

Concepts in Science (Biology Emphasis)

BIO 0123

DEGREE PROGRAM COURSE DESCRIPTIONS

This course is designed to satisfy the College entrance requirement for those students who did not take a life science course in high school. The course will help the student develop an understanding of basic biological concepts from the cell to the Scientific Method. Laboratory work is an integral part of the course. This course is also designed to prepare the student for a college level biology course.

PREREQUISITES?

Enrollment in BIO 0123 is based upon the student's performance on the appropriate placement test.
