

Higher Learning Committee

Criterion 1

November 16, 2009

3:30pm – 5:00pm

Present:

Millie Tibbits, Human Resources

Leaugeay Barnes, Division of Health Professions

John Helton, Division of Information Technology

Mark Schneberger, Professor of English

Shelly Tevis, Division of Health Professions

Max Simmons, Division of Math and Science

Cordell Jordan, Marketing and Public Relations

Debby Martinez, Division of Health Professions

Leaugeay Barnes called the meeting to order.

Copies of the bullets for 1b, 1c, and 1d were handed out to the members for review. Some of the URL's had been put into the bullets.

The committee went through each section and made additions and corrections to the bullets.

Max Simmons explained that each division does initiatives and must also clarify the ends and goals that this initiative supports for the whole College. The initiative templates are evidence that the mission statement is being used. Max will send the form electronically and Debby is to load it to Angel.

Shelly Tevis suggested that Carl Perkins be put in the document and the committee would try to find a place to use this since it is used to purchase big budget items.

There was a discussion on how to show evidence that student's have a deep appreciation for the College. One of the suggestions was the students voting for the new theatre.

Leaugeay will make the changes to the document and send out to the members again for a review of content.

Shelly will add the URL's throughout the document.

There were a few items that were in question if they should stay in the document but decided to leave in and let the Steering Committee delete if they feel it necessary.

The meeting was adjourned.
