

Syncing Connect Grades with Moodle

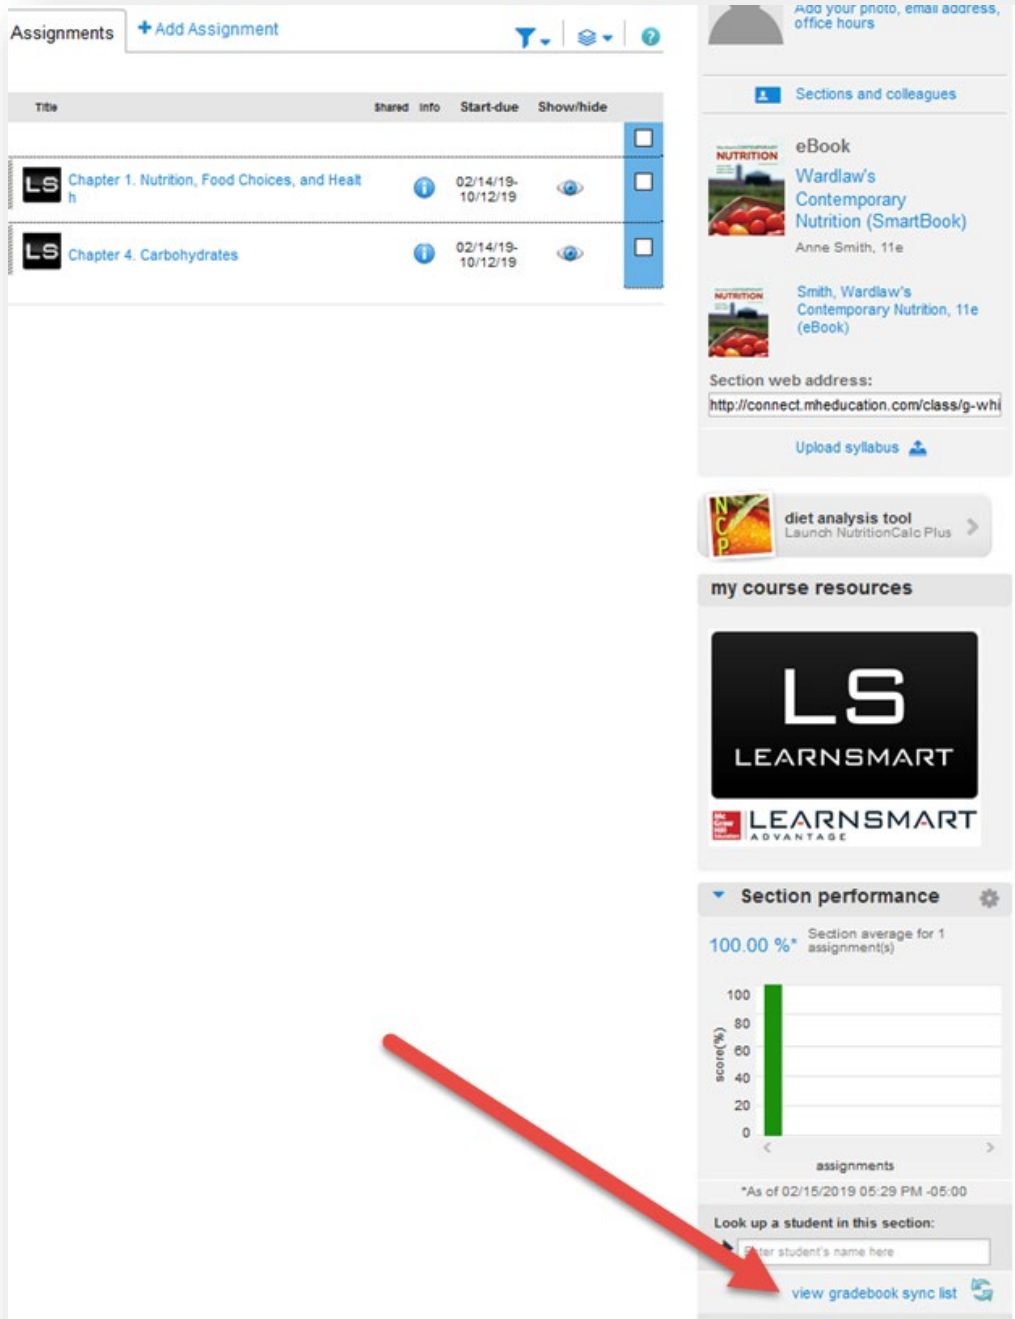

To begin syncing grades from your Connect section to your Moodle gradebook, first log in to Moodle and select the Connect Tool in your course.

Select the Connect button beneath the image of the textbook.

The assignment list will appear inside a connect window. On the left menu below the section performance graph, you will find view gradebook sync list.

The screenshot displays the 'Assignments' section of a Connect LMS interface. On the left, a table lists assignments with columns for Title, Shared, Info, Start-due, and Show/hide. Two assignments are visible: 'Chapter 1. Nutrition, Food Choices, and Health' and 'Chapter 4. Carbohydrates', both due on 02/14/19-10/12/19. On the right, the 'Section performance' widget shows a 100.00% average for 1 assignment(s) with a corresponding bar chart. Below the chart, a search box for 'Look up a student in this section:' is present, and a red arrow points to the 'view gradebook sync list' link at the bottom right of the interface.

After selecting the items you wish to sync, select the whether you'd like the best, last, or average attempt for the assignment to be synced to Moodle, then click the **sync** button.

The grades will sync with Moodle while this box displays.

This process may take a few minutes. While it is syncing, you can close the window and work on other tasks.

After the sync is finished, a look at the gradebook in Moodle will show that a new grade category has been created and the grades are visible to you and the students in Moodle.
