Therapy and Pediatric/Neonatal Respiratory Care courses. Students are scheduled for rotations through adult, pediatric and neonatal intensive care units. Students will attend scheduled eight-hour rotations at specific hospital sites in order to complete assigned behavioral and didactic objectives.

RC 2512 Respiratory Therapy Seminar
Prerequisite: RC 1124, RC 1244, RC 1142, RC 1312, RC 1253
2 CREDITS This course includes topics related to management and specialty areas in the field of respiratory care. Students will develop an understanding of smoking cessation, home care and discharge planning, quality assurance, hospital department management, patient education and pulmonary rehabilitation.

RC 2613 Advanced Respiratory Care/Patient
SOCIETY, culture, socialization, institution, perspectives (structural-functionalism, conflict theory, and symbolic interactionism), including the study of practices, social structures, historical backgrounds, development, universal themes, and the roles of religion in society. It will examine the functions religion serves in societies, the distinction between magic and religion, and the relationship between religion and other major social institutions such as the economy and politics.

3 CREDITS
Prerequisite: (R) (W)

SOC 2173 SOCIOLOGY OF RELIGION
3 CREDITS
Prerequisite: (R) (W)

SOC 2163 DEATH, DYING, AND GRIEF
Prerequisite: (R) (W)
3 CREDITS
Students will demonstrate and understand of death, dying, and grief from three perspectives: The medical and legal perspective in American society; the human perspective, including how people die, caregiving, suicide, and funeral rituals; and the perspective of death related to other losses, including grief and coping strategies.

3 CREDITS
Prerequisite: (R) (W)

SOC 2143 MINORITIES, ETHNICITY AND CULTURAL DIVERSITY
3 CREDITS
Prerequisite: (R) (W)

SOC 2123 SOCIOLOGY OF AGING
3 CREDITS
Prerequisite: (R)

SOC 2063 CRIME AND DELINQUENCY
Prerequisite: (R) (W)
3 CREDITS
The student will identify the sociological and psychological dimensions involved in the control and treatment of crime and delinquency.

SOC 2013 MARRIAGE AND FAMILY RELATIONSHIPS
Prerequisite: (R) (W)
3 CREDITS
The student will identify the sociological and psychological approaches to problem-solving techniques in marriage and family relations.

SOC 2023 SOCIAL PROBLEMS
Prerequisite: (R) (W), SOC 1113
3 CREDITS
The student will use the sociological perspective to analyze and show the interrelationships among biological, psychological and social aspects of human problems.

SOC 2163 DEATH, DYING, AND GRIEF
Prerequisite: (R) (W)
3 CREDITS
Students will demonstrate and understand of death, dying, and grief from three perspectives: The medical and legal perspective in American society; the human perspective, including how people die, caregiving, suicide, and funeral rituals; and the perspective of death related to other losses, including grief and coping strategies.

SOC 2173 SOCIOLOGY OF RELIGION
Prerequisite: (R) (W)
3 CREDITS
This course will examine religion from the three sociological perspectives (structural-functionalism, conflict theory, and symbolic interactionism), including the study of practices, social structures, historical backgrounds, development, universal themes, and the roles of religion in society. It will examine the functions religion serves in societies, the distinction between magic and religion, and the relationship between religion and other major social institutions such as the economy and politics.

SOC 2213 CULTURAL ANTHROPOLOGY
Prerequisite: (R) (W)
3 CREDITS
Using learned principles of anthropology, the student will identify those aspects of human culture which are universal and which act as an integrative element in human social behavior.
SPANISH

SPAN 1000 SPECIAL TOPICS IN SPANISH
Pre requisite: (R) (W), by evaluation

VARIABLE 1-6 CREDITS The student will demonstrate competencies not covered in other Spanish language courses at the 1000-level. Each course will concentrate on a particular aspect of language and culture. The course may be repeated with a change in subject matter.

SPAN 1010 CONVERSATIONAL SPANISH I
Pre requisite: (R) (W)

VARIABLE 1-4 CREDITS The beginning student will develop oral communication skills through intensive practice in Spanish with a focus on listening and speaking activities. The student will be able to function in Spanish on topics of everyday life. This class is taught completely in Spanish. Credit is variable and, with different content, may be repeated for up to 4 credits.

SPAN 1115 ELEMENTARY SPANISH I
Pre requisite: (R) (W)

5 CREDITS The beginning student will acquire fundamental proficiency in understanding, speaking, reading, and writing Spanish. The student will also explore important aspects of Spanish and Latin American culture. Laboratory experience is an integral part of the course.

SPAN 1120 CONVERSATIONAL SPANISH II
Pre requisite: (R), SPAN 1010 or 1115 or by evaluation

VARIABLE 1-4 CREDITS A continuation of SPAN 1010. The student will further develop oral communication skills through intensive practice in Spanish with a focus on listening and speaking activities. The student will be able to function in Spanish in a variety of situations. This class is taught completely in Spanish. Satisfactory completion of at least three credits of Conversational Spanish II confirms that a student has demonstrated competency in a foreign language at the novice-high level according to the ACTFL scale. Credit is variable and, with different content, may be repeated for up to 4 credits.

SPAN 1150 SPANISH IMMERSION I
Pre requisite: (R), SPAN 1010 or 1115 or by evaluation

VARIABLE 1-3 CREDITS The Spanish Immersion course provides an intensive language-learning experience for the student who has some background in Spanish. Following an orientation meeting on campus, students spend a period of time (minimum of two days) at an off-campus location hearing and speaking only Spanish. In addition to attending formal classes focusing on selected topics of vocabulary and grammar, students participate in activities such as dancing, games, aerobics, films, nature walks, and shopping in Spanish, enabling them to experience a total immersion.

SPAN 1160 INTERNATIONAL STUDY I
Pre requisite: (R), SPAN 1010 or 1115 or by evaluation

VARIABLE 3-6 CREDITS International Study I provides an intensive language and culture experience for the student who has some background in Spanish. Following orientation meetings on campus, students spend a period of time (minimum 9 days) in a Spanish-speaking country. Students will improve listening and speaking skills while developing cultural competence as they experience firsthand the culture of a part of the Hispanic world.

SPAN 1225 ELEMENTARY SPANISH II
Pre requisite: (R), SPAN 1115 or by evaluation

5 CREDITS A continuation of SPAN 1115. The student will demonstrate increased proficiency in understanding, speaking, reading, and writing Spanish. The student will continue to explore significant aspects of Spanish and Latin American culture. Laboratory experience is an integral part of the course. Satisfactory completion of this course confirms that a student has demonstrated competency in a foreign language at the novice-high level according to the ACTFL scale.

SPAN 2000 SPECIAL TOPICS IN SPANISH
Pre requisite: (R), Two semesters of 1000-level SPAN courses or by evaluation

VARIABLE 1-6 CREDITS The student will demonstrate competencies not covered in other Spanish language courses at the 2000-level. Each course will concentrate on a particular aspect of language and culture. The course may be repeated with a change in subject matter.

SPAN 2010 CONVERSATIONAL SPANISH III
Pre requisite: (R), SPAN 1120 or 1225 or by evaluation

3 CREDITS The student will actively participate in conversations on a variety of topics, including vocabulary specific for fields of study or careers. Listening and speaking will be emphasized, but reading and writing will be incorporated to enable the student to function at the intermediate level of proficiency or above, according to the ACTFL scale. This course is taught completely in Spanish. Credit is variable and, with different content, may be repeated for up to four (4) credits.

SPAN 2050 SPANISH IMMERSION II
Pre requisite: (R), SPAN 1120 or 1225 or by evaluation

VARIABLE 1-3 CREDITS The Spanish Immersion Course provides an intensive language-learning experience for the student who has a minimum of two semesters of Spanish (or equivalent). Following an orientation meeting on campus, students spend a period of time (minimum of two days) at an off-campus location hearing and speaking only Spanish. In addition to attending formal classes focusing on selected topics of vocabulary and grammar, students participate in activities such as dancing, games, aerobics, films, nature walks, and shopping in Spanish, enabling them to experience a total immersion. Students will demonstrate an intermediate level of oral proficiency through interactions with instructors and other students as well as formal presentations.

SPAN 2060 INTERNATIONAL STUDY II
Pre requisite: (R), SPAN 1120 or 1225 or by evaluation

VARIABLE 3-6 CREDITS International Study II provides an intensive language and culture experience for the student who has a minimum of two semesters of Spanish (or equivalent). Following orientation meetings on campus, students spend a period of time (minimum 9 days) in a Spanish-speaking country. Students will demonstrate an intermediate level of oral proficiency and cultural competence through interactions with instructors and other students as well as formal presentations, while they experience firsthand the culture of a part of the Hispanic world.

SPAN 2113 INTERMEDIATE SPANISH I
Pre requisite: (R), SPAN 1225 or by evaluation

3 CREDITS The student will demonstrate proficiency in understanding,
This course is not equivalent to Microbiology-BIO 2125.

SPAN 2223  INTERMEDIATE SPANISH II
Prerequisite: (R), SPAN 2113 or by evaluation ♦
3 CREDITS  A continuation of SPAN 2113. The student will demonstrate increased proficiency in understanding, speaking, reading, and writing Spanish at the intermediate level. The student will read short literary texts and use them as a basis for discussions and compositions in Spanish and will complete a systematic review of Spanish grammar. The class is taught in Spanish.

SUCCESS IN COLLEGE AND LIFE

SCL 1001  SUCCESS IN COLLEGE AND LIFE
Prerequisite: None
1 CREDIT  Students will be introduced to some of the best practices for success in college and life. General topics include: Making Connections, Time Management, Major/Career Exploration, Setting Educational, Financial, and Personal Goals, Study Skills, Critical Thinking, Diversity and Global Awareness, College Ethics, Library Skills and Information Literacy, Using Technology Effectively, and Health and Wellness Strategies. This course should be taken during a student’s first semester of college work at Oklahoma City Community College and is a required course in degree plans.

SURGICAL TECHNOLOGY

ST 1000  SPECIAL TOPICS IN SURGICAL TECHNOLOGY
Prerequisite: (R)
VARIABLE 1-3 CREDITS  The student will demonstrate competencies not covered in other surgical technology courses, but which benefit students wanting additional training in the field or comprehension of the field. A specific topic is announced for each offering. Enrollment may be repeated with a change of topic.

ST 1114  SURGICAL TECHNIQUES I
Prerequisite: (R) Corequisite: ST 1126
4 CREDITS  This course is a clinical introduction to the operating room. The student will demonstrate competencies in the use and preparation of supplies and care of the surgical patient.

ST 1126  SURGICAL TECHNIQUES PRACTICUM I
Prerequisite: (R) Corequisite: ST 1114
6 CREDITS  This course is an introduction to the clinical setting. The student will demonstrate competencies on the application of the fundamentals of surgical techniques and procedures, including aseptic techniques, sterilization and disinfection, instrumentation, sutures and needles, and surgical supplies and equipment.

ST 2214  SURGICAL TECHNIQUES II
Prerequisite: (R) (W), ST 1114 and ST 1126; Corequisite: ST 2226
4 CREDITS  This student will demonstrate an understanding of the basic concepts of pathophysiology, regional anatomy, and surgical procedures related to general; gynecologic; ophthalmic; ear, nose, and throat; gastrointestinal; and pediatric surgery.

ST 2224  TECHNICAL MICROBIOLOGY
Prerequisite: BIO 1224
4 CREDITS  The student will demonstrate an understanding of the following concepts: relationship between humans and microbes, immunology, disease and disease producing organisms, immunity, bloodborne pathogens, infectious disease processes and sterilization techniques for surgical technology. This course is not equivalent to Microbiology-BIO 2125.

ST 2226  SURGICAL TECHNIQUES PRACTICUM II
Prerequisite: (R) (W), ST 1126 and ST 1114; Corequisite: ST 2226
6 CREDITS  This course is designed to introduce the students to the hospital in general and the surgical area in particular through practical experience. The student will be able to demonstrate application of basic skills and surgical technology.

ST 2314  SURGICAL TECHNIQUES III
Prerequisite: (R) (W), ST 2226 and ST 2214; Corequisite: ST 2336
4 CREDITS  The student will demonstrate an understanding of the concepts of pathophysiology, regional anatomy and surgical procedures related to genitourinary, thoracic, vascular, cardiac, neurosurgery, orthopedic, reconstructive, and plastic surgery.

ST 2336  SURGICAL TECHNIQUES PRACTICUM III
Prerequisite: (R) (W), ST 2226 and ST 2214; Corequisite: ST 2314
6 CREDITS  The student will demonstrate application of lecture and laboratory material in the clinical setting.

TECHNOLOGY

TECH 1000  ADVANCED SPECIAL TOPICS
Prerequisite: by evaluation ♦
1-4 CREDITS  This course includes advanced technical topics to which students may be exposed. The course may be repeated with a change in content.

TECH 1010  INTRODUCTION TO TECHNOLOGY
Prerequisite: None
3 CREDITS  Students will demonstrate proficiency in the knowledge, use and application of basic operations required in a specific technical field.

TECH 2000  SPECIAL TOPICS
Prerequisite: TECH 1113, ENGL 1113
1-4 CREDITS  This course includes a variety of technical topics to which a student may be exposed. The course may be repeated with a change of topics.

TECH 2013  INTERMEDIATE TECHNOLOGY APPLICATIONS
Prerequisite: Pre or Corequisite: TECH 1113, ENGL 1113
3 CREDITS  Students will demonstrate proficiency in the knowledge, use and application of intermediate operations required in a specific technical area.

TECH 2023  ADVANCED TECHNOLOGY APPLICATIONS
Prerequisite: TECH 2013
3 CREDITS  Students will demonstrate proficiency in the knowledge, use and application of advanced operations and applications in a specific technical area.

TECH 2773  TECHNOLOGY FIELD INTERNSHIP I
Prerequisite: Corequisite: TECH 1013
3 CREDITS  Students will apply knowledge obtained in previous coursework to produce products or services in a business or industrial setting. Students will be guided through directed observation in an area directly related to the employee’s technical specialty. Specific requirements must be approved by the employer and academic advisor prior to starting the internship.

TECH 2783  TECHNOLOGY FIELD INTERNSHIP II
Prerequisite: TECH 2773 Corequisite: TECH 1113

Criteria for evaluation in division office.
3 CREDITS  Students will apply advanced knowledge obtained in previous coursework to produce products or services in a business or industrial setting. Students will be guided through directed observation in an area directly related to the employee’s technical specialty. Specific requirements must be approved by the employer and academic advisor prior to starting the internship.

THEATRE ARTS

TA 1000  SPECIAL TOPICS
Prerequisite: (R) (W)

VARIABLE 1-3 CREDITS  The student will demonstrate competencies in subjects not covered in other theatre arts courses. Each course will cover a specific topic and may be repeated with a change in content.

TA 1103  INTRODUCTION TO THEATRE
Prerequisite: (R) (W)

3 CREDITS  After an introduction to the basics of theatre-theatre history and literature, acting, directing, design, stagecraft, and the chain of responsibility from the playwright to the staff of the final production-the student will demonstrate understanding of the elements of theatre and their relevance to human experience.

TA 1121  PRODUCTION WORKSHOP
Prerequisite: (R)

1 CREDIT  The student will prepare for, rehearse for, and perform in situations related to theatre arts, especially in productions of the scheduled season and other selected activities of a theatrical nature. The importance of effective completion of assigned responsibilities and working within a unit with all members of the production will be stressed. Course may be repeated.

TA 1133  VOICE AND SPEECH IMPROVEMENT
Prerequisite: (R)

3 CREDITS  The student will state in writing and/or orally his or her understanding of the physiological elements of the voice. The student will use the International Phonetic Alphabet by transcribing the oral word phonetically. After participating in exercises to improve vocal control, the student will demonstrate improved enunciation and pronunciation.

TA 1223  MAKE-UP FOR THE STAGE
Prerequisite: (R)

3 CREDITS  The student will apply the principles, theory and psychology of theatrical make-up, including proper skin care; identification of types of make-up available; application of straight, corrective and old age make-up; and the construction and use of prosthetics and hair pieces.

TA 1513  ACTING I
Prerequisite: (R) (W)

3 CREDITS  Through writing and performance activities, the student will demonstrate knowledge relating to the training of the voice, mind and body for stage acting.

TA 2000  SPECIAL TOPICS IN THEATRE ARTS
Prerequisite: (R) (W)

3 CREDITS  Through writing and performance activities, the student will demonstrate knowledge relating to the training of the voice, mind and body for stage acting.

TA 2113  INTRODUCTION TO TECHNICAL THEATRE
Prerequisite: (R), TA 1103

3 CREDITS  The student will demonstrate an understanding of fundamental techniques and practices in scene construction, painting and the management of scenery and properties for theatrical stage productions.

TA 2123  PRACTICUM IN THEATRE ARTS
Prerequisite: (R), by evaluation ♦

3 CREDITS  The student will gain practical experience in a specific aspect of the theatre by working with a professional or semi-professional company either as an actor or as part of the production team. Performance will be judged by the professional with whom he or she works. Practicum may include work in the College’s theatrical productions as well as off-campus work.

TA 2203  ACTING II
Prerequisite: (R) (W), TA 1513

3 CREDITS  Through intensive study, analysis, and performance of scenes from selected plays, the student will develop skills emphasizing the development of character and actor interaction.

TA 2233  ACTING FOR THE CAMERA
Prerequisite: (R) (W)

3 CREDITS  The student will develop and demonstrate, through listening, interpretation, and response exercises, a personal technique and methodology of acting in the media of film and video.

WORLD LANGUAGES

WL 1000  SPECIAL TOPICS IN WORLD LANGUAGES
Prerequisite: (R) (W)

1-6 CREDITS  The beginning student will develop listening, speaking, reading, and writing skills in a foreign language (other than French, German, Russian, or Spanish). Credit is variable, and with different content, may be repeated for up to 6 credits.

WL 2000  SPECIAL TOPICS IN WORLD LANGUAGES
Prerequisite: (R) (W), WL 1000 or by evaluation ♦

1-6 CREDITS  The student will develop listening, speaking, reading, and writing skills in a foreign language (other than French, German, Russian, or Spanish). Credit is variable, and with different content, may be repeated for up to 6 credits.
Criteria for evaluation in division office.
Faculty & Staff

PRESIDENT’S OFFICE

Paul W. Sechrist, President
Ph.D., University of Oklahoma
M.A., Southern Nazarene University
B.A., Southern Nazarene University

Paige Landreth, Senior Executive Secretary
A.A.S., Oklahoma State University, Oklahoma City

Janice Phillips, Executive Administrative Assistant to the President
A.A.S., Oklahoma City Community College

B.A., University of Central Oklahoma

Lyndsie Stremlow, Division Secretary

Chiaki Troutman, WLCC Lab Assistant
M.Ed., Oklahoma City University
B.A., Otsuma Woman’s University, Tokyo

Chris Verschage, Professor of English
M.A., Northern Arizona University
B.A., Michigan State University
A.G., Lansing Community College

Nicolas Webb, Communications Lab Assistant
B.A., Oklahoma State University

Amy Wilson, Professor of Learning Skills
M.F.A., Columbia University
B.A., University of Oklahoma

Bertha Wise, Professor of English
M.A., University of Central Oklahoma
B.A., University of Central Oklahoma

Nora York, Art Lab Assistant
Administrative Assistant I & II; Canadian Valley Technology Center

Amin Shariat Zadeh, Communications Lab Assistant
B.A., University of Oklahoma
A.A.S., Oklahoma City Community College

DIVISION OF BUSINESS

Jim Schwark, Dean of Business
Ed.D., Oklahoma State University
M.A.B.A., Ball State University
B.S., Indiana University

Lisa Adkins, Coordinator/Professor of Administrative Office Technology
M.Ed., University of Central Oklahoma
B.S., University of Central Oklahoma
A.A.S., Oklahoma City Community College
Gyanendra Baral, Professor of Business/Economics  
A.B.D., University of Memphis  
M.A., Institute of Social Studies, the Netherlands  
M.A., Tribhuvan University, Nepal  
B.A., Prithvi Narayan Campus, Nepal  

Myra Decker, Coordinator of Accounting Lab/Professor of Business/Accounting  
M.S., Oklahoma State University  
B.S., Oklahoma State University  
A.S., Oklahoma City Community College  

Jason Ferguson, Professor of Automotive Technology  
B.S., University of Central Oklahoma  
A.A.S., Oklahoma City Community College  
A.S.E. Master Certified  

Kayla Fessler, Coordinator/Professor of Accounting  
M.Ed., University of Central Oklahoma  
B.S., University of Central Oklahoma  
Certified Public Accountant  

Kristi Fields, Division Assistant  

Jenean Jones, Professor of Administrative Office Technology  
M.B.Ed., University of Oklahoma  
B.S., Oklahoma City University  

Michael Machiorlatti, Professor of Business/Economics  
M.S., University of Oregon  
B.S., Mississippi State University  

Charles Wayne Myrick, Professor of Business/Economics  
M.A., University of Oklahoma  
B.A., University of Oklahoma  

Mathew Price, Professor of Business/Economics  
M.S., University of Oklahoma  
A.S., Pearl River Community College  

Waymond (Ron) Summers, Professor of Automotive Technology  
B.S., Howard University  
Certified Public Accountant  

Brad Walker, Professor of Automotive Technology  
A.A.S., Oklahoma City Community College  
A.S.E. Certified Master Technician  

Anita Williams, Department Chair of Banking & Finance/Professor of Business  
M.Ed., University of Central Oklahoma  
B.S., Oklahoma State University  
A.A.S., Oklahoma City Community College  

Julie Young, Accounting Lab Assistant  
B.B.A., Georgia State University  

Tamala Zolicoffer, Professor of Accounting  
Certified Public Accountant  
M.S., Oklahoma State University  
B.S., University of Central Oklahoma  

DIVISION OF HEALTH PROFESSIONS  
Jo Ann Cobble, Dean of Health Professions  
Ed.D., University of Arkansas at Little Rock  
M.A., Webster University  
B.S., Oklahoma State University  
A.S., University of the State of New York  
A.A.S., East Arkansas Community College  
Paramedic  
Registered Nurse  

Jennifer M. Ball, Professor of Physical Therapist Assistant/Program Director  
M.H.R., University of Oklahoma  
B.S., University of Oklahoma  
NATA Certified Athletic Trainer, Licensed Athletic Trainer  
Physical Therapist  

Leaugey Barnes, Program Director, Emergency Medical Sciences  
M.S., Oklahoma State University  
B.S. Texas A&M University  
Nationally Registered Paramedic, CCEMT-P  

Traci Boren, Professor of Nursing  
M.S., University of Oklahoma  
B.S.N., University of Oklahoma  
A.A.S. Rose State College  
A.S. Rose State College  
Registered Nurse, MHR  

Sarah Brown, Professor of Nursing  
B.S., University of Central Oklahoma  
Registered Nurse, RNC  

Micheal Cole, Professor of Nursing  
M.S., University of Oklahoma  
M.H.R., University of Oklahoma  
B.S.N., University of Oklahoma  
Registered Nurse, MHR  

Harvey Conner, Professor of Emergency Medical Sciences  
A.S., Oklahoma City Community College  
Nationally Registered Paramedic  

Linda Cowan, Professor of Nursing  
M.S., University of Oklahoma  
B.S.N., University of Oklahoma  
Registered Nurse  

Vicky Davidson, Professor of Physical Therapist Assistant  
B.S., University of Oklahoma  
Physical Therapist  

Jennifer Dodson, Division Secretary  
B.S., Kansas State University  

Claire D. Echols, Academic Advising Coordinator for Health Professions  
M.S., Oklahoma State University  
B.A., East Central University  

Jacqueline Frock, Professor of Nursing  
M.S.N., Oklahoma City University  
B.S.N., Oklahoma City University  
B.L.S., University of Oklahoma  
A.A.S., Bacone College  
Registered Nurse  

Sherri Givens, Human Patient Simulator Coordinator  
B.S., University of Central Oklahoma  
A.A.S., Oklahoma City Community College  
Nationally Registered Paramedic  

Jennifer Halpin, Professor of Nursing  
M.S., University of Oklahoma City  
A.A.S., Oklahoma City Community College  
B.S., Oklahoma City University  
Registered Nurse
Carol Heitkamper, Professor of Nursing
M.S., University of Oklahoma
B.S.N., Southern Nazarene University
A.A.S., Rose State College
Registered Nurse, CRRN

Monica Holland, Professor of Nursing
M.S., Southern Nazarene University
B.S., Southern Nazarene University
A.A.S., Oklahoma City Community College
Registered Nurse, WCC

Mary Holter, Professor of Nursing
M.S.N., University of Texas Arlington
Pediatric Nursing Practitioner Certificate, University of Colorado
B.S.N., University of Oklahoma
Advanced Registered Nurse Practitioner

Rodney Johnson, HP Lab Assistant
Nationally Registered EMT-B

Karen Jordan, Professor of Nursing
M.S.N., University of Oklahoma
M.S., Oklahoma City University
B.S.N., University of Oklahoma
Registered Nurse, CNE

Rosemary Jimerson Klepper, Program Director, Nursing
M.S., University of Oklahoma
B.S.N., Oklahoma Baptist University
Registered Nurse

Thomas Kraft, Professor of Occupational Therapy/Program Director
M.Ed., University of Oklahoma
B.S., State University of New York, Buffalo
Registered Occupational Therapist

Judith Martin, Professor of Nursing
M.S., University of Oklahoma
B.S.N., University of Southwestern Louisiana
Registered Nurse

Debby Martinez, Division Assistant
A.S., Rose State College

Valerie McCartney, Professor of Nursing
M.S., University of Oklahoma
B.S.N., University of Oklahoma
Registered Nurse, RNC-OB

Kristen McMurray, Division Clerical Assistant
B.A., University of Oklahoma

Robin McMurry, Professor of Nursing
M.S. Southern Nazarene University
B.S.N., University of Oklahoma
A.A.S., Oklahoma City Community College
Registered Nurse, RNC

Deborah Myers, Nursing Associate Program Director
M.S., University of Oklahoma
B.S.N., University of Oklahoma
Registered Nurse

Cindy Neely, Professor of Nursing/Campus Clinical Lab Instructor
M.S.N., University of Phoenix
B.S.N., Southern Nazarene University
A.A.S., Rose State College
Registered Nursing

Beverly Schaeffer, Professor of Nursing
M.S.N., University of Phoenix
B.S.N., University of Central Oklahoma
Registered Nurse

Kari Schenk, Professor of Nursing
M.S.N., University of Phoenix
B.S.N., University of Oklahoma
Registered Nurse

Brent Stafford, Professor of Emergency Medical Sciences
A.A.S., Oklahoma City Community College
Nationally Registered Paramedic

Shelly Troxel-Tevis, Clinical Affiliation Coordinator
M.Ed., University of Oklahoma
B.A., University of Oklahoma
A.A.S., Oklahoma City Community College

Terri Walker, Assistant Nursing Program Director
M.S.N., University of Phoenix
B.S.N., Oklahoma Wesleyan University
A.A.S. Oklahoma City Community College
Registered Nurse

Stephanie Wallace, Professor of Nursing
B.S.N., Southern Nazarene University
A.A.S., Oklahoma City Community College
Registered Nurse

Kay Wetmore, Professor of Nursing
M.S. Southern Nazarene University
B.S.N., Oklahoma City University
A.A.S., Oklahoma City Community College
Registered Nurse

Cindy Williams, Professor of Nursing
M.S., Southern Nazarene University
B.S.N., Oklahoma Wesleyan University
A.D.N., Vincennes University
Registered Nurse, CMSRN

Reeca Young, Professor of Occupational Therapy Assistant
B.A., Southern Nazarene University
A.S., Oklahoma City Community College
Certified Occupational Therapy Assistant

DIVISION OF INFORMATION TECHNOLOGY

Thomas Ashby, Acting Dean of Information Technology
M.L.I.S., University of Oklahoma
B.S., Oklahoma State University
A.S., Oklahoma City Community College

James Bothwell, Professor of Computer Science
M.S., National Technological University
B.S., University of Georgia

John Brumfield, Student Computer Center Lab Technician
A.S., Oklahoma City Community College

Haining Chen, Professor of Computer Science
Ph.D., University of Louisiana at Lafayette
M.S., University of Louisiana at Lafayette
M.S., Chinese Academy of Science
B.S., Tsinghua University

Genneva Clark, Student Computer Center Lab Assistant
A.A.S., Oklahoma City Community College
Certificate of Mastery, Microcomputer Technician

Tsugi Coleman, Division Secretary
A.A.S., Oklahoma City Community College
A.A., Jumonji Junior College
Certificate of Mastery, Computer System Support
Certificate of Mastery, Computer Networking Support

Gary Dominguez, Student Computer Center Supervisor
A.A.S., Oklahoma City Community College

Heather Erwin, Division Assistant
B.A., University of Oklahoma

Vicki Gibson, Department Chair, Professor of Computer Science
M.Ed., Southwestern Oklahoma State University
B.S., Cameron University

Mark Goyette, Student Computer Center Lab Assistant
A.A.S., Oklahoma City Community College
Certificate of Mastery, CAD/Manufacturing
Certificate of Mastery, CAD/Multimedia

Douglas Gregory, Professor of Computer-Aided Technology
M.S., University of Central Oklahoma
B.S., Wayne State University
A.S., Henry Ford Community College
A.A.S., Oklahoma City Community College
National Certification – CAD
Albert Heitkamper, Professor of Computer Science
M.S., University of Tulsa
M.A., Webster University
B.S., Troy State University
CISSP

John Helton, Department Chair and Professor of Computer-Aided Technology
M.Ed., University of Central Oklahoma
B.S., East Central University
Autodesk Certified Instructor

James Jackson, Student Computer Center Lab Assistant
A.A.S., Oklahoma City Community College

Haifeng Ji, Professor of Computer Science
M.S., University of Nebraska-Lincoln
B.S., Nanjing University, China
Oracle 9i; PL/SQL Developer Certified Associate
Oracle Database 10g; Administrator Certified Associate

Sara Mathew, Professor of Computer Science
M.A., University of Madras
B.A., Calcutta University
Advanced Systems Management, NIIT

Anita Philipp, Professor of Computer Science
M.Ed., University of Oklahoma
B.A., Saint Norbert College

Michael Reeves, Student Computer Center Evening/Weekend Supervisor
M.L.S., University of Oklahoma
B.L.S., University of Oklahoma
A.A.S., Oklahoma City Community College
A.S., Oklahoma City Community College
Certificate of Mastery-Microcomputer Technician
Certificate of Mastery-Network Technician
Adobe Certified Associate for Photoshop CS3

Joy Schulz, Student Computer Center Lab Assistant
A.A.S., Oklahoma City Community College
Adobe Certified Associate for Photoshop CS3

Akram Taghavi-Burris, Professor of Computer-Aided Technology
B.S., University of Central Oklahoma
A.A.S., Oklahoma City Community College
Certificate of Mastery CAD Multimedia
Adobe Certified Associate for Photoshop CS3
Adobe Certified Associate for Dreamweaver CS3

Mary Williams, Professor of Computer Science
M.S.C.S., University of Oklahoma
B.S., University of Oklahoma

DIVISION OF SCIENCE AND MATHEMATICS

Max Simmons, Dean of Science and Mathematics
Ph.D., University of Oklahoma
M.S., University of Oklahoma
B.S., University of Oklahoma

Tamara Carter, Director of the Mathematics Department
Ph.D., Texas A & M University
M.S., Texas A & M University
M.A., Rice University
B.A., Rice University

Sonya Williams, Director of the Science Department
Ph.D., University of Oklahoma Health Science Center
B.S., University of Oklahoma

Randall Abrams, Senior Math Lab Assistant/Computer Technician
B.S., Oklahoma City University
A.S., Oklahoma Jr. College

Marsha A. Austin, Professor of Mathematics
M.S., Oklahoma State University
B.S., Oklahoma State University

Zach Austin, Developmental Mathematics Lab Instructor
B.S., Oklahoma State University

Bruce Bailey, Ill, Professor of Chemistry
Ph.D., Oklahoma State University
B.S., Cameron University

Kristy Bailey, Professor of Chemistry
Ph.D., Oklahoma State University
B.S., Cameron University

Daniel Bakewell, Developmental Mathematics Lab Instructor
M.S., University of Oklahoma
B.S., East Central Oklahoma

Daniel Benton, Professor of Mathematics
M.A., University of Oklahoma
M.A., University of Texas
B.A., University of Oklahoma

Mark Birchell, Biology Lab Assistant
B.S., Oklahoma State University

Brenda Breeding, Professor of Biology
M.S., University of Montana
B.A., Western State College of Colorado

Royce Brown, Math Lab Assistant
B.S., University of Oklahoma
A.S., Oklahoma City Community College

Lisa Buckelew, Professor of Mathematics
M.S., University of Oklahoma
B.A., University of Oklahoma

Paul Buckelew, Professor of Mathematics
M.A., University of Oklahoma
B.S., University of Oklahoma

Tammy Burnett, Engineering Lab Assistant
M.S., University of Oklahoma
B.S., University of Oklahoma

De Ann Campbell, BB Discovery Project Coordinator
M.S., Southwestern Oklahoma State University
B.S., Oklahoma State University

Sandra Carter, Human Anatomy Lab Assistant
M.L.A., Oklahoma City University
B.A., William Woods College

Roger Choate, Professor of Biology
M.S.Ed., University of Central Oklahoma
B.S.Ed., University of Central Oklahoma

Marcos Churque, Physical Science Lab Assistant
B.S. Missouri Baptist University

Sharon C. Coffman, Developmental Mathematics Lab Instructor
M.Ed., University of Central Oklahoma
B.S., Oklahoma Christian University of Science and Arts

Betty Coleman, Professor of Mathematics
M.A., University of Michigan
B.S., Langston University

Kim P. Do, Division Assistant
A.A.S., Oklahoma City Community College

Courtney Dodd, Professor of Chemistry
Ph.D., Oklahoma State University
B.S., Oklahoma State University

Dale Duke, Professor of Mathematics
M.Ed., University of Central Oklahoma
B.S., Southern Nazarene University

Kelly Glover, Physical Science Lab Assistant
B.S., University of Central Oklahoma

Ernest Gobert, Professor of Mathematics
M.S., Oklahoma University
B.S., University of Science and Arts of Oklahoma

Devon Gunter, Developmental Mathematics Lab Instructor
B.S., University of Oklahoma
A.A., Rose State University

Scott Hader, Math Lab Assistant
A.S., Oklahoma City Community College

Ken Harrelson, Professor of Mathematics
M.S., Oklahoma State University
B.S., West Texas State University
Betty J. Higgins, Physical Science Lab Supervisor
M.S., University of Central Oklahoma
B.S., University of Central Oklahoma

Julian Hilliard, Professor of Biology
M.S., University of Oklahoma
B.S., Southwestern Oklahoma State University

Carl Hirtzel, Professor of Biology
D.M.D., University of Oregon
M.S.Ed., University of Central Oklahoma
B.S., University of Oregon

Gregory Holland, Professor of Engineering
Ph.D., Oklahoma State University
B.S., Oklahoma State University

Gary Houlette, Professor of Physical Science
M.C.E., Oklahoma State University
B.S.C.E., Oklahoma State University
A.A., Western Oklahoma State College

Virginia Hovda, Biology Lab Supervisor
M.Ed., University of Central Oklahoma
B.S., University of Central Oklahoma

Fabiola Janiak-Spens, Professor of Biotechnology and Chemistry
Ph.D., University of Oklahoma
M.S., Technische University of Berlin, Germany
M.S., University of Oklahoma

Morgan Jones, Microbiology Lab Assistant
B.S., USAO

Steven Kamm, Professor of Physics
M.Sc., University of London, England
B.S., University of California, Los Angeles

Steve Kash, Professor of Biology
M.S., Eastern New Mexico University
B.A., Bloomsburg State College

Ross Kiddie, Biology Lab Assistant
B.S., University of Science and Arts of Oklahoma
A.S., Oklahoma City Community College

Linda Knox, Professor of Mathematics
M.Ed., University of Central Oklahoma
B.S., University of Science and Arts of Oklahoma

Kimberly Kyker, Coordinator Clinical Research Academic Program
M.S., OUHSC
B.S., University of Oklahoma

Rocky Litle, Math Lab Assistant
B.S. University of Central Oklahoma
A.S. Oklahoma City Community College

Michael Lowe, Professor of Physics
M.S., Oregon State University
B.S., University of Nevada
A.S., Truckee Meadows Community College

Van Mai, Engineering Lab Assistant
A.S., Oklahoma City Community College

Gail Malmstrom, Professor of Mathematics
M.S. University of Colorado, Boulder
B.A. Houghton College

Jay A. Malmstrom, Professor of Mathematics
M.S., University of Colorado
B.A., California State University, Fullerton

John McMurray, Professor of Biology/Bioinformatics
Ph.D., University of California, Berkeley
B.A., Southern Illinois University
A.S., College of Lake County

Daisy Mitchell, Clerk Typist
A.A., Oklahoma City Community College

Janet Mitchell, Professor Mathematics
M.S., University of Oklahoma
B.S., University of Oklahoma

Charles Nunley, Professor of Mathematics
M.A., University of Oklahoma
B.A., University of Oklahoma

Christopher Oehrlein, Professor of Mathematics
M.A., Rice University
B.S., Texas Christian University

Kim Park, Biology Lab Assistant
M.E.S. University of Oklahoma
B.S. University of Oklahoma

Christine Peck, Acting Math Lab Supervisor
A.S., Oklahoma City Community College

Shannon Perkins, Physical Science Lab Assistant
B.S. Southwestern Oklahoma State University

Raul Ramirez, Professor of Biology
M.S., Southern Illinois University
B.S., University of Oklahoma

Sherry Ray, Professor of Mathematics
M.S., University of Oklahoma
B.S., Southwestern Oklahoma State University
A.S., Northern Oklahoma College

Franklin Rexach, Community & K-12 Outreach Coordinator for Clinical Research Program Project
M.S., University of Oklahoma
B.A., University of Science and Arts of Oklahoma

Brandi Schmidt, Math Lab Assistant
A.S., Oklahoma City Community College

Ronald Scribner, Professor of Biology
M.S., Long Island University
B.S., Oklahoma State University
Registered Microbiologist

Steven Shore, Professor of Chemistry
Ph.D., University of Oklahoma
M.S., University of Oklahoma
B.S., University of Oklahoma

Anthony Stancampiano, Professor of Biology
Ph.D., University of Oklahoma
M.S., University of Central Oklahoma
B.S., University of Central Oklahoma

Tad Thurston, Professor of Physics
Ph.D., University of Oklahoma
M.S., University of Central Oklahoma
B.S., University of Central Oklahoma

Mike Turegun, Professor of Mathematics
M.S., University of Tulsa
M.Sc., University of Tulsa
B.S., Technical University of Istanbul

Megan Waugh, Biotechnology Lab Assistant
B.S., University of Oklahoma

Cheryl Wolfe, Division Assistant
A.A., Tabor College

Changjiang Zhu, Professor Chemistry
Ph.D. University of Idaho
B.S., Wuhan University, China

DIVISION OF SOCIAL SCIENCES

Susan Tabor, Dean of Social Sciences
Ph.D., University of Oklahoma
M.Ed., University of Central Oklahoma
B.S., University of Nebraska.

Laurie Thornton, Division Assistant
A.A., Oklahoma City Community College
B.A., University of Oklahoma

Mary K. Barr, Division Secretary
A.A.S. Oklahoma City Community College
Certificate of Mastery, Oklahoma City Community College
Jeff Anderson, Professor of Psychology  
Ph.D., Oklahoma State University  
M.S., Oklahoma State University  
B.S., Langston University  
A.A., Wentworth Military Academy

Melinda Barr, Professor of History  
M.A., University of Oklahoma  
B.A., University of Oklahoma  
Oklahoma Secondary Education Certification

Jeff Carlisle, Professor of History  
Ph.D., University of North Texas  
M.A., University of North Texas  
B.S., University of Texas

Chuck Carselowey, Professor of Sociology  
M.S., Oklahoma State University  
B.S., Oklahoma State University  
A.S., Northeastern A&M College

Bruce Cook, Professor of Psychology/Behavioral Sciences Department Chair  
Ed.D., Oklahoma State University  
M.S., Oklahoma State University  
B.S., Oklahoma State University  
A.S., Northeastern A&M College  
Licensed Psychologist

John Ehrhardt, Professor of History  
M.A., Southern Illinois University  
B.S., Southern Illinois University

Dana Glencross, Professor of Political Science  
M.A., Oklahoma State University  
B.A., Oklahoma State University

Ron Gray, Professor of History  
Ph.D., Texas Tech University  
M.A., Texas Tech University  
B.A., Texas Tech University

Stephanie Hayes, Professor of Psychology  
Ph.D., Howard University  
M.A., Howard University  
B.A., University of Oklahoma

Randy Hopkins, Professor of Political Science  
M.S., Oklahoma State University  
M.P.A., University of Texas, Tyler  
B.S., University of Texas  
Licensed Professional Counselor

Peggy Jordan, Professor of Psychology  
Ph.D., Oklahoma State University  
M. Ed., University of Central Oklahoma  
B.A., University of Central Oklahoma

Yuthika Kim, Professor of Psychology  
M.A., Empire State College, State University of New York  
B.A., Genesee State College, State University of New York  
A.S. Monroe Community College, State University of New York  
New York and Oklahoma Secondary Education Certification

Dawn Ladiski, Professor of Child Development  
M Ed., Oklahoma City University  
B.S., Oklahoma State University

Jerry W. Ludlow, Professor of Sociology  
M.A., Kansas State University  
B.S., Kansas State University  
A.A., Hutchinson Community College

Ray McCullar, Professor of History  
M.A., Oklahoma State University  
B.A., University of Central Oklahoma

Gregory Parks, Professor of Psychology  
Ph.D, Walden University  
M.S., University of Oklahoma  
B.A., Oklahoma Baptist University

Cecilia Pittman, Professor of Child Development  
M.S., University of Central Oklahoma  
B.A., East Texas A&M University

Julie Rice-Rollins  
B.S., Chadron State College  
M.A., Kent State University

Jennifer M'Lou Smith, Professor of Sociology  
Ph.D., University of Oklahoma  
M.A., University of Oklahoma  
B.A., University of Oklahoma

Markus Smith, Professor of Political Science  
M.A., University of Central Oklahoma  
B.A., University of Central Oklahoma  
A.A., Oklahoma City Community College

Nate Vanden Brook, Professor of Political Science  
M.S., Western Michigan University  
B.S., Western Michigan University

Rick Vollmer, Professor of Political Science  
M.A., Wichita State University  
B.A., Southwestern Oklahoma State University

OKC DOWNTOWN COLLEGE  
Gus Pekara, Director, OKC Downtown College  
B.A., Eastern Illinois University  
M.A., Eastern Illinois University  
Ed.D., Oklahoma State University

Jimmie Sue Baker, Secretary  
B.S., Southeastern Oklahoma State University  
A.S., Murray State College

LIBRARY  
Barbara King, Director of Library Services  
M.L.S., University of Oklahoma  
B.S., Southwestern Oklahoma State University  
A.A., Redlands Community College

Monica Carlisle, Lead Library Circulation Assistant  
M.L.S., University of North Texas, Denton, TX  
B.A., University of Texas, Tyler, TX  
A.A., Tyler Junior College, Tyler, TX

Sally Strebig, Secretary to the Director of Library Services  
B.A.L.S., University of Oklahoma  
A.A., Oklahoma City Community College

Dana Tuley-Williams, Systems Librarian  
M.L.I.S., University of Oklahoma  
B.A., University of Oklahoma

Jennifer Wood, Circulation Assistant  
B.A.L.S., Oklahoma State University  
A.A., Oklahoma State University
BUSINESS AND FINANCE

John Boyd, Vice President for Business and Finance  
J.D., Oklahoma City University  
B.S., East Central Oklahoma State University

Jaqueline Sherrard, Administrative Assistant to the Vice President for Business and Finance  
A.A.S., Business: Oklahoma City Community College

BUSINESS AND FINANCE

John Boyd, Vice President for Business and Finance  
J.D., Oklahoma City University  
B.S., East Central Oklahoma State University

Jaqueline Sherrard, Administrative Assistant to the Vice President for Business and Finance  
A.A.S., Business: Oklahoma City Community College

BURSAR

Brandi Henson, Bursar  
B.S., Northwestern Oklahoma State University  
A.S., Oklahoma City Community College

Pamela Baker, Coordinator of Student Sponsorships/Scholarships  
A.S., Oklahoma City Community College

Ralph deCardenas, Coordinator of Student Accounts  
B.S., University of Central Oklahoma  
A.S., Oklahoma City Community College

Debbie Dutton, Senior Student Account Representative

Barbara Hunt, Senior Student Sponsorship/Scholarship Representative

Nancy Spradling, Student Account Representative

Heather Wall, Bursar Assistant

Kay Woods, Student Account Representative  
A.S., Oklahoma City Community College  
A.A.S., Oklahoma City Community College

BOOKSTORE

Brenda Reinke, Bookstore Director  
M.A., Webster University  
B.B.A., Cameron University  
A.S., Western Oklahoma State College

Sara Hill, Cashier  
A.A. Oklahoma City Community College

Deborah Kahmar, Accounting Clerk  
A.A.S., Oklahoma City Community College

Kim White, Assistant Bookstore Director  
B.S., University of Central Oklahoma

FINANCE

Linda McMurtry, Director of Finance  
B.S., Oklahoma City University  
Certified Public Accountant

Charlotte Baird, Accounting/Budget Systems Coordinator  
B.S., University of Central Oklahoma

Brenda Carpenter, Assistant Director of Finance  
A.S. Oklahoma City Community College  
B.B.A. University of Oklahoma  
Certified Public Accountant  
Certified Information Systems Auditor

Cynthia Gary, Purchasing/Finance Analyst  
B.A., University of Guam

Sharen Hall, Administrative Assistant to the Director of Finance

ACCOUNTS PAYABLE

Donna Angus, Travel Records Assistant

Toni Rose, Accounts Payable Bookkeeper

Anna Webb, Accounts Payable Coordinator

PAYROLL

Gloria Antone, Payroll Coordinator  
B.S., Southwestern Christian University  
A.S., Oklahoma City Southwestern College

Lori Johnson, Payroll Representative

Krista Norton, Payroll Representative  
B.A., University of Oklahoma

PURCHASING

Lori Walker, Purchasing Manager  
M.B.A., University of Central Oklahoma  
B.A., St. Francis College

CPO, Certified Procurement Officer, State of Oklahoma

Sheri Kingsbury, Buyer

Francine West, Purchasing Clerk

FACILITIES MANAGEMENT

J.B. Messer, Director of Facilities Management  
M.S.M., Southern Nazarene University  
B.S., Southern Nazarene University  
Naval Nuclear Power School (Electrical Engineering)

Ron Austin, HVAC/Maintenance Mechanic  
Canadian Valley Technology Center: HVAC

Michael Barber, Maintenance Mechanic

Larry Barnes, Project Manager

Gary Belcher, Building Maintenance & Operations Supervisor

Cheyenne Belcher, Printing Services Assistant  
A.A., Oklahoma City Community College

Martha Constant, Project Design Specialist  
B.S., University of Oklahoma  
A.A.S., Oklahoma City Community College

Rick Cowan, Building Services Assistant

Steve Duncan, Material Control Supervisor  
A.A.S., Oklahoma City Community College

Brad Finlason, Maintenance Mechanic  
San Jose City College: Electric for Air Conditioning & Refrigeration Program  
West Valley College: Saratoga, California, Algebra Certificate

Tarri Goodin, Printing Services Technician

Dan Gurka, HVAC/Maintenance Mechanic  
Metro Tech: Advanced Heating & Air Program-diploma  
Canadian Valley Vo-Tech: Auto Mechanics Program  
Canadian Valley Vo-Tech: Auto Body Program

Jane Harding, Physical Plant Assistant  
B.A., University of Central Oklahoma

Anne Hays Gatlin, Mail Services Clerk  
A.A., Oklahoma City Community College

Jason Howard, Electrician  
Canadian Valley Vo-Tech: Diesel Technician Program  
Platt College: Electrical Program

Dwight Immohotichey, Building Services Assistant

Dwight Immohotichey, Building Services Assistant

Terry Kilpatrick, HVAC/Maintenance Mechanic  
A.A.S., Oklahoma City Community College
Ray Lewelling, Maintenance Mechanic
Foster Estes Vo-Tech Center: Machine Shop I Program
Francis Tuttle Vo-Tech Center: Machine Tool Operator Program
Gordon Cooper Technology Center: Heating, Air Conditioning & Refrigeration Program

Royce Liston, Material Control Clerk
A.A. Oklahoma City Community College

Lori Lowe, Shipping and Receiving Clerk
A.A.S., Oklahoma City Community College

John Mullins, Building and Campus Services Crew Leader
B.B.A., University of Oklahoma

Charlie Neatherlin, Building & Campus Services Assistant

Darrell Pearman, Maintenance Mechanic

Gary Phillips, Building and Campus Services Supervisor
A.S., Eastern Oklahoma State College

Chris Snow, Assistant Director of Facilities Management
M.Ed., University of Central Oklahoma
B.S., University of Central Oklahoma
A.A., Oklahoma City Community College

Natalie Tobin, Work Control Assistant
A.A., Oklahoma City Community College

Thomas Whorton, Maintenance Mechanic
Mid-Dei Vo-Tech: Welding Program

Dallas Worth, Maintenance Mechanic

Randy Wythe, Fleet Management Clerk

SAFETY AND SECURITY

Ike Sloas, Director, Department of Campus Safety and Security
M.S., Albany State University
B.S.E., Arkansas State University
A.A.S., Arkansas State University
A.A.S., Redlands Community College
Nationally Registered Medical 1st Responder
