

Changes Made to the Plan

PART I Changes

#3 and #5 Outcomes are redundant – “subfields.” Thus, I deleted #5 as the suggested artifacts were not applicable. The artifacts that are listed for #5 are in fact more applicable to #6, which has now become #5 due to the deletion of the original #5.

I also revised #5 to state: “Political Science graduates will demonstrate competency in: applying political theory; to critically analyze government issues; and to illustrate an ability to communicate ideas and concepts in writing at an acceptable college level.” This newly defined outcome reflects the previous language used in the original outcome, as well as language used in Appendix A.

Revised #4 – deleted “local, state, national...” and replaced with “on a global or international level” as discussed in the department meeting.

Rearranged the Appendix artifacts in C to reflect the numbering/ordering in the plan.

The plan’s outcomes need to reflect the 5 sections in Appendix A. In addition, there are 6 outcomes in the plan, but only 5 in Appendix A. This was corrected/ revised.

Added in Outcome #2 “a letter to a current state or federal officeholder espousing a clear position and a defense of that position on an issue of importance” as agreed upon by the department.

PART II Changes

Somehow we will need to note that #1 and #2 “Measurement used for Assessment of Learning Outcomes/Program Outputs:” in (Part 2) are technically Outcomes #4 and #5.

Corrected numbering (i.e. (#14 & #15) to (#15 & #16) in Outcome #1 to reflect the changes in moving “letter to current officeholder.”

Deleted #16 from Outcome #2 (i.e. letter to current officeholder), being that we added it to #2 in Part I.

PART III Changes

No changes

APPENDIX A Changes

Section D – deleted “the local, state, national...” and replaced with “a global or international level.”

Revised artifact #16 to include “research materials compiled on ‘a global or international’ subject from scholarly.....”

Revised #5 outcome to reflect the plan (Part I)

APPENDIX B Changes

Deleted “the local, state, national...” and replaced with “on a global or”
