Student Service-Learning Evaluations

Attached you will find copies of the Student Service-Learning evaluation. Please have your students complete the evaluations before the end of the semester. All students may complete the evaluation, regardless of their level of participation in the Service-Learning component of the course.

A few things to keep in mind:

- 1. This evaluation is designed to collect data on the Service-Learning component of your curriculum. It does not replace or supplement the data collected on the standard institutional course evaluations.**
- 2. Students should NOT put their names on the forms.**
- 3. Completion of the demographic information is optional.**

Please return the completed evaluations to the Student Life Service-Learning Center with a copy of your course syllabus. Please include any student reflection assignments that might be of interest to our office.

Thank you for your participation. Your feedback is greatly appreciated.
