Discussion: The current course descriptions need updating to accurately reflect terminology and language currently used in clinical practice. No changes are being made to the actual course content or to previously approved prerequisites and co requisites. Changes in prerequisites and co requisites were made to correct previous errors in the current catalogue. The exception is the addition of wording for Practicum I so that it has the same language/wording as that used in the prerequisite verbage for the Initial Practicum course.

On the Request for Change in Course Offerings Form: item #5, all courses marked "Assessment" will be changed to "Prerequisite".

It was mentioned that on page 15 the line needs to go under Course Description and space taken out between "and BIO 2102".

- Dr. Dodd made the motion to approve the modifications of PTA 1013, PTA 1023, PTA 1112, PTA 1202, PTA 1213, PTA 1224, PTA 2014, PTA 2024, PTA 2034, PTA 2134.
