I. Program Information

Division:

Arts, English and Humanities

Name of Program:

Digital Cinema Program

Assessment Plan for Following Five Years:

FY 2020 – FY 2024 (July 1, 2019 – June 30, 2024)

Faculty Who Prepared Plan:

Program Chair: Professor Mellott
Faculty: Gray Frederickson, Sean Lynch.

Date Submitted by Faculty:

November 16, 2018 – first version submitted for Academic Outcomes Assessment Committee
April 19, 2019 – revised version submitted to division dean for review

Division Dean:

Dr. Thomas Harrison.

Date Submitted by Dean:

May 3, 2019

II. Institutional Mission or End Statement Reference:

Institutional Mission:
OCCC provides broad access to learning that empowers students to complete a certificate or degree and that enriches the lives of everyone in our community.

ENDS
• Access: Our community has broad access to valuable certificate and degree programs, and non-credit educational opportunities and events.
- Student Success: Our students successfully complete their academic courses, persist in college and earn certificates or degrees at OCCC or another institution.

- Workforce Development: Our graduates earn higher-level degrees or are successful in technical and professional careers.

- Community Development: Our community’s quality of life is enriched through our educational, artistic and recreational programs and events.

### III. Program Learning Outcomes:

List all program learning outcomes for the program designated above. There should be 5-10 program learning outcomes total.

Under each outcome, list the measures. There should be at least 1 measure per outcome, but there can be up to 3 measures per outcome.

Indicate which outcome(s) will be assessed in each year of this plan. Only 1-3 outcome(s) should be assessed in a particular year.

All learning outcomes for this program will be assessed over the five-year cycle of this plan. Annual reports will evaluate only the outcome(s) designated for that year. The program review (or accreditation process for programs with external accreditation) will report on all program learning outcomes.

**Outcome 1 (required):**

Outcome 1: Camera and Lighting Techniques

Students will apply the foundational concepts involved in camera and lighting techniques.
The outcome will be measured by the Camera Techniques and Lighting Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

Camera and Lighting Techniques Rubric

Evaluator’s Name: _______________________________________

The DCP student enrolled in DCP 1214 & DCP 2214: Cinematography I & II must score an average of 2 (out of 3) on the Camera and Lighting Techniques Rubric to demonstrate competency in Camera and Lighting Techniques.

Explanation of Camera and Lighting Techniques Rubric

A score of 1 means that the project does not meet the course competency.

The film
- Contains only ambient light
- Does not integrate lighting as a storytelling tool
- Displays too dark or too light images to determine what happens on the screen
- Lacks balance of lighting that does not affect the mood of the story
- Depicts unfocused and poorly framed shots
- Displays camera movements and angles that distract the viewer
- Lacks a technical understanding of exposure, camera settings, and lens manipulation
- Contains uneven images and falls short of visual continuities from inaccurate technical settings
- Does not integrate the appropriate distance or perspective for the scene or sequence

A score of 2 means that the project meets the course competency.

The film
- Contains a controlled and mostly balanced lighting
- Mostly integrates lighting to illuminate the action of the storytelling
- Depicts an occasional use of light as a mood or emotional element in the storytelling
- Displays a majority of shots that are clearly focused and demonstrate evidence of intentional compositions, movement, and use of perspectives
- Mostly frames the images appropriately to tell the story
• Uses images, camera movements, angles, distance, and perspective to focus the viewer’s attention
• Demonstrates a majority of correct technical use of exposure, camera settings, and specific lens manipulation

A score of 3 means that the project exceeds the course competency

The film
• Contains a controlled and properly balanced lighting
• Integrates all aspects of lighting to illuminate the action of the story and mood of the written story
• Depicts objects or images purposefully formed and shaped by proper light placement and use
• Displays clearly focused and well-framed shots that demonstrate evidence of intentional compositions, movements, and use of perspectives
• Frames the images appropriately to tell the story and suggest emotional elements within the story
• Demonstrates correct technical use of exposure, camera settings, and specific lens manipulation

Outcome 2: Production Design

Students will apply the foundational concepts involved in production design.

The outcome will be measured by the Location Design Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

Production Design Rubric

Evaluator’s Name: _______________________________________

The student enrolled in DCP 1133: Production Design must score an average of 2 (out of 3) on the Production Design Rubric to demonstrate competency in production design.
Rating Scale: 1 = Does not meet the course competency
2 = Meets the course competency
3 = Exceeds the course competency

</tbody>
</table>

Explanation of Production Design Rubric

A score of 1 means that the project does not meet the course competency.

The film

- Contains no design scheme or minimally uses the design scheme to impact the overall mood of the story.
- Lacks an effective use of set design, props, location selection, color schemes for backgrounds, costume and set decorations, and wardrobe

A score of 2 means that the project meets the course competency.
The film

- Contains a design scheme to impact the mood of the story, although it is not original or unique in its variety.
- Contains an effective use of set design, props, location selection, color schemes for backgrounds, costume and set decorations, and wardrobe, though at times the entire design scheme is not always integrated effectively

A score of 3 means that the project exceeds the course competency.

The film

- Contains an original and unique design scheme that is fully integrated and impacts the mood of the story
- Contains a creative, original, effective, and fully integrated use of set design, props, location selection, color schemes for backgrounds, costume and set decorations, and wardrobes

Outcome 3: Sound Techniques

Students will apply the foundational concepts involved in sound techniques.

The outcome will be measured by the Sound Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

Sound Techniques Rubric

Evaluator’s Name: ________________________________

The student enrolling in DCP 2253: Film Sound must score an average of 2 (out of 3) on the Sound Techniques Rubric to demonstrate competency in sound techniques.

</tbody>
</table>

Explanation of Sound Rubric
A score of 1 means that the project does not meet the course competency.

The film

- Contains audio that is cut-off or inconsistent in clarity (too loud, garbled, or soft)
- Lacks overall sound design or contains audio tracks that are insufficiently recorded to communicate the idea of the story
- Depicts little to no evidence of sound mixing (background, sound effects, walla, folley, or additional audio elements) beyond basic production dialogue and music tracks
- Lacks a consistent use of on-screen and off-screen dialogue or sound to enhance the mood of the story

A score of 2 means that the project meets the course competency.

The film

- Contains clear audio but only partially assists in communicating the main idea of the story
- Communicates aural information with proper technical requirements but is incomplete in creating a full audio environment to enhance images
- Depicts a mostly balanced background audio tracks that do not overpower the primary audio
- Contains music that underlines and communicates emotions and story subtexts
- Produces effective use of audio mixing but sometimes it is uneven
- Balances on-screen and off-screen sound or dialogue, though it does not always enhance the mood of the story

A score of 3 means that the project exceeds the course competency.

The film

- Contains clear audio that effectively assists in communicating the main idea of the story
- Communicate aural information with proper technical requirements and a full audio environment to enhance images
- Depicts a clear balance of sound effects, walla, folley, and additional audio tracks that do not overpower the primary audio
- Contains music that underlines and communicates emotions and story subtexts
- Produces effectively balanced and mixed audio
- Balances on-screen and off-screen sound or dialogue that enhances the mood and rhythm of the story
Outcome 4: Editing Techniques

Students will apply the foundational concepts involved in editing techniques.

The outcome will be measured by the Editing Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

Editing Techniques Rubric

Evaluator’s Name: _______________________________________

The student enrolled in DCP 2323: Film Editing and Digital Effects I must score an average of 2 (out of 3) on the Editing Techniques Rubric to demonstrate competency in editing techniques.

</table>
Pace and time of a scene or sequence

Digital editing

Total (add numbers from section 1-5)

Average (divide total by 5)

Explanation of Editing Rubric

A score of 1 means that the project does not meet the course competency.

The film

- Lacks knowledge in the technical use and theory of the editing process
- Contains editing attempts, but transitions and continuity suffer drastically
- Depicts transitions that are incorrect, distract the viewer from the story, are short and choppy, or are inappropriate for the scene
- Lacks pace and timing considerations and unnatural breaks and/or early cuts
- Contains digital effects that are overdone or incomplete, which distract from the content of the story

A score of 2 means that the project meets the course competency.

The film

- Moves smoothly from shot to shot
- Contains transitions, but they do not assist in communicating the main idea of the film or create an emotional impact on the viewer
- Connects shots and scenes, though occasional problems of continuity may occur
- Considers pace and timing, but a few scenes lack the appropriate pace and timing.
- Digital effects are used and do not distract from the content of the story.

A score of 3 means that the project exceeds the course competency.

The film
- Moves smoothly from shot to shot
- Contains a variety of transitions to assist in communicating the idea and to create an emotional impact on the viewer
- Connects shots and scenes seamlessly without any struggles of continuity.
- Digital effects are used appropriately for emphasis

**Outcome 5: Capstone Project**

Students will apply the foundational concepts involved in creating a production plan and Capstone film project.

The outcome will be measured by the Production Plan Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

**Capstone Project Rubric**

Evaluator’s Name: _______________________________________

The Capstone Project DCP 2713 must score an average of 2 (out of 3) on the Capstone Project Rubric to demonstrate competency in Capstone Project.

Rating Scale: 1 = Does not meet the course competency

2 = Meets the course competency
3 = Exceeds the course competency

<table>

</tr>
<tr>
<td>Total (add numbers from section 1-2)</td>
<td></td>
</tr>
<tr>
<td>Average (divide total by 2)</td>
<td></td>
</tr>
</tbody>
</table>

Explanation of Capstone Project Rubric

A score of 1 means that the project does not meet the course competency.

The Capstone Project
- Contains an unorganized production schedule with missing or inaccurate information.
- Contains incomplete or missing personal and property release agreements, contracts, and permits that do not support planning schedules
- Contains inconsistent production reports and call sheets
- Contains storyboards that are not in a logical sequence and do not provide complete descriptions of the film scenes, audio background, or notes about the dialogue
- Contains incomplete and unorganized shot lists
- Contains blocking plans that are incompatible with the storyboards.
- The film fails to tell a story employing the art and technology of Digital Cinema.

A score of 2 means that the project meets the course competency.

The Capstone Project

- Contains a fairly organized production schedule with some incomplete or inaccurate information
- Contains mostly complete personal and property release agreements, contracts, and permits, although inconsistency with the schedule reduces organization and effective planning
- Contains mostly consistent production reports and call sheets, though they do not support all production activities or completely demonstrate an efficient program of production planning
- Contains storyboards that are in a logical sequence but sometimes do not provide a complete description of the film scenes, audio background, or notes about the dialogue
- Contains a mostly complete and organized shot list
- Contains blocking plans that are mostly compatible with the storyboards
- The film tells a story but falls short of demonstrating the mastery of art and technology of Digital Cinema.

A score of 3 means that the project exceeds the course competency.

The Capstone Project

- Contains an organized production schedule with complete and accurate information
- Contains complete personal and property release agreements, contracts, and permits without any inconsistency with the schedule
- Contains consistent production reports and call sheets that support all production activities and demonstrate an efficient program of production planning
- Contains storyboards that are in a logical sequence and provides a complete description of the film scenes, audio background, or notes about the dialogue
- Contains a complete and organized shot list
- Contains blocking plans that are completely compatible with the storyboards
- The film tells a story that demonstrates a mastery of the art and technology of Digital Cinema.
Outcome 6: Film Production and Business

Students will apply the foundational concepts involved in producing a film.

The outcome will be measured by the Film Production and Business Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

**Explanation of Film Production and Business Rubric**

A score of 1 means that the project does not meet the course competency.

The student

- Demonstrates little knowledge of the successful operation of Movie Magic software.
- Demonstrates an inability to produce an industry standard schedule and budget.
- Demonstrates lack of knowledge in producing techniques.
- Demonstrates an inability to work as a crew member in producing a short film.

A score of 2 means that the project meets the course competency.

The student

- Demonstrates knowledge of the successful operation of Movie Magic software.
- Demonstrates an ability to produce an industry standard schedule and budget.
- Demonstrates a knowledge in producing techniques.
- Demonstrates an ability to work as a crew member in producing a short film.

A score of 3 means that the project exceeds the course competency.
The student

- Demonstrates a mastery of the successful operation of Movie Magic software.
- Demonstrates a mastery of industry standard schedule and budget.
- Demonstrates a mastery of producing techniques.
- Demonstrates a superior ability to work as a crew member in producing a short film.

**Outcome 7: Documentary Filmmaking**

Students will apply the foundational concepts involved in creating documentary films.

The outcome will be measured by the Production Plan Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.

### Explanation of Documentary Filmmaking Rubric

A score of 1 means that the project does not meet the course competency.

The student

- Demonstrates little knowledge of Documentary Filmmaking Techniques.
- Demonstrates an inability to work as a crew member in producing a documentary film.

A score of 2 means that the project meets the course competency.

The student

- Demonstrates knowledge of Documentary Filmmaking Techniques.
- Demonstrates an ability to work as a crew member in producing a documentary film.

A score of 3 means that the project exceeds the course competency.

The student
Demonstrates mastery of Documentary Filmmaking Techniques.
Demonstrates a superior ability to work as a crew member in producing a documentary film.

Outcome 8: Screenwriting

Students will apply the foundational concepts involved in digital cinema storytelling.

The outcome will be measured by the Screenwriting Rubric. If 80% of the students achieve a 2 (meets the course competency) out of 3 on the rubric, then the Outcome is achieved.
