## PERFORMING ARTS THEATER CAMPAIGN

Oklahoma City Community College is playing a vital role in the educational and cultural life of Central Oklahoma. The College now seeks to move to the next level by serving its students and community with the construction of the 1,000-seat Performing Arts Theater that will complete the new Visual and Performing Arts Center.

The cost to build this theater is \$16 million. First, the students stepped up to the plate by passing a resolution, obligating themselves with an increase in student fees that would make \$9.2 million in bond funding possible and cover more than half of the estimated cost. A lead gift of \$1 million from the **Sarkeys Foundation** and a \$500,000 lead gift from the **Inasmuch Foundation** sets the stage, so to speak, as we work to raise the balance of the funds. The gift from Sarkeys is the largest gift the College has ever received.

## DEDICATION OF NEW HEALTH PROFESSIONS CENTER

OCCC celebrated the dedication of the Health Professions Center in October. The \$7 million construction added 42,879 square feet to the existing complex and includes 14 classrooms and labs, student clinical practice space, a Human Patient Simulator lab, and an Ambulance Simulator where EMS students can practice emergency medicine in the confines of an actual ambulance lab parked inside the building.

## PLANNED GIVING

Did you know...that without an estate plan, you have no say in how your assets are distributed? The courts will decide the distribution of any inheritance and, if necessary, will choose a legal guardian for your children. An estate plan benefits anyone who owns anything. It can help you avoid probate, saving time, taxes, and peace of mind.

For more information about estate planning or leaving OCCC Foundation in your will, please contact Jennifer Harrison at (405) 682-7591 or by email at [jharrison@occc.edu](mailto:jharrison@occc.edu).
