RE: Program Number 200454

Dear Dr. Friedemann:

At its July 2019 meeting, the Commission on Accreditation for Respiratory Care (CoARC) voted to reaffirm **Continuing Accreditation** to the AAS Degree Entry into Respiratory Care Professional Practice Program at Francis Tuttle Technology Center.

The recent accreditation review conducted by CoARC recognizes the Program's compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the Program, including an on-site review, is scheduled to occur no later than **2029**.

In addition to the comprehensive evaluation, CoARC regularly monitors the Program's compliance with established outcomes assessment thresholds (Standard 3.09) through the Annual Report of Current Status submitted annually by the Program as well as other documentation that may be requested. Please note that the 2019 Annual Report of Current Status (based on 2016-17-18 outcomes data) will be due by November 1, 2019.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Thomas R. Smalling, PhD, RRT, RPFT, RPSGT, FAARC
