Oklahoma City Community College and University of Central Oklahoma Transfer Agreement

The University of Central Oklahoma (UCO), in collaboration with Oklahoma City Community College (OCCC), participates in articulated transfer agreements to assist students in transferring smoothly from the associate degree to the baccalaureate degree. Transfer policies are available in the [Introduction for Program-to-Program Agreements](#). These agreements express a shared commitment to student access and success in higher education.

OCCC Associate in Arts – History to UCO Bachelor of Arts – Geography

This document specifies courses from OCCC which will apply to this UCO major.

Associate in Arts (A.A.) – History

Students should refer to [Oklahoma City Community College](#) for associate degree requirements and an academic advisor to ensure a successful transition to UCO.

Oklahoma City Community College General Education

An Associate in Science (A.S.) or Associate in Arts (A.A.) degree from an accredited Oklahoma institution that includes the OSRHE minimum requirements will satisfy the UCO University Core. The associate degree included in this agreement meets the UCO University Core requirements. It is highly recommended that students work with their academic advisors to make the best general education choices. Courses may meet both a general education requirement and a UCO support course or major requirement.
