**FRANCIS TUTTLE AUTOMOTIVE COLLISION  
REPAIR TECHNOLOGY  
ADVISORY COMMITTEE MEETING  
April 24, 2007  
7:00 PM**

**Members present were: Bobby Durham Reynolds Ford Collision, James R McLain Oklahoma Body Works, Gary Wano GW and Sons, Doug Reinhardt Dub Richardson Auto Body, Randy Tull Kent Industries, and Dennis L. Moore Instructor.**

**Dennis Moore opened the meeting with discussion of the upcoming NATEF recertification which expires in January 2008. He explained NATEF to the group and the roll the advisory committee would have in the process. All committee members expressed their support in the process.**

**The next item discussed was the job outlook for students for the summer. Several expressed interest in putting a student to work for the summer if business was there to support it.**

**Next was discussion was on selecting a chair and co chair for the committee next year. It was decided to wait until our fall meeting to try to have more members present .**

**There was no other business, and meeting adjourned at 8:15 pm.**
