**Absent Ex-Officio Members:**

**Others in Attendance:** Thomas Harrison, Don Russell, Julie Corff, John Helton.

**Approval of Minutes:** The minutes from February 25, 2021 were approved unanimously. John Claybon made a motion to approve, and Joyce Geb seconded the motion.

**General Education Update:** None

**Non-Substantive Changes:** None

Proposal from Division of Arts, English, and Humanities

**Course Modification TA 2113- Stagecraft** Presented by Don Russell

Change From: TA-1103 Introduction to Theatre

To: Prerequisite of “ENGL 0203, adequate placement score, or by meeting determined placement measures”

The change is being made as the material covered in TA-1103 Introduction to Theatre has no substantial impact on the curriculum for TA-2113 Stagecraft. The current prerequisite limits the number of students able to register for TA-2113 Stagecraft without justification.

Motion to accept made by Abbie Figueroa and seconded by Jeff Provine. Motion passed unanimously.

Proposal from Division of Business and Information Technology

**Course Modification CAT 2123- Digital Fabrication** Presented by John Helton.

Change From: MATH 0203 or adequate math placement; CAT 1214 or CAT 1253 or CAT 2543.

To: MATH 0203 or adequate math placement

Deletion of CAT prerequisites will allow more students access to various 3D modeling tools and fabrication equipment driving interest in the CAD program. Many students who come into the program having some exposure to CAD at high schools or at work and so this background would help them be successful in the CAT 2123 even with the removal of the current pre-requisites.

Motion to accept made by Courtney Vahlberg and seconded by Dawn Ladiski. Motion passed unanimously.

Meeting adjourned at 3.25P.M.
