Transfer Agreements between Oklahoma City Community College and University of Central Oklahoma

Effective Academic Year: 2019-2020

The list of agreements below between Oklahoma City Community College and University of Central Oklahoma have <u>no changes</u> in the program at OCCC or UCO. Therefore, both institutions wish to continue the agreements as previously approved for the academic year 2019-20.

Transfer Agreement

Oklahoma City Community College: AS - Engineering And

University of Central Oklahoma: BS - Electrical Engineering - Electrical Engineering

To comply with this agreement, students must complete the associate's degree with the major listed above and include the specific courses listed below.

Courses listed here are required for the agreement. Credited courses completed as part of the AA or AS that do not apply to the general education at OCCC or the UCO major transfer to UCO as electives.

General Education requirements *PHIL 1213 Introduction to Ethics PHIL 11 ENGR 2243 Statics *MATH 2104 Calculus and Analytic Geometry I *MATH 2214 Calculus and Analytic Geometry II MATH 2314 Calculus and Analytic Geometry III *PHYS 2014 Engineering Physics I *PHYS 2114 Engineering Physics II ENGR 2613 Electrical Science CS 2363 C++ CHEM 1415 Chemistry for Engineers Universit Universit PHIL 11 ENGR 2 ENGR 2 ENGR 2 ENGR 2 ENGR 2 ENGR 3

UCO

University Core completed with AA or AS PHIL 1123 Contemporary Moral Problems ENGR 2033 Statics

MATH 2313, 2323, 2333, and 2343 Calculus 1 through Calculus 4 PHY 2014 Physics for Science/Eng I and Lab PHY 2114 Physics for Science/Eng II and Lab ENGR 2303 Electrical Science

ENGR 1213 Engineering Computing and Lab (sub) CHEM 1315 Chemistry for Engineering and Lab

This degree requires additional course work, including the general education, as stated in the OCCC Catalog. Other OCCC courses may or may not apply to the UCO major. That specific information can be found on the UCO website under the Online Transfer Guides.

Total at Oklahoma City Community College	52-64
To be taken at the University of Central Oklahoma	60-64

(May be taken at OCCC.) This signifies that a UCO course requirement can be met with the equivalent OCCC course (found on the UCO website). To take this course at OCCC, the student should confirm that it will fit into the associate's degree without exceeding the requirements. A minimum of 60 hours must be taken at a baccalaureate granting institution, so exceeding 64 credit hours at the community college means the student will exceed the minimum of 124 credit hour total. A minimum of 40 hours of 3/4000 level courses are required for the baccalaureate. Courses from community colleges are 1/2000 level.

Support Courses6

^{*} In General Education Courses section of degree at OCCC

```
Introduction to Economics (May be taken at OCCC.)
  ECON 1103
  FMKT 2323
                Global Protocol and Diversity
                (or Foreign Language) (May be taken at OCCC.)
Successful completion of the courses listed in the above table satisfies the requirement for the following
Support Courses.
 *MATH 1533
                Algebra for STEM AND (May be taken at OCCC.)
 *MATH 1593
                Plane Trigonometry (May be taken at OCCC.)
  One year of high school physics OR
    PHY
            1003 Introduction to Physics (May be taken at OCCC.)
Electrical Engineering - Electrical Engineering. 58
Required courses:
  PHY
         3103 Modern Physics
  PHY
         3883 Mathematical Physics I
Required courses:

                Photonics
 *ENGR
         4633
                Solid State Devices
*Students in the Accelerated BS/MS program in Electrical Engineering must enroll in the graduate level versions of this course, and must
choose the 5000 level of either Photonics, Electromagnetic Fields II or Solid State Devices as one of the engineering electives. Students need
only three 5000-level courses as part of the accelerated program.
# Admission into Engineering and Physics Upper Division is required.
Minimum Hours required ...... 125*
```

*Total hours required for this major may exceed the minimum 124 credit hour institutional requirement and will vary according to course selection. It is recommended students complete high school algebra II, trigonometry, physics and two years of a second language in high school.

Minimum Grade Requirements

- 2. A minimum grade of "C" must be earned in all courses in the major to count toward meeting degree requirements.

Students must meet all bachelor degree requirements at UCO to include minimums of:

- 40 hours of upper division course work
- 30 hours in residence at UCO
- 15 of the last 30 hours must be taken in residence at UCO
- 60 hours from baccalaureate granting institutions

Program-to-Program Transfer policies are available in the Introduction for Program-to-Program Agreements on the UCO website at the top of the list of agreements. Links to the agreements can be found on the Academic Affairs or Transfer Student Support web pages.

Admission into Engineering and Physics Upper Division

Students seeking the B.S. in Biomedical Engineering, Electrical Engineering, Engineering Physics – Physics and Mechanical Engineering are required to make formal application to the Chairperson of the Department of Engineering and Physics for admission into the upper division of each of these majors. Applications must be submitted to the Department of Engineering and Physics on or before the last Monday of January for Fall admission and the last Monday of August for Spring admission.

Upper division admission is open to students meeting Engineering and Physics upper division admission requirements. To be admitted into upper division, the student must have:

A minimum retention grade point average (GPA) of 2.00 in all course work completed by the time the student is formally admitted into upper division.

Completed 60 semester credit hours by the time the student is formally admitted into upper division.

Completed the following courses or their equivalent with a minimum grade of "C" by the time the student is formally admitted into upper division:

```
MATH
         2313
                Calculus 1
MATH
         2323
                Calculus 2
MATH
         2333
                Calculus 3
         2343
                Calculus 4
MATH
MATH
         3103
                Differential Equations (Recommended)

                 Chemistry for Engineering and Lab (for Electrical Engineering, Engineering Physics, Physics,
    Mechanical Engineering)
```

Formal approval by the department Faculty Advisor and Department Chair is required for admission. Preference is given to University of Central Oklahoma students. The student may enroll in no more than nine (9) hours of 3000 and 4000 level courses in the major prior to admission into upper division unless they secure formal approval from the Department of Engineering and Physics.
