III. Approval of minutes from last meeting

No minutes were available.

IV. Open issues

None at this time.

V. New business

Entry Level Assessment Update: Next Generation Accuplacer will be rolled out for the spring. Cut scores need to be determined as soon as possible (before spring schedule dispensation). Next Generation Accuplacer cut scores for English have been determined by using the Tulsa Community College's data cut scores. Math is still discussing the cut scores and assessment issues. ACT Scores are used first, then High School grades (if available). Accuplacer is used last or if previous data reveals the need for placement determined by the Accuplacer. Some discussion about moving away from placement test was initiated. Liz Largent brought to the table of having a laminated sheet with three math problems per level during advising to determine questionable placement issues.

The next meeting was scheduled for October 18, 2018; however, it will be Fall Break at that time. We will probably not meet in October due to the need for many members to attend other committee meetings. There is still some data needed from Institutional Effectiveness, and it was requested by Janet Perry to postpone the October Meeting until November. The next meeting will be on November 15, 2018 at 12:30 – 1:20 in SEM CLT 2F1

VI. Adjournment

Meeting adjourned at 1:20 PM.
