

Nursing Process I

NUR 1519

DEGREE PROGRAM COURSE DESCRIPTIONS

Nursing Process I introduces the learner to nursing knowledge, including the nursing process, clinical reasoning skills, and the components of safe, quality nursing care. The learner will begin to apply nursing knowledge to meet clients' basic needs and to promote clients' optimal health within complex healthcare systems. Each learner will be expected to accept accountability for personal learning and performance of nursing care which reflects basic understanding and commitment to professional nursing role expectations, including the values, ethics, legalities, and standards for nursing practice. NUR 1519 includes theory, campus laboratory and clinical learning experiences. Online learning experiences are integrated components of the course.
