

## **Paramedic Internship**

EMS 2284

### **DEGREE PROGRAM COURSE DESCRIPTIONS**

The Paramedic Internship is an essential part of the Paramedic Program. The student will successfully complete required supervised hours and competencies in approved clinical and prehospital sites as determined by the OSDH, CAAHEP/CoAEMSP and the program. The purpose of the Paramedic Internship is to allow the application of learned principles in the delivery of patient care and gain a basic understanding of supervisory roles in EMS. An internship and Medical Director Evaluation are an integral part of this course as well as a psychomotor evaluation.
