

OKLAHOMA CITY COMMUNITY COLLEGE

Dear Potential SLPA Applicant,

Thank you for your interest in the online AAS Degree, Speech-Language Pathology Assistant (SLPA) Program at Oklahoma City Community College. We offer a 61 credit hour program. The SLPA curriculum prepares graduates to work under the supervision of a licensed speech-language pathologist in school and healthcare settings. Courses provide instruction in methods of screening for speech, language, and hearing disorders and in following written protocols designed to remediate individual communication delays or disorders. Supervised clinical experiences include working with patients or students of various ages and with various communication delays or disorders. Graduates who meet application for licensure requirements are eligible to apply for a Speech-Language Pathology Assistant License with the Oklahoma Board of Examiners for Audiology and Speech-Language Pathology (OBESPA) and an SLPA Teaching Certificate/Credential with the Oklahoma State Department of Education (OSDE). The enclosed information provides an overview of Program requirements.

Admission to the OCCC SLPA Program is a two-part process. You must apply to be admitted to the college (OCCC) and then apply for admission to the OCCC SLPA Program. Applicants are chosen on a preferential point system. When applying to the SLPA Program you will need to speak with an academic advisor who will provide information on the application process for the SLPA Program and who must also sign the application before it is submitted to the Office of Recruitment and Admissions. These advisors are located in the Office of Advising and Career Services in the main building across from Admissions. No appointment is required by that office; however, you may request one by calling 405-682-7535.

Applications for the Fall 2019 semester will be available on the first Monday in February and due by Noon, (12 p.m.) June 7, 2019.

I am excited that you are choosing this profession and will be available to assist you at any time!

Sincerely,

Sarah M. Baker, MS, CCC-SLP / SLPA Program Director

Students entering the SLPA program are expected to display mastery of the English language with proficient oral communication skills. The student must be able to correctly model appropriate speech and language behaviors.

Students are admitted to the online SLPA program in the fall semester. Currently, 25 students are admitted in each class. SLPAs accepted into the program must attend a **mandatory two-day** orientation that is scheduled during the first **Monday and Tuesday of August**. All SLPA coursework is presented online except for clinic experiences. The SLPA Program is a two year (five semesters) program with general education, support, and major (SLPA) coursework, along with an Observation component of 25 hours (Spring 1). There are also two Clinical Experience Courses (Fall 2 and Spring 2). Clinical Experience I and Clinical Experience II can be completed near your residence at facilities designated by OCCC.

Admission Requirements

It is suggested that admission requirements be met in the following order:

1. OCCC Admission Application
2. Official documentation of high school graduation or GED completion if applicable
3. Official transcripts of any college work
4. Placement tests
5. SLPA Program Application

A felony conviction may affect a graduate's ability to attain state licensure with OBESPA and a teaching certificate credential with the OSDE. For further information, please contact OBESPA:

Oklahoma Board of Examiners for Speech-Language Pathology and Audiology
P.O. Box 53592
Oklahoma City, Oklahoma 73152
(405) 524-4955
Toll Free Number 1-866-840-2774

Oklahoma State Department of Education
Teacher Certification Department
2500 N. Lincoln Blvd #121
Oklahoma City, Oklahoma 73105
(405) 521-3337

Please Note:

Due to clinical agency requirements, all students within the Health Professions programs must obtain an extensive, nationwide background report which includes, but is not limited to, Oklahoma State Bureau of Investigation (OSBI) searches for sex offender, violent offender, and criminal history.

Drug Testing is required for all students in the Division of Health Professions. Each student will receive a pre-placement drug test prior to the first clinical assignment. The \$40.00 fee will be included with your tuition and fees. Health Professions Division policy stipulates that, if a student has a non-negative drug test one time, he/she may reapply to any of the Division

programs. If there is a second non-negative result, there will be no additional opportunities to enroll in OCCC Division programs.

Information regarding the background reports and drug testing requirements and the procedures for accessing and submitting the required information will be forwarded to students who are selected for admission into the SLPA Program. Prior to selection for admission, if you desire more information regarding the required background reports/checks or the mandatory drug testing, please contact the Division of Health Professions at (405) 682-7507.

Grade Progression Policy

- A grade point of 2.5 and a minimum grade of “C” are required for all courses.
- All SLPA coursework must be taken in sequence; each semester’s courses are prerequisite for the following term.
- Any student not making a “C” in an SLPA course must wait until the same course is offered again, retake and pass the course prior to taking SLPA courses designated later in the course sequence.
- If a student is unsuccessful in a course (excluding Clinical Experiences I & II) the course may be retaken one (1) additional time to achieve success. If the SLPA class is not successfully completed upon the second trial, the student will not be allowed to continue taking SLPA courses and will be dropped from the SLPA program.
- Any student who does not successfully complete Clinical Experiences I or II may repeat either the Clinical Experience I or II **one time** for success. Note: You cannot fail both once and retake both once. If the second attempt is unsuccessful, the student will be dropped from the SLPA Program.

Applicants may complete non-SLPA major coursework (general education or support coursework) prior to acceptance into the SLPA program, however this is not required.

Note:

Each applicant is responsible for:

- *completing admission requirements*
- *confirming receipt of letters and documents in the admissions office*
- *keeping OCCC informed in writing of any personal information changes*
- *keeping copies of all documentation submitted to OCCC (i.e., CPR, etc.)*

For additional information, please contact:

Division of Health Professions
Oklahoma City Community College
7777 S. May Ave
Oklahoma City, Oklahoma 73159
405-682-7507

Note: *Since health program standards are mandated by accrediting and regulatory agencies, revisions, the above information may be necessary. Efforts will be made to keep changes to a minimum and finalized one year in advance of the starting date of the program; however, the college reserves the right to revise any part or section as necessary.*

**SPEECH-LANGUAGE PATHOLOGY ASSISTANT PROGRAM
CLINICAL REQUIREMENT LIST – FALL 2019**
