#### Part II--Future Plans

Strategic Plans & URL-Part II

The College's FY2008 Institutional Plan, as well as documentation on *The Way Forward and Why It Matters* initiatives are posted on the College website at: <u>http://www.occc.edu/TheWayForward.pdf</u>. In addition, Achieving the Dream information and data are located at: <u>http://www.occc.edu/AchievingtheDream/index.html</u>

#### Academic Priorities-The Future—Part II

The College continues to be aggressive in the development of innovative and unique collaborations and services to strengthen and sustain academic programming. As a means to provide sufficient support for the continuous improvement of academic programs critical to the mission of the College, the following transformations are underway:

A new full-time faculty position in Geography and a new full-time faculty position in Business were added to Institutional Staffing plan for FY2010.

Associate of Applied Science programs will be reviewed in Fall 2008 in accordance with Oklahoma State Regents for Higher Education policy:

- •
- •

Associate in Arts programs will be reviewed in Fall 2008 in accordance with Oklahoma State Regents for Higher Education policy:

- •
- .

Academic Programs that will be reviewed in FY2009 in accordance with Oklahoma State Regents for Higher Education policies:

- -
- .

New degrees and certificates of mastery under consideration for proposal during this year include the following program disciplines:

- AA in Leisure Management
- Certificate of Mastery in Orthotics Technician
- Certificate of Mastery in Prosthetics Technician
- AAS. in Computer-Aided Technology: Computer Animation Option
- Certificate of Mastery in Computer Animation
- Certificate of Mastery in International Business
- Certificate of Mastery in Geographic Information System
- Certificate of Mastery in Game Design
- AAS in Clinical Research Coordination
- AS in Pre-Engineering (Petroleum option)
- AS in Pre-Engineering (Alternative Energy option)
- Certificate of Mastery in Alternative Energy
- Certificate of Mastery in Alternative Power

- AAS in Aerospace Services
- Certificate of Mastery in Diesel Technician
- Certificate of Mastery in Automotive Technology
- Certificate of Mastery in Airframe and Powerplant Technician
- Certificate of Mastery in Polysomnography Technician
- AAS in Medical Laboratory Technician
- AAS in Computer-Aided Technology: Geographic Information Systems Emphasis
- AAS in Technology-Programming and Software Development
- OCCC will respond to changes in industry demand by modifying its cooperative programs in Surgical Technology and Electronics

#### Three Year Enrollment Projections-Part II

Undergraduate: Due to the prospering economy, the job market has lured individuals away from pursuing post-secondary studies. However, enrollment is expected to become stable in the future.

	FY 2008	FY 2009	FY 2010	
	(Act.)	(Proj.)	(Proj.)	
FTE's	8039	8007	7975	
Headcount	19451	19470	19489

#### **Technology-The Future-Part II**

#### Overview

The College will continue its firm commitment to: (a) enhancing support services to students, faculty and staff; (b) enriching the teaching and learning experience; (c) increasing the efficiency of administrative processes; and (d) preparing students to enter the professional workplace confident that they possess the knowledge and skills to achieve. To achieve these goals, OCCC has made a firm ongoing commitment to invest in and utilize information technology-based solutions and services. This commitment to technology is also listed as a key component in *The Way Forward and Why it Matters*. Support for the "Technology Vision for the Future" will be funded through the student technology fee and other sources in 2009.

#### Improved Information Technology Coordination and Integration

.

#### Improving Student Curriculum Access

#### **Enhancing the Teaching-Learning Experience**

The OCCC Online Journal of the Center for Learning and Teaching will be implemented in the fall of 2008. The purpose of the online journal is to provide ready access to information related to learning and teaching in a community college. Faculty members from OCCC, as well as other community colleges, will be encouraged to submit their own original articles that may be research based, experiential or philosophical in nature. In all cases, they should contribute to the field of learning and teaching in a community college.

#### Improving Faculty and Staff Technical Literacy

• The WOW! initiative will be offered again this year. Consequently, the College will expand the professional development offerings in Information Technology literacy that build upon and

reinforce the knowledge and skills developed through the FY09 initiatives.
