HEERF Reporting Requirements Student Aid Portion

4th Quarter October-December 2021

Disbursements:

Between October 1st and December 31st 2021, OCCC did not distribute out any HEERF money to students.

Returns:

Between October 1st and December 31st 2021, \$4,500 worth of HEERF II student refunds were returned to the college. These 6 students were notified via phone call, email, and text message that they had student grant funds waiting for them. Without a response, we could not re-issue out their emergency grant money and those funds were kept by the college to give out to other students.

Other Activity:

There was no other activity to HEERF funds in the 4th Quarter.
