Fiscal Year 2014 Campus Course Success Rates

What is success?

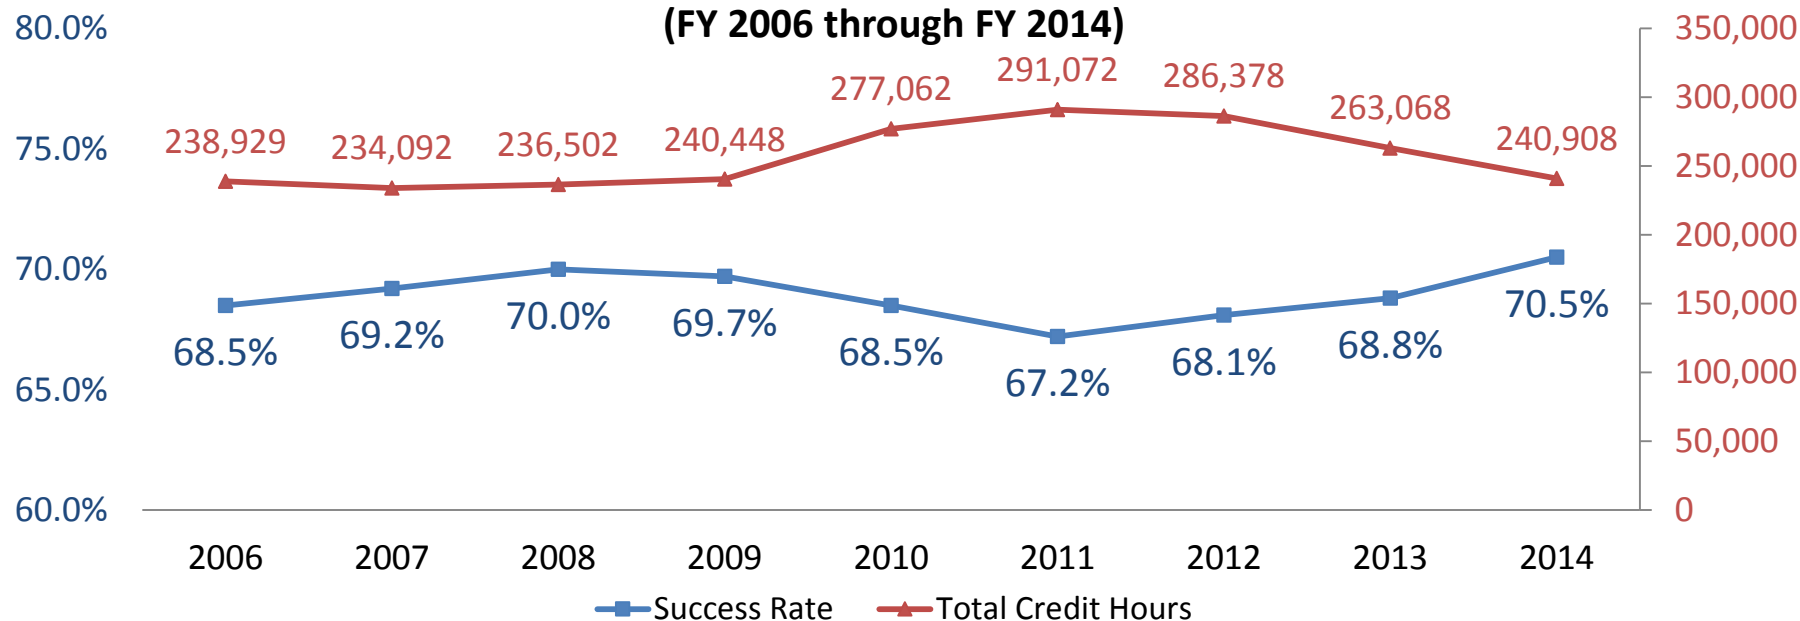

- Adopting definitions used by Achieving the Dream, course success is defined as a student earning a(n) A, B, C or S as their final grade in a course.

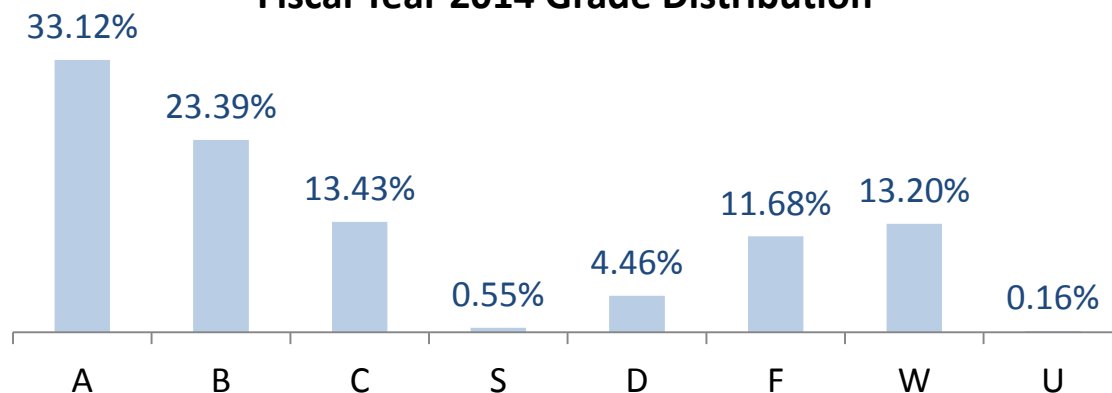

What is a success rate?

- The number of students in a given population that received an A, B, C or S as percent of the entire population. Students receiving an Incomplete grade or Auditing the course were not included in the aggregate.
